Thinkers

Most of the men the world labelled brilliant are no more brilliant than the rest of us, they just do more "thinking" than we do. They concentrate on an idea while the rest of us flit, like humming birds, from one triviality to another.

Sir Isaac Newton, something of a wool-gatherer in his youth, worked out the laws of motion and universal gravitation, invented calculus and did quite a few other mental chores of note. But, looking back over his life, he denied vehemantly that he was any smarter then the next fellow. He attributed his accomplishments simply to "the power of patient thought." Practicelly every important benefit that has been evolved for mankind has been the result of somebody's "patient thinking." So, in the unlikely event that you should come upon someone thinking, think twice before you disturb him!

Masonic Value

A man'a trua Masonic value cannot be determined by the number of degrees he may join. Degrees are received, but unless Masonry is instilled in their hearts, no amount of degrees will produce Masons.

The great principles of our ancient and honorable institution may be summed up es a philosophy of life, designed to promote a greater feeling of brotherhood emong men. A lodge, after all, is but a school of Masonry; and whether our great Fraternity has fulfilled its lofty purposes and ideals depends largely upon the powars of assimilation and application of those who became members of the Craft. The lessons learned by initiates must be put into their daily contacts with their fellow men.

Then, and only then, will masonry have achieved its purpose and be entitled to continue existence.

SOUTH GATE LODGE No. 731 F. & A. M.

Stated Meeting
Second Monday

Daniel C. Robinson W.M.
5435 Southbrook Dr. 485-1218
Franklin I. Bryan Secy.
1530 Margaret Ave. 434-0102

Brethren: On my first opportunity to address the entire membership of South Gate Lodge as Worshipful Master, I want to express my sincere appreciation for the honor you have bestowed upon me. Upon entering the line of officers in 1974, the large chair in the East seemed to be many, many miles away. Although this same chair is much nearer now, my respect for its significance is still growing. My predecessors have left outstanding examples of fellowship and leadership, which form the very foundation of South Gate Lodge. This fine tradition, along with my fine line of officers, will assure yet another successful year.

Election of officers was held on December 12, with the following officers elected/appointed. We extend an invitation to join us on January 6 at 7:30 p.m. for the installation of your 1978 South Gate officers.

SW, Robert Marshall, P.M.; JW, Abner Crosby; Secy., Franklin Bryan, P.M.; Treas., Robert Roddy, P.M.; SD, Roland Waters; JD, Jack Hobbs; Chaplain, Hubert Steinbacher; Trustee, Glenn Robinson.

The main theme I intend to stress this year is participation by a greater number of brethren in your Lodge activities and degree work. Your lodge needs your participation in order to continue to operate at the level of excellence which has been a South Gate tradition. During this year your officers will be contacting you from time to time to assist them. Please make every effort to support your lodge when called upon.

Congratulations are extended to brother David A. Bleeke, our newest member, who was raised December 19. We look forward to seeing brother Bleeke often in lodge.

Your new officers are looking forward to meeting you personally, so visit lodge soon. South Gate stated meetings are the second Monday of every month at 7:30 p.m. A Fellowcraft degree is scheduled for January 23 at 7:00 p.m., and a Master Mason degree is scheduled for February 6, at 5:30 p.m.

See you in Lodge!

Greetings Brethren:

Installation was December 31. Your new officers are: Robert Whyte, W.M.; George Diamond, S.W.; Jarvis S. Doen, J.W.; Nile W. Heke, Trees.; Bernard L. Smith, Secy.; William S. Schauer, S.O.; Terry R. Webb, J.D.; Ronald Calloway, S.S.; Mike Blickensteff, J.S.; William Hall, Chaplain, and James H. Reynolds, Tyler.

Already lodge activities are underway leading to a busy schedule for the year of "78".

Intentions are to have lodge each month of the year, with or without a candidate.

Arrangements are already underway for March when the Past Masters will confer the work as well as honoring them. Past Masters Night March 23, Mark Your Calendar.

There are many members of "Wayne" whom I have not had the privilege of meeting as yet, please afford me this pleasure by your attendence and participation.

We will be making phone contact with the membership, particularly to enquire as to the wishes of the craft. Please remember, we cannot accomplish much leaving action in the hands of a few. You elected the officers, then please continue your vote of confidence by supporting and showing your pride in your vote.

Degree work goes on all the time, but only a Freemason can know the difference between degree work and the introduction of a man to Free Masonry.

Rededicate yourself and join with us in expending the Brotherhood of Man.

See you in the "refectory".

Brethren: This being my first article for the 1978 Square and Compass, I want to take this opportunity to extend my thanks and gratitude to all of the Brethren of Summit City Lodge for extending to me the honor of being their Worshipful Master for the year 1978.

It is with great pleasure to have with me the following elected and appointed officers for 1978: Ronald L. Stabler, SW; Jerry DeLeon, JW; Robert Fox Jr. P.M., Treas.; Lawrence A. Baker, P.M., Secy.; Douglas Fyock, SD; Lester L. Nehls, JD; Donald L. Alexander, SS; Randall B. Brigham, JS; Richard M. Goering, Chaplain; Wilmer E. Racine, Tyler; John E. Hind, Asst. Tyler; Trustees: Bruno Belbutoski, P.M., Robert L. Hollenberg, Warn L. Wasson. Our Fellowcraft officers for 1978 are Ed Collins, President; Paul Cripe, Vice President; Warn Wesson, Secretary-Treasurer.

We will have an Open Installation of officers on January 6, 1978 at 7:00 p.m., with a Stated Meeting afterwards followed by a lunch in the Ballroom. Thomas Nuss, P.M. will be Installing Officer; Robert H. Miller, P.M. (J.G.W.), Marshall; Bruno Belbutoski, P.M., Chaplain.

Brethren, as you know the Fellowcraft Club or Degree Team is one of the mainstays of our lodge, it is important that by our attendance and participation in the work is the only way that we can have a successful upcoming year. Every new brother is informed after his Master Mason Degree that he is automatically a member of the Fellowcraft Degree Team. As usual we will have our annual "Fellowcraft Ham and Bean Dinner" on March 17, 1978. It is also planned for the Fellowcraft Degree Team to give the "Stair Lecture" on Fellowcraft Night in May.

On December 17, several of our brothers traveled to the Masonic Home in Franklin to present Christmas Gifts to our guests at the Home. It is very heartwarming to see how happy they were to see us and to tell us of their appreciation for the fine care that they were receiving. My Brothers if you have the opportunity to go near Franklin be sure and stop in at the Masonic Home and see how well your Masonic Dollars are being spent.

It is my pleasure to welcome into Summit City the ten new Master Masons since September: Fred Hunter, Douglas Dewey, Fred Noll, Thomas Townsend, Larry Sheets, Leonard Vosmeler, Carlton Lee, Wayne Wible, James Emmerson, Russel Filler.

As you know we will have a new Treasurer for 1978. Summit City extends their thanks and appreciation to Dean Thompson P.M. for having served as our Treasurer since 1970. Also to John Knight in his new job in Tennessee, we wish all the success in the world to you.

To Billy Henderson P.M., Summit City thanks you for a fine and successful year. After having served with you for six years in the

Brethren: We have all heard of the Mason who watched with mixed emotions as his mother-in law drove over a cliff in his new car. It is with equally mixed emotions that we face the coming year. First, we swell with pride because of being elected by Three Rivers Lodge, the greatest group of hard working, hand extending Past Masters and brethren, a Master could hope to serve, and who make it possible for him to serve effectively.

The opposing emotion is that of humility. For who can climb those three steps without feeling too small for the task. "Master Masons should ever remember that when the strength and wisdom of man fails, there is an inexhaustible supply above, yielded to us through the power of prayer." These words are forever true, because that supply reaches us through the never ending unselfishness of Past Masters, officers, and brethren who give unstintingly of their time and talents. Without them we are nothing.

We are looking forward to the coming year with mounting excitement: to the annual smorgasbord and dance, to our visitation with our Canadian brothers where we anticipate their exemplification of the Master Mason degree in Canadian style in their lodge in Chatham, Ontario. Join us for the trip Saturday and Sunday, April 1 and 2.

We also look forward to beginning the year with degree work, for we received two petitions at our December stated meeting.

But we also look back with a warm heart for Three Rivers raised two brothers in December whom we are proud to call Masons, Henry Edmond LaHuffeau and William A. Osborn. Welcome to our brotherhood.

Greetings! The New Year is here and the Fort Wayne Chapter is ready for it with a full program of activities.

January is a month that is filled with meetings and practices, work and recreation. This month, we are planning a trip to Pokagan State Park. Ventures such as this have always proven to be a source of enjoyment in the past and this year's trip looks to be no exception.

The Installation of Officers for the Spring term of 1978 will take place on the 5th floor of the Masonic Temple, on Saturday, January 7 at 7:30 p.m. "Dad" Clayton Herrick will act as Installing Officer and P.M.C. Todd Leeth will present the Ceremony of Light. Both these ceremonies are very impressive and I urge all of you to attend.

Looking back on the past few months, I must congratulate Brother Ralph Prindle on a fine term as Master Councilor. The office of Master Councilor is one of many responsibilities and duties. Ralph should be proud of his discharge in office.

DeMolay means a great deal to me. I am proud to say that I am a part of this great organization. Every young man should have the opportunity to become a part of the Order. Do you know of any young men who might like the chance to say, "I am a DeMolay."

See you at the activities.

The Receptive Heart

Masonry offers its mighty truths to all of its initiates without partiality or favor. But there is also the demand that the Mason have a receptive heart, the willingness to place himself in position to receive that which is spiritual.

Without the inmate urge to be of help to others, without a sincere concern for the welfare of others, the beauty of Masonry and teachings cannot be discovered.

The well informed brother can only teach the earnest seeker of light.

The brother who sees no point in searching for an intangible, for that which does not have a definite form, will remain a stranger to the lessons of Freemasonry.

On the other hand, the Mason who is willing to make the search, who by faith follows his guide, who travels in the right direction supported by trust and understanding will discover within himself that which is empty reward for his patient study and unceasing labors.

There is no failure in seeking for truth though we may never fully attain the desired goal.

Let us approach Masonry in a spirit of humility, in the silence of the Eternal, with a mental attitude that is the forerunner of victory, and with smiling hearts.

Does It Pay To "Get Even"?

A brilliant young statesman once came within a single vote of becoming President of the United States. One man alone defeated him. So he sought revenge, and challenged that one man to a duel. Thus ended two of our country's most promising careers, his own and that of the man he succeeded in killing —Alexander Hamilton. Aaron Burr found that revenge is not sweet —as so many think. Revenge can be very bitter.

So did another gifted young American named Benedict Arnold. His revenge against those who obstructed his rapid rise to greatness and fame led him to a despicable and lonely life of exile, scorned by both his country and its enemies.

Revenge is a boomerang, as our proverbs advise. "Never break your enemy's rice bowl" is a Chinese saying. "Biting off your nose to spite your face" is another adage. An ancient Hebrew sage warns: "Vengeance is mine," saith the Lord. No pious platitude, that. Change the word "Lord" to "nature," if you choose, the significance is just the same. Those who harm others are sowing the seeds of their own destruction, as history proves and reproves.

Julius Caesar, the noblest Roman of them all, was once handed a list of his enemies. Without looking at it, he ordered it destroyed immediately. "I do not care to know who they are," said Caesar. "When they realize I am a better friend than enemy, they will be my friends."

Revenge might be called self-defense run amuck. Harness its power and use it.

Hiram Leads Names

Many think Solomon was the most popular personage in Masonry and would thus have had the most lodges named for him, but such is not the case. A careful study of regular lodges in the United States shows that Hiram leads with 62, followed by Washington with 81. Close third is the Saints John with 59, and fourth is Harmony with 50, fifth is Franklin and Solomon, each with 45. Acacia, Eureka and Mount Moriah are ties with 43 each and Lafayette had 39.

By the time this issue reaches you, we will be closing the book of records for 1977 end opening the door for the brash new yeer which comes rushing in on the heels of the departing Fether Time. We hope the year just ended hes been a good one for you, end that the new one will be the best ever.

Things ere never dull at Fort Wayne Chapter. We are elways busy end I'm sure thet is one of the secrets of our good times. The more we put into any project, the more we get out of it, and so it is with our friendships and the enjoyment we derive from our associetions with eech other. The more deeply we are involved in the things thet ere going on, the more benefit we receive for our involvement. The weather deelt us a low blow during the early part of December and meny of the meetings end perties-thet were scheduled for the holiday time had to be postponed or cancelled altogether.

The meeting on December 1 was initiation end we hed the largest group of initiates we have had for quite a while. It was just great to see such a fine group and we were proud of ell our officers that night. The new members are Mr. Earl Covault, Mrs. Earlene Coveult, Miss Catherine Covault, Miss Cindy Peters, Mr. Weyne Laisure, Mrs. Connie Laisure, and Mrs. Shirley Armstrong. We welcome them wholeheartedly end hope they will come often to meetings and participate in the activities we heve going.

We ignored the Cendid Spotlight beam because we didn't want to reveal any secrets so--now it can be told that our letest Loving Cup winner was Vere Heyden who richly deserved recognition for her very successful handling of the Cerd Perty. Although the Worthy Metron declined recognition for her part in the project, the new Adah veil wes the gift of both Edythe end Clifford, and Reethel Blue. Isn't it pretty? Didn't it look beautiful when Sister JoAnn Moyer used it during the initiation ceremony?

"Harvest Df Friendship" wes the eppropriete theme chosen for the reception for Reethel Blue, Deputy of District 14. The gale effair wes held on November 19 beginning with e social hour in the Beltroom. The focel point of the decorations was the Country Store booth with a lerge sign which read "Blue's Weyside Merket featuring Fruits of Friendship". The merket stand wes complete with rows of fresh baskets of tomatoes, squesh, etc. Reethel and her husband Herold, standing beneath the roof canopy of the booth, greeted their guests end presented each one with e brown peper bag monogrammed with "Blue's Weyside Market". The bags conteined hand-mede fruit plaques in lovely colors--epples, benenes, grepes, peaches, berries, etc. Guests were registered by severel Fort Weyne Chepter Officers and cider and doughnuts were served from tebles with white cloths and gold lettering of the theme "Harvest Df Friendship".

The meeting which followed the social hour was held in the Coloniel Room where the Ruth stetue end two topiary trees of yellow rosea graced the Eest. There wera tell beauty veses of yellow roses behind the cheir of each Star Point and Reethel's benner with her motto "Constency, Loyelty, end Faith" wes hung from the balcony in the West.

Dur Worthy Matron welcomed everyone end said how truly pleased she wes with the fine ettendance. The Invocation wes given by Past Grend Matron Mexine Moser. Conductress Sheron Williems presented Reethel at the alter end Worthy Grand Petron Lyle Cotton Sand "Dthers" to her. Her husband led her to the Eest under en erch formed by the Blue Angels (the presiding Matrons end Patrons of District 14).

In her opening remarks Reethel said thet the Harvest Df Friendship theme wes truly deer to her heart because she hes observed that in our deily lives we reap meny kinds of harvests--the beautiful flowers which delight us so much, the foods and golden grains which provide our deily breed and sustain our body needs, and the seeds of love and friendship which we can sow and harvest every day of our lives end era not dependent upon eny growing seeson, or time or weather. She presented the fine twenty-eight voice Choir from Feith United Methodist Church who geve an excellent progrem. She introduced Edythe end Clifford end the other Officers of Fort Weyne Chepter, end ell of the members of the Chepter. She thanked ell those who hed worked so herd to make it such e memoreble evening for her. She introduced Worthy Grend Metron Suzenne Lisor, end Worth Grand Patron Lyle Cotton. She cited Sheron Williams end Pest Grend Organist Lucile Proctor who would essist with the introductions to follow. She introduced Pest Grand Metron Mexine Moser end her husband Richerd, Past Grend Matron Mexine Fewell and her husbend Bemey, and our own Past Grand Petron Cleyton Herrick and his wife, Helen; elso Associete Grend Metron Betty Coffel end her husband Lee, Grend Mershel Ernest Kemplen end wife Berbera, Grand Drgenist Mergeret Norwood, Grand Adah Sherry Altmen and husbend Tom, Grend Ruth Perriette Appleton end husband Deen, Grend Electe Mery K. Sebrosky end husbend Howerd, Grend Werder Herriet Ledd end husbend John, end Grend Sentinel Lloyd Feust end his wife Ellen. Fifteen of her Sister Deputies were present end she reed e poem "I'm Gled That I Touched Shoulders With You" which she said sums up her feelings toward her new sisters es they heve worked together to instruct, promote goodwill, end further the principles of the Eastern Star throughout the stete these pest months. The Harmony Halos, Reethel's Blue Angels, two Grend Representatives end the Grend Chepter Committee Appointments were recognized. There were seventy-three Pest Metrons end Pest Petrons present. She introduced her own speciel friends end her sisters, Ruth Robertson, end Meree Woodworth, our Treasurer, end, she said, lest--end

best of all, her husband Herold who has been such a helpful and understanding partner throughout all the busy days when she has had to be away from home so much. Everyone was invited to return to the Ballroom for refreshments following the meeting, and to drive to Reathel and Harold's home for an Open House gathering at the close of festivities at the Temple. The meeting was closed with the Benediction given by Past Grand Patron Clayton Herrick. In summing up, it should be said that the reception was beautiful in every way. The Country Store fruit market was built by Past Patron Dwen Arnos, and he and Past Metron Marguerite Arnos made all of the table decorations and the fruit plaques which were the gifts to everyone. The Decorating Committee, and certainly the girls who served the food--twice in one evening--deserve a deep thank you from all of us.

The Christmas program on December 15 was lovely. The "Head of Christ" and a Nativity Scene were in the East and a Christmas tree topped with a golden star stood in the West. Everyone wore Christmas Bell vouchers. Christmas music was used throughout the program and Edythe read "The Legend of the Christmas Tree" and Sistar Carol Munk sang the several versas of "D Christmas Tree". Edythe announced that the tree in tha West was there for a speciel purpose. As has been our custom in previous years, a collection was takan for our gift project and those with gifts to give were invited to take them to Associate Matron and Patron Duane and Elene Watson in the West and they fastened each bill to the tree with a golden clothes pin.

The first meeting of the new year will be January 5, and on January 19 we will have Men's Night. Duane Watson will head this special event and Frank Bidlack will have charge of the program. We always have a great time on Men's Night so be sure to be there.

May the skies that touch your roof be fair,

Your hearth burn bright, and your candle shine

And the snowflakes sparkle on your pine.

May you have stars when the night is old

And a muffler warm against the cold.

May health and joy attend the cook,

And laughter live in your breakfast nook.

Your roads be clear and your fortune wide,

The friends that you love be at your side.

A child to laugh and tree to cheer,

and a golden bell to sound your year.

All of these things may the New Year bring.

And may your heart have songs to sing.

The Christmas season was shared again this year with the Fort Wayne DeMolay when we went Christmas caroling with them December 23. Everyone enjoyed themselves and we thank the DeMolay for inviting us.

This term we have more than enough girls to have an appointed protem for each office. So our 14 new girls can get a headstart on their officers parts. This is terrific, thanks girls.

Amy, as our junior past Honored Queen, we all congratulate you for having such a sensational term and we wish you the best of luck with everything. (Please don't stop coming, we need you.)

Masonic Oddities

There were two recorded instances where a man was a two-and-a-half-degree Mason, writes C. C. Marshall in the "Oregon Freemason" (U.S.A.) Bro. Arthur Smalley, of Chicago, had received his first two degrees in Standard Lodge No. 873, in Chicago and the first half of the third when the Great Iroquois Theatre fire began and the work stopped. Two weeks later he received the other half.

Another case was that of Bro. Lyman Van Inswegen in Mystic Brotherhood Lodge, No. 21, in Red Bank, N.J. on June 7, 1921. There was a violent storm and an electric power failure end, being the superintendent of the power company, he was called away.

He had just received the first section of the Master Degree when called away and had to await the next meeting two weeks later.

All the great things are simple, and many can be expressed in a single word: freedom; justice; honor; duty; mercy; hope.

Sir Winston Churchill

A Timely Definition

Freemasonry always has been, is and I am sure always will be, a fraternity of men who pledge themselves to a practice of Brotherhood, not only among themselves, but more importantly in all their actions with all mankind.

The "work" of the Fraternity in inculcating the principles of brotherhood in the hearts and minds of its members, is done by ritual and experience in a place called the lodge. In beautiful and impressive ceremonies a Mason is urged to practice in his daily life the principles of the highest moral standards, the finest attributes of character, and to live by the Golden Rule.

Because a man who wishes to become a Mason, a man who desires the companionship of Masonic membership, must petition the lodge of his own free will and accord, no man will be solicited for membership. Because Freemasonry appeals to the best that is in a man, and helps him to become a better man — not better than someone else — but better than himself; and because we mean to receive into the lodge only men who are genuinely and sincerely in search of this way of life, we have a mode of recognition, a password, and a handclasp whereby a Mason may prove himself one. Because we meet thusly and behind tyled doors Freemasonry has been, and is, called a "secret society".

It is regrettable that the Masonic Fraternity has been called a "secret society". Indeed it is an indictment upon us that we have permitted this badge to remain attached to us. As a millstone around our neck, it hampers, and in some instances prevents us, as members of the Fraternity, from effectively promoting some of the finest principles upon which we stand as Masons.

What can be done about this problem?

There is no better time to begin than now.

— Exchange

There is sanctuary in Freemasonry. In the privacy of the inner fellowship of the fraternity a brother will often find rest for his heart and protection from the bruises of the world. That man is no true Freemason in whose nature the weary may not find rest and the weak protection.

Cyrus F. Willard

What Will Be . . .

"What will be . . . will be." Too many Masons these days take that attitude toward current fraternal, social, civic, state and national affairs. They remain silent on any issue never voicing their opinions . . . pro or con. They stand silently by, hands folded, and watch the slow but certain ideals that have been proudly handed down to them over the years. They sit idly by and either through fear or complacency . . . see their birthright, that their ancestors worked, fought and died for, ridiculed, confiscated or destroyed. What say you . . . do you have a voice? . . . time to put it to work.

Masonry's Relation To Life

We are living in an expanding world — whether we will admit it or not. This world grows broader, deeper, day by day. The individuals and the organizations who will not expand with it will surely be pruned as one cuts off the dead branches of a once fruitful tree. This is an elemental basic, fundamental fact which cannot be ignored.

It seems that human affairs run in cycles. Everything may move along smoothly for years — then comes an upheaval, a shattering, an explosion which may find it difficult to understand or to meet with a proper readjustment. We are now living in one of these times and not one person or any institution can hope to escape the effects of it.

This means that Masonry, along with everything else in the world, must adjust itself to whatever new conditions may come out of the breakdown of the old order of living. To do so does not mean that we must sacrifice or surrender any of the truths upon which our Craft was founded. I have mentioned this many times before — truth does not change. But men change. Conditions change. And any organizations desirous of survival and growth must not only be willing but able to accomodate itself to the facts as they are found today.

In these thoughts I am not finding fault with any person, complaining of nothing, nor advocating any strange, impossible innovations regarding Masonry. My only hope is to aid in preparing our minds for what is most certainly to come and thereby help, if I may, in fitting Masonry into a greater sphere of usefulness and benefits than it has ever known. I believe that opportunity lies in front of us. It remains for us to see it and take advantage of it.

Great as the Craft is, and always has been, it should become still greater. If we, the members and officers have the necessary vision and willingness to act it will become a more powerful force in human affairs than it has ever known before. This breadth of vision is what I plead for.

Our mission as Masons is truly great. Within it lies power — beneficient power — only dreamed of in ages past. Now the time has come when power may become an actuality. But when I speak of power I do not use the word in its usual sense. I do not mean that Masonry, as an established organization, should ever think of exerting actual, physical force through its ideology or its ritual or its membership. I think of it as a leadership force growing out of man's acceptance of and adherence to the rules of living which Masonry inculcates and teaches.

Unfortunately, some think of the lodge as being something wholly seperate from the world. It is a place to them, wherein we may escape from the world and its problems. Masonry is definitely not that. The Craft of Masonry was designed, built and established to make us all better parts of the world in which we live. I say solemnly, if it does not do that then we shall find ourselves useless and unwanted in the world, the new world as we know it today.

Let me recall to you a section of the Beehive lecture: "Thus was man formed for social and active life, the noblest part of the work of God and he that will so demean himself as not to be endeavoring to add to the common stock of knowledge and understanding, may be deemed a drone in the hive of nature, a useless member of society, and unworthy of our protection as Masons."

Therein are stated the facts, brethren. We must be useful. Not all of the world will become Masons, of course. Not all should ever merit that distinction. But we who are Masons should accept the honor as bearing with it a duty and an obligation. That duty and obligation we owe to our fellow men and brothers everywhere. If we discharge that duty and obligation as Masons the glory and beauty of the Order will be spread around the world, attracting to it all who may be found worthy of membership in it.

More and more each day a heavy responsibility rests upon every Mason and especially upon those who lead the Craft. It is vital that from out of truths we have found and have been taught shall come the principles of leadership among men which we hope will lead to better understanding and lasting peace. Let us soberly measure, as Masons, our serious relationship to all of society — it is Masonry's relation to life.

Value Of Work Well Done

An old edage tells us that "Anything worth doing at all, is worth doing well," or words to that effect. We are of the opinion that this rule particularly applies to the Masonic ritualistic work. The brethren actively engaged in conferring the degrees should always remember to speak clearly and distinctly. It is of utmost importance that the candidate should not miss a single word. Confused whisperings and mumblings spoil the evening, both for the candidate end the members on the sidelines. If any member of the degree teem, regardless of the importance of the pert he is playing, is not sure of himself in this respect, he should rehearse his part before someone qualified to help and get it down pat. Our degree work calls for the very best there is in us.

Surely there is nothing more inspiring then the Masonic ritual well presented and by the same token, there is nothing more boring than to heve to sit by and see it jumbled up or butchered by someone not interested enough to prepare himself to do his work well. When the degrees of Masonry are conferred with dignity end deliberation, but without self-conscious staginess, the great Mesonic teachings get over to even the most unlikely listener. There is not contained therein a line of comedy, nor is there e purposeless phrase in the entire ritual. When capable Masons confer the work, spaaking clearly and effectively, it never occurs to anyone to inject an inharmonious or irrelevant thought.

The Mason who studies and practices the ceremonies of Masonry is not due any thanks for he receives much more than he expends. He is due commendation for axercising tha good sanse of being enriched mentally and spiritually through "improving himself" in Masonry. The student of Masonry will ba handsomely repaid for all effort invested in Creft activities. Through this means he can give himself a liberel education, and at tha sama time render valuable service to othars.

Leave Something Behind

Listen to tha words of the graat Albert Pika and gat new inspiration to "leave something behind." Ha wrote:

How ungreteful ha slinks away, who dies, and does nothing to reflact a glory to Haavan! How barren a tree is, who lives, and spreads, end cumbers the ground, yet leaves not one seed, not one good work to generate enother after him! All cannot leave alike; yet all may leeve something.

We may do much in e few years, and we mey do nothing in e lifetime. If we but eat end drink and sleep, and let averything go on eround us as it pleases; or if we live but to amass wealth or gain office or wear titles, we might as well not have lived at all; nor have we eny right to expect immortality.

Public Relations Vital To Masonry

Like all similar institutions, Freemasonry must sell itself enew to eech successive generation. It cannot exist forever upon its past history elone, nor upon the accomplishments of those great men who have been members of the Freternity in the past. To survive, Freemasonry must continue to marit and to enjoy the respect and confidence of society, end to attract to itself man of the right type end calibre to epprecieate and understand its teachings and carry on its work.

Individual Freemesons, lodges and Grand Lodges all have e responsibility in this matter. Without violating any of the traditional Masonic restrictions, they must somehow manage to convince the men of this generation that Freemasonry has something worthwhile to offer, something pertinent to the needs of the present day, something which will enrich the lives of men and contribute to their success and happiness. Individual Masons must elways be ready, in a discreet and proper manner, to say a good word for the Fraternity and to testify as to its part in their own lives. Responsible officers must see to it that newsworthy Masonic ectivities receive proper publicity. We must not make the mistake of hiding our light under a bushel.

We must never forget, however, that the profene world judges Freemasonry very largely by the conduct and character of its members. Whenever an individuel Mason feile to live under the tongue of good report, whenever a local lodge eccepts an unworthy person as a candidate, whenever some effiliated group indulges in conduct which brings tha good name of Freemasonry into dissrapute, and whenevar a reguler Grand Lodge remains in amity with one of these apostata groups which hava ceased to requira e belief in God or to display the Holy Bible upon the altar, irreparable damage is being dona to tha raputation of the Fratarnity, and tha genaral public can be pardoned if it loses faith in the morel worth of our institution.

So long as Freemasonry rameins true to its own taachings, so long as it adheras with unflinching tanecity to tha anciant Landmerks of the Craft, so long es it meintains those high moral standards which have charactarized it in tha past, and so long as its membars continua to shape their livas according to its teachings, so long and no longer will it continua to anjoy the raspect end confidenca of sociaty es e whole.

— Exchenge

Make It Live

The rituel of Masonry is baautiful in expression and in meening.

However, we must bear in mind thet the most beautiful language ie dwarfed into insignificance unlass the words are made to live.

One who confars in a degree or has any part in the ritualistic ceremonies should be keenly eware of the fact thet the cendidate is heering the words for the first time.

The candidate Is in a responsive and receptive ettitude. It is necessary then for those who perticipete in "the work" to be words of the ritual with e sincere coneciousness of their import.

There is nothing ordinary or commonplace about the ceremonies of Masonry. They ere of the highest antiquity.

The thought is often expressed thet it is better to live Masonry then to learn the rituel. This is true. But, why is it not possible to do both? The ritual is the pettern of Masonry.

First impressions ere of greet import; we communicate more then words. We have the opportunity to clothe words with the spirit of love and understanding.

Brethren: On Decamber 1 your lodge held election of officers. The results were: Worshipful Master, Robert Thomas; Senior Warden, Clovis Grimes; Junior Warden, Louis Knelangar; Traasurer, James Emrich; Secratary, Harold Bramer; Trustee, Thomas Mizzell. My congratulations goes to these brathrens.

Installation of officers was held on Oecember 30.

Our lodge has 263 members, but only a small percantage participates in our labors. While I was Master I tried several different approaches to get our members out to lodge, all resulting in failure. I tried to get our commitment for the Schofield House, this also resulted in anothar failure. Never-the-less, we've had some good times, so let us remember them.

I believe we had the most proficient degrea work in Indiana. I would like to thank my elective officers and line officars for a job well done. I would also like to thank Harold Martin and John Lare for their funeral services, and also the many Past Masters for giving me their support.

I hope everyona has a Merry Christmas and a Happy New Year.

See you in lodge, but as your junior trustee.

Teaching — Not Driving

The position of Masonry among tha vast numbar of political, social, religious and economic organizations of the world is uniqua indeed. Of those that have been able to axercise some measure of influence upon the affairs of men only ona has done so without projecting itself into those age-old conflicts as an individual unit offering a more or less definite program backed by its own name. At no time nor anywhera has Masonry thrust itself into any controversy or proposal es an organized body. Nor will this ever happen. Never will Freemasonry be found lobbying in our Congress. Never is it found displaying its power before any political body. It never presents to governing officers petitions or demands declaring these to be Masonic thought or opinion. To exert influence by any such means is contrary to all the rules and regulations of the Craft.

The wise man of long ago who foundad the Fraternity knew, and those who came after them knew, and those who constitute the Lodges of today know that advantages gained by sheer power are not lasting nor do they always result in unmixed good. Tha axercisa of power never fails to create an opposing power which brings conflict and more often than not delays the good objectives sought. Masonry always has believed thare is a better way to benefit mankind, to make life aasier, better, nobler in this world. To that way the Fraternity must hold fast and trua.

The way of Masonry is teaching — not driving. Masonry believes that if the divine and eternal principles of truth, honor, justica, love and charity are voluntarily accepted by a man and then incorporated into his life, it should not ba necessary to force him to do what is best for him and his fellowman. A course of action that springs from honest conviction is far better than one compelled by weight of numbers and threats of punitive discipline. Thus Masonry conducts no membership drives. No man is ever asked to join the Craft. Only those who come of their own free will and accord are accepted — and not then until careful investigation proves them worthy and thay themselves have openly expressed a desire to participata in the rights, lights and benefits of the fraternity.

Holding strictly to these rules the membership is comparatively small — but the quality is very high. This fact is reflected in the number of Masons found chosen to occupy important positions of trust in all nations where individual freedom exists. In Americe we often point to our form of governmant as a model. We glory in our Oeclaration of Indepandenca and our Constitution. And it is now that most of the paoples of other nations ara seeking some sort of approximation of what wa hava hara. It is not significant that many of the great leaders who established this nation and who wrote its fundamental laws wera Masons? And is it not also significant that a vast amount of the truth and justice in those laws can be directly tracad to Masonic teaching and principles? It is also worthy of thought that such a preponderance of leaders today ara Masons.

All this has baen accomplished without the organized support of the Fraternity. Tha Craft doas no electioneering. It supplies no funds. Partisan policies and tha support of candidates are never mentioned in tha Lodga. A Mason seeking offica or public trust must stand upon his own record of principles, fidelity, compatenca and honor. All that Masonry can or will do for thim is to help him develop a worth charactar deserving of public confidance. If he has absorbed th lessons taught, ha can be depende upon to walk upon the leval and ac upon the squara.

What we have said abova ha always applied to Masonry in th past. All that is part if the recor that cannot ba changed. Now th important question is — what o the future? Revolutionary change are taking place in the world. Th habits of men's thinking are being altered. What is the impact to b upon Freemasonry? What will b the destiny of the Craft?

Shakaspaare said: "There's divinity that shapes our ends, roug hew them though we may." Ou destiny will depend upon how wel we "hew to the line, let tha chip fall where they may." Our daily act are a part of that hewing. Ou accepted principles are as great, a true as ever and if the prestige o Masonry declines it can only b because we fial to upon those principles.

Tharefore evary Mason and especially those in the public eye must be careful to avoid even the appearance of evil. Every act must be held to the highest standards of integrity. Wa will be judged by what we do rather than by what we profess. And if our deeds prove that Masonic principlas produce men of high character and enlightened abilities, we can be sura that the destiny of Masonry will be one of honor and usefulness in the all important work of creating a true brotherhood aong men.

Looking for more fellowship in Camping?

In 1966, a Brother from Brookville, Ohio, had the idea that if there were a camping club for Masons ecross the U.S. end Caneda, there would be a group ebove and beyond eny other.

Bro. Myron R. Fox's idea blossomed into e camping organization which, in 1973, had more then 6000 member feemilies in the U.S. end Cenede.

What is the object of this camping club? The Preamble of the Constitution end By-Lews stetes it best. "The object of the Netional Cemping Travelers, Inc., shell be for the entertainment end enjoyment of those whose Freternal Affiliations ere setisfectory and those who use tents, trailers, campers, end other recreetionel vehicles to sight-see, heve fun end promote good fellowship, meke friends elong the way, end get more out of Life, Liberty, and the Persuit of Heppiness."

How can one become e member? An officiel epplication blenk is evailable from e NCT member or directly from the Nationel Office. Thie must be filled out and sent to the National Office or given to e local Chapter member.

A local Chapter? What is that? All over the U.S. and Canada there are groups of members who camp together. Chapters are in many of the stetes and provinces. A Master-of-Travel heads the group. He ie assisted by e Wagon Master and a Secretary-Treasurer.

How do I find the nearest Chapter? The National Office, with the eid of District and State Oirectors, can direct a prospective member to the nearest chapter.

What does one get out of NCT? Picture yourself traveling down the road, you see a NCT decal on a rig. Immediately you know you heve e common bond that is greater than just camping with that family. In addition to the implied benefits, a member receives e quarterly National newsletter, two sets of decals and numbers for his rig, a National Oirectory of all the members, e list of NCT members who heve overnight stops, the annual rally, a membership card for identification, and a camping scnedule for every Chapter. In addition to the NCT, there is the YNCT (Youth Netional Camping Travelers). This is for the younger set and gives them an opportunity to shere in the fellowship at their level.

At this writing we know of one brother in the hospital, Bro. Wayne Lockwood. Get well soon Wayne, we miss you.

In February we will recognize our Past Masters by having them put on the Master Mason Degree. To any of you brothers who haven't been to Lodge for a while, this is your invitation to come to Lodge and see the excellent work that our Past Masters can do.

If everything goes as planned, we will have four newly raised Master Masons in January with four more petitioners being investigated for February. I wish to thank all of you brethren who attended the Friday afternoon degree work. Without you we would be in difficulty because we would never get out of the Temple before the 11:00 p.m. closing time.

Thought For Today

Is anybody happier because you passed his way?
Does anyone remember that you spoke to him todey?
The day is elmost over, and its tolling time is through;
Is there anyone to utter now a kindly word of you?
Can you say tonight, inparting with the day that's slipping fast,
That you helped a single brother of the many that you passed?

Greetings Brethren:

Glad to report your dais officers were able to be present et Founders' Day in Indianapolis on January 14, despite the inclement weather.

It is my sad duty to report the passing of Brothers Arthur Wilkie and Lawrence F. Rickert. Masonic services were held for Arthur Wilkie at Klaehn Funeral Home. Our heartfelt sympathy to the bereaved.

Our brother Harry Lacy is in the V. A. Hospital as of this writing, visitors especially welcome.

Reminder to merk your calendar for March 23 — Past Mastar's night, the work to be put on by Past Masters.

The lodge is attempting to reactivate en old "Wayne Habit" F.C. Club and kitchen committea, interested parties please contact George Rey.

Any Past Master who might want to preside at the second section of the Master Mason degrae please contact Robert Whyte at 493-3828. It is hoped we will heve enough Past Masters interested enough to accommodate cendidates throughout the year.

A languege all our own, we should never ebendon it just to be relevant. It should be remembered that our expressions are those of the operative craft of medieval times. When we "deny ceremony" — "The baby gets thrown out with the bath water". What Mason in his right mind would want to say "So mey it be?"

Good old words are they — words with a long history tried and true. In consideration of the time span think about the following: their meaning then and now:

Naturally I begin with the Scottish word as used by the Junior Deacon — are you listening brother Junior Oeacon? Why not explein this to the creft — Cowans and Eavesdroppers. Or the "Oblong Square?" Is thet not e contradiction! Not when recognized in its original form — a square with its greatest length from East to West, its breadth from North to South. Symbolically the form of a Lodge, we all knew that!

From whence came you? It would appear from our travels that maybe the 13th Century is not so far away after all, that time when the use of two competing langueges were necessary to illustrate e point.

Closing in the same vein.

See you in the "Refectory."

MAUMEE LODGE No. 725

Stated Meeting
First Wednesday

Alfred J. Edwards W.M.
6957 St. Joe Rd. 485-5B36
Charles W. Taylor Secy.
3905 Newport Ave. 483-9390

Brethren: I would like to welcome our new Master Mason, Oavid W. Strader, into Maumee Lodge, we are proud to have him in our fraternity.

The ettendance at Maumee Lodge has been just super. It is very heart warming to the officers, but there is only one person missing, end thet is you.

We will be busy in February with three candidatas, so come to lodge, all that you need is e dues card. This reminds me of the story ebout the old black man that had secured the use of a vacant lot. He had dug out the weeds, removed the stones and rubbish, plowed it, harrowed it, planted seeds and cared for the plants until what had been a stony waad patch became a thing of beauty.

One day the parson passed thet way and entered into conversation with the old black man, who wes loosening the soil with his hoe and pushing it up around the roots of the plants. The parson ramarked, "Brudder Jackson, you and de Lord sure has worked miracles with this old vacant lot." The black man rasponded, "Yes suh, parson, yes suh, me and the Lord sure has done a fine job here; You ought to of seen all the weeds and stones and rubbish ther wuz here when de Lord was looking after it all by hisself."

That's only a story. It may never have happened, but in it are lessons for Masons, just as there are lessons for them in some of the things that never happenad thet we teach in Masonry. Freemasonry givee the brother only the rough. Yes, it provides him with the vacent lot, with the implements, and even with the seed, but it is up to tha brother to do the plowing, the harrowing, the plenting and the cultivating that will bring out the plants and the beauty. He must push the soil up around the roots of the plants.

The Master, working alone, can't make Freemasonry to bloom in this lodge room, anymore than the Lord was eble to make a flower gerden grow on the vacant lot without the help of the old black man. Without the help of the brethren there will be here only a weed patch strewn with stones and rubbish. There will be no beautiful plants, their roots carefully covered with rich soil. Masonry can't be funnelled into you. You have to use your brains in digging for the beauty of it. Put your mind to it and you may be astonished at the pleasura you will deriva from seeing tha soil become productive through your efforts. You may be astonished at the pleasure you will get from seeing the seeds of wisdom send up shoots that climb upward, turn their blossoms to the sun and burst into beautiful flowers of Masonic knowledge.

We are all saddened by the passing of Audie B. McGinley of South Gate Lodge who was also a good friend of Maumee Lodge. We extend our sympathy to his family.

Do something nice, visit your Symbolic Lodge.

A stated meeting night is a good time to catch up on all of the little odds and ends of business thet have been neglected during the busy times when more pressing progrems are being observed and that was exactly the case at our first meeting of the New Yaar. There ere so many who do special things to make our projects turn out happily that the Candid Spotlight hes been kept busy trying to track down a few of them. The first tima around the Spotlight singled out Past Matron and Past Patron Marguerite and Owan Amos, and Conductress Sharon Williams presented them with a "Loving Cup" to highlight a much-desarvad tribute for all they did to maka tha raception for Raathal Blua, Daputy of District 14, such a beautiful avaning. Marguarita was tha ganeral chairman of tha raception and sha and Dwen mada all of tha lovely fruit plaques which wara gifts to all tha guests, and tha candla holders used on the refrashmant tables. Dwen built the "Blua's Waysida Markat" stand. Edytha namad some of the others who halped in other ways, such as Carol Munk who mada arrangements for tha Cholr which gava such a fina performanca, Bath Jacobs and Paarl Williams, heads of tha Social Committee groups who sarvad tha rafrashments during the social hour and again et tha closa of tha meetings, the Decorating Committae, Lucila Proctor for har appropriata music, and Conductressas Sharon Williams and Sharron Ulle for their escorts during tha introductions.

Helan Howard who had just raturned from e trip to California for tha annual Tournament of Rosas Parada and the Rose Bowl gama, gave us some intaresting highlights of her trip. She was still all agog with axcitement about har vary first football gama which was attandad by 100,000 paople! Sha visitad tha barns whare tha fabulous parade floats wara baing mada and told us how paopla coma and choosa tha spot whare thay wish to ba to viaw tha parada. Than thay just bed down for tha night and stay right on thair chosen spot to ba sure of a good view of tha famous spactacla in tha morning.

Edytha announcad that our Christmas gift collection nattad $100.00 which was divided among threa of our long-tima mambars who are now shut-ins and thay wera truly plaased to ba remambered.

Tha Candid Spotlight followed tha naxt unsuspecting winnar to the Mazzanina whara sha was serving refreshments aftar tha Chaptar meeting. This tima it was Marcella Taw who received tha lovaly china "Loving Cup". Marcalla goas to Lutharan and St. Joseph hospitals to taka tha floral arrangemants which tha Chepter givas to aach of its hospitalized mambers. JoAnn Vining parforms tha sama sarvice at Parkviaw. Edytha said that a Worthy Matron who has e full-tima job raally appreciates tha kind of service these two hava givan.

Tha sacond meeting of January was Man's Night. We look forward all yaar to this night becouse tha man alweys give us an evaning of fun, and usually somathing to chuckle about long aftar it is ovar. Of course, as this is being writtan, that meeting has not yet takan placa and tha men just aran't talking! I did find out a few things, though. Duana Watson is in charga of tha whola affair. Ha has appointad Frank Bidlack as chairman for antertainment, and Jim Johnston as food chairman. That sounds like a very good combination, right there. But thare's more — my spies tall me there is going to be a Gong Show with a real for sure gong and a panel of judges'. Ron Stablar will be Master of Ceremonies and I undarstand there will ba music — not a symphony orchestra or aven "The Sweetest Music This Sida of Heaven" but rathar a more "homay" type of music. I haar a faatured attraction will ba the appaarence of Leon tha Magnificent (Williams, that is) who is a virtuoso on tha spoons. They axpect to have a combo — sort of — with Dorman Walker and his accordian, Arnold Moora on saxaphone, Frank Bidlack with his string bass, Loule Walkar on drums, and Joyce Bidlack at the piano. (How did you get in thera Joyce?) Of course there will be that famous — or should I say infamous — quartat composed of Dorman Walkar, Arnold Moore, Max Poorman, and Frank Bidlack who will delight us with soma good old Barbarshop harmony. Special vocal soloists Bob Brown and Jim Petars, accompaniad at tha piano by Doc Schwartz will perform in their own inimitabla style and Clayton will do a ballat numbar (I baliava it is to ba "Tha Swan Song).

Thanka a million to our man. We are proud of you. Then too, they always faad us pretty wall, too!

Wa hava all anjoyad tha Candid Spotlight routina this yaar and our Worthy Patron has seemed to gat a lot of pleasure out of surprising paopla. Wall, the shoa was on the other foot this time. Men's Night juet happanad to fall on his brithday and Edytha just couldn't resist putting him in tha spotlight. Ha was ona surprised Worthy Patron, beliave ma, but we all think ha truly daserved tha special racognition. Ha is DNE GREAT GUY.

Inspaction will ba all over, too, by tha tima this February issua comes out so it's tima to remind all good mambers of Fort Wayna Chapter

Dh the weether outside is frightful, and the fire is so delightful — but we've got places to go, Stop the snow, stop the snow, stop the snow. Now I know thats not the correct wording to the song but goll-ly enough is enough, we've had our share heven't we — anyone want to join me in shipping the snow to Florida? I know some of our friends end members of Chapter high tail it to the warmth and sunshine when winter comes but we've got warmth and aunshine here — (huh huh) — just come to our meetings and dinner and you'll see.

We had our all committee Christmes perty December 29 end we had fun and received warmth end gave out sunshine — in smiles — haven't you heard the "Sunshine of your Smile" its true. Thanks to Shirley Burson and her committee who was in charge of the evening for its success, for the cooks who served us the delicious food we perteked — yum, yum. Smoked pork chops, persley potatoes, green lima beans with mushrooms, green seled, date pudding, cranepple juice, coffee and tea. Dh — so goodl Gifts to all who attended were strawberry and peach jam "from the kitchen of Jane Witmer", enother yummy.

Jenuery 12 was our Mena Night and Initietion. We initiated Cheryl Howard this evening. Congratulations end welcome to Cheryl. After the meeting Helen Howard gave a recitation es the "Lady in Waiting to Dueen Esther." She wes dressed appropriately in a hand maidens dress of Iskali print end head dress. This was very enjoyable and thanks Helen for the evening and thanks to John Weyer and the men of Shiloh who served us Ice cream with syrup, nuts, cherries and all those goodies on top along with venilla wafers end coffea. Thanks fellas, good job.

We have just four meetings left until the end of Jene'a term — come help us wind up her term in faithful form. Jane has served her year gratiously just es she did Queen Esther when ahe started as the Esther star point. Let'a show her our faithfulness and devotion with an over abundance in attendence. We heve had a fun year and have accomplished a lot but we heve missed so many of you at our meetings. We can find time to shop the malls, bowl, play cards, attend committee meetings and visit — cen't we also find time to ettend our chapter at least a couple times during the yeer. The officers attend and do their duty for you, can't you attend for them?

Ageless Valentine

A simple heart once carved upon a tree
Holds fast the memory of youth for me.
A valentine engraved in aging wood
Recalls the spot where youthful lovers stood
And carved initials on a wooden page;
A valentine that would not fade with age.

February is the shortest month of the year. We honor the birthdays of two of our nation's greatest patriots, George Washington and Abraham Lincoln. Also St. Valentine on the 14th.

With more than a month of winter officially behind us I am sure we are all hoping and looking forward to less snow this month which has already brought many tragedies and much inconvenience to our daily routine of living. Spring and the thoughts will be most welcome.

The busy month of January has come to a close. It has been filled with the visiting of two Master Mason installations and a DeMolay installation. We sincerely thank Mr. Calvin Bauman and Mr. Paul Moore for allowing us to help with their receptions and we wish each of you a successful term.

We enjoyed ice skating on January 14 and afterwards were warmed up by hot chocolate at the home of Mr. and Mrs. Robinette, the Honored Queen's grandparents. Mr. King thanks for shoveling.

A trip to Pokagon tobagganing with the Fort Wayne DeMoley was exciting and chilly on January 28. Many girls who had never experienced tobagganing made that last minute decision of taking to the long slide. We thank the DeMolay for allowing us to join in this activity.

February will begin with a Bethel wide paper drive on the 4th. Anyone interested in getting rid of magazines, IBM cards and read outs, catalogs, phone books and/or just old newspapers please contact 432-3192 or 447-7150. Remember girls this is for you.

"WHAT GRANDMOTHER IS"
An Essay by a 3rd Grader

A grandmother is a lady who has no children of her own, so she likes other people's little boys and girls. A grandfather is a man grandmother. He goes for walks with boys and they talk about fishing and tractors and like that.

Grandmothers don't have to do anything except be there, they're old so they shouldn't play hard or run. If is enough if they drive us to the market where the pretend horse is and have lots of dimes ready, or if they take us for walks they should slow down past things like pretty leaves and caterpillars. They should never say "Hurry up!"

Usually they are fat but not too fat to tie shoes. They wear glasses and funny underwear. They can take their teeth and gums off.

It is better if they don't typewrite, or play cards except with us. They don't have to be smart, only answer questions like why dogs hate cats, and how coma God isn't married. They don't talk baby talk like visitors do because it is hard to understand. When they read to us they don't skip or mind if it is the same story again. Everybody should try to have one, especially if you don't have television.

Why Are You Here?

Everyone has a particular goal in life. Each in his own way pursues some one thing and hopes to accomplish this coveted goal during his lifetime. Recently I talked with a man who believed that he had reached the pinnacle of his career and was depressed about it for he had made so many plans toward a covetad goal and he feared that he would not live long enough to accomplish it. However, after listening to him reveal and unfold many things that he did not achieve, I wondered why he felt he had accomplished so little. This man is not different from most for there are many people who believe that a man's life does not consist in the abundance of his possessions, but in the deeds and service one can give and devote to others.

Too often, the coveted goal is beyond reach because we make it so. We try to improve conditions for our young people because we feel that time is running out and we will not finish our task. We use up our entire strength and knowledge to be successful and to have an abundance of worldly goods. We want to leave something for posterity so we wear out trying to succeed. Life today is no different than in our fathers' time. Modern yes, but that is the only change. There has always been and always will be a burning desire to have more and acquire more of possessions; to far surpass our friends and neighbors; to gain more power and position and to have more wealth. If we accomplish all of these things — will that please us and make us happy? Will that give us more prestige? Is that our life's goal?

Leo Tolstoy, the Russian novelist, wrote a short story entitled "Much Land." It tells of a prosperous farmer named Ivan Pahom, who heard of a new frontier area where land was not purchased by the acre. Instead, a man could purchase all the land that he could walk around in one day. Ivan sold out and headed for this new area.

On the appointed day the Chieftain of the land took Ivan to the top of the hill, had him place a sum of gold in his cap, and as dawn broke, Ivan began his walk. He walked steadily until noonday, thinking again and again, that he ought to start back. But each time he would see a spring, a meadow, a grove of trees — that sent him out farther and farther.

Suddenly the sun was on its way down. Ivan began to hurry. The sun raced on. Ivan began to run. Just as the sun sank on the horizon, Ivan, admist the cheers of the assembled man, fell forward with his fingers touching the cap filled with gold. The Chieftain knelt beside the fallen man. Then he arose and said, "Mark out a plot six feet long. It is land enough. This man is dead."

If the same opportunity was offered to us — how would we react? Would we do the same as Ivan Pahom, the prosperous farmer wanted more and more of possessions? Greed is a horrible evil and when it pairs off with power — it can only bring about destruction, especially to the individual who possesses both.

Time is running out — therefore the question is: "Why are you here?" Is it for personal possessions only? Is it for an abundance of worldly goods? Is it for a selfish and coveted life without service and thought of power? If these are your reasons — then you are to be pitied and your so-called happiness is short-lived. If you are here for the purpose of being kind and understanding; to share your earthly possessions with others; to love and be loved; to be tolerant and unselfish — then your mission and coveted goal will bring you happiness and satisfaction in abundance.

Whatever it may be — remember that in the Book of Luke 12:13-15, we read these words: "A man's life does not consist in the abundance of his possessions."

Joy and happiness are secured by personal conquest. Human nature can be good and great if we will it so. External conditions are the accidents of life, its outer trappings. Internal conditions require our being strong and true; to be generous in praise and appreciation of others; to give without expectation of return; to practice humility, tolerance and self-restraint; to make the best of time and opportunity; to keep the mind pure and the judgment charitable; to seek truth and righteousness; to work, pray and serve daily; to aspire greatly, labor cheerfully, and take God at His Word — this is why we are here.

QUESTION BOX

WERE THERE ACTUALLY GLOBES ON WHICH WERE DELINEATED MAPS OF CELESTIAL AND TERRESTRIAL WORLDS ON THE PILLARS WHICH STOOD AT THE PORCH OR ENTRANCE TO KING SOLOMON'S TEMPLE?

Whether or not the pillars were surmounted by globes cannot be stated with eny degree of essurance, but we cen be quite sure thet maps of the celestiel end terrestriel worlds were not delineeted thereon beceuse it was not known at thet time that the eerth was spherical or near-spherical in shepe.

Our evidence must be dependent on the Bible descriptions. In the Geneve Bible (A.D. 1560) there ere several illustrations of the Temple, including a sketch of e piller, surmounted by e shellow cepitel, with an ornementel globe on the top. It is likely that the men who fremed the early Mesonic rituels mede considereble use of the Geneve Bible.

In the seme Bible the Books of Kings and Chronicles are at some verience on this subject. There is some ground for the belief thet the chepiters of the pillars were themselves bowl-sheped and that there were neither bowls nor globes above them.

So far as Masonry is concerned there is no evidence that globes were mentioned in Lodge ritual up to about 1745, but by thet time it is probable that the globe had begun to appeer emong the symbols on the floor-cloths. In the last third of the 18th Century King Solomon's pillers are found in Lodges but there was no settled uniformity. In some ceses the tops were bowl-shaped, but the globes were finelly adopted by Mesonry and by the end of the century they are so depicted in illustretione of Lodge equipment end eprons.

Masonic Bowling League

The Composites won the first half championship by outlasting the Plumbs in the final tally by one-half (½) point with their half total of Forty and one-half (40½) points. The three new members have added the power to this teem, namely Leon May, Sol O. Bayless No. 359; Les Sliver, Sol D. Bayless No. 392; Walt Rummel; Dick Rodemeyer, Home No. 342 end Charley Stubbs, Three Rivers No. 733 are the carry-overs from past seasons.

The second half of the Masonic Leegue was delayed a week because of the extended closing of the G.E. during the week of December 26. Therefore no league bowling could be scheduled, forcing our second half opening to Tuesday, Januery 3.

To broaden the scope of competition within the membership of this league, the member bowlers have been classified according to their first half evereges into "A" — "B" — "C" — "D" groups. Members of eech group will be striving for the high geme end/or high series during the second half to qualify for prize money within their classification.

Redmond "Bob" Munro, Sol O. Bayless No. 392 and captain of the Levels set the pace in the "A" classification by shooting a 223 game in his 584 series on January 3.

Masonic Oddities

The longest proven membership in the Lodge was that of Cyrus E. Hull, who was made e Master Mason on March 23, 1853 in Hampden Lodge, Springfield, Mass., and died 83 years and 9 days later.

Nine memberships of eighty years or more have been recorded.

Sponsorship Of A Candidate

The sponsoring of e candidete for the degrees of Freemasonry prasupposes that the sponsor has more then a slight interest in the petitioner. It sometimes happens that e petitioner knows only one person in a lodge or hes lived in the jurisdiction for the minimum required time. More often then not the petitioner has known the person sponsoring him for years. It is unfortunete that more interest is not always shown after the candidate has been elected, end is receiving the degrees. Remember, he is a neophyte, his concept of the philosophy end the principles of Freemasonry is necessarily limited. His impressions ere gained from the body of members et large; to neglect him et this time, thinking that one has no obligetion other than the signing of his petition, is to render him a disservice that he certeinly does not merit. How much good could be accomplished if more members would approach this fine privilege with a more realistic attitude; if they could realize just how much good could be done for the new members by ecting the part of e brother in deed and spirit. True Masonic inspiration end education finds its beginning in the willingness of the members to eid end assist those who seek the LIGHT — only in this fashion can all of us be properly enriched from the cherished precepts thet heve been held high for so long.

The Question Box

WHY DO BRETHREN, ENTERING AND LEAVING A LODGE, SALUTE THE MASTER?

Masons entering or leaving a Lodge salute the Master at the altar if the Lodge is at labor — they salute the Junior Warden if the Lodge is at refreshment.

This practice assures the Master that the Brother knows on what degree the Lodge is open. A Brother making a wrong sign can be instructed immediately. It informs the Master that the Brother is a Mason of the degree on which the Lodge is open; if he makes an inferior sign, and cannot, on request, give the right one, the Master can then use other means to ascertain that no Entered Apprentice or Fellowcraft is present in a Master Mason Lodge. The salute is a silent assurance to the Master and through him to the Brethren: "I remember my obligations."

Brethren salute on retiring to get permission to leave. No one can enter or leave a Lodge room while a Lodge is at labor without permission. If the Master does not wish the Brother who salutes to retire he tells him so, instead of responding to the salute.

At refreshment the Lodge is in charge of the Junior Warden and the same salutes are given him as are usually given the Master, and for the same reasons. In some Jurisdictions, on busy evenings, as during a visitation or other Masonic function, the Master will instruct the Tyler to ask the Brethren to salute the West, instead of the East, in order to not have his own labors in the East interrupted.

Your cards and phone calls since I came home from the hospital have brightened each day. Each ones kindness reassures me the finest people in the world are Eastern Star members. Again my thanks to all.

Unity We Seek

Masonry, by its very method of teaching, encourages Freedom of Thought, Expression, and of Conscience. The Institution exists for the development of the good within every individual Mason. We do not glorify an Institution, but the principles and teachings which stem from the highest wisdom of the ages.

When we discuss unity among Masons, or among the branches of Masonry, we do not call for a conformity of thought that will compel us to see everything alike, or to believe according to an established norm. We teach by Symbolism for the very reason that each brother is then given the right to interpret the Symbol according to his understanding and acceptance of its meaning.

That unity that we seek is the only genuine form of unity — the love of one Mason toward another. The unity we seek among the various bodies of Masonry is the same, the degrees of this or that Rite, we are all working toward the common goal of Universal Brotherhood.

The strength of Masonry is in our common hopes, our common objectives, and in our determination to forget the insignificant details, which if stressed, lead to disunity.

Masonry as it refers to the Symbolic Lodge, and to the additional degrees, will grow and prosper by the unchangeable truth repeated and repeated WE ARE ALL MASTER MASONS.

—Masonic Messenger

Masonry As A School

By "The Poet By The Sea"

We do not tutor callow youths
To make their lives securer,
But we DO teach the ancient truths
To those a bit maturer.
The moral laws are what we teach,
Through Temple-building stories.
We strive the minds of men to reach
By ageless allegories.
We hope to aid the human race
Through repetitions ample,
And make the world a better place
By precept and example.
The lessons taught in our degrees
Make each of us their debtor.
We aim through teachings such as these
To make all good men better.

Nothing Impractical

Masonry offers no impracticable and extravagant precepts.

Its teachings are eminently practical; and its statutes can be obeyed by every just, upright and honest man, no matter what faith or creed. Its object is to attain the greatest practical good, without seeking to make men perfect.

It does not meddle with the domain of religion, nor inquiries into the mysteries of regeneration.

It teaches those truths that are written by the finger of God upon which have been wrought out by the meditations of the studious, confirmed by the allegiance of the good and wise, and stamped as sterling by the response they find in every uncorrupted mind.

Brethren: The Blizzard of '7B brought ell activities of HOME to en abrupt halt end the 2nd Annuel Past Masters HOMEcoming Dinner had to be cancelled. I have rescheduled this function for Tuesday, May 30 end am esking the Past Masters to retain their "class" lists for use at that time.

The pride of HOME Lodge is something intangible preserved year after year by a number of embitious, diligent end untiring brothers who give of themselves, their time and genuine love for the fraternity, its teeching and precepts. These brothers ere older members, new members, retirees, young men, Past Mesters, line officers, end brothers who teke en active part in the Craft. The greetest contribution they have made is overcoming the apathy which so often plagues other lodges. As you ere aware no organization stands still, it either goes forward or slips back. HOME is on the move. The officers of HOME ere working diligently to meintain the high level of ritualistic work for which HOME Lodge has elways been proud.

HOME will confer the Master Mason degree this month. When was the last time you attended e HOME function? It's your lodge too, and your attendance will give you e feeling of brotherly love and fellowship that can't be gotten anywhere else.

The deedline for paying 1978 dues without officiel ection against those in erreers is March 7, 197B. If you haven't paid yours mail your check to the secretary today.

The condolences of HOME Lodge ere extended to the family of Brother Carl Lochner who passed awey on January B, 197B and to Brother James L. (Sam) Ellert end his brothers and sisters in the loss of their mother on February 11, 197B.

If you know of a HOME Lodge brother who is ill report it to me or one of the officers. Meny times we are uneware that e brother may be in the hospitel or ill at home because it isn't reported. Teke thet couple of minutes end let HOME know.

All activities of HOME will be contingent upon the energy crisis. Watch for the Masonic Calendar in the Sunday Journal Gezette each week for status of Temple ectivities.

If any Brother that doesn't have transportation or can't drive end wants to come to lodge, please call Cal Bauman 447-7150 and we will be glad to bring you to lodge.

Thought for Today: Is a single heart rejoicing over what you did or said; Does the man whose hopes were fading, now with courege look aheed? Did you waste the dey, or lose it? Wes it well or sorely spent? Oid you leave e trail of kindness, or a scer of discontent? As you close your eyes in slumber, do you think thet God will say, "You heve earned one more tomorrow by the work you did today"?

Brethren: I would like to welcome Patrick Hughes, and Virgil Smith, into Maumee Lodge, we are proud to have them in our fraternity.

We are going to have six candidates in March, and we will need all the help that we can get, so come to lodge and lend us a helping hand.

March 25, 1978 is Past Master and Charter Member night. Let us all come to the Temple and break bread together, supper will be at 6:30 p.m. All of you Brethren who came into Maumee Lodge in 1953 will receive your 25 year pin on that night.

Our Secretary Charles Taylor asked me to mention the fact that a few of the Brethren have not paid their dues. Need I say more.

I was asked by one of our prospective candidates what does Masonry do. I told him that his question reminded me of the story about the father who wished a little relief from answering questions while reading his Sunday paper. The paper contained a full-page map of the world. A brilliant idea was born. Dad took the map to the dining room table, cut in into zig-zag pieces and told his little bunch of questions that she couldn't ask another until she had put the map together. He figured on a peaceful two hours, but in a few minutes the little tot called dad to see the completed work. "How did you get it together so quickly?" Dad wished to know. "As you started to cut the map up I noticed there was a picture of a man on the other side. I turned the pieces over, put the man together, and when the man was put together right the whole world was all right."

I need not point out the moral in that story. Have we ever had a calamity, have we ever had a crisis, have we ever been in any kind of mess that wasn't due to men not being put together right? When men are put together right, the whole world will be all right. It is Masonry's job to see that men are put together right.

Do something nice, visit your symbolic lodge.

Saturday, March 4 and our biggest event of the year, our annual Smorgasbord and Square Dance, is rapidly approaching. I hope that each member who enjoys eating or kicking up his heels in a lively square, will come — and bring others with him. We have already heard from a church group who is planning to be there. What about your church?

They are already calling 1978 the year of the blizzard. Yes, it effected our lodge work last month. We were supposed to have an E.A. degree Saturday, January 28. We will establish another date for that work as soon as we are able. We also were unable to have the F.C. degree on Tuesday, January 31 as our candidate works for the county road department. It would be an understatement to say that he was too busy. We will now have the F.C. degree Tuesday, February 21 at 7:00 p.m. If you have a case of cabin fever after all this snow, come revisit your friends.

Brethren: Our lodge has one new candidate, and we will have degree work in March. Your new officers are learning their parts, and they need the encouragement of the brothers on the side lines. Entered Apprentice degree will be on March 13 at 7:00, Fellowcraft on March 20 at 7:00, and Master Mason degree on March 27 at 5:00. We plan to eat dinner on the 27th.

Memorial services were held on February 10 for Brother Hubert R. Ralston, and on February 12 for Brother Roy E. Shortridge. Our sympathy has gone out to our brothers families.

The officers and brothers are doing a fine job in presenting the memorial services at the funeral home. If you would like to be put on the phone list for memorial services, let the Worshipful Master or the secretary know. Also, if you would like a ride to the Temple, let us know. We don't want anyone to stay away for lack of transportation.

Some brothers have not attended lodge in several years and may be hesitant in coming back to lodge. All you need is your current dues card.

We would be happy to see you in lodge.

Brethren, the snow blizzard of 1978 forced us to miss our meeting on Saturday, January 28. We rescheduled the Master Mason degree for February 7 and 14. We raised one brother on the seventh and expect two more on the 14th. We will have Master Mason on February 22 and stated meeting on March 1. We expect to have candidates for the degrees in March so our lodge schedule will be: Entered Apprentice on March 8 at 7 p.m., Fellowcraft on March 15 at 7 p.m. and Master Mason at 5:30 on March 22.

Some brothers have brought a brother with them when they attended lodge in January and February. It has increased the fellowship of the lodge and it is with great pleasure we see old familier faces. Plan to attend lodge regularly and bring a brother. Do you have a brother living near you who needs a ride to lodge? If so call him and make arrangements to come together.

Charles A. Briggs presented me with a plaque in remembrance of being the first man I had the pleasure of raising as Worshipful Master of the lodge. Thank you Brother Chuck.

Greetings! March is here with a full schedule of busy events. On the 5th of March, we will journey to Pokagon State Park with the Jobies for a full day of tobogganing and hot chocolate. Remember to dress warmly!

The week of March 12-18 is International DeMolay Week. On the 12th chapter members, along with their fathers, will be participating in the Father-Son bowling tournament. On Monday, the 13th we will be presenting subscriptions of "The Cordon" to the different library branches throughout the city. The Family Awards Banquet will be held on the 15th at the Mizpah Shrine Temple. On Thursday, the 16th members will be taking over city and county government offices for the day. A splash party with the Jobies will be held on Friday the 17th. We will be working at the Potentate's Ball on Saturday and on Sunday we will attend church together in observance of Devotional Day. DeMolay Week is the week during which DeMolay's all over the world observe the founding of the Order. I hope to see a good many people at these activities.

Looking back at February, one must remember the 3rd annual Sweetheart Ball, held on February 10. Over 80 people attended the Ball where Miss Cheri Bissell was elected Chapter Sweatheart for 1978. At this time I would like to thank Miss Robin Bissell for serving as Sweetheart for the past year. The dance was a success and everyone had a great time.

During February, we have been ushering at the Scottish Rite and bowling regularly. The stated meetings are on the second and fourth Wednesday of each month. Have a good March and see ye'll at the activities!

Masonic Truths Already There; Must Be Dug For

"You get out of Masonry just what you put into it."

How many times have we been irked by this cliche? How many newly raised Masons have been given this information?

The individual cannot put anything into Masonry. It is already there. The great truths of Masonry have been there from the beginnings. The tenets of Masonry are there.

Masonry is like a wellspring. It is a source of continual supply. No amount of withdrawal of its knowledge can lessen the flow.

As the well yields its waters to the man who labors, Masonry yields its secrets to those who are willing to labor for them. Nothing has been put back into the well; nothing has been put back into Masonry.

— Exchange

"The Times Are Different"

These words are often used to invalidate the past; to dispense with moral laws, and to indulge the desires.

Progress is generally identified with any change. But there are those sad experiences when we find that a change in fundamental principles is anything but progress.

Of course times are different. Even a short span of time marks many changes. Science moves us along a dizzy pace. We find it difficult to keep up with the many strange gadgets which are offered as "the new and different."

But what of Truth, of Justice, of Tolerance, of Integrity, of Love, or Moral Responsibility?

Years, decades and centuries can not obscure that which is of far greater importance to man's existence than all that may be called progress.

When these elements of character are strangers to the age, it is then the age which must made readjustments to make room for the changeable.

—Exchange

The Highest Wisdom

The highest wisdom is established, not on reason alone, not on those worldly sciences, physics, history, chemistry, and the like, on which intellectual knowledge stumbles. The highest wisdom has one science, the science of the All, the universal science which explains all creation, and the place which man occupies in it. In order to absorb this science it is absolutely essential to purify and renovate the inner man, and, therefore, before one can know it one must believe and accomplish perfection. And to attain this end, our soul must be filled with that divine light which is called conscience . . . Look with the eyes of your spirit at your inner man, and then ask yourself if you are content with your life.

We had e sneak preview of the Men's Night plens in the lest issue of Squere end Compess but now the truth can be told! This is how it really happened! The program wes held in the bellroom end Ron Stabler came stumbling in es if he hed sipped one (or severel) too many. He was looking for the Gong Show and it wes right there, with e performance in progress. It was easy to spot the gong which could very well have been the metal lid from a barrel, end it was suspended from a bird cage stand. It gave out with e loud "Bong" every time it was struck. Sometimes it seemed the judges liked the sound of the gong more than the renditions of the performers. Bob Brown sang "Somewhere My Love" very sweetly to e lovely redhead in the front row. (It is rumored thet Bob is e greduate of some famous Boy's Choir). Oorm Walker on accordian, Frenk Bidlack on guitar, and Louie Welker on drums with Joyce Bidlack et the piano got a resounding gong. (The pieno sounded great, Joyce). Arnie Moore on the sax got in about two measures of "Ain't It A Sheme" — and, really, it wasl

Next, Jim Peters eppeared in a gorgeous Caballero suit complete with silver-trimmed sombrero. He got the gong but ignored it end strummed on his banjo until they finally got the message to him. The Daddy's Oandies Ouertet came next with Max Poormen, Frank Bidlack, Dorm Welker, end Arnie Moore singing "Deddy Seng Bess". They ware loud! They ennounced thet Arnie had e phone call from a locel supper club esking him to do a one-night stend. C. Herrick, en apperent newcomer in town, did e greceful ballet — the dance of the veils. The petite dencer had beautiful shoulder-length blond curls end e lovely filmy costume end wes well-received by both the eudience end the Judges until the skirt came loose end she(?) left in heste end was disquelified. The quertet came back with "Let Me Call You Sweetheart" and Ooc Bernie Schwartz pleyed a group of melodies on the piano — Girl of My Oreams, The Rose of Tralee, When the Saints Come Marching In. All wes fine until he pleyed Yenkee Ooodle end Dixie and the Judges gave him the gong oecause he didn't know which side he was on!

Ooc ended up getting the first prize which was e huge Sugar Oaddy sucker and there wes a vague mention of a week's trip to Philedelphia but there didn't seem to be any sponsor for the trip. The ballet dancer received the Monkey of the Year award as a consolation prize.

Worthy Grand Matron Suzanne Lisor paid her official visit of inspection to Shiloh, Fort Wayne, and Star of the East Chapters on Januery 25. An excellent dinner was served in the benquet room with Sister Willie Witmer of Shiloh Chapter in charge of preparing the meal and Sister Beth Jacobs of Fort Wayne Chepter, end her group Betty Stall, Betty Clevenger, Judy Girardot, Mercella Tew, end Margaret Peconge, essisted by some

girls from the other chaptars, serving in the dining room. The tables were beautiful with lavender streamers down the center, pink candles, and whita angal napkin rings holding blua napkins. The napkin rings wera favors for each guest. A large backdrop behind the center table had the "Happy Face" and the words "Ha-Lo" which Worthy Grand Patron Lyle Cotton has made so familiar to us this yeer.

The meeting in the Colonial Room began with the dedication of five small children to the principles of the Order of the Eastern Star. There were eight 50-year members who were able to be thara to receive thair Award of Gold from tha Worthy Grand Matron. There were several othars who had already been given their pins or will receive tham soon.

The Worthy Grand Matron's symbols of music and harmony were displayed in the Eest where e golden lyra was entwined with fem and daisies. A very larga Bible stood in the West with the Wetchwords "Happiness, Harmony, and Love" on the pega marked by e single pink rose. There were tell beauty vases of daisies and fern behind the chair of eech Star Point.

Fort Wayne Chapter officers opened the meeting with Worthy Matron Edythe Gordon end Worthy Patron Clifford Gordon presiding. Edytha welcomad averyone and introducad Past Grand Patron Clayton Herrick and his wife, Helen, Worthy Grand Matron Suzanne Lisor, Worthy Grand Patron Lyle Cotton, Grand Organist Margarat Norwood, Grand Electa Mary K. Sabrosky, Grend Warden Harriat Ladd, and Oistrict Oaputy Reathel Blue of our own District 14.

Sister Suzanne was escorted to the East through an aisla of "Harmony Halos", the presiding Matrons, and they each gave har a sheaf of daisias as she passed. Pet Walker sang "Music If Forever, A Gift of God" and Edythe gave her a singla tea rose as she raached the East. Brother Lyle was escorted by tha Harmony Halo man, the presiding Patrons. Each of them was carrying a placard with musical notes and rests. Edythe said he will certainly be entitled to the rests after this very busy year is over. Pat Walker also sang to him "I May Never Pass This Way Again".

The initiatory work was presented by the officers of Shiloh Chapter with Worthy Matron Jane Witmer and Worthy Patron Charles Baumgartner presiding. Our Conductress Sheron Williams and Frances Barnes, Star of the East Conductress, were the proxy candidates. The closing portion of tha meeting wes conducted by Star of the Eest officers with Worthy Matron Lucila Brattain and Worthy Petron Guy Nepier in the East. Wa ware all very proud of tha fina work our officers did and the Worthy Grand Matron was pleased with the calibar of work presentad for her inspection.

Sister Suzanna surprised us by saying "Smile — you are in the Cendid Spotlight tonight" to everyone presant. She said enyone who wes brave enough to come out to the meeting on such e bad night deserved special recognition.

Star of the East Chaptar invited everyone to a reception in the ballroom after the close of tha meeting. In spite of tha savere storm which was beginning to engulf the entire area in a devastating blankat of snow, everyone had e really nice evening and wera glad thay had come. Getting home thet night was quite a different story!

February 16 was Ruth end Esther night. The vouchers wera a sheaf of wheat and the crown and sceptor and Sister Edith Ramsey, Grand Esther, cama to visit end tell the beautiful and moving story of the heroic Queen Esther. Edith wes escorted to the East and Carol Munk sang a special song to her. Our Worthy Metron welcomed her and said how glad we were to have her as our guest on the special Ruth and Esthar night. All of those who have held these Point stetions were invited into a semi-circle in the Wast. Conductress Sharon Williams read a poem of tributa to the Past Esthars and Associate Conductress Sharron Ulle read a tribute to tha Past Ruths. Each of the "Pests" received a gift of a beautiful butterfly from Edythe. The butterflies ere quite lovely, made from a foam butterfly cut-out mounted on a clothespin. Edythe said that the butterfly treditionally is e symbol of naw lifa and, therefora, a most appropriate gift for these Past Points who hava givan happiness end service to their Chapter as thay have told tha story of the ancient Biblical heroines who created a new and happier life for thamselves end othars through their lova and devotion.

The first March meeting will honor new members and effiliates and there will ba initiation — the last time you will see this fina group of officers initiata candidates. They need our support on this special night.

The meeting on March 16 will be the very last for Edythe and Clifford and their officers, as a group. Haven't thay been great? The East will honor the West on that final night. We do hope you will be thera.

I purposely left this part of the write-up for last bacause it deals with both tha year anding and the new Chapter year which begins when the new officers ere installed on March 18. I don't remember snow like this, of course now you over 29 might. We'll all remember the winter of 78 for various reasons, we have had to postpone various functions and cancel two of our meetings. Briefly I'll mention some of the past meetings, January 25 we had our joint Inspection with Fort Wayne Chapter and Star of the East Chapter. Suzanne Lisor, Worthy Grand Matron from Syracuse was given a very warm welcome and complimented all of the officers on their work. Shiloh had the initiatory work this evening. A lovely dinner was held before the meeting and afterwerds wes when Mother Nature stuck her nose in. I heerd it took Suzenne until around 3:00 a.m. to get home because of something they celled snow. This was the beginning of the blizzard of 78 so the next evening our meeting was cancelled.

Our February 3 Star Point party was called off too.

Election wes held February 9 and the following officers were elected: Lucy Ann Cutting, Worthy Metron; John Weyer, Worthy Petron; Juanita Thomas, Associate Metron; Joseph Perez, Associate Patron; Holly Woods, Secretary; Key Vonderau, Treasurer; Glorie Jeen Clere, Conductress; end Shirley Burson, our. Ruth Point Associate Conductress. Congretulations to all of these people.

February 16 Worthy Grend Metron Suzenne Lisor end Lyle Cotton, Worthy Grand Patron, were at the Lutheran Home here in Fort Weyne to present Eva Magner of Shiloh Chapter her 75 year award. Congratulations to you Eva, 100 years coming up.

February 23, honor New Member night. Mery K. Sebrosky, Grend Electa, gave the story of Electa.

And finally the 27th of February we had our Star Point Night. At head table No. 1 was our Worthy Grand Matron, Jene Witmer with her family, her parents, Herley end Wildred Witmer, and her sister, Elizabeth Witmer, Past Worthy Matron. Our Worthy Patron, Charles Baumgartner, and his wife, Marthe Baumgartner, Past Worthy Matron.

Head table No. 2 were Jene's Fraternal Family and Line Officers.

The theme for this party was the "King and Oueen of Hearts." A life size King and Oueen were on the backdrop end Red Valentines and Red Streemers were our table decoretions, the dessert was a Chocolate cake elong with coffee and tea. Cerds were played at the end of the party. The prizes were deodorizers. The gift to Jane was a Silver Coffee pot end sugar and creemer end tray, the gift to our Worthy Patron was a billfold with the Worthy Petron emblem on it. Congratulations to Shirley Burson for the fina program she had and for being in cherge of this night. We're sorry that because of the weather some of you couldn't attend. I'm not gonna say any more about Mother Nature — because no way am I gonna make her mad (sure will be nice to see the sun and greenery and June again though.)

This is the report of the Sunshine so far, all of the calls have not been turned in yet, they made over 318 phone calls, 221 personel calls, 500 cards, Twilight services end Funeral Home calls were over 200 and gifts were given to 178 dueing the year.

Just like when the end of a Miss America's term comes, it is sad — but ahl the memories. Jane served her term well, regelly and gratiously and glamourously. "Month of the Ski"

March could well be called the "month of the sky." Brisk Merch winds whistle their way through the still-bare branches of the trees. Overhead is beginning the annual return of thousands of birds winging their wey from the southern climes where they spent the winter. It's always great fun to try to spot the first robin of spring. And one of the greatest joys of March is the great sport of kite-flying. High in the sky, these bobbing, darting omens of spring express the freedom of the season.

March is always e welcome month, when Spring begins and all things begin anew with the approach of the Easter season. It is the most beeutiful season of the yeer.

I wish to thank all for their meny kindnesses, cards and calls during the passing of my mother. It meant so much. — H.L. Ann.

Perheps you looked upon the dawn
And saw the evidence of spring . . .
You mey heve walked where lilies bloom,
Or heard an early robin sing;
Or lovelier still, perhaps you caught
The first coral rays of eastern light . . .
Perhaps you stood upon a hill
And watched the sun come into sight
Or did you wake on Easter morn
And turn your thought to Calvary .
Or, did you see beyond the cross
A risen Christ . . . a victory!

Merch is the month that we wind up our year end look forward to e new corps of officers installetion. This year hes pessed so quickly end it seems meny things heve been left undone. We ere grateful for ell the cooperation of the Sojourners who have helped make this Shrine a success. Many of you steppad in at the last minute to act ae pro-tems, some helped in our move to the Masonic Temple, many helped on the committees meking money, calling on those who were ill, serving refreshments end many other ways. To each of you, we are very greteful.

Our only meeting in February was the 15th. It provided us with our first practice for our official inspection by our Grand Guardian which will be March 7. We didn't have very many corrections and Mr. Boardman, our Grand Deputy, helped us with those we needed. Our inspection also brings our initiation. We have a few petitions and it is necessary to get all others which are out, to the two remaining Job's meetings before March 7. If there are any girls between the ages of 11-20, who have Masonic relation, wishing to join Job's Daughters, please pick up a petition in front of the office at the Masonic Temple.

The blizzard forced us to cancel our first meeting in Februery. With this also came the postponement of the paper drive which has been rescheduled until the fourth of March. We could still use more papers. Anyone wishing to get rid of newspapers please contact the Bethel Guardian or Honored Queen.

Along with Valentine's Day came the annual Sweetheart Ball sponsored by the Fort Wayne Chapter, Order of DeMolay. We congratulate Miss Cheri Bissell, our Senior Princess, who was elected their Chapter Sweetheart for 1978. The red heart, cupid day also allowed us to help the Knights Templar by serving and running the coat check at their annual Sweetheart Ball. We sincerely thenk them for allowing us to do this.

Companions and Sir Knights: The quarterly flyer which was mentioned in the January issue of the Square and Compass has been sent out to the membership. Each of you has received e petition inside which I hope you will all make good use of. This idea is the brain child of Company and Sir Knight, John A. Inches. If you have any ideas for improving the flyer, please contact Sir Knight John, or the Presiding Officers of your York Rite.

We are still planning to see the play "On a Clear Day You Can See Forever", at the Civic Theater. Cost of the tickets will be $5.00 per person. Dinner will be at the Shrina Club, and will be $5.75. By the time you receive this issue of the Square and Compass, it will be too late to make reservations, however, you will be able to contact the Civic Theater on a first come first serve basis.

Don't forget, on March 4, the Orders of the Commendery will be conferred, beginning at 9:00 a.m.

March 16, will be our monthly stated meeting. Come down and show you support your York Rite.

March 26, Fort Wayne Commandery No. 4, will hold its annual Easter observance with the Rev. Howard Brown, D.D. 33°, as its honored speaker. Services will begin promptly at 7:00 a.m., with breakfast served immediately after the services.

Dn April 7 and 8, the Grand Council, Royal and Select Masters of Indiana will hold its ennuel communication at the Marriott Inn. All members of Fort Wayne Council are invited to attend this meeting.

Fort Wayne Council No. 4, has presented a resolution to change the name of the Grand Council from Grand Council, Royal and Select Masters of Indiana, to Grand Council, Cryptic Masons of Indiana. Several of the Grend Councils in the United States have already changed their titles to Cryptic Masons and the Companions in Indiana are seeking to do the same.

April 20, will be our monthly stated meeting.

April 28 will be the first of two fish frys to be held this year. Since this is Summit City's Master Mason Night, we will see that they are served their meal at 6:15 p.m., so they may get back to the business of their lodge. At 6:30 p.m. we will open tha doors to other lodge members and guests. The cost of the fish fry will be $2.00. Invite a guest and come down.

May 18 is our monthly stated meeting.

May 20-24 is the annual stated communication of the Grand Chapter and Grand Commandery, held this year in Evansville. Saturday the 20th, will be Commandery Drill Corps competition. We have hopes that Fort Wayne Commandery Drill Corps will be in first place after the competition. Sunday the 21st, Divine Services will be held. Monday the 22nd, the Grand Commandery will begin its business session, and finish on the 23rd. Grand Chapter will then begin and finish its business on the 24th of May. It will mean a full week of meetings for the Deis Officers of Fort Wayne Chapter and Commandery.

For those of you who were present et the dinner honoring our Past Presiding Officers, I thank you for attending. Next year we will again schedule a dinner to honor these men who have given so much on behalf of York Rite Masonry. Watch for the date in the Square end Compass end the quarterly flyer, "News end Views".

Looking for more fellowship in Camping?

In 1966, a Brother from Brookville, Ohio, had the idee that if there were a camping club for Masons across the U.S. and Canada, there would be a group above and beyond any other.

Bro. Myron R. Fox's idea blossomed into a camping organization which, in 1973, had more than 6000 member families in the U.S. and Canada.

What is the object of this camping club? The Preamble of the Constitution and By-Laws states it best. "The object of the National Camping Travelers, Inc., shall be for the entertainment and enjoyment of those whose Fraternal Affiliations are satisfactory and those who use tents, trailers, campers, and other recreational vehicles to sight-see, have fun and promote good fellowship, make friends along the way, and get more out of Life, Liberty, and the Persuit of Happiness."

How can one become a member? An official application blank is evailable from a NCT member or directly from the National Office. This must be filled out and sent to the National Office or given to e local Chapter member.

A local Chepter? What is that? All over the U.S. and Canada there are groups of members who camp together. Chapters are in many of the states and provinces. A Master-of-Travel heads the group. He is assisted by a Wagon-Master and a Secretary-Treasurer.

How do I find the nearest Chapter? The National Office, with the aid of District and State Directors, can direct a prospective member to the nearest chapter.

What does one get out of NCT? Picture yourself traveling down the road, you see e NCT decal on e rig. Immediately you know you have e common bond that is greater than just camping with that family. In addition to the implied benefits, a member receives e quarterly National newsletter, two sets of decals and numbers for his rig, e National Directory of all the members, a list of NCT members who have overnight stops, the annual rally, a membership cerd for identification, and a camping schedule for every Chepter. In addition to the NCT, there is the YNCT (Youth National Camping Travelers). This is for the younger set and gives them an opportunity to share in the fellowship at their level.

Hi Brathren:

I will teke this opportunity to extend e sincere thenk you to Brother Jim Emrich, Brother Clovis Grimes, end Brother Rodney Lansaw for an excellent job of snow removel prior to our February stated meeting.

I heve put together e telephone list of local calls. The officers will be calling the brethren on this list and inviting you to join us in lodge. I feel that a personal invitation will stimulate attendance.

It hes been brought to my ettention that Brother Erman Wemer has had a relepse end I feel thet we should "all" remember Brother Erman end his family in our preyers.

Brother Knelenger, Brother Grimes, end myself journeyed to Indianepolis on Jenuary 14 for Founder's Day. There were several items of interest that were presented at Foundera Day. I will briefly describe the highlighte of the day. They introduced e pay as you go plan for residing et the Masonic Home. They talked about the various ranges of dues throughout the state. The ranges end percentages ere as follows: $12 and under, 10½; $12 to $16, 15½; $16 to $20, 40%; $20 to $25, 25%, end over $25, 10%. These figures will give you an idea of how our dues compare with the rest of the lodges in the state. There are some other points of interest which were presented at Founders Day. I will be very happy to discuss the ectivities of Founders Day at lodge.

I want to remind all you brethren thet our next stated meeting will be on March 2 at 7:30 p.m. See you in lodge.

As A Mason, You Are On Display

Much like so many others, the average Freemason, busy with the rush of the day, must receive some occasionel reminders that he is both a single person end a member of e group, while heving as his major concern the quelity of his relationships to the world around him.

Thet portion of the general pubfic who know something of the Craft look upon the Freemason, for the most part, as being a good man who gives of himself, his goods, his talents and shows a willingness to accept challenges end responsibilities, e good man who shows intense community concern end its care for the disadvanteged.

The measuring stick for goodness is functional end relational; it must therefore be seen in terms of what a person does with end to others rather than just what he is inside end by himself.

Recently someone told me of a man who regulerly sends his mother a beautiful bouquet on his birthday. I wes told this beceuse it was such an eloquent wey for e person to express his eppreciation — and love. As in so many other avenues of living, there is an ert of giving. Too often we give from duty, not desire.

"If I can put one touch of rosy sunset into the life of eny man or woman, I shall feel I have worked with God," wrote George McDoneld, Scotlend's famous poet-philosopher. How does one go about "putting touches of rosy sunset" into other people's lives? Thoughtfulness is the keyl Don't just give e gift wrepped only in a ribbon, give one wrapped in thought. In meny instances the thought itself brings the most pleasure.

If you choose to review the quality of your own relationships and your own goodness, consider some of the thoughts of one renowned thinker. The late Albert Einstein said: "Strenge is our situation here upon eerth. Each of us comes for e short visit, not knowing why, yet sometimes seeming to divine e purpose. From the standpoint of deily life, however, there is one thing we do know: that man is here for the sake of other men — ebout all for those upon whose smiles and well-being our own happiness depends, and also for the countless souls with whose fate we ere connected by e bond of sympethy. Meny times e day I realize how much my own outer end inner life is built upon the lebors of my fellow men, both living end deed, and how eernestly I must exert myself in order to give in return as much as I heve received. My peace of mind is often troubled by the depressing sense thet I have borrowed too heavily from the work of other men."

Self-Sufficiency

The dictionary does not teke sides. It just gives us the best possible definition or choice of definitions. A self-sufficient person then is one who is able to eccomplish one's own eims without external aid or co-operetion.

The Mason cannot be e heughty or errogant person. He can be proud end he cen walk arect, but he knows thet his eims, his hopes, end his embitions ere interwoven with the lives of others. He is dependent upon a Higher Powe end also upon the kindnesses end cooperetion of his brothers.

The development of thosa ven principles which ell men who become Masons possess depends upon a spirituel etmosphere thet is created within the hearts of others. His edvencement from Derkness to Llght depends upon e combination of self end others.

The Meson's determination to hold fast to his sacred obligetions is coupled with the fact thet others strive with him for the achievement of the same ideals.

Life's challenge is not in being a self-sufficient person, but is in the willingness on the part of men to shere their respective talents.

The Meson's eernest desire to grow morally and mentally is supported by his associetion with men of kindred desires.

— Exchenge

Unfinished Land

The wisdom of God is shown in that he left the world unfinished thet we might have the interest and delight in taking the Raw Meterial and putting the world together. He left the oil in the tap rock, the aluminum in the clay, the paper in the pulp, the electricity in the clouds. He left the forest unfelled, the mounteins unsurveyed, the cenals undug, the tunnels unbored. He left the fields unplowed end unplanted. He left the music unwritten, the poetry undreamed, end the drames unpleyed. He left the inventions unapplied and cities unbuilt. He left mind and character unperfected, thet we might reelly be the children of God — created in His own imege, with letent powers to take the Raw Materiels end put the old world together.

MIZPAH TEMPLE SHRINE BAND SPRING CONCERT

At The Embassy Theater

Sunday, April 9, 2:00 p.m.

Under the direction of Dean C. Howard

NEW DIRECTOR OF MIZPAH TEMPLE BAND DEAN C. HOWARD

MIZPAH Shrine Temple will present MIZPAH Band in Concert on Sunday, April 9, 1978 at 2:00 p.m. in the Embassy Theater under the baton of their new and enthusiastic band director, Dean C. Howard.

Dean Howard, the Band's former solo Baritone Horn player, started playing the Baritone Horn in grade school and played with the 1st Infantry Division Band in Germany for two years during the Korean Conflict, 1951-1953. He has been active in the retail music business over the past 22 years and now owns and operates a dealership in antique dolls, clocks and watches, together with his wife Marianne.

The Officers and Bandsmen of MIZPAH Band intend to help make the MIZPAH Shrine Temple's 1978 Program the greatest year ever. The Band represents MIZPAH Temple before the public, and as such, its programs and activities reflect the objectives and best interests of the Temple. The Shriners great philanthropy of totally supporting the operation of nineteen Crippled Childrens Hospitals and three Burns Institutes deserves a greater exposure to the general public.

Therefore, our illustrious Potentate Dr. Jean W. Speer, and the Bandsmen have elected to hold the Band's Annual Spring Concert in the Embassy Theater this year to give this annual concert a revitalization, and a broader exposure to the public.

This fine old theater, with its superb acoustics, will give the band a new dimension in sound and will provide a genuine nostalgic rapport between the band and audience. This concert is an annual affair presenting a program comprised of stirring marches and light to classical concert band music. All Masons, their families, friends, and the public are cordially invited to attend this colorful event. No admission is charged.

There will be an organ prelude from 1:30 to 2:00 on the Page Organ.

MIZPAH Temple is very fortunate to have one of the finest bands in all of Shrinedom throughout North America. MIZPAH Shrine Band was founded in late 1910 by twelve charter members and currently has a membership of 58 musicians. The 67 years of dedicated service given to MIZPAH Temple by this band comprises a voluminous and colorful history of musical events and accomplishments.

Principal honors won by the MIZPAH Band in past years include competition awards bestowed at the Imperial Sessions of the Shrine Temples of North America which were: Honorable Mention at Los Angeles in 1912; Third Place at Toronto in 1962; First Place at Indianapolis in 1970; First Place at Dallas-Fort Worth in 1972; Third Place at Toronto, Canada in 1975.

The MIZPAH Band invites interested and qualified instrumentalists to apply for membership in this organization. A qualified instrumentalist is one who genuinely enjoys music to the extent that he will support the Band by maintaining a good attendance record and will maintain a respectful proficiency on his own instrument. The rewards for dedicated membership in the Band Unit of MIZPAH Temple are great through the friendships formed, and the self-satisfaction gained when your own dedication and proficiency helps to maintain this Band as one of the finest in all of Shrinedom. If you are an interested musician, make this known to one of us, or if you know of a musician in Masonry, please make this information available.

PLEASE!

When writing the Square and Compass concerning your paper, include your Lodge or Chapter and your zip code of both former and new address.

In the Canal Zone all the land is entirely owned by the United States Government except one plot which is occupied by the Masonic Temple, which was granted by Congress.

The Editor,

Dear Sir:

I have a copy of your Square & Compass for Feb. 1978, and under "Masonic Oddities" you state that in San Francisco there is a Freemason Avenue. I would like to make a correction to that. There isn't a Freemason Avenue here but there is a Masonic Avenue, which is just three blocks from where I live.

I am a member of Mission Lodge No. 169 of San Francisco. My father was a member of Wayne Lodge of Fort Wayne. I still wear his blue enameled button with Wayne 25 on it. He must have become a member of Wayne Lodge in about 1920.

Ridgecrest, CA DeMolay MC Has Fort Wayne Ties

Karl W. Nickles was installed as Master Councilor of Indian Wells Chapter Order of DeMolay, Ridgecrest, California.

The new MC's mother is the former Shirley Mitchell who was a member of Fort Wayne Job's Daughters.

His grandparents were the late George and Fern Mitchell. He also has an uncle and aunt, Harry and Edith Mitchell living in Fort Wayne.

The Question Box

Why is the Past Master's compass, in his jewel, open at 60 degrees on a quadrant instead of on a square?

The compass open 60 degrees is in easy position to construct a square. The Master has worn the square while he presided; now, as Past Master, he is supposed to be in possession of the knowledge necessary to make a square, hence the position of the compass and the quadrant.

There are many geometric methods of erecting a square; the Past Master's jewel hints at one of the simplest and most used methods as best for the Past Master to employ in instructing his successor.

Brethren: We have survived the "Blizzard of 78" and met the challenge of the energy crisis, but they have caused havoc to the plans and programs I had made for HOME Lodge this year. I will revise and reschedule HOMEs programs as best I can, based upon the conditions existing in the months ahead.

HOME Lodge suffered a genuine loss in the death of Brother Herman H. Reusch on March 2. Masonic memorial services were held on March 5. He was a devoted and dedicated member of HOME who served for over 30 years on the Fellow Craft team and served as Treasurer of HOME from 1955 until December of 1977. All who knew him mourn his passing and extend to his wife, Geraldine, our deepest sympathy. HOME also extends its sympathy to the families of Brother Clifford R. Kelsey and Brother Jacob Bernstein who's deaths occured in February.

In portions of the Masonic degree work the word summons is used and refers to a responsibility of every Fellow Craft and Master Mason. Each Masonic Jurisdiction has its interpretation as to definition and weight of responsibility it has upon each individual member. In some jurisdictions the Worshipful Master directs the Secretary to summon the Brothers to lodge meetings. Other lodges refer to their regular publication which lists their activities and is sent to the membership as a summons. Last year HOME changed the name of our telephone or funeral list to "Summons List" and will use it to request your presence at HOME Lodge meetings and social functions as well as memorial services. It will also be used to keep you informed of the status of HOMEs programmed meetings. Due to the unusual conditions caused by the energy crisis HOME Lodge's activities will be listed in the Masonic Calendar of the Sunday paper. Please check that column for HOME activity dates. The summons list will also be used to keep you aware of activities.

Greetings Brethren: Well here it is time for me to get the April Square and Compass article written although it is only March 21.

Although getting through the severe weather in January and February caused us some inconvenience, we hoped that we could schedule our degree work and social events with some degree of accuracy when the weather picture brightened up, but then we were shut off due to the coal strike. Therefore our Ham and Bean Supper and Family Night activities were cancelled for March. As of now our Ham and Bean Supper is re-scheduled for April 21, but our Family Night Dinner won't be scheduled until at least May as our calendar for April is pretty well filled up.

Our Past Masters' Night in February was an enjoyable event as we had an excellent attendence both at the supper table as our faithful cook "Willy" can attest to, and the good attendance in the Lodge Room to watch the Past Masters put on the Master Mason Degree. It is always heartwarming to see so many seats filled up in the Lodge Room.

It is with great pleasure to announce that we have five newly raised Master Masons: Robert Brown Black, John Bojrab, Robert Cadmus, John Auld, and Roger Ember in Summit City. Welcome Brothers.

In the last letter from Grand Master of Masons in Indiana, Roy D. Turner, we were given permission to resume degree work with the instructions to be as prudent as possible in the use of electricity, therefore we are not having any refreshments or using any kitchen facilities in the Temple. Also we are not using the Ballroom or Social Room Lighting. Please bear with us on this situation so we can work ourselves and the community out of the electrical crisis.

Assuming that we will have normal conditions in April, let us give our support to Brother Ed Collins, President of the Fellowcraft Club who will be busy getting the Ham and Bean Supper tickets sold for April 21 and assign the Culinary Artists who will participate in this event.

Let us not forget the Fish Fry that the York Rite Bodies is having on our Master Mason Night on April 28. They are going to feed us at 6:15 p.m. so we can resume our degree work at 7:00 p.m. Our thanks to Bro. John Bleich E.H.P. and E.C. of the York Rite Bodies.

Our sympathies go to the families of P.M. Morris Perry and Bro. Charles Pierce who have passed to their eternal reward since the last article was written.

At this writing we know of Bros. Isaac Campbell and Ed Wooldridge in Parkview Hospital and Bro. Art Mourey in the Lutheran Hospital. Get well soon Brothers.

Food for Thought: If a man had a billion dollars to spend and he sent his wife on a shopping spree with the instructions to spend a thousand dollars a day. Do you know that she would not be back home for 2740 years.

Brethren: The recent energy crisis has resulted in the Grand Master requesting operational cutbacks in Indiana's Masonic buildings. As a result of this request, all Masonic meetings except stated meetings were cancelled starting in mid-February. As of this writing, this decree is still in force.

Masons have always strived to display strict adherence to legal authority. Voluntary cut-backs in Masonic Temple energy consumption is one more way we can display leadership to the community. Let us all strive to comply with energy conservation requirements in our homes and places of business.

Pending resumption of normal activity at the Masonic Temple, Sol D. Bayless and South Gate Lodges will sponsor our annual Ladies Night Banquet on April 29. Dinner will be served at 6:30 p.m., and entertainment will be provided by the Elmhurst High School Swing Choir. Brethren and their ladies are invited for an evening of fellowship and entertainment. Donation will be $3.50 per person.

At this writing Claude Mapps, James Coyer, Orvis Dellinger and John Martindale were recuperating from illnesses. Our thoughts are with you brethren, and we wish you a speedy recovery.

Congratulations are in order for one of our esteemed 50 year members, who along with his wife Billie were featured in the March 4 issue of the Roto section of the Fort Wayne News-Sentinel. He is none other than Willard S. Lenkendofer, who along with his wife operate the Coffee Ranch on South Calhoun Street. Congratulations Linky!

See you in Lodge.

Brethren: As I write this article, it is certainly nice to know that we can open lodge once again. As you all know we have had to curtail lodge work because of the energy situation. We will open a lodge of Entered Apprentice on March 22. We will be very busy these next two months as we have ten candidates. So all of you Brethren come to lodge and join us.

I would like to thank P.M. Bruno Belbutoski of Summit City Lodge 170, and P.M. Robert Nickerson of Maumee Lodge for their help this past month. It's brothers like them that make Freemasonry an everyday part of life.

Our Past Master, and Charter Member night has been cancelled because we can not use the kitchen facilities. We will now hold it on Wednesday, May 24.

in His upraised left hand, while with His right He is knocking on a heavily-panelled door. When the picture was unveiled a critic is said to have exclaimed, "Mr. Hunt, you haven't finished your picture, there is no handle on that door!" Mr. Hunt responded, "That is the door to the human heart, it can be opened only from the inside."

Doesn't that teach us something in Freemasonry? All of us have often heard that passage of Scripture, "Ask and ye shall receive, seek and ye shall find, knock and it shall be opened unto you." Have you noted that the important words, "Ask", "seek", "knock", are composed of a progressive number of letters, three in "ask", four in "seek", and five in "knock", giving us three of the mysterious and sacred numbers of Masonry. Also the initials of the three words, "A", "S", and "K" give a repetition of the first word "Ask".

We use this passage of Scripture to point out that the one wishing to become a Mason can't rush up to the door, open it and crash in. He must wait for it to be opened from the inside. Symbolically there is no handle on the outside of our preperation room door.

Then, after we have received the degrees, we have to open our hearts to the Lessons and Teachings of Freemasonry. They can't be pumped into us through our ears. We have to open our hearts and invite inside what Freemasonry has to offer; what it is reedy to give.

There is no hendle on tha outside. Dpen your hearts, Brethren, to our beautiful Symbols, our beeutiful Allegories, our beautiful Teachings.

Do something nice, visit your symbolic lodge.

Greetings Brethren. March has drawn to a close, but the memory of a fine DeMolay week remains. DeMolay wee, March 12-19, had e busy schedule of activities that were both well plenned and enjoyable. Highlights of the week included: the mayor signing e proclamation on Tuesdey, the family-awards benquet on Wednesdey, and bowling with three area Job's Daughters Bethels on Friday. But the climax of the week's festivities came on Thursday when DeMoleys from the Fort Wayne Chapter "took over" both the city and county government offices for the day. It was quite a rewarding experience. I must thank and congretulate Brother Tom Teel for planning and executing the week's many activities. Also, a special thanks to Mr. Don Wadkins for organizing the publicity aspect of the week.

At this time, I would like to congratulate Brother Kirk Swinehart for being nemed the 1977 DeMolay of the year from the Fort Wayne Chapter. Kirk has worked many long, herd hours for DeMolay and he truly deserves the honor.

Looking ahead, I find that April is e busy month in its own right. During the first week of April, the Chapter is planning a trip to Florida for a week of fun and brotherhood on the warm beaches. Also during April, on the 9th, the Chapter's many weeks of bowling competition will be drawing to a close with the state bowling tournament. The bowlers are making final preparations for the competition and they are looking forwerd to bringing home some trophies. Good luck, guys!

Also coming in April is a Rush Party on the 15th and Indiena DeMolay Congress on the 23rd.

Remember this in closing, the future of this nation, this world end this mankind depends upon the youth of today. DeMolay, through the seven cardinal virtues and its other great teechings prepares young men for the responsibilities of leadership they so soon will be assuming. *DeMoley is Great!*

What Masonry Means To Me

I take great pride in my Masonry. I was received into the Craft almost a quarter of a century ago and am sure today I have not exhausted even the smallest vein of its richly laden ore.

It is a source of help and comfort and pleasure I can absolutely rely upon. When I have wearied of other labors I can turn confidently to my lodge room and find companionship and courage. There is something indefinable in Masonry I can find nowwhere else in the world. Familiar es I am with the Masonic ritual it continues ever fresh and ever new. Always it seems to me, as I hear it again repeated, I catch a new thought or a new inspiration and a new grip on the eternal truths of life.

Masonry has greatly enriched my life. It has given me friendships that I cherish dearly. It has, I think, whispered subconsciously to me in silent hours words of caution and encouragement.

I like the going back to my lodge. I have found it refreshing and good to step aside out of the path of my busy life and sit again with the Masons who heve carried on in my absence. To this experience I come gladly and joyfully, as a boy returns again to his old home which he left to seek his fortune. Still some of the old brothers await to welcome me. Grown a little older I find them, but still strong and eager for the duties of a Mason! With them I can be what I long so often to be — just one of the Craft. Their aprons and mine ere made of the same cloth; their dreams and mine are similar; their pulses beat to the same inspiration and we are all at peace.

Rich and poor, high end low meke no difference there. The pomp of life is thrown eside. Dnly that which is important counts.

Masonry has taught me the follies of petty distinctions and tha shams of pride and place.

Edger A. Guest

Life As We Live It

We, of today, live in a strenuous age, a time when everyone tries to get ahead faster then his neighbor. We are prone to forget all about ideals in our mad rush to beat the other fellow. We telk about brotherly love, but all too often forget to practice it. Charity has been commercialized to such an extent that all the sweetness hes been squeezed out of it.'

The greatest need of the world today is more old-fashioned character end kindness, e slowing up of the rush long enough for some of us to realize that we are not here for too long a time, after all. The best things that we cen contribute to our times are tolerance and love. The surest method of receiving consideration is to give it. It is much more pleasant to slep a fellow on the back than to hit him on the jew.

This thing celled life is e steep grade and we should welcome every opportunity to give our friends a lift when they need it.

DID YDU KNOW

. . . that ABC-TV, which awards $10,000 to the Bowler who scores a perfect game on the air, saved $20,000 on just 2 pins? Earl Anthony left the 10-pin standing, and Mark Roth blew the easy 4-pin en route to 299 scores (We wouldn't give you two pins for the job of the guy who dreamed up the prize at ABC-TV if both $10,000 pins hed toppled.) To date, only Jim Stefanich hes rolled a perfect $10,000 game on the show.

There's plenty of room at the top. And no place to sit down.

Of Straws And Sand

A story in the morning peper tells about an apparently successful merchant who shot himself. In his note he said he thought this was the only way out of his troubles. It wes the accumulation that got him down — small debts, overdue income taxes, e selfish wife, worrisome children, business perplexities. No one, apparently, had eny idee whet his troubles were doing for him. Certainly, if they had understood, his creditors would have exerted less pressure, the income tax people would have been more lenient, his wife would have been less demanding, his children would heve beheved better, his wholesalers would heve been more cooperetive — but it's too late now.

Do you suppose that you — without ever suspecting it — could possibly be making things difficult for somebody you know — et e time, perhaps, when it may teke only one more straw to break the camel's beck?

Try to put yourself in his place. Be a little kinder then necessary. Be more considerate than most people are. You can never teli. A single grain of sand doesn't weigh much, but load enough of them on a ship and the ship will sink.

. . . gendarmes is not a generic term for policemen in France, even though it is often used that way by Americens. Gendarmes ere soldiers on police duty; they belong to the military. The word for the police in France is simply police. The French even pronounce it correctly.

A teacher wes giving e lesson on magnets to an enthusiastic bunch of second graders. When she'd finished her lecture, she said, "My name begins with en M and I pick up things. Whet am I?"

A quick hand shot up end the smart young lad answered, "Mother!"

Dpening Thought: When we give a person our confidence, When we believe in him, when we express our faith in him and his work, we make easier ell his tasks and lighten his load and remove, or help remove, the greatest obstacle on his road to success.

We have a big job to do and it can succeed only if we all unite together for the good of our Chapter. We shall strive for peace and love among our members and hope that it will spread out into our community. Let us, with brotherly love, make this a bettar world if we can. We will reach out to touch your hand, each and everyone of you, with love and understanding.

A special thanks to brother Jim Johnston and all the members of the Temple House Committee, for their consideration and regard during the Energy Crunch. You have proved again that between the Masonic Fraternity and the Order of The Eastern Star there truly are the closest of ties. We extend our appreciation and gratitude.

Elene Watson, Worthy Matron
Duane Watson, Worthy Patron

From the genarous hand of time
we come to take another year,
And each of us, from time to time,
must write upon its pages clear.
God grant that we may loyal be,
Speak less of blame and more of praise,
And by the splendor of our lives,
Make this a year of happy days.

The installation of officers was held in the Colonial Room of the Masonic Temple, March 18, 1978.

Our Worthy Matron, Edythe Gordon and Worthy Patron, Clifford Gordon and their corps of retiring officers opened the meeting. Our new Worthy Matron Elene Watson was met by her husband, Duane Watson, as she left the altar. She was escorted East through an arch of tangerine flowers held by her new appointed officers and officers that sarved with her in 1972 when she served her Chapter as Electa. Sister Carol Munk sang "He Was There" as Elene was escorted to the East. Brother Duane Watson joined his wife in the East as our Worthy Patron for this year. He was escorted by Brother Masons, thru an arch of garden tools. As Duane left the altar he was greeted in song "You Light Up My Life". Sister Edythe Gordon, Junior Past Matron was escorted to the Marshal station thru an arch of lillies. Edythe was escorted by her appointed officers, committee chairmen and Vera Hayden who served with Edythe 25 years ago when she was our Esther. Her song "Lead Me On Precious Lord" was sung by Carol Munk.

The Colonial Room was decorated in the East with a beautiful wooden cross, a red velvet heart and a dove. The West was decorated with her scripture above hung a poster of Reach Out And Touch in gold and tangerine. Behind the chairs were beauty vases of daisies and tangerine roses.

Sister Elene announced as her theme for the year: The promotion of Peace through Prayer and Love. Her emblem: The cross, heart and dove. Watchwords: Faith, Love and Peace. Motto: Reach out and touch somebodys hand, make this a better world if you can. Flowers: All flowers espacially roses and daisies. Colors: Tangerine - symbolizing life. It is a mixture of red (from Electa) and gold. Complimented by: the greens of spring — the time of awakening of new life; the gold of summer — the fullness of life; the browns of autumn — the resting time of life. Scripture: St. Matthew 5:9 Blessed are the Peacemakers; for they shall be called the children of God.

Sister Elene announced the family that lights up their lives, their son, Thomas, daughter-in-law, Iris, and their grandsons, Duane and Tommy, could not be with them on this night, but she would use the gavel sent by her son and family with grateful appreciation and love. Sister Elene introduced their family, brother John Volz, sister Adelia Brudi, brother Eugene Volz and his wife, Helen. Elene expressed her joy that her sister Velma Penk from Los Angeles, California was able to attend. She introduced two uncles and their wives, four cousins and several nephews and her niece.

Sister Helen Parrott and Brother Bill Hardy, Fraternal Mom and Pop were escorted East, introduced and greeted with a poem "Walk beside me and be my friend." They presided in the East as our new Worthy Matron Elene Watson and Worthy Patron Duane Watson were escorted to the altar to sign the Bible and receive their presiding Officers Pins.

Following the Mispah Benediction all moved to the Ballroom where Sister Elene and Brother Duane entertained their guests. The ballroom was beautifully decorated with the serving table in the form of a cross. A wooden cross, doves, white daisies, tangerine flowers and white candles lighted the table. The backdrop was the Electa Banner. The guest tables were beautiful with tangerine flower arrangements decorated by Sister Helen Parrott and her assistants. On the Worthy Matrons gift table a beautiful daisy and rose candelabra and a doll dressed in the Worthy Matrons tangerine dress — who but her mom would have thought of dressing a doll! Refreshments were served by members and chairmen of the Social Committee.

To regress: The all Committee Year End Party, February 24, was a huge success under the chairmanship of Sharon Williams. The decorations were carried out in the theme of yellow. The Ruth banner was the backdrop. Yellow roses with wheat graced the head table. Sister Edythe Gordon thanked all her Chairmen and their committees for a job well done. Sister Edythe thanked sisters Helen Howard and Jerry Cook, Membership Committee for their success in contacting members, thus avoiding a Trial date. (The Committee also thanks our loyal members for responding.) The March 2 meeting of our Chapter was cancelled because of the energy crisis. A brief meeting was held March 16. There were six new members present and they were presented with a butterfly, the symbol of life. Sister Elene Watson A.M. and Duane Watson, A.P. were in the Candid Spotlight for the loyal support they have shown to the Gordons in the East this year. Sister Edythe Gordon presented Elene with a topiary tree with daisies. Each star point gave good wishes and a pixie to Elene as she presented her squeaky red wagon and tree, at their station. Brother Clifford Gordon commentad on his HARVEST OF FRIENDS as he gifted Brother Duane Watson with the Farmers Almanac, an apron for keeping house and other cooking guides. The West honored the East with garden seeds, tools, etc. Brother Clifford is known for his beautiful garden.

First Impressions

Thare is a great deal in first impressions — and that is one reason the candidate who is in the preparation room of a Masonic Hall for the first time in his life should be attended by Stawards who are wall groundad in Masonry and who will give the candidate the correct impressions. You know what I mean, or do you?

Making a man a Mason according to our ritual is not enough. We must do more than this; we must constantly seek to make Masons better; we must constantly saak to cause tham to set a higher estimate upon thamselves.

Work Is A Solution

Into the life of each one of us comes hearteches, disappointments, problems and unrest. But fortunately there is a remedy. It is work. Some will disagree I know — but then there are others who believe as I do — that if you will yourself into your work, concentrate on it for all you are worth, keep at it so single mindedly that there is no room in your head for anything else, then just as sure as the sun follows the rain, your problems will fade away.

Idleness and inactivity are breeders of unhappiness end trouble and only hurts the idler. Our minds are made to bend outwards. With nothing to do, we bend in on ourselves, end our minds play us odd tricks. Slights and insults are imagined, facts become distorted, aches magnified, resulting in our becoming more engrossed in "pains and pills" rether than in a solution for what ails us.

We find it difficult to agree with those who believe the necessity for work was part of the curse placed upon man for disobedience. We cannot inagine en Eden lasting very long with no work in it to do. And maybe that is one reason why it did not last. There is an old saying to the effect that the devil finds work for idle hends to do. And, according to the Biblical record, his Satanic Majesty was not long in getting after Adam and Eve.

But, however that may have been, mankind has through the long ages considered work, in the main, e more or less odious obligation that had to be met if the race wanted to live. Nevertheless, man never did like it very well and as soon as he could think began devising weys and means of avoiding it. So well has he succeeded that, in comperision with other and earlier decades he works very little today. Yet, because of his ingenuity, the earth is far more productive than ever; he hes more comforts than at any time in the history, he is richer than ever, enjoys more leisure, but in spite of all that has more trouble.

As machines take over the production job thus lessening the need for work, man finds he needs more lews, lawyers, courts, judges, policemen end doctors. As the work week shrinks the delinquency rate grows. Old timers wonder if boys and girls today had even some of the chores and work to do that youngsters did fifty years ago would so many of them wind up in Juvenile courts?

However, the drive goes on without halting. Science, inventors, engineers end planners are constantly in seerch of machines and methods to further reduce the work man has to do. One result is a steadily increasing amount of leisure which vast numbers do not know how to use. Out of that sprouts a great deal of confusion.

We are not inferring man should give up his gains and go back to long, low paid hours of labor. We would not do it anywey, even if logic could prove it would be his benefit. What we are getting et is the fact that man is designed in body end mind to work. Too much idleness plays havoc with both.

The ancient builders of Masonry knew this truth and so the Craft was established on a philosophy of work, a solution for all ills. It was so in the Operative phase and is still so in the Speculative form. Even the ceremonies of the Lodge are called work. All other activities of the Fratemity are known by that name. The idea of idleness is in conflict with the principles of Masonry. The 24 inch gauge in its divisions allows one third of the day for refreshment and sleep. The remaining two thirds are to be used in work. But as the eight hours allotted to daily avocations are lessened disposition of the freed time must be made. Are we adding it all to the refreshment section, or do we devote some part of it to distressed worthy brethren, their widows and orphans?

Dur Lodges are seldom filled. Masters must plead and coex to fill committees. Lodge projects are difficult to organize. It took us more than forty years to build a memoriel to Brother George Washington. Some homes for old people and some for orphaned children are maintained. A few Masonic hospitals are supported. Concentrated efforts are being placed on the establishment of an Endowment Trust Fund or Charity Fund. There is desperate need for much more charitable work and it does seem that more then 3,000,000 men and 2,000,000 women who have pessed the high requirements for membership in Masonic bodies could do much more if they worked at it.

The Masonic solution to work includes a great deal more than physical toil. Its scope takes in time, money, thought and the will to help. And the help given goes far beyond material aid. It involves good will, kindness, friendship, inspiration, spiritual comfort to others who may need such help more than food, clothing or shelter.

Passing off charitable privileges and duties to some organized system, supervised by peid directors, does not discharge Masonic obligations. Such action is merely one form of avoiding work; one that relieves the giver of understanding or witnessing need and misery. Knowing about these things, and doing something ebout them personally is one of the distinguishing marks of a Mason.

(Reprint, Mesonic Chronicler)

Masonic Secrecy

Contrary to what many think and believe, Freemasonry is not a secret society. It does not hide its existence or its membership. There has been no ettempt to conceal the purpose, aims and principles of Freemasonry. It is an organization formed and existing on the broed basis of Brotherly Love, Relief and Truth.

Its constitutions are published for the world to behold and its rules and regulations are open for inspection.

It is true thet there are modes of recognition, rites and ceremonies with which the world is not acquainted. In this regard, all humen groups end institutions have private effeirs — families heve discussions on subjecte which do not and should not concern their neighbors.

Freemasonry is not a religion even though it is religious in character. It does not pretend to take the plece of religion nor serve as a substitute for the religious beliefs of its members.

Freemesonry eccepts men, found to be worthy, regardless of religious convictions. An essential requirement is a belief in the existence of a Supreme Being . . . it is not en insurance or beneficial society end is not organized for profit.

It teaches monotheism . . . it teaches the Golden Rule . . . it seeks to meke good men better through its firm belief in the Fatherhood of God, the Brotherhood of Man end immortality of the soul.

Button Hole Versus Heart

We esked a brother why he didn't attend lodge. His reply was one that we often hear. He said, "Why, I am afraid thet I don't know enough to get into e lodge." We asked him if there wesn't someone who could vouch for him and he said he hedn't been to a meeting for such e long time thet he didn't know. We told him thet some brother would probebly remember him end that he hed better go to a meeting before all the members who had known him as a Mason died off. He said he would.

But that isn't what I em getting at. The brother that we are speaking ebout wears enough Masonic jewelry to make the everege man round shouldered and humped back. He is e button hole Mason, but not a heart one.

Why Are We Here?

One of the indications of e disintagreting society is that the leeders of that society forget the original eims end purposes of the society and pursue foraign ectivities end objectivas. Thasa evidencas abound in tha Craft today.

A Masonic Lodge meating is called for the purpose of promoting Freemesonry and for no other purposa. It is not a tima for spectacular entertainment or for the dissipetion of the anergies of the Brethren in activities that hava nothing to do with the growth of the spiritual life of the individual. A Lodge meeting is for tha purpose of promoting Fraemesonry and that elone.

—W. J. Collegg, Grand Master of Mesons in Alberta, 1965.

How True

There ere meny brethren who can recite our rituel from Alpha to Omega without the omission of a word or sylleble who are unconscious of the fact that behind the play of words lie concealed thoughts and meanings which invita our investigation end will repay us for our research. The demand of the hour is not for men who can recita tha ritual, but for men who know what the ritual means, and who are willing to live its teachings in their deily lives and conduct.

Masonic Oddities

Upon errival in Wyendot, Kans., which is now part of Kansas City, one Matthew R. Walker with Bro. Chivington, began to orgeniza a lodga which later bacame Wyendotte Lodge No. 3, of Kansas. When a Grand Lodga wes organized, instead of this baing called Lodge No. 1 it was assigned the numbar 3 because of the Indians who wera members.

Matthew R. Welker, the first senior warden and the second Master, was an Indian born in Canede and of the Big Turtle Tribe.

He was elected to serve as the grand senior warden of the Grand Lodge of Kansas.

The first meetings of the lodge were held in tha home of Bro. Walker and at such times, the attendance baing small, Mrs. Walker, who also was en Indian, served as tyler for the members of Wyandotte Lodge.

Wyandotte Lodge still honors that lady by a larga painting decorating their wall and honoring their tylar and the first Grand Worthy Matron of the Eastern Star Lodge of the State of Kansas.

Memorial Day

In times of peace . . . in times of war . . . men and women of the armed forces have stood ready to protect our ideals of democracy. We will not forget their heroic deeds, for they were done in the name of freedom. We cannot forget their loyalty, for it gave their struggle meaning, and kept this nation strong. And we must not forget them, for they gave their lives so that this nation might live. On Memorial Day, let's pay grateful tribute to those who lived, and died so courageously for their country.

It Is Later Than You Think

By "The Poet By The Sea"

I would ask you, O my Brother,
Have you higher honors earned?
Are you true to each and other
Of the lessons you have learned?
Have you aided those more needy?
Have you dried the widow's tear?
Have you gone, with footsteps speedy,
All the sorrowing to cheer?
Have you overcome disaster?
Have you visited the ill?
When appeals come from the Master,
Have you answered with a will?
We must pay heed to a warning
That can make our spirits sink,
For this very present morning
May be later than you think.
Have you been a reconciler,
To your Brethren shown your love?
Are you ready for the Tyler
Of that higher Lodge above?

Leave Something Behind

Listen to the words of the great Albert Pike and get new inspiration to "leave something behind." He wrote:

How ungrateful he slinks away, who dies, and does nothing to reflect a glory to Heaven! How barren a tree is, who lives, and spreads, and cumbers the ground, yet leaves not one seed, not one good work to generate another after him! All cannot leave alike; yet all may leave something.

We may do much in a few years, and we may do nothing in a lifetime. If we but eat and drink and sleep, and let everything go on around us as it pleases; or if we live but to amass wealth or gain office or wear titles, we might as well not have lived at all; nor have we any right to expect immortality.

The Greatest Man I Ever Knew

James A. Reed, 32°
17 Hillcrest Blvd.
Manchester, Missouri 63011

As I sat in church today, the thought suddenly struck me that had my dad lived he would have celebrated his 60th birthday four days ago. As I sat there trying to listen to the minister's sermon, how I wished that I might have had the opportunity to have been with my father in adult activities — to have gone to Lodge meetings together, to have worked on a degree team together, or to have taken part in the Boy Scout program together. But sitting there I knew that, although physically these were impossible, mentally he has always been with me in all my adult endeavors. How did he do this? By his example! He gave me the best example a boy growing up in a small town in Missouri could ever have.

As I sometimes sit and daydream, I wonder how I have come to have some of the beliefs I do, and why I felt that it was so important that I become a Mason and then travel still further on the road to Light by joining the Scottish Rite. And I look back to my father who gave of his time not only to my brother, my sister and to me, but also to others. He was always setting an example for us of respect for God, country and our fellow man. I still remember my emazement, when I read his obituary, at all the organizations in which he had been involved and in which he had helped. Yet with all of this, he always had time to take me to Boy Scout and DeMoley meetings, or to just sit and talk to me and encourage me along the way.

Although it is unfortunate that we were never able to sit in Lodge meetings together, I will always remember the night I was Raised. Dad had taken the time necessary to write me a note and send a ring to be presented to me since he was unable to attend in person. The note itself was short and didn't say much, but I could almost see Dad standing there welcoming and congratulating me. That day will always remain in my heart because I was given more Light on the same day as my father, 29 years apart.

Why is my dad the greatest man I ever knew? Because he not only recited, but lived the great precepts of Masonry — Faith, Hope and Charity. Without his example, I might have been among the many young men who neither understand nor care to have anything to do with Masonry. So, dads and older brothers, if you want our Fraternity to show the way to better life, live the Masonic precepts that you have been taught — and give their young men the ideal in life for which they may be looking.

We Build For Eternity

Therefore, when we build, let us think that we build for eternity. Let it not be for present delight nor for present use alone, but let it be of such work as our descendants will thank us for, and let us think as we lay stone upon stone, that a time will come when the stones will be held sacred because our hands have touched them and men will say as they look upon the labor that wrought them, "See! this our fathers did for us."

— John Ruskin

HALF A LOAF

If your marriage has its troubles,
And you think that it's the worst,
Don't be pessimistic, darling.
Take a look around you first.
Chances are the ones you envy
Paint a picture that is forced,
And the truth is that these lovebirds
Would be better off divorced.
And the ones who look successful
With their furs and Cadillacs
Owe and butcher and the baker
And their last year's income tax.
So just keep your John or Charlie.
Love him for his many faults;
And you'll never tire of dancing
To the Anniversary Waltz.

A MOTHER'S PRAYER AT EVENTIDE

Forgive me, Lord, for time I've lost or wasted
I could have spent in worshipping You more;
For knowledge that I have not gained, or tasted;
For wiser ways I never did explore;
For every time that I offended others
For times I've failed to help a troubled friend;
For being not the best of wives and mothers;
For losing count of blessings that You send.
Fill me anew with faith and strength tomorrow;
Or, if it be Thy will my days should cease,
Give to my loved ones comfort, if they sorrow,
And give to me eternal rest and peace.

Greetings Brethren: My how time flies, here it is May and next to the lest Square and Compass article before going dark for the summer months of July and August.

Our Ham and Bean Supper on April 21st was a success, thanks to the hard work by Bro. Ed Collins end his helpers. It still takes a team effort by everybody to make a success of any lodge function that we endeavor to undertake.

It is with great pleasure to welcome into Summit City two new Master Masons, Oean Cutshell Jr. and Ted A. Barker. May your pathway through life be illuminated by the Masonic Light that we endeavored to show you.

On May 16 and 17 your Worshipful Master, Senior Warden, Junior Warden and Secretary will attend the Annual Communication of Grend Lodge in Indianapolis. It will be a pleasure to see P.M. Robert H. Miller J.G.W. advance to Senior Grand Warden of Mesons in Indiana. Summit City No. 170 is quite honored to have one of its Brethren in the Grand Line of Officers.

On May 19, the Fellowcraft Degree Team is going to give the Fellowcraft Stair Lecture. I am sure that our very proficient Senior Oeacon, Ooug Fyock will welcome the chance to sit on the sidelines and let someone else give this long lecture.

On May 26 we are going to have "Family Night", wives, sons, daughters ere all welcome. We expect to heve a fine meal and WOWO's Bob Sievers is going to show his new "South Pacific Film". If any of you have ever seen any of his Travelogs you know this is e rewarding experience.

Invitetions to Family Night will be meiled soon and we would appreciete thet you return your reservetions to us as soon as possible so we can prepare the correct number of meals.

It is possible that we will have to schedule two Mester Mason Oays in June to teke cere of eny holdovers from May es our Femily Night is on our Mester Mason Night in May.

To ell of the brothers that live away from the Fort Weyne area, drop us a line and let us know what you are doing. You would be surprised to know how many names come up in our conversations as we talk about past experiences. This is to let you know that we still think about you even though we don't see you very often.

Our sympathies go to the family of Brother Harry A. Neff who passed away on March 20.

To all of you baseball fans, we are trying to line up e trip to a ballgame, which one and where is yet to be determined, so please watch the Square and Compass or keep in touch with the lodge.

Brothers in the hospital: Wyett Weaver in Lutheran Hospital; Russ Hall in Parkview Hospital.

Brethren: It is good to be back on HOMEs regular schedule. Besides the Grand Lodge annual communication, HOME has two highlights in the month of May. You have already been advised of these functions in your "Letter from HOME," but I will again remind you of these dates.

On Saturday morning, May 20th at 6:00 a.m. HOME will have breakfast and confer the Master Mason degree. HOME has been having at least one morning meeting each year for several years. This allows our brothers who normally can't attend lodge because of working hour conflicts to enjoy coming HOME. Make plans to attend.

The other HOME function in May is the Second Annual Past Masters HOMEcoming Dinner on Tuesday, May 30 at 6:30 p.m. I ask that each Past Master contact brothers of his year and request them to attend with him. You have the lists of address and telephone numbers which were furnished you before we were forced to reschedule this dinner meeting. Please advise Jr. Warden James Johnston (485-9573) the number you have coming with you no later than May 26. Brothers reised by Pest Masters that ere deceased or live out of town will be contacted by the officers of HOME Lodge.

HOME is still taking an ective part in the Masonic Services V.A. Hospital Visitation program, but it would be gratifying to see more brothers assist in this self-rewerding activity. Each lodge in Allen County, including HOME, is scheduled for only one Monday night every seven weeks. Your increased support in this effort will be appreciated by all concerned, especially the patients.

Several brothers have inquired ebout the Tri-States reunion. HOME Lodge has not received any firm information from Grand View Lodge 1112, Peoria Heights as yet, but hopefully we will hear before the next issue of the Squere and Compess. Start making your plans to go this year. It's the "fun trip of the year."

Sprangler have made all of the arrangements. There will be a supper that evening and you can get your tickets from the lodge officers. The tickets are $5.00 per person for the supper. If you do not play golf, you can still come to the supper.

It was my privilege, and pleasure to present the Award of Gold to brothers William Caldwell and Guy Kenneth Crabill this past month. They both are bery fine upright Masons of whom Maumee Lodge is proud.

We would like to welcome brothers Harry Brown, Glenn Lantz, Robert Kabisch, end Gorden Hiatt into Maumee Lodge. They were raised Master Masons this pest month. Come to lodge es often as you can, we ere gled to have you with us.

Talking about our brethren coming to lodge reminds me of a story that I heard et e Masonic function ebout the Hindu Fekir's rope trick. The Fakir takes a long rope end whirls it around in the eir in much the same manner thet a cowboy whirls a lariet. High and higher the rope goes until at length it stands in the air streight and rigid es a pole. Then comes the second half of the trick. A little Hindu boy climbs the rope end keeps climbing until he disappears in the air, after which the rope falls loosely to the ground. Nothing more is seen of the little Hindu boy.

There ere some who believe the ladder of Masonry is to be climbed in much the seme manner. In fact, some climb to the top, after which we see no more of them. They must heve gone to join the little Hindu boy. Masons should stey away from these rope tricks or they may find their support dropping from beneath them, leaving them suspended in the atmosphere.

Do something nice, visit your symbolic lodge.

Brethren: Your Master found out the hard way that some brothers do reed his erticles in the Square and Compass — except when he forgets to write one.

During the past month, in spite of the restrictions placed on us by the shortage of heat and electricity, we have succeeded in passing two qualified brothers to the F.C. degree. By May 1st one of these will have been raised to the sublime degree of a M.M.

Dur Canedian trip was an unqualified success. Even the weather cooperated by holding off ell rein or snow until we got back to Indiana, when we were welcomed by freezing rain. Including our driver, who elso was a brother, we had 43 brothers along for e fun-filled trip, and an opportunity to see the Canadians raise e brother to the M.M. degree.

Brothers, Ledies Night will be May 2. We all welcome the chance to enjoy the company of our ledies in the Temple. We are planning an excellent meal and entertainment by the North Side Anniversary Choir. Be there. Don't let May 2 slide by without the presence of you and your lady on Ladies Night.

Greetings Brethren:

Once again work has resumed and e somewhet normel condition exists as far as the trestle board is concerned.

As of this writing enother brother has pessed to the degree of Fellowcraft with en anticipated reising to follow in good order.

Last month (April) it wes the pleesure of the lodge brethren to congratulate two Gold Award members.

The calendar shows "hold over" work to be completed in Mey, Fellowcraft and Master Mason.

We surely missed our G.S.W. while he was gone vacetioning, also our Treasurer end Secretary, who was on work essignment. Without the Past Mester's assistance we could have problems.

While the conferring of degrees is essentially necessary to our future well being, to the brothers who are active in Symbolic Lodge it is an increasing chore to enhence continuity end interest when popularity in place of competency becomes the order of the day.

Should the stability of the organization be the full burden of the few, or could it be thet our investigations are not properly conducted in es much petitions are being eccepted solely for petitions sake, with no thought to the future es to "who will be our successors?"

I challenge the brethren in Masonry to take their collective heeds out of the sand and begin to clean house — conscience.

WHAT CAME YOU HERE TO DO?

See you in the Refectory.

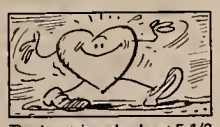
Brethren: May is upon us and the spring term is repidly drewing to e close. Spring is the season of new beginnings and rejuvenation. We, DeMoleys, should take time to examine ourselves end rededicete ourselves to the greet purposes of the Order. DeMolay is a great organization but you'll only get out of DeMoley whet you put into it. Get involved!

Looking beck, April proved to be a rewarding month for Fort Weyne DeMolay. On April 9, 15 DeMoleys, two advisors and the chepter sweetheart, Cheri Bissell, went to the Indiana DeMolay state bowling tournament in Indianapolis. The team of Todd Leeth, Fritz Krueger, Todd Tribbett, Bill Hollenberg and Ralph Prindle finished in third plece and will soon be participeting in regionel competition. Good job, guys!

Also in April, the chapter held e Rush Party on the 22nd at Club Olympie and on the 23rd e group from our chapter attended the sixth annuel Indiana DeMoley Congress in Indianapolis. Both ventures proved to be quite rewarding.

May is e big month filled with meny activities. The initiation will be held on May 13 with practices on the 8th and 11th. We will elso be going to the Indy 500 time trials on the weekend of the 21st. The ennual Mother-Son benquet will be held during May. Further information will be forthcoming. Stated meetings will be, as usuel, on the second and forth Wednesdays with the 24th being election of officers for the fall term. The 24th will also be Masonic visitation night. Hope to see you all there.

Being a DeMolay is quite a rewarding experience. If you know of any young man who would like to call himself a DeMolay, please call me for information.



The heart is only about 5 1/2 inches long and 3 1/2 inches wide.

Masonry's Calling

Occasionally the report comes to our ears thet there are those — on the outside, of course — who are of the opinion thet men who compose the membership of e Masonic Lodge ere a sort of "stuck-up" folks who show greet pertiality when petitions ere received from those who desire to become Mesons. They are eccused of rejecting some who should be elected, and vice versa.

Dur answer to such en eccusetion is thet Mesonry is no respecter of persons in the sense that it smiles upon some end frowns upon others. Dur encient end honoreble Creft stends ready et ell times to yield its secrets to those who truly and lewfully seek them, end ere quelified to become Mesons. Neither social rank nor business echievements, political prestige nor finencial standing, heve eny weight when e petition is being considered. Mesonry wents good upright men of cherecter regardless of other so-called quelifications.

Every Masonic Lodge is, or should be, e center for dispensing Light — end only Light. Mere existence and a smettering of ill-essimileted knowledge heve no Light-bearing properties. Rether, they are the smudges thet hide the true Light end interfere with vision.

It is impossible for eny organizetion to operete successfully on prestige, on pest eccomplishments, or on substanceless gesture. To profess to be doing is not the seme as doing. It is necessary for e Masonic Lodge to do whet it professes to do if its labors ere to be crowned with success.

We should never lose sight of the fact that Masonry does heve e celling as noble and es vitel es eny calling to which men are eligible. All men engaged in worthwhile vocations first fit themselves tor service along those lines, end Masonry strives to teach its members to do thet very thing.

Masonry is just as definitely e building agency es any other. The thing it is ettempting to build is the most valuable possession aveilable to man — good, strong character. Dur Freternity wes established for no other purpose than that of building and promoting the higher values of life which ere of the greatest benefit to mankind. Could we be engaged in e higher calling?

The lovely officers form a heart as Duane greets us from the East with "Let us open our Hearts to the gift of God and keep it flowing from one to another" as the heart opens and the officers take their respective stations. A beautiful cross is formed at closing as Duane repeats the poem: "My cross was growing heavy, far too much to bear, I cried beneath its burden and someone found me there. All my crosses large and small, upon the altar now I lay, I find that they will disappear, while I knelt there to pray. With all my heart and ell my mind, no matter where I look, My God will always find". As the cross breaks apart, each member raaches out to join hands one with another.

My Mother

We read about the mothers of the days of long ago, with their gentle wrinkled faces and their hair as white as snow. They were "middle aged at forty," and at fifty donned lace caps. And at sixty clung to shoulder shawls and loved a little nap.

But I love the modern mother who can share in all the joys. And who can understand the problems of her growing girls and boys.

She may boast that she is sixty; but her heart is twenty-one.

Precious as are all the seasons of the year none so rejoices the heart as Spring There is about spring a gladness that thrills the soul and lifts it up into regions of spiritual sunshine The best thing about spring is it comes when it is most needed

Our Installation is behind us as is our first meeting and what a beautiful night our Worthy Matron and Patron had. The sidelines were filled, the officers did a great job, a perfect example of the meetings to come

Our all committee potluck was held April 5 and was very well attended and needless to say the food was scrumptous For those of you who could not make the potluck please try your best to make the committee meetings. we need the help of each and every member of Shiloh to make our year succeed I also want to encourage more of the men to attend chapter and I want to let you all know that we have Mr. Bill Geist and Mr. Kenny McGraw on our Sunshine committee, a big welcome and thanks to them. If when you read this paper and you don't see your name on a committee and you would like to be on one won't you call the committee of your choice and tell the chairman your name, a lot of us can't make all of the meetings but we can each do our part — like I've said in the past if some of us would do e little more — some of us could do a little less, and the load would be lighter. We also need more ladies to help serve the dinners at the Scottish Rite and the Masonic Temple, this work is not hard and it takes 1½ to 2 hours and you get e real good meal for your time. Won't some more of you out there help? Lucilla Thompson is in charge of the celling for these events 74S-103B. I welcome Vanda Stirn and Vera Dunifon to our calling list and thank them. Someone near you can offer you a ride if they know you need one, give us your name and time time, o.k.

Because of the blizzerd, and the floods, and the energy crunch we have had to readjust our end of the year party for our Past Worthy Matron Jane Witmer; well nothing stopped us April the 17th at 6:30 p.m. We had a lovely dinner consisting of parsley potatoes, danish vegetables, and roasted chicken braasts, bean salad and luscious strawberry pia. Dur Chaplain, Joyce Cunningham led the luncheon in prayer and then was assisted by Willie Witmer, Martha Newell, Shirley Burson and Jo Fullhart. The Star Point party wes also cancelled and so this night also was handled by these ladies. Thanks to all of the committees for all of their work and for the good food. Willie did it again!

To everyone born in the month of May we wish you a very happy birthday and many, many more.

Sharing of Mirth doubles a laugh;
Sharing of Burdens divides them in half;
Sharing of Love adds to goodwill;
Sharing of Knowledge multiples skill.
Sharing of Bread subtracts from need,
Making a total that's blessed indeed.

We extend greetings to Sojourners far and near, as we begin a new term in Faith Shrine. Our WHP has been working to develop new ideas and encourage new officers this year. We hope you will listen to the words of the great Albert Pike and get new inspiration to "leave something behind." In part he wrote: "We may do much in a few years, and we may do nothing in a lifetime. If we but eat and drink and sleep, and let everything go on around us as it pleases; or if we live but to amass wealth or gain office or wear titles, we might as well not have lived at all; nor have we any right to expect immortality. Sojourners there is work to do in our Shrine, Committees to serve on; officers to encourage and to lend a helping hand; ideas to formulate, where do you stand?

The committees for this year are as follows:

Ways and Means: Chairman, Josephine Weyer; Co-Chairman, Enecya Smith; Secretary, Norma Rice; Cloe Munson, Marilyn Dele, Florence Spencer, Mabel Aker, Gwen Shroyer, Helen Hutchison, Glennajean Hartig, Esther Lake, Alice Schaefer, Violet Parent.

Social Committees:

Day Social: No report from WHP.

Night Social: No report from WHP.

Decorating: Chairman, Mary Schrader; Co-Chairman, Mary Howerd; Secretary, Florence Wolf; Elda Eastburn, Lela C. Smith, Nancee Morgan, Martha Baumgardner, Ruth Sheehan, Key Vonderou, Ruth Sakki, Mildren Steinbacher.

Sunshine: No report from WHP.

If you do not read your neme and would be willing to serve on e committee, you are encouraged to call the WHP, Committee chairman, or any committee member and express your interest, we would love to have you join us.

The Ways and Means committee will have items to sell this year, such as Sechlers Pickles, Jewelry and Knives. They are also making items for the Johnny Appleseed Festival, join in the fun. If you can serve at the Scottish Rite — we need servers — contact Cleo Munson to have your neme pleced on the list to call.

Please report all illness, birth, or death, information to our Worthy Scribe, WHP, or WoS, don't just assume that someone has reported it.

Faith Shrine hosted the State Association meeting, April 8. People, People, People, my whet a grand day — with plenty of food and fellowship. If you missed it you missed something special in the history of Faith Shrine.

Our WHP won the Membership Awerd for Total Membership and number present at the State Association meeting. Riley Shrine, Greenfield came in a close second by only .022% difference. Sojourners traveled from Shrines as far south as Evansville and New Albany and as far North as Elkhart and South Bend. Vancha Collins, PWHP, State Association President wishes to express her appreciation to all the members of Faith Shrine for their support and many courtesies extended to her and all the members of the State Association.

Sojourners, it takes many hours and many hands to complete such a large task successfully. A special thanks to Soj. Doris Proehl for her hours of planning and arranging the tickets, tables, and seeing to the sojourners as they arrived. Soj. Doris, you and your committee did a fantastic job, "Thanks!" . The officers and members of the State Association expressed many complimentary remarks about the meeting, our Memorial Service, our beautiful Temple, the decorations, the delicious food, the friendly atmosphere, and our speaker, Mr. Robert Miller, a special thanks to all who helped in any or all of these. To Soj. Florence Wolf, your Angel and Bell cookies for the reception were certainly a labor of love and I truly appreciated your efforts. To Soj. Patricia Nehls, well, Pat — words fail me to express my appreciation for your thoughtfulness, except to tell you — you have made me feel very humble. We have the greatest Shrine in the State — and don't you forget it!

Fraternally, Vancha Collins

Indiana State Association President

Service — Real Of Otherwise

America is a land of organizations, societies and fraternities. The great Will Rogers is reported to have said that if three Americans met on a street comer one of them would begin to look for a gavel and start to organize the other two. Ours has also become a nation of "joiners" for these organizations would not have sprung up nor long continued if others had not joined their founders. Someone has estimated that there are about twenty-seven hundred different fraternal organizations in this country of ours.

We do not know the objectives which most of these fraternal end religious organizations have as a part of their creeds. If they are founded upon the principle that their chief aim should be the betterment of humanity and the advancement of our civilization, their contribution to our society would be indeed valuable. However, if we compare the real achievements against those projected in the objections and obligations of these societies we must inevitably discover that most of these who become members give only lip service to the obligations which they have assumed. This is not only true in the field of fraternities but in that of religion itself.

Our nation hes millions of fine men and women whose names are to be found on the rolls of her churches. If askad, most of them would cleim the proud title of "churchman." Yet, we cennot help thinking of the vast changes which would be made in e twinkling of the eye, if each of these worked at the tesk of being a good churchman — subscribing something more than mere lip service to the great tenets and principles which were laid down for men by the gentle teacher of Nazereth or by the patriarchs of Judeism. Almost overnight we could begin the work of uplifting our world, of obliterating misery end poverty, of bringing into reality the worship of God end the promotion of goodwill among the children of men.

We, in Freemasonry, have taken certain solemn obligetions and have bound ourselves to the performance of these covenants upon the Holy Bible, on which our hands rested when we essumed them. These vows would hastan the world-wide brotherhood of man if they were actively practiced by ell of our brethren who had taken them. We must now ask ourselves, as individuals, if we agreed to thesa solemn obligations with our lips alone, or if we were prepared in our hearts before we spoke the first words of the solemn vows taken by every Mason.

What is Freemasonry? Someone hes rightly said that it is to each man what it meens to him personelly. It hes also been said thet each of us personify Freemasonry for one or more persons in our world. Both of thesa are true in a measure but there is a vest difference in the manner in which many of us interpret its principles and in the wey we apply these to our daily lives. If we lay all personal viewpoints aside and look at Freemasonry from the broedest possible angle, we must all agree thet its design is to be of service to our fellowmen.

There seems to exist, in the minds of some of our members, the idea that the obligations which they have assumed apply only to their Masonic brethren. If each of us will take but a few minutes to review the known facts about Freemasonry we will conclude that the mission of our Fratemity is to work for the benefit of all mankind. We cannot deny the Fatherhood of God and, acknowledging it, we must soon conclude that "every human being has a claim upon our kind of offices." If we so conclude, we must rid ourselves of the false concept that our obligations bind us only to other members of the Fratemity, for they bind us to the whole world.

The Gentle Nazarene reminded those who were with him that the poor would always be present and the fact that we have them always has been the basis for many wrong conceptions concerning them. The ideal of universal equality end universal worth, in meterial things, es advanced by some of the political ideologies of the world cannot be realized. We must realize thet there are other great and pressing needs than those which are expressed by the term "the poor." A man may be wealthy in worldly possessions and still be "poor in spirit," needing the help of his brethren far more than he who has so little of the world's goods.

We, the members of the ancient and honorable society of Free and Accepted Masons, are afforded many opportunities of showing our gratitude, expressing it in terms of service. Let us not lose one of these but use every opportunity to give to our fellowmen that real service which will be the greatest expression we cen ever make of our gratitude to God for His love for us.

Let us remember the old saying that "service is the rent we pay for the space we occupy on earth" and make this service real instead of just lip service as so many of us have done in the past.

Protect Yourself Against Glaucoma

The second leading cause of blindness in the nation today—glaucoma—affects an estimated two million persons, half of whom don't know they have it.

Usually associated with excessive pressure within the eye, common glaucoma has no symptoms until it's pretty far advanced.

Although sight lost to glaucoma cannot be restored, early diagnosis and prompt treatment can usually bring it under control.

The best way to combat glaucoma is with an eye examination, perticularly if you're over 35.

The test for glaucoma is called tonometry, and it is an accurete, simple, painless test.

For free booklets about glaucoma and its control, and information about the Glaucoma Alert Program, write to your state Prevention of Blindness Society, or to the Nationel Society for the Prevention of Blindness at 79 Madison Avenue, N.Y., N.Y. 10016.

This is the Society's 70th year of saving sight.

Brethren: I missed writing last month just like many of you missed coming to Lodge. I expect that many of you also take note of the fact that no message appeared in the column for Olive Branch. Just as you miss the monthly news, you are missed when you don't make it to Lodge. We would like to plan and carry through with activities the entire membership can enjoy and participate in with the lodge. We need your ideas, your help and support; so come to lodge and join in the work.

We have a real start in building a Masonic library for the lodge, nine new books have been donated by a number of brothers individually. If you would like to donate a book or assist in making bookshelves please contact the Masonic Education Chairman Phil Lydy or the Secretary, Lloyd Brown.

Brother Lloyd Brown made some holders for "The Short Talk Bulletin" and has an ample supply of these bulletins for your reading enjoyment. Take them home, read them, and then return the bulletin so that others may also enjoy.

We owe our thanks to Brothers Clarence Lybarger, Dallas Ake, and John Snarr for the spring yardwork. These brothers laborad Wednesday, April 5 cleaning up around the lodge, putting the stones back in the parking area, filling holes and cultivating the flowers.

I went to thank Brother Clarance Lybarger for reading the Ancient Charges and Ancient Landmerks to the brethren during our stated meating. I also thank Brother Lloyd Brown for reading the Short Talk Bulletin to the lodge this month.

Each message this year has had some bad news to report, this month we heva lost another brother. Brothar Trumen O. Ball, Sr. diad March 30, 1978; Masonic services were hald Saturday, April 1, 1978. Brother Harold Mumme of Decatur Lodge assisted our lodge by performing the services, which we greatly appreciate. Our sympathias go to our departed brother's family and son, Brother Truman O. Hello Brethren:

Another month is now history and we are approaching the warmer months of summer. With tha warmer weather, our thoughts turn to many delightful activities. I sincerely hope that one of the activities will be to attend lodge.

We will be voting on two petitions at our meeting in May. This will result in our returning to the practice of our labors.

We have been negotiating with the Order of Eastern Star concerning the cost of upkeep of the Templa. We have raached an agreement that has been accepted by both bodies.

Both groups felt that we need to develop a better rapport between the two organizations. We felt that we could accomplish this by working together on two or threa money raising projects this year. The first project will be to heve our annual Fish Fry on May 19th.

I would like to congratulate Sarah Deerduff, Worthy Matron, and all her new line officers for the ensuing year.

Tha month of May brings ebout the ennual communication for Grand Lodge. Brothar Louis Knelanger and myself will be attending Grand Lodge to vota on behelf of Huntertown Lodge 689. At our stated meeting in Juna we will be reviawing the businass of Grand Lodge.

In closing I will remind you to arrange your schedule to join me in lodge soon, and help support the annual Fish Fry on May 19. Sae you in lodge.

Brethren:

In our last article, we discussed the new insulation for the Lodge. As it turned out, Brother Fred Rode came to the lodge ahead of time and installed all of tha insulation himself. At the appointad time, tha brethran met to install the new insulation. But, low and behold, it was already taken care of and tha project was finished. Thanks to Brother Fred's afforts we were able to have a night for fellowship instead of labor.

At our Friend's Night on March 29, 41 members and 5 guests enjoyed an interesting talk by Brother James DeMond. The Monroeville Chapter Order of tha Eastern Star prepared a delicious meal for us all. All brothers listen for a call regarding our naxt Friend's Night.

We ara looking forward to Grand Lodge on May 16 and 17. We will report to the lodge upon our return on May 17 at the stated meeting.

Stewart Pollard writes tha following article in his book *Tied To Masonic Strings:*

Of All Kinds

At a Masonic festivity the speaker divided Freemasons into six classes: Emblem-wearing Masons, dues-paying Mesons, knife-and-fork Masons, ritual-reciting Masons, ignorant Masons, and living-and-exemplifying Masons.

Which type of Mason are you?

Statue of Liberty

There exists a Masonic link with the famous Statue of Liberty which is such a striking feature at the entrance to New York harbor, for the cornerstone of its substantial base was laid with Masonic rites by officers of the Grand Lodge of New York on August 5, 1884.

The famous landmark, it may be recalled, was the outcome of a gesture of goodwill to its sister republic of the United States by the French efter thair own cema into being, soon eftar the Franco-Prussian war of 1870-71. Frederic Augustea Bartholdi was commissioned by the French to design the statue, and the American congress authorized the site for its erect on Bedloe's Island, 2,950 ya long, which lies to the southwest the harbor entrance, which it n occupies. The French nation o frayar the cost of $450,000 for t statue, end the United States th of $350,000 for its bese.

The erection of the statue w completed in four years, end it w unveiled on October 28, 1886. T totel height of the monument 305 feet, 6 inches, the statue its being 151 feet, 1 inch high, a said to waigh over 200 tons.

Masonry Refines

It can be said with essuranca th Freemasonry will stand investig tion and the more extansive th resaarch and the deaper on saarches for knowledge of i sometimes hidden mystaries, th more it becomes appreciated.

Those faw who teka their de grees in a listless or casual manne and ara seamingly mora intereste in the rafreshments or entire social aspects of the Lodge, ma feel Mesonry differs little fro other societias.

On the contrary, those who delv deaply into Masonic literature an devota tima to study of the origin meanings and moral precept cannot fall into such en erro Instead, he should find that Mason ry should have a refining an elevating influence which it the becomas his duty to bring to bea on other members and to urge them to a systematic search for th true meanings and teachings of th degree.

The Compasses

How to use the Compasses is one of the finest of all arts, asking for the highest skill of a Master Mason. If he is properly instructed, he will rest one point on the innermost center of his being, and with the other draw a circle beyond which he will not go, until he is ready and able to go further. Against the littleness of his knowledge he will set the depth of his desire to know, against the brevity of his earthly life the reach of his spiritual hope. Within a wise limit he will live and labor and grow, and when he reaches the outer rim of the circle he will draw another, and attain to full-orbed life, balanced, beautiful and finely poised. No wise men dare forget the maxim, "for nothing too much," for there are situations where a word too much, a step too far means disaster. If he has a quick tongue, a hot temper, a dark mood, he will apply compasses, shut his weakness with the circle of his strength, and control it.

Strangely enough, even a virtue, if unrestrained and left to itself, may actually become a vice. Praise, if pushed too far, becomes flattery. Love often ends in a soft sentimentalism, flabby and foolish. Faith, if carried to the extreme by the will to believe, ends in over-belief and superstition. It is the compasses that help us to keep our Greek maxim: "Think as a mortal" — that is, remember the limits of human thought. An old mystic said that God is a circle whose center is everywhere, and its circumference nowhere. But such an idea is all a blur. Our minds can neither grasp nor hold it. Even our thoughts about God we must draw a circle enclosing so much of His nature as we can grasp and realize, enlarging the circle as our experience and thought and vision expand. Many a man loses all truth in his impatient effort to reach the final truth, the whole truth, and nothing but the truth, and who seeks to impose his dogma on others, who becomes a bigot, the fanatic, the persecutor.

Here, too, we must apply the compasses, if we would have our faith fulfill itself in fellowship. Now we know in part — a small part it may be, but it is real as far as it goes — though it be as one who sees in a glass darkly. The promise is that if we are worthy and well qualified, we shall see God face to face and know even as we are known. But God is so great, so far beyond my mind and yours, that if we are to know Him at all truly, we must know Him together in fellowship and fraternity. And so the Poet-Mason was right when he wrote:

"He drew a circle that shut me out,
Heretic, rebel, a thing to flout;
But love and I had the wit to win,
We drew a circle that took him in."

Grand Master's Award To Home Lodge

The "Grand Master's Award with High Distinction" was presented to Home Lodge No. 342 at the Grand Master's banquet during the annual Communication of Grand Lodge.

To be eligible for the award required fulfilling eight mandatory and at least seven of nine optional requirements which were predetermined by the Grand Master.

This is the first time an Allen County Lodge has become the recipient of this distinguished award. The presentation was made by Most Worshipful Grand Master Roy D. Turner and was accepted by Worshipful Master Jack W. Rice on behalf of Home Lodge.

Founded On A Rock

Of the many impressive parables in the Great Light of Masonry, none is more applicable to the present than that in Matthew which tells of the wise builder who set his house up on a rock.

"And the rain descended and the floods came, and the winds blew, and beat upon that house; and it fell not for it was founded upon the rock."

Was not our country established on a foundation or belief in the Supreme Architect of the Universe, separation of church and state, freedom and the rights of men?

True, we have survived many storms and the future will bring others of equal and force severity. But over the years the Divine Hand has guided us through gale and torrent. We must have faith that He will lead us to a happier future as we look to Him for support.

Freemasonry, also, is firmly established on the rockbed of faith in the Fatherhood of God and the Brotherhood of Man.

History recites the fall of many powerful dictators who built upon the shifting sands of materialism, atheism, indifference to the rights of their subjects. Where are they now?

What become of Babylon, the Roman Empire, Nazi Germany? Can any believer in the Allwise Creator fail to see the eventual end of Godless Sovietism? We must have faith and hope.

Our God fearing forefathers laid the foundation of our Government in prayerful gratitude to the God in whom they had abiding confidence. He has been good to us. We must continue to Honor and recognize Him both as a Government and individually. We must be worthy of our great heritage that Freedom's bells may continue to ring, not only in our domain but through a troubled world. As so again we pledge allegiance to:

"One Nation, under God, with liberty and justice for all."

Should Our Hearts Feel Any Less??

Masonry embraces the highest moral laws and will bear the test of any system of ethics or philosophy ever promulgated for the uplift of man.

Its requirements are the things that are right, and its restraints are from the things that are wrong.

Inculcating doctrines of patriotism and brotherly love, enjoying sentiments of exalted benevolence, encouraging all that is good, kind and charitable, reprobating all that is cruel and oppressive, its observance will uplift everyone under its influence . . .

To do good to others, to forgive enemies, to love neighbors, to restrain passion, to respect authority, to return good for evil, not to cause anger, not to bear false witness, not to lie, not to steal — these are essential elements of moral law, the teachings of Masonry.

—Douglas MacArthur

Brotherly Love

Brotherly Love is not a sentimental phrase. It is an actuality. It means exactly what it says; the love of one brother for another.

In the everyday world brothers love one another for only one reason. Not for blood ties alone; we have all known brothers who could not "get along" together. Not because they should, not because it is "the thing to do," but simply and only because each acts like a brother.

Freemasonry has magic with which to touch the hearts of men but no wizardry to make the selfish, unselfish; the brutal, gentle; the coarse, fine; the bad, good. Brotherly Love in Freemasonry exists only for him who acts like a brother. It is as true in Freemasonry as elsewhere that "to have friends, you must be one."

Brethren: As I write this article it is hard to believe that this year is half gone already.

The month of May was a busy month at Maumee Lodge. We raised George Whittle, Ronald Brown, Robert Komar, and Harry Brown to the Master Mason degree. Welcome to a great lodge brethran. We also honored our past Masters, and charter members.

We are going to be just as busy in June, as wa have four candidates, and we will hold our annual golf outing on Saturday, June 24 at Colonial Oaks Golf Course. Get your tickets from your lodge officers. This has always been ona of our popular events, so come and join us.

As Master Masons we have all received our wages as Fellowcraft, but how many of us hava received our wages as Master Masons? Thay are paid in many ways. One may receiva wages in the gratitude of one for whom he has performad an act of charity. Another may rec his in the joy that comes f having brought cheer into a room. Another mey receive wa in the eppreciation of Brethren whom he has imperted someth of Mesonic knowledga. Ano may receive his in tha gratitude Brother's femily to whom he been a meinstey during their of grief. Another mey rec wages in honors conferred u him by Brathren to whom he faithfully served. Another may ceiva wages in the friendships hava come to him through Masonry. Another mey receive wages in tha satisfaction he de from servica to others.

The weges of e Master Mas ere not paid in silver or gold. Th are peid in those things that Brother may keep within repository of the faithful bre The weges of a Master Mason ha no intrinsic velue. They cen not measurad by any stenderd which the velue of intrinsic thing measured. The wages of a Mas Meson era measured only by value placed upon them by the who has received them.

All of you brethren have hea that beautiful song, You Light My Life, so why don't you rece your wages as e Mester Mas and light up someone's life. It co be that it just might be your o

Brethren, June will be our last opportunity to confer the degrees before the Summer break. We are anticipating two candidates for June degree work. Any petitions presented in June, July, or August stated meetings will be acted on and processed for degrees to be conferred in September.

Please take advantage of the opportunity to support your officers in our June degree work, sideline supporters add considerable impect when a candidate receives the degrees and we welcome participation from members who do not presently hold office. In fact why not call a friend, bring him to the meeting, and together we can all enjoy that special fellowship peculiar among Masons.

Have you taken advantage of laying a stone in the Temple wall? Time is fast approaching when we will formally retire our Temple debt. Why not be a part of the greatest event in the history of Waynedale Lodge?

Our anticipated June calendar is as follows: Stated meeting June 7, 7:30 p.m. Entered Apprentice degree June 14, 7:00 p.m. Fellow Craft degree June 21, 7:00 p.m. Master Meson degree June 28, 5:30 p.m.

Your Worshipful Master, Senior Warden and Senior Deacon were in attendance at Grand Lodge May 16 and 17.

We anticipate your attendance in the near future meetings. See you in June.

Greetings Brethren: The spring term is drawing to a close with many interesting activities.

May proved to be e fast-paced, rewarding month for the Fort Wayne Chapter. On Saturday, Mey 13 our chapter held an initiation. Ten new members were initiated in the chapter. I would like to welcome Oug Lembert, Jon Trulong, Peul Barnhill, Kevin McMurry, Scott Coe, Marty Maisonneuve, Oug Fiandt, Channing Cecil, Mark Wickramasekara, and John Rigdon to the world's greetest youth organization. Your initiation into the order proves our faith in you to actively take part in its ectivities and brotherhood. Congratulations, my brothers! I would like to thenk Tom Teel for presenting the flower talk and Todd Leeth for presenting the ceremony of light. Both did a great job. I would also like to thank end commend my officers for their excellent work with the ritual. It was a rewarding evening in every sense.

Also in May several Fort Wayne DeMolays took a trip to the Indy 500 time trials on May 21. It was an enjoyable trip for all. May 24 was the second stated meeting in May. Also Masonic attendance night. Several Masons along with the state Master Councilor, John Pea, were present when Tom Teel was elected Master Councilor for the fell term. Also elected were Tom Tribbett, Senior Councilor-elect and Brent Wadkins, Junior Councilor-elect. Congratulations, guys!

The month of June looks to be just es busy as May wes. We will be starting the month by acting as honor guards for two Jobie installations — the first, on the 3rd, will be for the Huntertown Bethel, the second on the 9th, will be for Bethel No. B in Fort Wayne. Our Chapter Sweetheart, Miss Cheri Bissell will be installed Honored Dueen on the 9th. The Mother-Son banquet will be held on Tuesday, June 6 at the Masonic Temple. More informetion will be forthcoming the last stated meeting of the spring term on Wednesday, June 14. Conclave will be held once again in Muncie, Indiana at Ball State University. The date this year will be June 15-18. Cheri Bissell will represent our chapter in the state sweetheart competition at that time. Conclave is an experience that every DeMolay can enjoy. It's a lot of fun!

Closing out the month of June and the spring term is the installation of officers for the fall term and the Monopoly marathon. The installation is tentatively set for Friday, June 23 and the Monopoly marathon will begin around the 26th and continue into July.

Three and one-half years ago I was initiated into the Order of DeMolay. At that time I set as e goal the Master Councilorship of this chapter. Now that my term is nearing a close I cannot help but think back about my experiences These past three and one-half years have been e learning experience. There heve been times that were trying and times that were enjoyable beyond compare. DeMoley has been e major part of my life end will continue to be in the future. Good luck, Tom, on your term. It hes been e pleasure serving the chapter. I will never forget my experiences in OeMolay. I have often had preached to me that "You will only get out of DeMoley what you put into it." It's a fact. Couldn't you get something out of DeMolay?

A Tribute To DeMolay "Hope For The Future"

By Or. Billy Greham

We live in an interesting and unique era of world history. It is e time of mixed emotions. This is an hour of intense anxiety and greet hope. It is a time of war coupled with a great longing for peace. This is e time of great faith on the part of many, and stark unbelief on the part of others. It is also a time of strong hatreds, linked with an intense love and concern.

OeMolays represent the youth of our nation and the world. There is e lut of talk today about young people "going to the dogs," but these dogs of destiny must be very hungry for they have had a long wait. There has never been an hour when all men were Immoral, dishonest and without faith. God, In his wisdom, always seems to preserve e remnant (as he did In Noah's day) to carry the torch of freedom, justice and faith.

I find two kinds of young people today. First (and least important) are those given to rebellion end violence. We have always had those, even es far back as Cain and Abel. These bow to annihilete the "middle class" morality and ethic, and to toss eway the time-honored traditions and ideals of yesteryear. But heppily, this group is a thin minority, with more noise than influence. Then, there ere thoughtful, concerned young people (these comprise the great majority, probably at least 85 percent of our youth) who seek to correct the errors in moral nevigation which have been made by their elders, intelligently and responsibly. These are the young people upon which the hope of America's future rests, and DeMolays are part of this group.

This is a time for cool heads and warm hearts — not for hot heeds and cold hearts. It is probably too late for many middle-aged people to chenge their habits or views, but OUR YOUNG PEDPLE CAN CHANGE THE WORLO, for the better.

If the future is to hold eny hope, three things must be foremost in our thinking:

The first is FAITH. Not just a pessive, theoretical faith of works; but a faith that tekes e stand, e faith with flesh end bones. This faith must reach up to God, and out to man. If there is no God, then the universe doesn't meke any sense, end if there is no sense to the universe, then men doesn't metter. These two cannot be separeted. It has been tried in every century, but unsuccessfully. Jesus said it cleerly when he seid: "Love the Lord thy God with all thy heert . . . end your neighbor es yourself."

The third ethic we must hold to is LOVE. Not the sentimentel "love" of the hippy. In George Bernard Shew's play, "Pygnelion," a scrub woman, loathe to really come to grips with the problems of life, seid, "Stick a deisy in your hat and be happy." Life is just e little more complex than this. Love, In the real sense, is concern. Christ said, "Greater love hath no man than this, thet he lay down his life for a friend." This is e bit more than weering a flower, and glibly using the words, "soul brother." It really means that we will stick our neck out for people In need, to exercise the Golden Rule, and do for a fellow human brother In need what we would have him do for us if wa were in his shoes.

One thing the younger generation hes that was to some degree lecking in my generation is concern. Millions of young people ere really coming to grips with the problems of the world, and this includes the OeMolays. I would say to you whet Paul said to his companion in faith, Timothy: "Let no men despise thy youth: but be thou an exemple of the believers in word, In conversation, In charity (love), in spirit, in faith, and in purity."

In all our deliberations let us be true to every friendship, loyal to every trust, faithful to every duty, and steadfast in our faith in each other.

Have you looked at your calendar? Do you believe what you see? Thought June would never get here didn't you — told you it would — July and August is next — honest! Because of this crazy ol' 1978 weather it seems everyone is slow in getting up, getting out and getting with it, but we're coming around. We had a well attended May Luncheon the 13th. We thank all of you for coming out in the rain.

May 11 we welcomed into chapter after initiation, Donna Howard, Rebecca Parton, Constance Jo Caldwell, Dorothy Horne, Richard M. Horne, Marianna Berghoff and Ina Webb.

The 17th of May we had a baby shower for our Worthy Matron Lucy — who is expecting a baby in July. Now, I could predict, but then again, who am I, all I know is boys — father, husband, two brothers, and four sons — so good luck Lucy whatever.

Wishing everyone in the Month of June a very Happy Happy Birthday, and many, many more, also since this is the last article until September, Happy, Happy Birthday to all of those born in July and August tool and many, many more.

God Is With Me

I know that God is with me,
For He warms me with his love.
He walks among the flowers
And He paints the sky above.
He plants the red, red roses,
And He makes the bluebirds sing;
He fills my eyes with wonder
As He beckons to the spring.
I know that God is with me,
For He whispers in my ear,
"Be not afraid, my little one,
For I am always near!"

A Mason And A Man

Brother, Masonry means much more
Than the wearing of e pin,
Dr carrying a paid-up dues receipt
So that the Lodge will let you in.
You can wear en emblem on your coat,
From your finger flash a ring;
But if you ere not sincere et heert
This doesn't mean e thing.
It is merely en outward sign
To show the world thet you belong
To thet greet fraternel brotherhood
Thet teaches right from wrong.
What really counts lies buried deep
Within the humen breest,
Till Masonic teachings bring it out
And put it to the test.
If you prectice out of Lodge
The things you learn within:
Be just end upright to yourself
And to your fellow men;
Console e brother when he's sick,
Assist him when in need
Without a thought of personel reward
For eny ect or deed;
Welk and act in such e way
The world without will see
That only the best can meet the test
Laid down by Masonry.
Be elweys feithful to your trust
And do the best you can,
Then you can proudly tell the world
You're e Meson and a Men.

Companions and Sir Knights:

For those companions and Sir Knights and their ladies who assisted with the Fish Fry April 28, my thanks and appreciation for your help. If this year is a success it will be because you and others like you have been willing to help.

June 3 we will confer the Chapter and Council degrees of the York Rite, beginning promptly at 9:00 a.m. For those participating in the degree work, please be present one hour prior to starting time. This date will be the Annual Inspection for Fort Wayne Council and DeKalb Council. Fort Wayne will open and confer the Royal Master degree and DeKalb will confer the Select Master degree and close the Council. Please plan to attend and show your support.

June 10 we will conclude our degree work for the spring by conferring the Orders of the Commandry. Work will begin promptly at 10:00 a.m.

June 15 will be our monthly stated meeting with the Commandry opening in full form.

June 24, York Rite Picnic. Companions and Sir Knights, my apologies to each of you for the mix-up in dates for the picnic. In the last 2 issues of the Square and Compass I reported that the picnic would be on the 17 of June. My lovely wife caught the error and I now wish to report that the picnic will be held on June 24.

The picnic will be held at Companion John Gould's home. Directions are as follows: Take U.S. 24 West to the Aboite Center Road, turn right, cross Homestead then cross Hamilton Road. Travel ¼ mile past Hamilton Road to a sign which says Scotia, turn into drive.

Companion Gould informs me that there is a number of acres of water stocked with trout for those of you who like to fish. We are also planning to have a white elephant auction to raise funds for the Knight Templer Eye Foundation. Many of us have items lying around the house that we may wish to be rid of and yet something which someone else may enjoy having. If you have something along these lines, please wrap it up and bring it along for the auction. Husbands and wives will not be accepted.

This will be a pot luck picnic, so bring two dishes and your own table service. Drinks will be furnished. See you there. A special thanks to Companion and Sir Knight Gould for donating the use of his home for this occasion.

June 28, 1978 marks the 50th year in Templery for Sir Knight Samuel S. Geake, Past Grand Commander of the Grand Commandry, Knights Templar of Indiana. A dinner in honor of Sir Knight Sam will be held at the Masonic Temple, on Saturday July 1, 1978 at 6:00 p.m. The award of gold will then be presented to Sir Knight Sam at 7:30 p.m. in the Commandry Asylum by Sir Knight Willard M. Avery, Most Eminent Grand Master of the Grand Encampment, Knights Templer of the United States. Dinner reservations are $5.00 per person and should be sent to Sir Knight John A. Bleich, 2720 Gilbert Dr., Fort Wayne 46809, no later than June 23, 1978. I would like to invite each companion and Sir Knight with their ladies to attend this memorable event in Sir Knight Sam's life.

Companions and Sir Knights, this is the last article until after the summer break. Enjoy the summer months and I'll see you in September.

Education From Masonry

We need to find some way of arousing interest of the newly-made Mason in teaching himself, after he has gone through the process of listening to what we tell him by means of the Ritual.

It is a valuable requirement of Masonic Procedure, that the candidates find it necessary to commit to memory a portion of the work. Even more valuable, is the contribution made by the individual who lays out for himself a program of extended study and Masonic interpretation.

Masonry may serve to make a man over, if he will listen attentively to the teachings and apply them in his thinking. It is really a laboratory in the fine art of human relationships, for adult man. If we could just get the newly-made Mason to realize the truth of that statement, he would visualize the importance to him as an individual and would really have zeal for the institution.

We gain as the result of thinking. No matter how much we read or how much we hear from speech or conversation, the net result depends upon the manner in which we reed between the lines of the books; or reconsider the spoken words of other people.

The ear by which we hear the words of our ritual should be the attentive ear. That is, we should hear with a background of desire to realize the true meaning of that which is said. The true meaning can be only the result of our own thinking and mature consideration.

The quality and earnestness of the Lodge Work should be kept up to a high standard. The instructive tongue should be used so as to deliver the words of the ritual in a properly effective manner. The coaching of candidates should be done so that suitable assistance is actually provided, this encouraging personal Masonic education.

Dare To Be Yourself!

Most of us would be better than we are if people would only let us. The trouble is that people set up their own idea of what we are like — a picture derived from our environment, our companions, our pretendings — and we have to live DOWN to it. Even dictators can't escape the pressure. A couple of thousand years before Hitler was barbecued and Mussolini was upended, Julius Caesar, whom history rates pretty high in the dictator league, confessed that he often caught himself ACTING like a dictator simply because people EXPECTED him to act that way.

Yes, it is hard to be YOURSELF. Everybody gets pushed around, gets "influenced" — especially by his friends. If you want to be unsophisticated, kind, considerate, generous, helpful — if you want to believe in something unpopular with your crowd — DARE to be yourself. Try doing the INFLUENCING yourself for a change!

HAVE YOUR WIFE READ THIS

Many wives do not know what to do (in so far as the Masonic Fraternity is concerned) when their husbands pass away. The first thing to do is to notify the secretary of the husband's lodge. Tell him if you wish a Masonic service. You will find him very helpful.

Cardinal Virtue

In Freemasonry Fortitude is defined as that noble and steady purpose of the mind whereby we are enabled to undergo any pain, peril or danger, when prudentially deemed expedient. The word is related to the word "fort" which originally denoted a structure built around something for protection. It is a word that comes to us from the Latin and indicated not so much a moral attitude, but rather the true quality of manhood, as is implied that one had strength and courage.

Fortitude, therefore, is that quality of character which gives a person strength to withstand temptation and to bear all suffering in silence. Fortitude is a virtue, for it permits one to do his duty undisturbed by evil distractions. It is in great measure a frame of mind to regulate one's words and deeds with courage and with determination. It is both a positive and a negative quality in that it creates courage to do what is right and also creates strength or character to withstand intemperance. Above all else, it also creates the mental attitude to bear one's burden bravely when all other remedies fail.

— The Short Talk Bulletin

FAITH

My message has been very simple. To live well we must have a faith fit to live by, a self fit to live with, and a work fit to live for, — something to which we can give ourselves and thus get ourselves off our hands. We cannot tell what may happen to us in the strange medley of life. But we can decide what happens in us — how we can take it, what we do with it — and that is what really counts in the end. How to take the raw stuff of life and make it a thing of worth and beauty — that is the test of living. Life is an adventure of faith, if we are to be victors over it, not victims of it. Faith in God above us, faith in the little infinite soul within us, faith in life and in our fellow souls — without faith, the plus quality, we cannot really live.

— Dr. Joseph Fort Newton

Each part of each degree should be done seriously, solemnly, as a necessary step to the climax of Symbolic Masonry's initiatory process to that high moment when a Brother is raised from a dead level to a living perpendicular — a symbolic expression for the deeply spiritual and mystic transformation which every new Mason should have undergone if the ritual work was seriously and meaningfully performed.

— Conrad Hahn, 1974

Noble Will Rogers

The Cowboy Philosopher, His Memory Lives On

Cowboy, comedian, columnist, trickrope artist, movie star, radio personality, philanthropist — Noble Will Rogers was all of these.

Born on a ranch in Indian territory near Claremore, Oklahoma, Will, part Indian, was reared on a horse and with a rope in his hand.

Noble Rogers joined Akdar Shrine Temple on November 20, 1914, at which time he was performing with the Ziegfeld Follies. He was a philanthropist and gave freely of his time and money to the Shrine Hospitals for crippled children.

He was on a trip to Russia via Alaska with the record setting pilot, Wiley Post, a fellow Oklahoman. The flight originated in Seattle on August 8, 1935. After entertaining at a Shrine Ceremonial in the Matanuska Valley, Alaska, the plane crashed immediately after taking off. The last word in an unfinished article in his typewriter was "death." Frequently he had said, "When I die, the writing on my tombstone is going to say, 'I never met a man I didn't like.' I'm so proud of that I can hardly wait to die so it can be carved." It was.

Brethren: At the writing of this article I have just returned from a meeting of the Grand Lodge. Several lengthy discussions were held but the mejor topic was the adoption of a computer system by the Grand Lodge. This system was eventually confirmed. This will lighten the work loed of the secretary and provide more efficiency. Ouring this meeting the Masonic Home received numerous donations. A cherter wes also given for e Oaylight Lodge to be located in Evansville, Indiana. The Oaylight Lodge would enable those who are unable to participate in lodge activities because they work second or third trick to have e meeting et a more convenient time. This would hopefully increase lodge participation end membership.

Work on our own lodge is rapidly progressing. A new sewer line hes been installed end the room eddition sleb has been poured. The lumber has been purchased but construction has not yet started.

Master Mason Degree was held Tuesdey, May 9 for Jon P. Richey. All the brethren wish to welcome him to our fraternity.

Looking for more fellowship in Camping?

In 1966, a Brother from Brookville, Ohio, hed the idea thet if there were a camping club for Mesons across the U.S. end Ceneda, there would be e group above and beyond any other.

Bro. Myron R. Fox's idea blossomed into e camping organization which, in 1973, had more than 6000 member families in the U.S. and Caneda.

What is the object of this camping club? The Preamble of th Constitution and By-Laws stetes best. "The object of the Nation Camping Travelers, Inc., shall b for the entertainment and enjoy ment of those whose Fraterna Affiliations are setisfactory an those who use tents, trailers, camp ers, and other recreationel vehicle to sight-see, have fun and promot good fellowship, make friend along the way, and get more out o Life, Liberty, and the Persuit o Happiness."

How can one become e member An officiel applicetion blank is avai able from a NCT member or direct ly from the Nationel Office. Thi must be filled out end sent to th National Office or given to a loca Chapter member.

A local Chapter? What is that All over the U.S. and Canada ther are groups of members who camp together. Chapters are in many o the states end provinces. A Master-of-Travel heads the group. He assisted by a Wagon-Mester end Secretary-Treasurer.

How do I find the nearest Chapter? The Nationel Office, with the aid of Oistrict and State Oirectors can direct a prospective member to the nearest chapter.

What does one get out of NCT Picture yourself traveling down the road, you see a NCT decal on a rig immediately you know you have a common bond that is greater than just camping with that family. In addition to the implied benefits, a member receives a quarterly National newsletter, two sets of decals and numbers for his rig, a Nationel Directory of all the members, a list of NCT members who have overnight stops, the ennual rally, a membership card for identification, end a camping schedule for every Chapter. In addition to the NCT, there is the YNCT (Youth Nationel Camping Travelers). This is for the younger set and gives them en opportunity to share in the fellowship et their level.

The Question Box

Why do we walk around the altar so much in the degrees?

Circumambulation is walking around a central point. In Masonic initiations it is always clockwise from East to West by way of South.

Like so many symbols, the ritualistic explanation does not explain except with the most elementary reasons. During this part of a degree, members of a Lodge observe that a candidate is properly prepared, but circumambulation is far older than initiations.

To early savages, the sun was God. The sun traveled from East to West by way of the South. Hence, early man circled his stone altar on which was his imitation of the sun-fire-from East to West by way of the South, in humble imitation of the god in the sky.

Circumambulation is one of the many concealed symbols of a Great Architect.

In those rituals in which in a certain part of the Master's degree the circumambulation is in the reverse direction, Freemasonry imitates the ancient ceremony signifying death.

Greetings Brethren: My how time flies! Here it is time for the September Square and Compess article end I em still programmed for summer.

Our beseball trip to Cincinneti was a very good event even though the Reds lost. Our thanks go to Brother Ed Collins for doing all the legwork in getting the tickets, bus driver, and reservations in order. We are sorry that some of the 8rothers who wanted to go didn't get to because of no more tickets availeble. The tickets heve to be ordered several months in advance and it is hard to forecast how many paople would go.

It was my pleasure to see P.M. Sem Geake receive his 50 Year Award in the York Rite. It was e very impressive ceremony end an excellent dinner. Congratulations Brothar Sam.

It is our pleasure to welcome into Summit City three newly raised Master Masons: Brothers Jerry Gundy, Oon Heck, end Oen Morgen. As you ere now members of our Fellowcraft Oegree Team, we welcome eny help that you cen give us. As a Master Mason you will find that by coming back to Lodge, it will mean so much more to you if you participate in our degree work and enjoy the fellowship that is universal in all of Masonry.

Our sympathies go to our Secretary P.M. Larry Baker in the deeth of his sistar, Clarrisa 8aker, who passed awey June 15, 1978. Summit City hes lost a good friend.

It is our sad duty to report the deaths of the following 8rothers: Roy W. Heath, Chester W. Axt, James 8yers, Herold Ooswell, Glenn W. Patterson, Carl Freck, and Ralph Griffith. Our sympathies go to the families of the above 8rethren.

We have had a lot of 8rothers in and out of the hospital this summer: Dele Stabler, S.W. Ron Stebler, Wyett Weaver, J. W. Lehman, Harold Van Vorst, P.M. George Winchell, Kenny Martin, George Wager, end Jay Miller. At this writing Bro. 8ob Watkins is in the V.A. Hospital in Fort Weyne. Mey you heve e speedy recovery Brothers.

It is always good to see out of state 8rothers come to our meetings when they ere in town. P.M. Owight Meyers attended the July stated meeting and I cen see why he lives in Florida, he has found the "Fountein of Youth" that Ponce OeLeon couldn't find.

To the Brethren who knew how seriously ill that P.M. Bruno 8albutoski was for severel months, I am heppy to report that he is getting along real good and attended the August statad maeting and looks like he is ready to give the Fellowcraft Stair Lecture.

It looks like September will be a busy month es we have five petitions to investigate, so to all of the officers and Fellowcraft Club, let us brush up on our lecture work and start off the Fell season with a bang.

My Brothers, September 10 is the 31st Annual Masonic Home Pilgrimage end 8eef Barbecue et the Indiane Masonic Home in Franklin, Indiena. This is e graat event end e full day of festivities is planned. It should be the desire of every Brother to visit the Home and see whet your Masonic Oollar is used for. You will leave the Home with a warm feeling in your heart knowing that our guests in the Home are receiving the best of care possible.

We would like to know how many Brothers would like to visit the Masonic Home on Sapternber 10. If enough Brothers are interested, we will make transportetion available at no cost to you. Please call any of the officers and let us know so we can have transportetion eveilable.

October 2 will be Summit City Lodge's Annuel Lodge of Instruction with South Gate Lodge. We would like to have a good attendance to show our eppreciation to the Grand Lecturer for taking tha time to visit with us.

8rethren: It generelly is difficult to pick up momentum after a lay-off for e couple months. Lets take the positive HOME Lodge approech by just dropping off twenty-five end fifty percent of two words common to our everyday life. If HOME members will drop the letter t from can't and the n end t from don't, we will have the formula for that positive HOME ection the rest of the year, CAN OO. When you are asked to essist HOME in its progrems respond with "can do" and mean it. HOME will be busy in September with work every Tuesday night. HOMEs "can do" ettitude is what will keep us on the move.

The Annuel Pilgrimege to the Indiana Masonic Home et Franklin is Sunday, Sept. 10. To be a part of this mass sojourn of Masons; Eestern Stars; OeMolays; Jobs Oaughters end Rainbow for Girls is an experience HOME members will cherish and will be glad they made the trip.

Lest We Forget, the Masonic Services V.A. Hospital visitation program resumes this month. HOMEs night to visit is Monday, Sept. 18 at 7:00 p.m. Perticipating in HOMEs visit "can do" wonders for that feeling of self satisfection and make you glad you went. We ere proud of HOME's record in this program end I request that you help maintain and improve it.

Heve you sent in your reservation for the Tri-State Reunion trip to Peoria Haights, Sept. 30 and Oct. 1? If you heven't, mail it end your deposit at onca. The reservations are on a "first come" basis and the bus is filling rapidly. We will depart from the Temple Saturday et 8:00 a.m. and stay at the Peoria-Hilton, returning et approximately 6:30 p.m. Sunday evening. If you have misplaced your lettar and desire to make a reservation call H. 8reece (749-5687) and he will send you the reservation form. The summer months are always busy times for our Unicycle and Fife end Drum Corps. and this summer wes no exception. Both Corps participated in numerous parades around Indiane and did exceptionally well in all of them. In these parades the Fife end Drum Corps. received first place trophies in the senior color guard division.

Besides parades, July merked another MIZPAH Shrine Horse Show, at which the DeMoleys again spent an enjoyable three days making and selling concessions.

August started with e summer disco on the fourth. Over sixty people attended and I would like to thank brother Tim Tribbett for all he did with the Disco. In this day and age the best thing you could do for any young man is recommend to DeMolay . . . he will never be able to repay you. DeMoley is great in '78!

INVOLVEMENT

(The following ere excerpts from Your Masonic Hospital Visitor, the publication of the Masonic Service Association)

Your Masonic Hospital Visitors end MSA Field Agents ere people who get involved with the operation of the various hospitels. They get involved in community affairs. They're involved in Lodge activities. And they become involved in the needs, comfort and concerns of the patients. Fortunately, about the only time they become involved in controversy is when they try to stimulate others to become involved. Where they are so willing to "give of themselves" they find it difficult to understand why so many others seem to be reluctant to become involved.

They've heard all of the arguments and excuses for not getting involved. "No time;" "other commitments;" "I live too far eway," etc. These are just considered es challenges. Because of their personal concern for the petients and their dedication as "Freemasonry's Servants", they find ways of getting Masons, Masonic Lodges, and affiliated Masonic groups, involved in the Hospital Visitation Program.

You can get involved in other ways than helping in person: Let the Field Agent or Masonic Hospital Visitor know of some Brother you know who lives closeby. Make e contribution of whatever you can to help support the program financially.

Support and involvement can become a part of your Masonic obligations in many ways.

Your Masonic Hospital Visitor is dedicated to publicizing that involvement.

Are you involved?

Supporting the Program

The Hospital Visitation Program is financed entirely by voluntary contributions. The dues peid by the member Grand Lodges do not support this benevolent activity; they are used for the administrative, research, education, and informetional services of the Association.

Hospital Visitation continues because American Freemasons want to help and encourage our sons and brothers who sacrificed for us when they served in the Armed Forces. When they know about it, Masons are glad to contribute to a program which keeps friendly, helpful Brethren visiting et the bedsides of hospitalized ex-servicemen. It is voluntary gifts which keep Masonic hospital visitors et their stations. No member Grand Lodge of the Association is required to support the Program as a condition of membership.

Most of the finencial support for the Hospitel Visitetion Program comes from Grand Lodges. They either make grants from charity funds, or collect per cepita contributions from their total membership, or they stimulate giving by individual Masons in the constituent lodges by "telling the story" of Masonry's service to the sick and wounded veterens of our wers.

The greetest blessing seems to be the brotherly love end benevolence it stimuletes in the individual Mesons who make the thousands of small gifts which comprise the total contribution from one Grand Jurisdiction. The Brethren learn about brotherly love end relief because they are given the chence to practice those tenets.

Heartfelt Thanks

My heertfelt thanks to all of my Masonic brothers, and sisters of the Eastern Ster for ell your cards and letters of encouregement during my recent illness. I received over 200. To send e card of thanks to so many well wishers would be e monumental tesk, so I take this means to get my message to you. Many, many thanks for your cards for my quick recovery. They meant so much to me end they helped knowing thet you and all of my friends were pulling for me. My special thanks to my loving and devoted wife who spent so many days and nights et my bedside. To our Worshipful Master Calvin Bauman, his wife, Norma; Weyne Lockwood; Billy R. Henderson, Past Master; P.M. Abner Wolverton and his wife, Florence, for their help end assistance. To Bro. It's not the amount of gold you have,
Dr the many acres you own:
It's not the mansion that you may have
That spells success at home;

Lillian Redin

The summer has passed so swiftly. We sincerely hope all had safe and relaxing vacations and are ready to resume our duties and pleasures of our fall work. So once again the time is here for us to get back to work, to supply the news for the rest of the year, we've missed you members who are far and near.

As we are drawn together by a common purpose and welcome each other as fellow travelers along the same road with the Star of Bethlehem guiding us, so may we join hands in true fellowship as we enter upon our fall activities and all work together for the very best interests of our Chapter, devising means for further service to our fellow men and women. May we bend our efforts toward making our chapter a center of interest and activity in our lives.

At the June 15 meeting, Sister Virginia Curtis was appointed chairman of the Star-Lite Magazine. This state magazine is a friend all members should have in your home. It is a special help to all officers. Lets boost our subscriptions, see Virginia.

Sister Bernice Markenke joined by affiliation at our June meeting. We extend to you Fraternal Love and hope you will be happy in our Chapter.

As Chairman of the Rummage Sale, I have so many people to thank for their helping hands. Our thanks to Merea Woodworth for sharing her garage with us, to Sharron Ulle for making signs. Thanks to the 10 people who marked all evening on June 19, the eight workers June 23 and seven workers June 24. We are grateful for the total we earned but sorry more members did not join in the fun we had working together. The things left after the sale were given to two organizations for their use in helping the unemployed, etc.

We wish to remind you November 1, our dues are due. Each of us can save Chapter much unnecessary postage and our Secretary much time if we would remit our dues prior to November 1, when she must send the first notice. Dues are delinquent after December 31. Please, won't you cooperate and mail or pay your dues prior to November 1? Thanks.

We extend sincere congratulations to Sharon Williams, our Associate Matron, and Jim Johnson on their wedding August 5. Our best wishes go with you both as you join your lives together. Good Luck, Good Health, God Bless You Both.

Hi everyone — How are you? What cha' been doin? Gee I missed ya — Did you have a nice summer? All rested up and muscles stiff from laying around relaxing on the patio in the hammock watching the birds fly around and the squirrels chasing each other on the telephone wires — well everybody up — lets get going, its September — the kids have gone back to school and it's time for us to get back to work.

Our Worthy Matron is ready, she's just been sitting around waiting — oh I guess her waiting was for her first baby — well even she's through that — Michael Lee arrived at 12:30 p.m. August 1st. — Now remember when I said it was gonna be a boy — well my No. four son was born on the first day of the month. So I told Lucy she would have a boy — she did end on the first day of the month — anyone else want any predictions?

Congratulations, to you and Lucy and family — I know you'll love every minute of this childs life. Good luck, health and happiness to all of you.

O.K! now down to the nitty gritty. We welcome all of you back and hope to see all of you at chapter so please come and support us, we still need you.

I'd rather seek the mountain top then always stand aside, oh let me hold some lofty dream and make my desperate plight, and though I fail I still shall know I tried to serve the right.

If all my days were yesterdays and tomorrow never came,
I'd better do my best today or I've only me to blame,
All my tomorrows and todays will soon be yesterdays,
So deeds and acts will live or die along life's chosen way.
And if today should disappear with nothing done at all,
There's one thing certain, that I'm sure today I can't recall.

Greetings: September reminds us that vacation times are almost over. Hope all had a good summer and are ready to join in the fall activities. September and October are going to be busy months for Anthony Wayne Court.

paper aside for a short rest — and here I am again, wondering where the time has gone.

Once again it is time to mark our calendars with our Shrine activities — according to our program we will be honoring Supreme Appointments September 8, at our stated meeting. The Night Social Committee will be serving after Shrine. Our September 22 meeting will be Friend's Night. Let's all renew our friendships and encourage a member to attend our meetings with us. Surely the sojourners will be hummin' with news of vacations and other summer activities. Our first fall meeting usually resembles a family reunion — with lots of chatter and smiling faces spreading goodwill everywhere. Won't you join in the activities?

Bring in those petitions for membership — we still need some to add to the class from June. Plans are still being made for the Johnny Appleseed Festival — are you working on your handicrafts? Please sent your items to Shrine — better yet — bring them to the September meetings. This project is for all members of Shrine — MEN and WOMEN. Let us make it a huge SUCCESS.

We will also be calling you to help us serve at the Scottish Rite. If you haven't been called and are willing to work — call me (745-3308) I would be happy to hear from you.

Plans are also being formulated for State Association in Indianapolis, October 14. Dinner reservations need to be made with Doris Proehl — money must accompany reservations. The meeting will be at the Holiday Inn, I-70 and Shadeland Avenue — for those interested in staying overnight, motel reservations should be in early.

Tomorrow's Task

Ley thee down now, my son,
and take thy rest.
For tomorrow's trials,
tomorrow's tasks will call
Thee at break of day.
When thou dost rise up
with the voice of the bird.
At break of day,
strive only at the task at hand
Till done—
the next will await its time in line.
And as thou strivest to finish each
ashlar alone,
Pray not for strength,
but for other tasks—and more.
For herein lies the success of
man that, at sunset,
Site beside his door,
at peace —
With himself, his Brother, and
the Master Workman,
Even his God.

Are We Doing Right?

From a natural result of an increasing awareness of the mutual interdependence of the people of the world, brought on, no doubt, by the rapid march of events of world-wide significance, almost daily attention of the Craft is being called to its greater responsibility toward these present-day problems. Therefore, we ask — "are we doing right?"

Inevitably this brings forward discussions as to stand and principles that Masons should assume on this subject. Much has been declared and many statements have been made in the Grand Lodges of Masonry as to the stand the Fraternity should take regarding the rapid development of affairs throughout the world.

Some Grand Lodges issued and adopted statements of principles whereby discussions of creeds, politics or other topics apt to excite personal animosities be specifically prohibited within tiled doors. On the other hand — at least one Grand Lodge took another position, which it made official by adopting the following statement of Masonic principle: "That Freemasonry stands unalterably for the fundamentals of free government as set forth in the basic law of the United States of America and opposed to all philosophies of government — which involve the loss of individual liberties of any section of the people, and which rely for the education of the youth upon the promulgation of controlled information and upon vicious and false propoganda, instead of the free dissemination of truth and of individual thought and ideas. Of such is the essence of Freemasonry."

The question of Masonic principle involved in a definite stand is whether a Masonic Body, when it declares itself for or against a certain system of government, enters the arena of partisan politics, as such. Most Masons today maintain that in its highest sense, politics is the science and art of fundamentals of Democracy. We must, therefore, as Masons be deeply concerned.

The Golden Chain Of Friendship

Friendship is a Golden Chain,
The links are friends so dear
And like a rare and precious jewel
It's treasured more each year . . .
It's clasped together firmly
With a love that's deep and true,
And it's rich with happy memories
And fond recollections, too . . .
Times can't destroy its beauty
For, as long as memory lives,
Years can't erase the pleasure
That the joy of friendship gives . . .
For friendship is a priceless gift
That can't be bought or sold,
But to have an understanding friend
Is worth far more than gold . . .
And the *Golden Chain of Friendship*
Is a strong and blessed tie
Binding kindred hearts together
As the years go passing by.

From Collected Poems of
Helen Steiner Rice

How Rich Are You?

You are richer today than you were yesterday if you have laughed often, given something, forgiven even more, made a new friend, or made stepping-stones of stumbling blocks; if you have thought more in terms of thyself than myself, or if you have managed to be cheerful even if you were weary.

You are richer tonight than you were this morning if you have taken time to trace the handiwork of God in the common place things of life, or if you have learned to count out things that really don't count, or if you have been a little blinder to the faults of friends and foes, or if you have looked for the best in others and have given others the best in you.

— Trestle Board, Jacksonville, Florida.

Pity The Principal Speaker

Many a time at luncheons and dinners I have sat and felt sorry for the poor principal speaker.

For instance, at a recent national convention where I was present the principal speaker was a big man in American industry. He had traveled five hundred miles to deliver a serious address. Before he was given the floor these things had to go on first: Introduction of distinguished guests, many of whom had to get up and give little orations of their own. Introduction of the toastmester with whet was supposed to be a funny story. Remarks by the toastmaster. A full hour of third rate vaudevilla including a mediocre ventriloquist, a torch singer who couldn't sing, a trumper player who almost broke our ear drums, and a magician whose tricks had whiskers.

When the principal speakar finally arose to speak the hour was late, the audience was exhausted and he didn't have a chance. Out of courtesy to the sponsoring group he went through with the talk, but he was licked before he started. I have a lot of sympathy for a speaker who in a similar predicament is reported to have said: Ladies end gentlemen, I don't know what you are going to do, but as for me I'm getting — out of heral

Experts say that good speakers spend from a half hour to as much as one or two hours in preparation for each minute they expect to speak. They deserve adequate time and an eager, alert audience.

Have special sessions, or meetings, for the horseplay. Don't steal precious minutes from the man who, at a big sacrifice in time and expense, has come to inform and inspire you on a vital subject. Cut down on the preliminaries. Clear the decks for the principal speaker. Give him a chance to do his best.

Humility Of The Wise

The smarter people are the less they know. It is pretty hard actually to know anything. Wise people skip the "I know" bit and say, "I believe such and such to be the case — but I could be wrong."

History abounds with examples of corrected "knowledge." At one time people "knew" the earth was flat. Only a generation or so ago everybody "knew" that man couldn't fly. And a surprisingly short time ago all of us "knaw" how absurd it would be to think that a person could sit at home and watch a ball game played on the other side of the continent, or listen to a symphony an ocean away.

Knowledge is an accumulation of beliefs, based either upon authority or upon personal experience. It is the hall mark of a wise man that he realizes that what he thinks it true may — or may not — be true. That is why most scientists are so humble.

Masonry and Life

They asked him "Why do you spend so much time in the work of Masonry?" and he answered: "Because I heve found thet Masonry hes made my life richer and heppier."

If Masonry makes a person a better person, a wiser person, a happier person, it is worth all the time and effort thet the Mason puts into it.

Its influence extends far beyond the person himself. It reaches out to one's family, and into the life of the community.

What man engages in that will enrich him mentally and morally is reflected in every area of life. Especially is Masonry a vital factor in a democracy where in the people are largely responsible for the conduct of government and in which they control velues.

Within a Masonic Lodge the Mason is presented the pattern of freedom and equality, the dignity of reverence, and a clear-cut picture of life as it should be lived.

The practice of Masonry becomes the performance of life.

The teachings of Masonry, presented in symbol end allegory, become the measure of values in the world outside. We learn by witnessing the ege-old ritual, by repetition of truths that are eternal. To forever retrace our steps from the contemplation of e higher life to life itself, is to create hebits of mind and heart that will prevail amidst stern realities.

Yes, there is a sound reason for the giving of our time end efforts to the work of Masonry. Masonry works for us as we work of Masonry.

I Don't Like Masonary

I have been a member of the Masonic fraternity for many years and am now e professional Mason. But I have never knelt at the elter of Masonery and I do not like Masonery at all.

But, I do love Masonry and Freemesonry, as it is perhaps better known.

Heve I contradicted myself? Net at all. I am simply calling attention to some of the ell too common misspellings of two words that should have deep meaning to every Mason and should be so much a part of each Mason's vocabulary that no Mason would ever spell "Mesonry" in the incorrect manner of "Masonery" or "Masonary."

Yet these spellings come before us every day in letters and oven lodge trestleboards or newsletters. Dne might be given to wonder if these misspelling "Masonary" members actually know to what it is that they belong. Most of them do, I believe, but just are careless in that they write too hurriedly without checking up on their spelling.

Here's where the "alter" could well come in. "Alter" is not the piece of furniture commonly found in a lodge. "Alter" is to change. Look it up in the dictionery. So, Why not ALTER "Masonery" and "Masonery" to MASONRY end FREEMASDNRY, end while you are et it alter "elter" to ALTAR, which is what it really is.

While you have the dictionery out, try to find the word "brethern." It will take quite e while, because there is no such word — although we hear it often in many lodges. BRETHREN is the word, brothers, not brethern. Let's alter that one, too.

Keith Arrington,
Assistant Librarian
Iowa Masonic Library

Happiest Man

The heppiest man in the world is the common, everyday chap who makes his own living, pays his bills, has e little money as he goes elong, but doesn't strive to get e corner on the local output, end is e slave neither to ambition nor society.

He loves God and his fellow men; thinks "there is no place like home," the haven of rest; prefers the company of his family to that of anyone else; never has to sit up nights to poultice his conscience; believes in the doctrine of live end let live, and when he encounters one of the needy, he doesn't stutter with his pocketbook.

The plain men is happy to be satisfied and does not spend the best of his life yeerning for things four sizes too large for him.

Tribute To Masonry

Nine and forty yeers have passed since the main Seettle Masonic Temple was dedicated to the glory of God end the service of Man.

It was on Thenksgiving, November 30, 1916, that the Grand Lodge of Washington, opened in emple form to consecrete the imposing structure to the practice of Universal Benevolence.

Dn this memorable occasion, the address was given by a silver tongued orator, Rev. Brother Carter Helm Jones, pestor of the First Baptist Church. His oration was outstanding end shines out in the archives es e tribute to Masonry that time cannot dim or detract from its poetic eloquence. It is as meaningful today as it wes a half century ago. Quoting from his remarks:

"Masonry is an atmosphere and its breath ceme from God Himself.

"Masonry is an attitude, the noblest ever assumed by the children of men.

"Masonry is en influence thet has run rhythmic with every stream thet sang its wey from fountain to sea, that has influenced every age, and every race and every clime. It is e cosmic heart, whose music is the ogligato of the epic poem of humanity."

Summarizing, the speaker elaborated on the "Message of Masonry to the Men of Today," as follows:

"Have faith in God. Masonry brings a message of Brotherhood, of Heroism, of Service end Patriotism."

In conclusion he said with deep feeling:

"Let Masonry bring this message today from this our new Temple: Love our Country thet is passionete in its devotion, thet loves its institutions and its ideels; thet dreams dreems for its future as it evokes the noble memories thet teach us the lessons of the yesterdeys; e love of Country thet stends guard whenever, within or without, one finger is leid upon its basic truths or upon its secred institutions."

Words of good counsel from e worthy Brother, sincere in his belief in Masonry end in his devotion to his country.

His message is es timely today es it wes long ego, his wise counsel es sound as it will be e half century hence.

Real Freemason

The reel Freemeson is distinguished from the rest of menkind by the uniform unrestreined rectitude of his conduct.

Dther men ere honest in feer of punishment which the lew might inflict.

They are religious in expectetion of being rewarded, or in dreed of the devil in the next world.

A Freemeson would be just if there were no lews, human or divine, except those written in his heart by the finger of his Creetor.

He kneels before the universal throne of God in gretitude for the blessings he hes received end in humble solicitetion for his future protection.

He venerates the good men of all religions. He disturbs not tha religion of others.

He restrains his pessions because they cannot be indulged without injuring his neighbor or himself.

He gives no offense because he does not choose to be offended.

He contracts no debts which he is not certein thet he can discharge because he is honest in principle.

A Timely Admonition

Masonic education is not a senseless luxury to use when we are not conferring degrees. It is en essential part of our work and continuing obligation, if men are to be made Masons, and if Masonry is to hold fast to its ideals. Yet, what we learn and believe as Masons can never be expressed alone behind tiled doors.

We are a universal freternity end wherever we find ourselves in conflict with forces thet would destroy the freedoms we cherish and those values we have learned within our Craft, there must we, as Mesons, proclaim by our lives, demonstrate by our actions, and teech by our examples the overwhelming velue of these freedoms, that men the world over may join with us in preserving the way of life that produces the highest good for mankind. Thus we must ever be faithful to our Creft, alert to dengers that mey threaten, supporting the good that exists, and be ever mindful that the eternel God has made each of us "his brother's keeper."

Who Is A Brother?

He who understands your silence.

He who will be a balance in the season of life.

He who considers your needs before your deservings.

He who to himself is true, and therefore must be true to you.

He who, when he reaches the top of the ladder does not forget you if you are at the bottom.

He who is the same today when prosperity smiles upon you, end tomorrow when adversity end sorrows come.

He who cheerfully comes in when all the world has gone out, who weeps with you when the laughing world is away.

He who guards you interests as his own, neither flatters nor deceives, gives just praise to your good deeds and equelly condemns your bad acts.

He who is the same to you in the society of the wealthy and proud as in the solitude of poverty, whose cheerful smile sheds sunshine in every company.

He who rejoices at your good fortune, condemns your faults, sympathizes with your sorrows, is at hand to help in misfortune, and is a safe fortress in trouble.

Going Up?

"Everything is going up!" Wall the rain's still coming down; there's no tax on sunshine, or the red and gold and brown of autumn leaves, or on the snow that makes a mountain crown.

"Everything is going up!" But bird songs cost no more; no twenty per cent for luxury on the jasmine round the door; and moonlight in my garden's inexpensive as before.

"Everything is going up!" But the price of joy's the same; it costs no more to work or sing, or fan the ancient flame of love; and to a comrade's smile we still may stake our claim.

"Everything is going up!" Come, come, what's that you say? The things that really matter cost just the same today. The broad blue sea, the mountain tops, the trees, the rain, the sky; they're tax exempt forever — oh lucky you and I."

Human Nature

No generation of men in th history of the world has enjoyed greater advantages, better oppor tunities and broader possibilitie than our own. Science has pre sented to our generation an open sesame to most of the secrets o the universe. Never before ha there been such a degree o mastery over the forces of nature. Mechanically and materially we have enjoyed a succession o miraculous phenomena. Education has virtually banished ignorance, illiteracy has become a fast-ebbing tide; enlightment has opened up limitless possibilities for man.

What Is A Friend?

An English publication offered a prize for the best definition of a friend, and among the thousands o answers received were the following:

"Dne who multiplies joys, divides grief, and whose honesty is inviolable."

"Dne who understands our silence."

"A volume of sympethy bound in cloth."

"A watch which beats true for all time and never runs down."

Here is the definition that won the prize: "A friend is the one who comes in when the whole world has gone out."

It's The Truth!

People have come to me with plans to make over society and its institutions. Many of these plans have been excellent, but all had one fatal defect. They have assumed that human nature would behave in a certain way. If it would beheve in that way, these plans would not be necessary, for in that case society and its institutions would reform themselves.

A Test Of Friendship

Once a rich man said he would divide his fortune among his friends, if only he knew who they were.

Years passed, and at last the man died — in a midwinter blizzard. His last request was that the funeral be held at 4 o'clock in the morning.

Although scores had boasted of being his intimate friends, only three men and one poor woman turned out, to stand redeyed and sad beside his grave.

When the will was read, it directed that his estate be divided equally among those who attended his funeral.

Friends are much scarcer than we think!

Charity

The greatest charity which Freemasonry provides for its members is charity of thought. The greatest relief it can render is relief of the spirit.

And the most beautiful charity of all, charity of opinion. This we can all give in large measure pressed down and running over thirteen to the dozen.

Let us not be the judges of our brother. Let us not try to make ourselves the keepers of his conscience.

Let us, indeed, "In the most friendly manner remind him of his faults," but let us first be very sure that our own houses are not of glass.

Let us speak no ill of a brother, let us keep our critical thoughts to ourselves.

Let us remember that as we judge him, so must we be judged; that the Fraternity and its reputation do not depend upon what we think of him, but what the world thinks of us.

Patriotism

PATRIOTISM is devotion to one's country. These few simple words are easy to memorize but many do not fully understand all they entail. Let's consider the essentials:

A patriot is one who acquires an understanding knowledge of his country's history.

He understands his country's Constitution and the philosophy behind it.

He approaches the solution to his country's problems on a long-term basis.

He supports the official policies and laws of his country. When he considers that there should be changes, he helps bring them about through established methods and procedures.

He supports education, social justice, charities and benevolences, religion, youth and community activities.

He considers the payment of just and necessary taxes to be an investment in his country and its future.

He takes an interest in good and efficient government on all levels.

He scrutinizes candidates for all public offices and the issues involved, and votes what he believes will be the best for his country.

He projects an industrious, ethical and moral image in the handling of all situations.

He radiates an enthusiastic and positive approach toward his country.

If one follows these few requirements well, he will be an outstanding patriot. Many will honor him as a true statesman.

Time

Time is a badly-maligned thing.

Everybody is always saying "I just didn't have Time." Or "Time caught up with me." Or "Time passed so quickly." Or "I just didn't know what Time it was." Or, "Time goes by."

My friends, Time doesn't go anywhere. Time stays. We go.

Whether or not that has anything to do with the Einstein Theory I'm not qualified to say. But I am sure that Time stays and we go.

For one thing: Time is always here. We're not. The Time we say we waste is simply a vapid generality and, like most generalities, is false, to say the least. Or, at most, dangerous.

Many instances I have said to myself, "Oh, the Time I have wasted!" It really wasn't that I had wasted Time. More truly, it was that Time had wasted me. Time had been there all the while . . . just waiting for me to make up my mind to do . . . what?

So, during the period when I was supposed to do something, what happened? I didn't lose Time, because one never loses Time. I lost opportunity. Opportunity is vastly different from Time. Opportunity may be timely, but it's not Time.

Everyone has time. Time is always standing fast, begging to be used. Time has nowhere to go. And it loves to be used. Time feels that it has a function.

Time can't waste time. But Time can waste us. Expecially if we don't use it.

Speaking personally, there's nothing more pitiful than someone whom Time has wasted.

A Great Mason

Once there was a Mason who found it really hard to learn the ritual and he never was much help in conferring the degrees. He was extremely self-conscious and had no real ability to fill positions of authority; he was not officer material and he never held a lodge office. He never achieved financial success and so could not be one of the larger contributors to lodge charities or the building fund. In all these respects he was a rather insignificant Mason.

He did attend every lodge meeting he possibly could, always arriving early enough to assist the Tyler and Stewards in getting things ready.

He was a steady and hard worker on the building and grounds committee; he mowed grass, repaired seats, patched the roof, helped paint the lodge, set out shrubbery, unstopped the plumbing — no task was too distasteful.

He visited the sick and the widows. He went to see and talked with that brother who had suddenly stopped attending lodge. He made sure that each visiting brother was never made to feel a stranger. He praised the officers, encouraged new members, put his arm around the shoulders of any who were troubled or discouraged, and he had a smile and a cheery "Hello, my Brother" for all he met, every time.

Eventually he died. The church could not hold all those attending his funeral. Even the cemetery was crowded. The next meeting of the lodge was just not the same; every member missed him, terribly.

An insignificant Mason?

Certainly not! He was a GREAT Mason! Perhaps no greater have ever sat in lodge.

Who was he?

Nobody in particular. Most lodges have known him, or his like. And he, as someone like him, is still around, still attending his lodge, still doing all those little things. Are we treasuring him and honoring him? Certainly we ought to, for he is a GREAT Mason!

Gretings, Brethren:

With the coming of fall it is time to be thinking about attending lodge. The Entered Apprentice degree was given on September 1B. The work was given by 8rothers Vonn Hoffman, Richard Pfieffer, and Oavid Simon. These brothers all did a tremendous job after not giving degree work all summer. Special thanks to Oavid Simon, who gave two lectures.

At the stated meeting in September Brother Vonn Hoffman was installed as Junior Oeacon, 8rother Richard Pfeiffer was installed as Senior Steward and 8rother William Shuler as Junior Steward. Our former Junior Steward, 8rother Gary Hubbard had to drop out of the line because of e conflict in work.

Our annual Lodge of Instruction will be on October 5 at 7:30. We will be giving the Master Mason degree along with Maumee Lodge.

Set aside October 20 for our annual Father and Son dinner. If you don't have e son, daughters are also welcome this year. We will be sharing with South Gate Lodge again this yeer. Dinner will be served at 6:30 p.m.

The lodge had Masonic Services for 8rother Melvin Faust on September 13. We offer our sympathy to the family and friends of our deceased brother.

We do have e candidate under investigation, so we hope to have degree work in October. Try to come out and see your officers and Past Masters put on the work. It is always encouraging to see brothers on the side lines. Hope to see you in Lodge.

Brethren:

We are beck in the full swing of things at Maumee Lodge. We will be busy in October with three (3) candidetes, and our Annuel Lodge of Instruction which is October 5.

I have been working on our Annual Ladies Night which will be held on November 15, 1978 at the Masonic Temple. The tickets will be ready at stated meeting October 4. The tickets are $3.00 per person, so let us all meke plans to take our ladies to a fine night out.

Some of you may heve read "The Bridge Builder", which tells of the old man who walked a lone highway and came at night to a chasm vast, deep and wide. The old man, beceuse of his vast experience, had little trouble in crossing the sullen stream, but when he was safe on the other side he turned to build a bridge to span the tide. A fellow pilgrim, you will remember, asked the old man why he stopped to build the bridge when his journey would end with the ending day and he would not again pass that way; and the old man replied, "There followed after me today a fairhaired youth. This chasm which has been naught to me, might to him a pitfall be. He, too, must cross in the twilight dim; I am building this bridge for him." We as Masons build bridges for those people who follow us, so do something nice, visit your Symbolic lodge. We have a lot of bridges to build.

Brethren: Summer is gone and fall is coming, with its many colors. Doug Enche received a promotion from his firm and has moved over seas for six months to train technicians from Morocco to fix radios. This promotion forced him to drop out of our line of officers. The necessary change has not been made at the time I must write my letter so I will give you our new officers in next months letter.

We expect to have two candidates for the degrees in October. One hold over from September and one to be voted on at the October stated meeting. Our schedule is stated meeting at 7:30 p.m. on October 4; E.A. at 7:00 on October 11; F.C. at 7:00 on October 18, and M.M. open at 5:30 on October 25 for the first section, have dinner about 6:30 and finish the degree about 7:30.

Foundation Stones

The colonists who came to the shores of America brought with them, in large measure, the same ideals that men had long loved and precticed in the Masonic Fraternity. It is easily understood then, that these ideals were later introduced es the very foundation stones of our government.

Be Loyal

According to Webster, to be loyal is to be faithful to one's obligetions, to be faithful to our leader, and show faithfulness to obligations.

Let us give a little thought to one's obligations, not only to friends but to the solemn obligation you end I took while we knelt at the Altar with our hands clesped around the Bible. Perhaps it would be well for us to do a little reviewing of these obligetions, especially the phrase "I will speak no evil." Have you ever had the heartache of some unkind person speaking evil of you just for spite, jeelousy, or perheps just to irritate you? You'll find it isn't a pleasant experience. This type of person is not loyal to God, to his Church, his home, or even to himself. Wouldn't it be loyel in every respect to check for the truth rather than the evil in a person? When we find it necessary to speak of another person it would be wise for us first to put ourselves in that person's place end then ask ourselves those kind words; are we being loyal to our obligation? Stop and think!

The chief glory in the crown of manhood is loyalty.

— Exchange

Sooner Or Later

Robert Louis Stevenson declared that sooner or later everybody sits down to a banquet of consequences. That suggests the solemn reminder of the Master Teacher that men cannot expect a harvest of grapes from thorns or of figs from thistles. At the banquet of consequences, to which every person, every nation, and every civilization is bound to come, there may be found on the menu some bitter fruit; and printed on that menu is "You sow an ect and reap a destiny."

The Creator has put us in a universe which is not whimsical or haphazard but which, while it is all love, is also all law. Confronting all lawbreakers on the highweys of God's world are angels with flaming swords and no traffic tickets can be fixed.

— Exchange

Considering the commonly expressed opinions about attendance end participation in Masonic activities, one is led to the embarrassing conclusion that the average Brother is still in the dark about the commitments he made in his obligations. Those are a secret to him because he has never been required to perform on the level of those commitments. A man does what he has learned to enjoy doing, or what he has been challenged to perform.

As a result the average Meson lacks that pride in his Freternity which would help to make him a living, acting demonstretion of the aims and teachings of Freemasonry.

— Conred Hehn, 1963

Masonic Courage

We cannot turn away from our world of today, of events end progress, and expect to find sanctuary in a world of make-believe. We do live in a period thet is both exciting end terrifying.

It is importent then, that we have an attitude toward life thet will support us in the midst of cold reality. It is vitelly important thet the Masons stand firm on the old, the tried and true principles of Justice, of Integrity, of Faith end e Trust at e time when it is easier and simpler to edopt a fetelistic ettitude, one of disgraceful defeat.

It is also time when the Meson must resist the lure of expediency—the doing of things which cell for the totel abandonment of all thet is old, the desertion of secred truths, the retreat from fundemental teachings as recorded in Holy writings.

As Mesons we have the spirituel, the mentel and moral training which enebles us to look the present in the fece, to maintein our composure, end put to flight feers that are more dengerous than conditions which surround us.

It is not what science may bring into the future thet is of supreme importance. It is what we as Masons will bring into the future which will decide the destiny of our country. It is impossible to heve every material desire granted, and yet be destitute if we do not identify progress with the moral development of the individual.

The present calls for neither an outburst of optimism, nor the lament of pessimism, but rether for a firmer grasp of the things of the spirit, a celm appraisal of conditions, end a renewed determination to use the tools of Masonry to restore both sanity and sanctity.

True friendship is ever fine end beeutiful but it is not eccomplished with hendshaking. There must be en exchange of something werm end sweet, something thet will enrich the heart with heppiness. There must be some service, no metter how small, that will endure.

Knowing many people does not necessarily mean having meny friends. True friendship is not based upon how meny people we can call by their first nemes, but by what we have willingly done for each other. We mey meet meny people in the course of e short time and then not see them egain for many years. Perhaps we recognize their faces but do not know their heerts. That is not friendship — but mere acquaintance, for there can be no real friendship where the heart is not involved or revealed. Many hendshakes were given et our friends night end something more, the warm sweet something thet makes us of Shiloh know we heve friends in you who came to our meeting. Thank you sincerely from our hearts and your friends.

It is fine to say "Good Morning" it is great to say "Hello" but it is better still to grasp the hands of the loyal friends you know; for the look may be forgotten, the words misunderstood but just the touch of a friendly hand, is a pledge of brotherhood.

We now have six months of our term over — half way — we have lots of work ahead of us — support us — we need you — we miss those of you who are physicelly unable and cannot ettend — to those who are able, please join us while you can.

How did you like our Chili Supper — good huh? — warms the whole body for the fall months coming doesn't it!

October 12th will be our Past Matrons and Patrons Night banquet at 6:30. Please ell of you who can attend do so. Come once again and reminisce when you were an officer for these pasts — takes you back a few years end everyone likes to go back to the past sometimes — memories are beautiful — come reminisce with us.

October 26 is our Helloween Party, come this night — you might really have the best time of your life. The only reeson I can think of that anyone would stay away is because they are afraid of goblins — now really you don't really believe in spooks and ghosts and goblins and those things do you. Course not — come see — you'll never know if you don't teke part — end you mey be mad et yourself for not ettending — think about it until the 26th end then be there, o.k. I'll be looking for you.

We want to wish ell of you born in the month of October a very, very Happy Birthday end many, many more to come.

All of the October Committee meetings will be held et the home of our Worthy Matron Lucy Cutting, 1318 Pemberton, on the reguler committee day and time. See ell of you there on your day.

I'll mention end remind ell of you of the November 1st Card Party and Bazear, some of us will not receive the Square end Compass before that dete — get your little

If a task is once begun
NEVER leave it till it's done
Be the labor great or small
Do it well or not at ell.

Actions repeated long enough become automatic. Let us pause long enough to analyze Our Actions. Are they "Becoming" to a member of e Masonic Order? Are they a part of Our Obligation — taken upon our Holy Bible? Think about it sojourners — the future of Our Order depends upon it. Are you upholding the simple religion of Christ? Just Suppose

Suppose your membership (as a Mason) was good for one year only, and thet re-election to the rights and benefits of Mesonry depended upon the good you had done in the lodge during the year. Would you be reinstated or not?

Suppose there was a long list of those waiting to obtain membership. Would you be more alive to your obligation to support your lodge?

Suppose you were called on to explain just why your lodge should keep your name on the roll. Have you a record of helpful service to offer in your defense?

Suppose every member in the lodge did es much for Masonry as you ere presently doing. Would more seats be needed, or would the lodge be "dark" half of the time?

Suppose you were to set he pattern for attending your lodge. Would your lodge grow and expend, or would it be forced to disband?

I Am My Brother's Keeper

That I em my brother's keeper is truly a part of my life is demonstreted in every avenue of life. whether I am ready to admit it or not.

In the great crucible of life which we shall call service end sacrifice, we find the base metals of greed, avarice and selfishness ere left es the cross of life.

If my brother would heve me go with him one mile, that definitely is my duty. When we gladly add a second mile to this, that is a blessed privilege. Masonry puts into a man's breast the service of the second mile. It is when we realize that the mission of Masonry to the individual is to uplift his character and create within him a nobler manhood.

Masonry Goes Underground

Six hundred feet from the opening of the underground limestone quarry of Olive Hill, Kentucky, is a room formally set aside as e chapel for religious services for the workmen of the quarry. This chapel is now used exclusively by Masonic bodies and has been fitted with stations for the officers, Altar, etc. The pedestals end Altar are big blocks of locust some three feet in diameter. The chapel has been visited by Freemasons from every state and Canada. Ripley once reported it.

I Am Freemasonry

I AM FREEMASDNRY: I wes born in antiquity, in the ancient days when men dreamed of God. I have been tried through the eges end found true. The crossroads of the world bear the imprint of my feet, and the cathedrals of all nations merk the skill of my hands. I strive for the beauty and for symmetry.

IN MY HEART is the wisdom and strength end courage of those who esk. Upon my altar is the Book of the Holy Writ, and my prayers are to the Dne Dmnipotent God. My sons work and pray together, without rank or discord, in the public mart and in the inner chamber. By signs and symbols I teach the lessons of life end death, and the reletionship of men with God and of man with men.

MY ARMS ARE WIDESPREAD to receive those of lawful age and good report who seek me of their own free will. I will accept them and teach them to use my tools in the building of men, end thereby, find direction in their own quest for perfection so much desired and so difficult to attain.

I LIFT UP the fallen and shelter the sick. I hark to the orphan's cry, the widow's tears, the pain of the old and destitute. I am not church, nor party, nor school, yet my sons bear a full share of responsibility to God, to country, to neighbor and themselves. They are freemen, tenacious of their liberties and alert to lurking danger.

AT THE END I commit them as each one undertakes the journey beyond the vale into the glory of everlasting life. I ponder the sand within the gless and think how small is e single life in the eternal Universe. Always have I taught immortelity, and even as I reise men from darkness into light, I am a way of Life.

I AM FREEMASONRY.

The Lodge — Its Relation To Religion

At first sight it might be supposed that Masonry claims to fill the function of religion and that it is, therefore, antagonistic to it. But it makes no such claim. It formulates no dogma, the acceptance or rejection of which ensures eternal salvation, or the opposite. It simple demands three generel principles of Faith, common to all religions. These ere:

First — That there exists an almighty creative power, infinite, eternal and beneficent, that rules all things end whom it designates "The Great Architect."

Second — That this Divine Architect, by Inspiration end Creation, hes leid down His Plan of Life for our government and guidance.

Third — That the Human Soul is immortal.

These three central truths of Masonry are the foundation of ell its teachings. That the Creator of All has revealed a plan of life is acknowledged by all religions. Masonry says each must read that plan according to his conscience. He must choose his own religion. Then, end not till then, begins the work of Masonry. The lodge exists as a place wherein Masons of various creeds and different religions may work in peace and harmony to the plan of life, but it does not pretend to declare, or to reveal, that plan. The conscience of each man must determine that. It only determines and teaches the method and way of working to the plan that may be accepted.

How Good?

Several farmers, idling away a rainy day at the crossroads filling station, got to arguing the merits of various church denominations. All expressed opinions except one old, grey-bearded man who sat quietly whittling but listening attentively.

Finelly, some one asked, "What do you think, Grandpa?"

"I'm thinkin'," replied the old man, "that there are three ways from here to the cotton gin. But when you get there, the ginner ain't goin' to ask which way you took. He's goin' to ask, "How good is your cotton?"

Words, Language

Among cultured people there is perheps no greater source of annoyance then the careless use of words. Colloquielisms and slang may be passable at times, but the less these are used, the better. The English language is replete with a stock of words possessing every possible shade of meaning. Hence there can be no valid excuse for the common habit of using words which offend. And of course, the use of profane words et any time is inexcusable.

— Andrew Carnegie

"Civilization is a limitless multiplication of unnecessary necessaries."
Mark Twain

A road map tells a motorist everything he wants to know except how to fold it up again.

A well-known business executive tells about a salesgirl in a candy store who always had customers lined up waiting for her while other salesgirls stood twiddling their thumbs.

The owner of the store noted her popularity and asked for her magic secret.

"It's easy enough," wes the answer. "The other girls scoop up more than a pound of candy and then stert taking it away. I always scoop less than a pound and then add to it."

A Smile

Nothing on earth can smile but man. Flowers cannot smile; this is a charm thet even they cannot cleim. It is a prerogative of menkind; it is the color which love wears end cheerfulness and joy — these three. It is a light in the windows of the face, by which the heert signifies it is at home and weiting. It costs nothing but creetes much. It enriches those who receive without improverishing those who give. It heppens in e flash and the memory of it sometimes lests forever. None ere so rich that they can get along without it and none so poor but they are richer for its benefits. It creates happiness in the home end fosters good will in business. Yet it cannot be bought, begged, borrowed or stolen. It is something that is no earthly good to enybody till it is given away. If at times you meet someone who fails to give you a smile, may I ask that you give one of your own? For nobody needs a smile so much as those who have none to give.

What's Your Answer

(From The Short Talk Bulletin, published by The Masonic Service Association.)

A Mason is sometimes asked by e friend, a nieghbor, or a business associate, "What do the Masons *do*?" The question may be worded more generally, "What *are* the Masons?"

In either cese, the Brother is challenged by the realization that there is no simple answer which he can rattle off "from the top of his head," because the questioner is really asking him for a comprehensive explanation about whet organized Freemasonry is, what its principles and purposes are, what programs it is engaged in, how it carries them out, end whet satisfactions the individual Mason derives from his Masonic membership.

Some of these consideretions arouse the fraternal doubt that "you can't tell that," or "that's secret," so that the Brother's reply is marked by hesitation or reluctance to explain.

Puzzled by the difficulty of knowing what facets of the vast subject of Freemasonry the questioner is really inquiring about, the Mason "just doesn't know where to begin" end too often may avoid a simple statement of facts. He isn't sure of what to say.

Or, knowing that his questioner is a "practical man of affairs" who measures outcomes quantitatively, in materialistic terms, he realizes that Freemasonry's reputation cannot be explained by charts, stetistics, or financial statements, because the Freternity's real worth can be expressed only in spiritual terms, and that is rether difficult to explain to the uninitiated. Masonic terminology, the most comfortable words with which to reply, seems inadequete or out of place. Masonic "secrecy" gets in the way.

Embarrassment is probably the commonest cause of a Brother's difficulty in replying to the question. He is embarrassed because he realizes that he doesn't really know enough about the Fraternity to give a good simple reply. He knows that there is much more Masonic activity going on in other lodges all over the country and throughout the world, but he has never taken the time to experience some of it or to read about it with real interest. He hasn't given much thought to the subject. He never expected to be esked such a question by a non-Mason outside the lodge. Even though he has *experienced* Masonry, he has never tried to express in words just what Freemasonry means to himself.

A well-informed Brother, therefore, will prepare himself for the possibility of being asked such a question. Even though no one ever asks the question, he will have the confidence of knowing whet Freemasonry means, especially to himself.

First of all, he will determine to give a *Masonic* answer, one which asserts the real nature of the Fraternity as a spiritual force, as "a way of life" which seeks to improve men morally and spiritually, by associating with other idealistic men who want to improve the quality of life around them by means of a brotherhood which emphasizes the Fatherhood of God.

In an age which derides ideals, absolutes, the concepts of law and order, and advocates relativism instead of standards of excellence, which angrily demands rights instead of responsibility, and which preaches a nihilistic doctrine of individualism (doing your own thing), Masons find it difficult to explain the Fraternity's idealism and its charitable and educational purposes, But it must be done. A Mason must give a Masonic answer to the question, "What *are* the Masons."

There are really so few "secrets" which a Mason is required to keep, and so much that he should be proud to proclaim to others, that his principal concern in enswering questions is probably the doubt that he can give an edequete *Masonic* reply.

The esoteric perts of the rituel work, the grips end pess-words of the three degreas, these are really the only "secrets" which should be kept inviolete. Because it is impossible to communicate to the uninitiated the joys and satisfactions of brotherhood experienced in "the lebors of the lodge," this too becomes e secret because it is inexpressible.

But there is so much that cen be told about Freemasonry, ebout the particular lodge, about the individual Mason, that the real problem in answering the question, "What do the Masons do?" is to say only enough to satisfy the questioner without boring or distracting him.

He can point out that Freemasonry is an educetional organization. By means of the ritualistic ceremonies and other educational programs, Masons learn and teach the truths of morality, justice, patriotism, end the necessity of brotherly love to achieve those universal ideals. Reverence for the Great Architect is inculcated because men ere brothers only if they are related to God as the sons of the Creetor Father.

He can explain that Mesonic meetings, while resembling the meetings of any organized society, have a distinctly Masonic cheracter. They are opened and closed with prayer. They are patriotic because the nation's flag is kept in en honored place in the lodge and properly saluted with the pledge of allegiance. They are opened and closed with Masonic ceremonies to remind the members of the principal purposes of the Fraternity, which ere to develop brotherly love and respect for truth, not the truths of scientific facts of history, but the truths which guide a man to live happily and harmoniously with his fellowmen.

For that reason Masonic meetings do not permit the introduction of discussions ebout secterian religious differences or partisan political opinions. A Mesonic lodge, if it is working seriously, teaches its members the principles involved in attaining a universal Brotherhood of Man under the Fatherhood of God.

A Mason is also free to explain that Freemasonry is a charitable organization, which acts to relieve the distress of local individuels who are victims of calamity, and that it has created programs end institutions to care for its needy senior citizens, or to provide scholarship aid for worthy and needy young people in college. Masonic Homes and Hospitals, Grand Lodge Scholership Programs, Charity Funds, and the Hospital Visitation Program of the Masonic Service Association are examples of such achievements.

Freemasonry is also, but not primarily, a social organization, which arranges speciel meatings to which are invited wives, children, neighbors and friends for the purposes of entertainment and sociability. Masons seek the pleasure of essociating with other members of the community, hoping thereby to reveal the serious and idealistic nature of the Fraternity's objectives.

There is so much that e Mason cen tell ebout his beloved Fraternity. But the way in which he tells it is more importent then what he tells. When a Mason is conscious and proud of the moral and spirituel achievements he hes made through Mesonry, when he has been inspired to display the beauties of friendship, morality, end brotherly love, when he reelizes that his own personal life is the msot importent evidence he can give to show whet a Mason *is*, he usually finds it very easy to talk about the Freternity to his non-Mesonic friends. When he knows that his lodge is a spiritual force, when it is learning and teaching its members the universal ideals of the Craft, when it is ectively promoting charitable progrems end pursuing truth, he will tell what Freemasonry is with conviction and enthusiasm.

But he must know what he is talking about. This essay suggests only in general terms what he can talk ebout. He should be prepared to fill in the details. When he is convinced that he can supply those details, he is ready to answer the questions, "Whet do the Mesons do?" and "What ere the Mesons?"

When he is asked the question he must then decide on how much or how little to sey. A brief but adequate reply is edvised, for if the questioner is not satisfied, he will undnubtedly ask for further information. The following answer is only e suggestion.

"Mesons are men who volunterily asked to join e lodge. They were accepted bacause they were good men who believe in God and hold high ethicel end moral ideals. Thay go to meetings which they call the lodge, in order to learn end to teach whet friendship, morality, end truth really involve, and to practice on e small scale the reality of brotherhood. They also have meetings open to their wives, children, and friends where they promote an understanding of the serious neture of the Fretarnity by entertainment and sociability. Practical programs for charity and relief are planned and executed. The special kinship they feel for each other as e brotherhood is their deepest satisfaction."

Brethran: Hope you all have hed e good summer. It doesn't seem possible that three-fourths of the yaar is gone. I suspect that many have the same feelings of regrat for those things which were planned, end for which thera never was enough time.

I know that all of us become so busy thet we truly believe that we don't hava time for one mora thing.

How meny times heve you intended to visit an old friend, or call on somaone thet hes been ill or homebound for eny period of time? When wes the lest time you took time out to visit someone in tha hospitel thet was not a reletive? These little things thet we don't hava tima for one mora of really mean e lot to the one thet receives our visits. It requires each of us to make time for caring. It also will prevent those guilty feelings thet develop when we fail to perform as we should.

Brathren, this is just a gantla ramindar; for I too feel badly whan I have failad to find time or when I didn't know thet a friand was ill or in need. My hopa is that the balanca of tha yaar that eech of us will look around for e faw mora of tha important things which dasarva a littla of our tima. Responsibility

Responsibility — perhaps this has becoma e misunderstood word in the language of our land. It takes tha permissiveness out of sociaty and requires every man to remember thet each of his privileges has a price. This price is paid in tha coin of responsibility.

When one of our brethren accepts the office of Worshipful Mastar of his Lodge, he must also accept tha responsibility which goes with it. He cannot be Master unless he does so. Ha may wear the jewel; he may sit in the oriental chair, but he will never earn the wages which a Master should have for his labors.

The Worshipful Master accapts the responsibility for the welfare of his members. This does not maen that he must spend tha Lodge funds for them, nor that ha must give them funds or sustananca out of his own storehouse. He is, however, responsible for their heving en opportunity to improve themselves in Mesonry. This means ecquiring e more extensive knowledge of what Freemasonry is end what it does in the lives of men, in his own personal live, and in the community in which he lives.

His Lodge meetings should, therefora, have a portion of the time ellocated to the spreading of the light of Masonic Knowledga. It is not necessary thet the Mester of a Lodge be e Masonic scholar or that he ba e Masonic teecher. He must ramember thet he hes unlimited resources in tha person of his District Educetion Officer end in the form of materiels which the Committee has prepared.

He must impert to his members and leem for himself that the rituals of Freemasonry do not say that the builders of King Solomon's Templa held e Lodge meeting to work on that magnificent structure. No, their work time wes every day in the week excapt the Sabbath which was reserved for the worship of God. Lodga meetings wara held for tha purpose of teaching and for the purpose of fellowship. The overell pattern was a pettern of working together in order to produce a temple which would be pleasing in tha sight of the God of Love and Mercy. It is much the same today.

We do not build with stone eshlars, nor with bricks, nor with mortar. Our materials are tha livas of thosa who coma among us, seeking for something — e batter life, or a better way of life for thair families. A world which thay can leave just a little batter then thay found it because their hands, skilled by practica and their minds, fortifiad by learning, hava anablad them to build thair part of the timalass structura of charactar in accordanca with tha divina plan.

His responsibility is to praserve the past history of the Lodge and to sea that the paga of his record es its Mastar is cleanly end clearly written. His accomplishments may ba many or few, for each Master does not always enjoy the opportunities which all of his predecassors might have had. His responsibility is to make tha most of those which are afforded him. Mainly, he must striva to sea that his is a happy Lodga and that his brathran find in him a raal laeder who will cerry them to higher ground.

Heving comprehended his responsibilities, let the Mester discharge them to the best of his ebility, and he shall heve earned the right to hava thet proud titla of past Mester bestowed upon him.

— Virginia Mesonic Herald

Courtesy

Courtesy is commonly regerded merely es politeness, but it ectually goes far deeper than thet. Politeness represents surfece indications and may be misleading end deceptive, while courtesy emenetes from the heart of en individuel, end one of its first requirements is sincerity. No one cen truly be courteous without being sincere. Hypocrisy end courtesy ere the most deadly enemies of each other. A strong, menly cherecter does not require that one shall heve the same amount of affection for all individuels with whom one essociates, or whose lives mey touch his in one form or enother, but courtesy is required in ell instences toward all people undar ell conditions.

There are certain conditions that erise in lodge where our conduct is fer from courteous, elthough we hava not intanded it to be ao. For instence, two members ere talking when work is being done; criticism of e Brother who is trying to learn the work.

Courtesy is e combination of parts of many qualities, emong them being consideretion, justice, courage end self-respect. Consideration requires thet we be concerned with other people end their happiness, it requires the pleasant ecknowledgement of good service, and an understanding and sympathetic attitude towerd those who render inefficiant sarvice; also a raalization thet tha individuel who has been somawhat inefficient in tha performanca may be deeply affectad by emotions or troubles, or mey maraly ba inexperiencad.

Undar such conditons we may each ba abla to help e Brothar over a crisis which may be of great importance in his lifa, and a littla ancouragamant, a kindly and helpful suggestion may well be the turning point in his carear toward a large measura of afficiency end success.

Grand Master's Regional Conference at Fort Wayne

For the second year, the Grand Master's Regional Conference on Masonic Education will be conducted November 17 at the Fort Wayne Masonic Temple beginning at 7:30 p.m.

Unfinished Land

The wisdom of God is shown in that he left the world unfinished that we might have the interest and delight in taking the Raw Material and putting the world together. He left the oil in the tap rock, the aluminum in the clay, the paper in the pulp, the electricity in the clouds. He left the forest unfelled, the mountains unsurveyed, the canals undug, the tunnels unbored. He left the fields unplowed and unplanted. He left the music unwritten, the poetry undreamed, and the dramas unplayed. He left inventions unapplied and cities unbuilt. He left mind and character unperfected, that we might really be the children of God — created in His own image, with latent powers to take the Raw Materials and put the old world together.

HELP KEEP COSTS DOWN

With the starting of this Fall's printing of the Square and Compass the costs have gone up again.

Uncle Sam has hit us with a postal rate hike which has meant a higher bill for each lodge.

We continue to get far too many returns each month. At 25 cents each, this is an added burden to everyone. Please send your change of address in ahead of time with your new and old address, including lodge affiliation.

We are doing everything possible to keep costs down, but need the help of everyone.

Ossian Lodge Dedicated

Ossian Lodge No. 297 held dedication ceremonies of their new lodge hall Saturday afternoon, October 21. Most Worshipful Grand Master William E. Hepley, presided at the ceremonies, assisted by the Grand Lodge officers.

An overflow crowd jamed the lodge room as the dedication took place. Several lodge officers from the area lodges, including the Scottish Rite, were in attendence.

Following the dedication the annual Homecoming Banquet was held at Norwell High School with 133 in attendance.

Brethran: On October 5, Maumee Lodge and Sol D. Baylass held their Lodge of Instruction, and I am pleased to announce that both lodges received a very good report from the Assistant Grand Lecturer.

The officers of Maumee Lodge have tickets for our Ladies Night Supper. If you haven't purchased your ticket as yet, see your officers. The price of the tickets are $3.00 per person. The time is at 6:30 p.m. on November 15.

Brother George Oebell is working very hard to get the Fellowcraft Club organized. If any of you brethren are interested in taking a part in the second section of the Master Mason degree, Brother George will be happy to get you started.

Our Secretary, Charles Taylor will be sending out the dues notices soon, so save him some time and money by taking care of this obligation promptly. (THANK YOU).

I read a poem the other day which I think does a fine job of expressing Masonry. The author is unknown, but it could be that he is any good Mason.

Do something today to bring happiness
To someone whose pleasures are few,
Do something to drive off sadness
Or help someone's dream come true.
Find time for a neighborly greeting
Find time to delight an old friend,
Remember the years are fleeting
This can help your own troubles to end.
Do something today that tomorrow
Will prove to be really worth while,
Help someone to conquer sorrow
And great the new day with a smile.
For only through kindness and giving
Of service and friendship and cheer,
We learn the pure joy of living
And find heaven's happiness here.

Do something nice, visit your Symbolic Lodge.

We also pass along congratulations from the Grand Master for our "Excellent" rating for our work on inspection.

We have passed two brothers from Entered Apprentice to Fellow Craft during October, and from Fellow Craft to Master Mason. The Master Mason Degree was exemplified for us by our capable Past Masters on October 24. It was a pleasure, in return, to honor the Past Masters on their night.

No lodge on earth could continue very long, or develop any quality in their work without the exemplary example and brotherly assistance of the Past Masters. Our hat is off to them.

With Al White consenting to serve as our new secretary we are looking forward to a period of exceptional service.

Greetings, Brethren:

Well, it's hard to believe that the cold weather is coming already, but the Fort Wayne Chapter will be staying red hot with activities, projects and meetings.

The months of my term are passing by so fast. It seems like only yesterday that we were helping the Shriners at their Fly In Breakfast, or watching the Honorary Legion of Honor ceremony for Ood Bergar and Ood Hollenberg. Well, those activities took place in September, so very long ago.

In October we also enjoyed many fun filled activities. The month started with a meeting on the 11th. The awards challenge was introduced, and highlighted the meeting. The top five officers are challenging the membership to an awards race. The race will be in three main categories. The categories are: Representative DeMolay awards, Leadership Correspondence Course graduates end total new members. For the membership to win they must triple the top five officers number in these categories. So start working on those awards, and try to beat the top five.

On the 15th of October the Fort Wayne Chapter bowling team went to Louisville, Kentucky to participate in the International DeMolay Regional Bowling Tournament. The members of the team were: Ralph Prindle, Bill Hollenberg, Fritz Krueger, Todd Leeth and Todd Tribbett. All of the bowlers made a fine showing at the regional contest, and I would like to congratulate them all.

There was a rush party held on the 21st of October and it turned out to be a very successful activity. Many petitions were gained from the membership committee effort. I would like to thank Brent Wedkins for the fine job he did on the rush party.

The Annual Helloween Party and Mesquerade Ball was held on the 27th of October. There was a good crowd, and everyone had a good time. I would like to thank Dan Bluma for the exceptional job he did on the dance.

Looking ahead into November, weekly bowling starts on the 4th. Anyone who wants to bowl contact Tim Wappes for full details. The initiation that was scheduled for the 17th had to be cancelled and postponed to sometime in December. On the 25th there will be a pool tournament. This will be held on the second floor of the Temple and more information will be forthcoming.

Your Working Tools Are Alike

There has come to our attention an old story of a jealous apprentice, who, whenever his own master was not looking, stopped his own rough toil to watch a master workman who stood on a high platform carving an arabesque in stone, an intricate design of vines, roses, leaves and pomegranates. To see that lovely lace-like pattern grow so easily across the face of the rock filled the youth with a bitter and malicious envy.

"Oh," he groaned to himself, many times, "if I had only all the tools that master uses, what beautiful things could I not make. A far better arabesque than that would spring out from under my hands. But I am too poor to have so many tools. I have nothing but a gavel and a chisel and a gauge."

At a noon hour, and when the Junior Steward was on the opposite side of the building, the anxious apprentice crept up the ladder, planning to steal the tools out of the master workman's bag. When the covetous youth picked it up greedily, to open it with hands trembling in guilt, he found in the bag a gavel and a chisel and a guage.

Many a Worshipful Master has envied his brethren, but this story helps to emphasize the fact that the working tools are all alike. Success or failure depends upon the use made of the tools.

The Plumb

There is nothing mysterious about the deathless vitality of Masonry.

It survives the centuries and makes its way everywhere because of the ideas at the center of it.

Masonry believes in the fundamentals of morality. Philosophers have recorded the statement that the Moral Law Inculcates Love of God, Love of Our Brother, and duty to Ourselves. Masonry makes evident the considered importance of that statement by including it in the Charge of the Entered Apprentice.

The earliest known treaties on morality is said to be found inscribed on an Egyptian monument erected about 4,600 years ago.

Freemasonry lies within it a philosophy of life and the essense of such great and time-honored truths. Thus we see that the natural form of Masonry is morality, from which we are induced to live a true and faithful life.

The main principles of Freemasonry are to live and act uprightly before God and man.

Those who hear the moral teachings of Masonry and do them are likened to a wise man who built his house upon a rock. That ideas is symbolized by the PLUMB. In the lecture to the Entered Apprentice it is said: "The PLUMB admonishes us to walk uprightly in our, several stations before God and man."

Just as the Operative must observe the physical laws that dominate matter, so must the Speculative Mason conform to the great moral laws that govern his being, if his mental building is to be firm.

Freemasonry is to each man what it is to him personally.

I Believe

I sincerely believe that I am a better man because I am a Mason. I believe that my Masonic brothers make my community, my state and nation better, because they are members of this Fraternity.

I believe that Freemasonry gives, and has given me, more privileges as a citizen, and has made my opportunities greater.

I believe that — as a Mason — I am a force for good, and a more effective member of my church. I believe that Freemasonry is one of the most powerful forces for individual freedom ever devised throughout the centuries when totalitarian evil has threatened the greatest gifts given us by God — an unfettered mind and an unchained body.

Let us give thanks for the little things,
It's the little things that count,
By adding all the little things,
Our blessing daily mount.
The peace at night when quiet sleep
Releases all our griefs;
The sunny days when courage comes
From firmness of beliefs,
The joy to see a baby's smile,
The clasp of friendly hands;
The glory that it is to know
Some one who understands.
So let us claim our blessings
With happy hearts that sing
Praise to him and be thankful
For every little thing.

November has arrived, there is still time to enjoy all the beauty of the autumn trees, the misty mornings and the sunny afternoons.

All to soon winter will be touching us with her icy fingers and chilling breath.

I try to keep them bright by faith,
And never let them dim with doubt:
For every time I lose a friend
A little lamp goes out.

Our Associate Matron Frances Barnes opened our Chapter October 10, as our Worthy Matron Jane is recuperating at home, but not quite up to being out, we all miss her.

This was our Honor Esther night and so nice to see 15 of our past Esthers, and so nice to see so many sidelines, as this will be the last month for many as they spend the winter south, but will be looking forward to seeing them in the Spring. We were honored to have four now members by affiliation. Do hope they come back often.

October 24 will be Allah Signet night and I'm sure it will be a nice program.

November 14, will be a very impressive night as we will have a Patriotic night.

November 28, our Estrellita Club will be there with a lovely program. We enjoy seeing new faces and new friends, so please come and join the group for a lovely evening.

Friendship is the sun breaking through a cloud,
It is the fragrance of a flower
When a bud burst into bloom,
It is the twinkling of myriad stars in the night sky,
It is the voice of God in the heart.

What a beautiful time of year this is — have you noticed fall's new wardrobe — gold rust, reds, browns, greends and God's sky-blue Thanksgiving once again — Thank God for your life no matter how bitter and cold you become with the season — God warms you if you just take the time to think of him. I love the smell of the air, the colors and the knowledge that with this season we are coming closer to the day in December when a little over a year ago a friend of ours was born. Let's give thanks for all of our blessings and thanks be to God who provided us with the opportunity to know His son and to be a part of creation and all the wonders, joys, heartaches and sorrows are eased when we think of Him who gave us life. It is hard to understand why some of us are left to cope with so much more than others but there is a reason and we are not to question Gods motives — to endure is a blessing in itself — Count your blessings — Give Thanks — I know I have much to be thankful for even though I as everyone wonders why things happen as they do. I want to Thank all of you who sent cards, called, and for coming over and being with dad and me at a time when all you gave was needed. Thank you stars that shine so bright, Thank you moon for your silvery light, Thank you sun for your warmth and cheer — Thank you Lord for friends held dear. Thank you Father in heaven above, for health, contentment, peace and love. And when ill fortune turns her face — To greet me in the market place — May the Thanks I give, help me to live and still say Thank You.

What a lovely meeting our Worthy Matron Lucy had on our Past Matrons and Patrons Night. There were 22 Past Matrons and three Past Patrons. Those taking part in the memorial service were: Worthy Matron Elizabeth Witmer, Associate Matron Holly Woods, Associate Patron Ben Thompson, Conductress Phyllis Farmer, Associate Conductress Jane Witmer, Secretary Leone Shady, Treasurer Ethel Miller, Marshal Doris Proehl, Chaplain Jeannette Stonebraker, Adah Dorothy Adler, Ruth Helen Hutchison, Esther Mary Killaren, Martha Vancha Collins, Electa Kay Vondarau, Organist Lucille Thompson, Warder Al Douglas, Sentinel Grover Scott. Past Worthy Matron Liz led the chapter in reciting the 23rd Psalm after this Worthy Matron Lucy sang "You'll never walk alone" and the Star points gave a memorial to those who have been called home by God this past year. The other Pasts that were at this meeting were Opal Parkins, Laverne Spuhler, Vera Strodel, Verna Bloom, Jessie Hohman, Alta Currant, Margaret Bimer, and Betty Scott. The meeting also had eight Lamp Lighters who joined us from various chapters. Thank you all for coming and participating with Shiloh this night. A deep apology and sincere regret for the misprint that was made in the last issue of the Square and Compass to Wilma and Gordon Adams. I wish to stress on everyone to please be sure of the information given to me. I print what I receive. If a name is missing, it may be it came to me to late to be in the paper. I work one month in advance of the issue you receive in the mail, so some information you receive may be deleted and some of it may be in advance. In the case of Gordon Adams reported to be gone to be with God — he is still with God in mind but also alive in body with Wilma. Again my apology for the misprint error.

Thenksgiving is the golden bond,
Of friendship tried and true,
Giving strength and courege and happiness to you.
Thanksgiving is hope and faith,
throughout the pessing yeers,
And though your plens sometime feil, Smiling through our teers.
Thanksgiving is acceptance of the task we have to do,
And being grateful for each day, with special dreams in view.
Thanksgiving is a silent prayer, We say on bended knee,
To thenk God for the blessings he bestows on you and me.

Thirty-six Past Matrons and Past Patrons attended their honor night September 21. All were presented with e never wilting rose. We were reminded of the loss of Tessie Wise, Past Matron, end Robert Biedenwig, Past Patron, from this group during the past year.

Fort Wayne Chapter entertained Friends from the 14th District on October 5. Present for the evening were Mae Ernst, Grand Representetive of the Maryland Grand Chapter in Indiana and Evelyn Snarr, Grand Representetive of Saskatchewen Grand Chapter in Indiane; Audre Kennedy, Portland Chapter, Chairman of the Heart Foundation, Pauline Curtis, Crescent Chapter, Chairman of the Star Lite Committee of District No. 14, and five presiding Lamp Lighters, Worthy Matrons and Worthy Patrons of 1978-79.

Guests were greeted by Elene Watson, Worthy Matron with this poem: My dear friends, old end new friends, A fairy ellows me three wishes, Three wishes for a friend; now honest and true, Thet must be you, So three wishes to you I send. I wish you e body so healthy, that living is pure delight; Your work every dey like a happy pley, Your sleep like a child's at night. I wish you a mind so responsive thet nothing escapes your ken, The Creetor's plen, nor the notes of Pem, nor the good in your fellowmen. I wish you e heart prone to loving, That all may be dear to you, Your friends indeed, all those you need and those who need you too. I've wished you my three best wishes, but the three ere really one, God grant you wealth, just perfect health, Until your dey is done.

Duene Wetson, Worthy Patron greeted friends with "You are not Fair Weether Friends." Life is made sweet because of friends we have made, And the things which in common we shere. We want to live on, not because of ourselves, but because of the people who care. It's in giving end doing for somebody else, On that all life's splendor depends, And the joys of this life, When you've summed it all up, Are found in the making of Friends.

We ware entertained by the Sideliners Singing, the Chepters O.E.S. Choir and e progrem by the Faith Unitad Methodist Church Choir. Sister Carol Munk wes nerrator end cheirman of the program.

Friends Night ended with e poem Elene Watson, Worthy Matron, gave to her husbend, Duane Watson, Worthy Petron, the occasion being their 34th wedding anniversary. Mariage is the union of two people in love, And love is sheer magic, for it's woven of Gossamer dreems, exchentingly reel, Thet people in love are privileged to feel. But the exquisite ecstesy thet captures the heart of two people in love, Is just a small part of the beauty end wonder and miracle of the growth end fulfillment and evolvement of love, For only long years of living together and sharing end cering in all kinds of weether, Both pleesure and pain, the glad and the sad, Teardrops and laughter, the good end the bad, can add new dimensions end life love above. The rapturous ecstacies of "falling in love" For ecstasy passes but it is repleced by something much greater thet cennot be defaced, For what was in part, has now become whole, For on the wings of the flesh, Love entered the soul.

After a bountiful saled bar was served on the mezzanine, ell united in singing the Anniversary song to Elene and Duane.

October 19 was a stated meeting and the activities for October ended with a Ham and Been Supper, Bazaar, bake sale and card playing on October 30.

Our Worthy Matron hes plenned a special progrem for your enjoyment, es we celebrate Thenksgiving November 16. America the Beautiful will be shown in the Ballroom on three Panoramic 18 foot screens. Come, bring e member that has been absent end enjoy the program es we view the land we love.

And now that Thanksgiving is near let us —
Count our blessings while we may,
Is such sound advice;
Thank the Lord the livelong day,
From the moment we erise.
Give thenks for good heelth, to be exect,
And a roof over our heed, For e femily intact,
And sufficient daily bread, end
As we count the many blessings,
That the years have brought our wey
Give greteful thenks for everyone on This Thanksgiving Dey.
Let us say a special word of thenks, For loyal friends and true,
And for ell that they heve meant to us, Eech day the whole yeer through.

Everybody, everywhere
seeks heppiness, it's true,
But finding it and keeping it
seems difficult to do,
Difficult beceuse we think
that happiness is found
Only in the places where
weelth and fame ebound—
And so we go on searching
in "places of pleasuro"
Seeking recognition
end monetery treasure,
Uneware that heppiness
ie just a "stete of mind"
Within the reach of everyone
who takes time to be kind—
For in making Others Heppy
we will be heppy, too,
For the happiness you give away

To find joy in common things,
To do our best with what life brings,

Sojourners, as we approach another Thanksgiving harvest may it be with bowed heads and hearts — with this prayer in mind —

Our God and Creator, Thou hast created men in Thine image, endowing him with creative powers. Grant that we may never abuse those powers that give dignity to our work, that we may ever remember that our creativity is Thy gift, designed for Thy service, and that, when our plans conform not to Thy designs, the structures we create collapse over our heads. Give us the humility and the wisdom to employ our labors only to just ends, to purposes from which all can benefit and from which none will suffer hurt. Check in us the greed of acquisition and the lust of domination, that we may all enjoy the fruits of our toil without denying to any the fruits of theirs. Let us never forget our dependence on one another and on that spirit of brotherhood which is a manifestation of Thy love. For each of us by himself is weak and helpless, and only our cooperation makes our work effective. Give us the strength to produce abundantly, the justice to distribute equitably, and the wisdom and self-control to consume prudently the goods that satisfy our needs, that we may all know the joy of creativity, the thrill of comradeship, the zest of health, and the peace of mind that are the reward of human labor when it conforms with Thy divine will. Amen.

Just one year ago our own Vancha Collins was installed as President of Indiana State Association.

On Saturday, October 14, 1978, thirty-two members of Faith Shrine traveled to Indianapolis to support Vanche in her final meeting.

Her year has been a very successful one and a very rewarding one for her. I am sure she will have many cherished memories of the past year.

WELCOME HOME VANCHA: WE NEED YOU AGAIN IN FAITH SHRINE.

Fall is passing quickly and the month of October is too. During the past month we had our official visit with our Grand Guardian Mrs. Scott on the 21st. It was a joint inspection with New Haven Bethel No. 123. Congratulations goes to Bethel No. 8 for knowing their memory work so well. I would especially like to thank Sue Adams, a majority member of our Bethel for being our musician at Inspection.

We are glad to announce that we initiated ten new girls into the International Order of Job's Daughter's. We also dedicated Mr. and Mrs. George Cutting's baby Michele prior to the Inspection on the 21st.

We would like to thank the DeMolay for inviting us to the Halloween party on October 27. I think I can speak for all the girls who went — we all had a great time.

My next meeting is November 1, it is Friends Night and on November 15 is election, and on November 29 is parents potluck at 6:00 p.m., after which is parent's night at 7:30 p.m. Hope to see everyone at these meetings.

Thanks goes to all the Master Masons and Eastern Stars for coming to our meeting, with out you if would not have been a success.

Summer Moon

by Earle John

Brilliant fingers of cascading light,
Come probing through a summer night;
Seeking out each hidden nook,
Darting in for one quick look;
Then satisfied that all is well,
Hurries on—no time to dwell;
Caressing each object as it goes past,
With the intimate light it seems to cast;
Shining down on sleeping trees,
Sifting through their lacey leaves;
Spreading a mellow light around,
Casting eerie shadows upon the ground;
Reflecting on a rippled lake,
A wealth of diamonds appearing to make;
Dancing sequins of treasurer light,
On a welcome visit to earth this night;
Unable for long in one place to stay,
Must visit all before break of day;
Then fading away with dawn's early light,
But sure to return tomorrow night.

The Keystone

Probably the most beautiful symbol of Freemasonry is that of the Keystone!

It does not appear in the symbolism of the lodge, but is reserved for those degrees dealing with the chapter and its symbolism, where it is found in all but one of the degrees of that system. The reason for its absence in lodge symbolism is that the lodge deals with preparation for eternal life, whereas the chapter deals with the completion.

For all practical purposes the Keystone is the last stone placed in the arch, and as such represents completion. The placing of the Keystone in the symbolic arch of the Chapter represents the completion of the individual Temple which each craftsman is erecting.

True, the Temple material was destroyed, but it was only the symbol of the spiritual Temple which can never be destroyed. Royal Arch Masonry's efforts are towards building spiritual Temples and its ceremonies, its legends, and its teachings, while beautiful in themselves are there for the sole purpose of teaching great spiritual truths.

Our spiritual Temple can be completed only by death, the great leveler, but if that Temple be built by plumbline, by level, and by square, we are taught that its foundations shall never crumble nor decay, and that when we have reached "that bourne from which no traveler returns" we may enjoy the fruits of our labors here on earth throughout the endless eons of time.

And we may add again, the Keystone, the emblem of completion, is the outstanding symbol of Masonic teaching!

The Ohio Mason

Masonry Rests Upon Character

To have a good friend is one of the highest delights of life; to be a good friend is one of the noblest and most difficult undertakings.

Masonic friendship depends not upon fancy, imagination or sentiment, but upon character. There is no brother so poor that he is not rich if he has a friend; there is no brother so rich that he is not poor without a friend. But friendship is a word made to cover kindly, unpermanent relationships.

Real Masonic friendship is abiding. Like charity, it suffereth long and is kind. Like love, it vaunteth not itself, but pursues the even tenor of its way, unaffrighted by ill report, loyal in adversity, the solvent of infelicity, the shining jewel of happy days.

Release From Darkness!

The gift of sight — Release from Darkness! Those are two phrases which help describe the charitable work of the Knights Templar Eye Foundation, Inc. The Foundation is a world recognized project of the Grand Encampment of Knights Templar of the U.S.A., a sovereign body of Christian Masons organized in 1816. Currently, membership numbers 365,000. The Foundation is a non-profit corporation incorporated in 1957 under the laws of the State of Maryland. It is Tax Exempt under the provisions of the Internal Revenue Code. As such, contributions made to it are tax deductible.

The Knights Templar Eye Foundation is governed by a Board of Trustees comprised of the six elected officers of the Grand Encampment and six Trustees-at-Large elected by the membership for a term of nine years. These Trustees are well known in professional, industrial and civic affairs as well as in fraternal circles. The operation of the Foundation is under the direction of Past Grand Master of Grand Encampment G. Wilbur Bell, Executive Director, with the aid of Sir Knight Howard T. Joslyn, Past Grand Commander, New Hampshire, Assistant Executive Director. President of the Board is the Grand Master of Knights Templar, Willard M. Avery, Knightstown, Ind. Medical and Technical advice for the Foundation is provided by a selected group of Doctors of Ophthalmology whose assistance is freely given without compensation.

The objectives of the Foundation are to provide Research, Surgical Treatment and Hospitalization for those who suffer from diseases of, or injuries to, the eye, including the correction of Strabismus (cross-eyes) in children up to the age of 16 years, which if untreated might result in blindness. Such persons are provided with the cost of treatment, surgery and hospitalization in their hometowns or places of their own choosing and by the physicians of their own choice, without regard to race, creed, color, age, sex or national origin if they themselves are unable to pay and cannot receive adequate assistance from Medicare, Social Services, State Aid, or similar sources.

Funds for the operation of the Eye Foundation are obtained in part from the annual assessment of each Knight Templar, contributions from other Masonic and allied Masonic organizations, fund-raising activities, memorials, wills and bequests and similar sources.

Since its inception in 1957, more than 23,500 individuals afflicted with related eye diseases have benefited from this famed charity at costs of more than $9,000,000. By it they have been brought "from Darkness to Light."

In addition, untold thousands benefit from Research Grants being made to institutions working in this field. To date, these Grants total nearly $1,000,000 in the United States.

Application for assistance from the Foundation is made through any Knight Templar. Each of the nearly 1,600 Constituant Commanderies has a committee for the purpose of informing its members on processing applicants for this philanthropic activity.

Additional information is available from the Knights Templar Eye Foundation, 509 E. Sixth St., P. O. Box 579, Springfield, Ill. 62705.

The Apron

I took an apron from the pile of white
and tried it on to sit in Lodge on night
As I sat there I felt a warming glow
about the apron and I looked and lo
The other brethren who had worn it there
were gathered 'round in mystic meeting rare.
We shared with each the blessings of the years, the
dreams, successes, hopes and joyous tears;
Then we grew humble in each other's loss,
in full compassion shared each brother's cross;
Our hearts were one in that most holy place,
our spirits fused in God's Masonic grace.
We looked upon the apron's perfect white
we were all wearing it that mystic night
We saw that it was large enough to fit the whole
wide world, for God had fashioned it.

What Is Freemasonry?

In the home it's kindness
In society, it's courtesy
In business, it's honesty
In work, it's fairness
Toward the unfortunate, it's pity
Toward the wicked, it's resistance
Toward the weak, it's help
Toward the strong, it's trust
Toward the penitent, it's forgiveness
Toward the fortunate, it's congratulations
Toward God, it is reverence and love.

Masonry Oldest

In this country are more than 700 different fraternal organizations. Masonry is not just one of them. Masonry is the oldest and has the largest membership. Membership selection is the first basic difference. It is the only one that seeks no members, never asking anyone to join. Secondly, Masonry is based upon the Fatherhood of God and the Brotherhood of man. This it endeavors to plant in the hearts and lives of its members.

It should be borne in the mind that Freemasonry builds its temples in the hearts of man. Its ancient rituals and ceremonies, in Symbolic Lodges, and the Scottish and York Rites, dwell upon these truths, and any man who petitions for the degrees of Masonry should do it only with a desire to aid his fellowmen.

Kansas Masonic Digest

WHEN A MASON has seen the vision of his responsibility as a Master Mason and is actively at labor to create his master's place, his own life of the spirit, he usually finds it very easy to talk about the Fraternity to his non-Masonic friends. He knows that the great truths of the Craft have never been a secret, and he is proud to talk about them so that he can help his friends and neighbors. Brotherly love, benevolence, and truth belong to every man. Freemasonry does not mean to keep them as a selfish secret for herself.

—Conrad Hahn, 1963

Word "Due Guard" Still A Mystery

This strange term is apparently not found anywhere outside of Freemasonry. Professional philologists confess that they have never heard of it; it is seldom included in dictionaries, even the largest and in many volumes. Is the "due" a form of the same word as "duty?" Or is it a form of the French name of God (Dieu)? The Huguenots, who were French Protestants, before the Protestant Reformation, employed it in the latter sense and made it denote "God guard you." Many analysts of the ritual are inclined to believe that in our Lodges we employ it more nearly in the former sense, so that a man is expected to make it his duty to guard something. Until the history of the word is discovered there will always be an uncertainty about its meaning.

It's So Much Easier . . .

Not to go to Lodge.
Not to concern yourself with others.
Not to participate.
Not to volunteer your aid.
Not to let Masonry pervede your life.
Not to avoid criticizing others.
Not to influence others around you by your Masonic ects.

Show Thanks... And Give Thanks

Peace and brotherhood, love and respect are words that give meaning to this Thanksgiving holiday. May yours be abundant with all.

Merry Christmas

A New Lodge Being Considered

A meeting is being scheduled for mid-January at the Fort Wayne Masonic Temple to discuss with all interested Brethren the possibility of creating a new Lodge.

Such a Lodge is to be the first "Daylight" Lodge in Northern Indiana.

The initial thinking is that the Lodge would meet at a time that might be conducive for those whose work schedules now prohibit them from attending other Lodges.

Also, those who work in the downtown area and those who no longer drive at night might be interested in the "Daylight" concept.

A similar Lodge is now at labor "Under Dispensation" in Evansville.

The exact time of the informational meeting will be given in the January issue of the Square & Compass and your comments or inquiries may be addressed to Lee J. Harter, 6821 Remblewood Drive 46825.

Voice of The Past

Our moral like our mental character is not formed in a moment; it is the habit of our minds; the results of many thoughts and feelings and efforts bound to gether by many natural and strong ties. The great law of retribution is that all coming experience is to be effected by every present feeling. The law of retribution presses upon every man, whether he thinks of it or not. Whatsoever a man soweth, that and not something else shall he reap.

The practical object of Masonry is the physical and moral amelioration and the intellectual and spiritual improvement of individuals and society. Neither can be affected, except by the dissemination of truth. It is falsehood in doctrines and fallacy in principles, to which most of the miseries of men and the misfortunes of nations are owing. Masonry labors to improve the social order by enlightening men's minds. It is the universal, eternal, immutable religion, such as God planted in the heart of universal humanity. Essentially philanthropic, philosophical, and progressive, it has for the basis of its dogma a firm belief in the existence of God and of His providence and of the immortality of the soul; for its object, the dissemination of moral, religious philosophical virtues.

— Albert Pike

Role of The Mason

When one is made a Master Mason, he immediately assumes a dual role. He is an individual as before, but he is also obligated to represent in his life all that Masonry has placed in his stewardship.

The wearer of the square and compass is forever expected to so live that the principles and teachings of Freemasonry will be unmistakably interpreted to the world.

We cannot avoid idle criticism hurled by the uninformed, nor should we be downcast when we don't achieve perfection. But it is our profound duty to so live and act that nothing we do will reflect harm to our ancient and honorable Fraternity.

We should not want to present to the world an "image," but we should want to be more "visible" to the world. It should be our purpose to show the world through our lives the truth of Masonic principles and teachings. Many times the question is asked: "What can the Mason tell the non-Mason about Masonry?"

Nothing that we can say to the non-Mason will be more effective than the actual living of Masonry by Masons, but we can and should be talking to non-Masons as well as living Masonry.

We are bound by duty, honor and gratitude to be faithful to our trust.

" As DeMolays, Master Masons, and as citizens of our great country, we, through our respective precepts and beliefs can make those dreams of tomorrow the realities of today, strengthening our common bond of brotherhood into a force of peace and harmony for all mankind. May God bless you all in these endeavors.

COPY DEADLINE

COPY DEADLINE FOR JANUARY ISSUE OF SQUARE AND COMPASS IS THURSDAY, DECEMBER 14.

The Man Who Missed Christmas

It was Christmas Eve, and, as usual, George Mason was the last to leave the office. He walked over to a massive safe, spun the dials, swung the heavy door open. Making sure the door would not close behind him, he stepped inside.

A square of white cardboard was taped just above the topmost row of strong boxes. On the card a few words were written. George Mason stared at those words, remembering . . .

Exactly one year ago he had entered this selfsame vault. And then, behind his back, slowly, noiselessly, the ponderous door swung shut. He was trapped — entombed in the sudden and terrifying dark.

He hurled himself at the unyielding door, his hoarse cry sounding like an explosion. Through his mind flashed all the stories he had heard of men found suffocated in time-vaults. No timeclock controlled this mechanism; the safe would remain locked until it was opened from the outside. Tomorrow morning.

Then the realization hit him. No one would come tomorrow — tomorrow was Christmas.

Once more he flung himself at the door, shouting wildly, until he sank on his knees exhausted. Silence came, high-pitched, singing silence that seemed deafening. More than 36 hours would pass before anyone came — 36 hours in a steel box three feet wide, eight feet long, seven feet high. Would the oxygen last? Perspiring and breathing heavily, he felt his way around the floor. Then, in the far right-hand corner, just above the floor, he found a small, circular opening. Quickly he thrust his finger into it and felt, faint but unmistakable, a cool current of air.

The tension release was so sudden that he burst into tears. But at last he sat up. Surely he would not have to stay trapped for the full 36 hours. Somebody would miss him. But who? He was unmarried and lived alone. The maid who cleaned his apartment was just a servant; he had always treated her as such. He had been invited to spend Christmas Eve with his brother's family, but children got on his nerves, and expected presents.

A friend had asked him to go to a home for elderly people on Christmas Day and play the piano — George Mason was a good musician. But he had made some excuse or other; he had intended to sit at home with a good cigar, listening to some recordings he was giving himself.

George Mason dug his nails into the palms of his hands until the pain balanced the misery in his mind. Nobody would come and let him out. Nobody, nobody . . .

Miserably the whole Christmas Day went by, and the succeeding night.

On the morning after Christmas the head clerk came into the office at the usual time, opened the safe, then went on into his private office.

No one saw George Mason stagger out into the corridor, run to the water cooler, and drink great gulps of water. No one paid any attention to him as he left and took a taxi home.

There he shaved, changed his wrinkled clothes, ate breakfast and returned to his office, where his employees greeted him casually.

That day he met several acquaintances and talked to his own brother. Grimly, inexorably, the truth closed in on George Mason. He had vanished from human society during the great festival of brotherhood; no one had missed him at all.

Reluctantly, George Mason began to think about the true meaning of Christmas. Was it possible that he had been blind all these years with selfishness, indifference, pride? Wasn't giving, after all, the essence of Christmas because it marked the time God gave His own Son to the world?

All through the year that followed with little hesitant deeds of kindness, with small, unnoticed acts of unselfishness, George Mason tried to prepare himself . . .

Now, once more, it was Christmas Eve.

Slowly he backed out of the safe, closed it. He touched its grim steel face lightly, almost affectionately, and left the office.

There he goes now in his black coat and hat, the same George Mason as a year ago. Or is it? He walks a few blocks, then flags a taxi, anxious not to be late. His nephews are expecting him to help them trim the tree. Afterwards, he is taking his brother and his sister-in-law to a Christmas play. Why is he so happy? Why does this jostling against others, laden as he is with bundles, exhilarate and delight him?

Perhaps the card has something to do with it, the card he taped inside his office safe last New Year's Day. On the card is written, in George Mason's own hand: To love people, to be indispensable somewhere, that is the purpose of life. That is the secret of happiness.

Brethren: During the past month we both won and lost. First, we lost the first Worshipful Master of Three Rivers Lodge No. 733, Ward Bailey. Ward was not our first W.M. by chance. He was instrumental in seeing that there was a Three Rivers Lodge. Ward passed away in Mission, Texas and was brought to Fort Wayne where Hal Hayes, with the help of 24 additional brethren, conducted the Masonic funeral service in the chapel at Covington Memorial Gardens.

Our second funeral service was performed for Otis Oull. His was a face seen often in our lodge room, and his smile will be sorely missed.

But we also won two. Raised to the sublime degree during the past month were: John Hunter Rhind and James Harman Burke. It is with a great deal of pleasure that we welcome them both to full fellowship in Three Rivers Lodge.

In our November stated meeting a motion was presented to amend Article VIII, Sec. 1 of our By-Laws to read: "Every petition for initiation must be accompanied with a fee of $150, which shall be in full for the three degrees." When the motion is again presented at our December stated meeting it can be voted upon for approval or disapproval.

Speaking of our December stated meeting - it is almost time to vote on our slate of officers for 1979. My officers have served me well this year and I am looking forward to their promotion. It will be a good year. Anyone for Tennis?

Brethren,

The leaves are now displayed in tints and hues of all imaginable combinations. The air has turned to feel as though sharpened by the leather barber strap. The grass has ceased to grow, and the days grow shorter and shorter. But even in this season of nature's slowing for winter's wrath, mankind finds much to be thankful for in every part of life. May you and your families have the warmest and closest of reunions during the festive Thanksgiving season, and may the Supreme Grand Master watch over them.

Our sympathy to the family of Robert W. Kohl, of Topeka, Kansas who was called to the Celestial Lodge above on November 6. In addition, our sympathies to brother Jack Schemehorn, Denver Clark and P.M. Clarence Carlson who lost loved ones.

The annual meeting of Southgate Lodge will be held December 11, 1978. This meeting will report the past year's accomplishments and elect new officers for the year 1979. Please try to be in attendance for this extremely important meeting at 7:30 p.m.

December 16 Southgate Lodge will hold its annual Family Night Christmas Party. You and your family are invited for an evening of family fellowship. Dinner will be served at 6:30 p.m., and Santa and entertainment will follow.

We finally "burned the mortgage" (symbolically, of course) on our Waynedale Masonic Temple et the Ladies and Past Masters dinner October 28. More than 120 members, wives and friends enjoyed the delicious dinner provided by Waynedale Chapter #600 OES. RW Robert H. Miller, SGW gave an inspiring talk, dwelling upon the excellent record Waynedale Lodge #739 has compiled over the years. Shockley Lockridge, Secretary, detailed the history of the Temple, and Edgar B. Noble, secretary of the original Waynedale Masonic Club in 1946, recounted the activities of the Lodge's founding fathers.

On Wednesday, November 29, we expect to confer the MM degree on two candidates. Following the stated meeting December 6, we will confer the EA degree and will celebrate the Feast of St. John the Evangelist Thursday, December 28. You will enjoy this distinctive dinner, with the traditional toasts and ceremony.

The date for the public installation of our officers for 1979 (to be elected December 6) will be announced in our December letter. We anticipate a very busy January, 1979. Won't you please plan to attend Lodge and support our devoted officers and ritualistic workers?

We expect to finish the year with a substantial balance in our savings and checking accounts - different from last year!

A final word: please send your 1979 dues ($30 required) to our hard-working Secretary. You may include in your dues check your voluntary donation to the Indiana Masonic Home (as, the "Ten-for-Ten", $5.20) and subscription to THE INDIANA FREEMASON magazine ($3.64). Thank you!

Men and Brothers

Our mission in life is to help one another and it is never our intention to sound too pompous. None of us — in our brotherhood — are oracles, men who sit upon Olympian Heights to hand down rules and ponderous instructions to the rest of us. Not at all. We are simply men and brothers. We share alike in the joys, the griefs, the happiness and the sorrows of this world.

Masonry is not built around a few individuals who, for a time, may occupy places of responsibility and authority. Masonry is that sublime work which the whole body of craftmen do daily in fashioning that Temple not made with hands, eternal in the heavens. In the news and from all reports from lodges, one finds rich evidences of that great work begun so long ago and still going on.

What binds men together is a common interest — something that all possess. In Masonry we have that bond and purpose. It is a ground for understanding and a basis for friendship wherever and whenever two or more Masons meet. They are not strangers — they are brothers and fellow workmen. Together, they realize that the more one knows about Masonry and its tenets and ideals the greater benefits one derives from it.

With all of our Masonic experience it must, or at least it should, lead to a growing understanding of its arts, a greater appreciation of the Lights, rights and benefits of Masonry. Progress in that direction will be made by deeper comprehension of the things which, if we will recall, as "the wisdom of the ages."

To study a bit further into those mysteries and beauties it is necessary that we refer back to when, on a certain memorable occasion, we were instructed to "wait with patience" until certain things had been done. Did the exact wording of that instruction mean a great deal to you then? Probably not. But remember this: not one word is wasted in the Masonic ritual. Each word of the entire ceremony was carved and placed there as a jewel of meaning. It is when we begin to comprehend and truly understand the significance of those words that we really sense the deep meaning of our Fraternity.

Note that you were not told merely to wait. You were advised, by a friend and brother, "to wait with patience." Why?

Wise men of long ago, even the Great Architect of the Temple, knew that one of the besetting sins and weaknesses of mankind is impatience. There were some, you will remember, who could not wait for the Temple to be finished. That indeed was not a fanciful act. It was not done merely to impress you with something lifted from ancient history or mysticism. A lesson page from the wisdom of the ages was being opened to you.

When we actually stop to think about it — how much of the misery and sorrow of the world has come about because men could or would not wait with patience? Simple words to be sure — but the great truths are always simple. Putting them into practice is what is difficult to do.

The finding of this truth was what occured when you were brought to Light. That was what you came asking for. Other friends and brothers who had found it assisted you. But Light is of value only when used. And so, once that Light was thrown into the dark places, you were supposed to employ it in seeking out the riches that had been given you. Therefore, "wait with patience" is not merely a phrase. It is a part of the rule and guide that should direct our ways.

Patience is indeed a great virtue and with patience one can accomplish many things in life. It not only leads to Light but to tolerance and understanding, as well.

Those who are impatient never take the time to think. They never take time to meditate or ponder over what is right and what is wrong. Thinking things out slowly and clearly will eventually meet the needs of one's hungering spirit for as you think, so are you.

To patiently think, some positive though will assist you in cultivating the highest personal standards of morality. It will also prove that kindness heals many hearts and encouragement will bring you much peace.

With patience as your standard, take time for Masonry. Your vision, enthusiasm and participation will strengthen not only your lodge but the spirit of brotherhood. Inasmuch as Masonic ideals encourage character growth and make finer, nobler men — men who will become steadfast, more thoughtful and interested in our Masonic Doctrine — it behooves all of us as Master Masons — to "wait with patience" and abide by it every day of our lives so that we can open the door to a better world.

The moat cherished gift bestowed by the passing year is the mamory of the pleasant relations with those with whom we have been privileged to serve. May wa carry with us at all times the spirit of love which is the foundation of our organization; may the glorious glow of human kindness kindled in the hearts of mankind on that first Christmas be as strong an influenca in our lives as it was two thousand years ago. Mey all of you have the Gladness of Christmas which is Hope, the spirit of Christmas which is Peace, the heart of Christmas which is Love.

The ol' Flu Bug has really been "bugging" a lot of us tha past faw weeks. It got some of the characters for tha Halloween skit that was planned too, so as an altemativa wa had to fill in. We first had e "Seanca" with 2 gypsies, Mary Baker and Irene Hohman. They ware cute too in scarfs and earrings, gypsy-like dress and with a crystal bell. They told soma interesting facts and futures of some of our members of Shiloh. For instance, did you know that publicity chairman don't give up and fada away? No they don't, they become "Ghost" writers. How about thatl Watch for my futura books if you can recognize the name. Next game was a story similar to "Twas the Night Before Christmas", except it went "Twas just before Halloween and all through tha house, all tha creatures wara stirring including tha mousa. It even told of a little ol' guy so ugly and graan, a horribla sight to behold and be saan. Ha was so ugly so icky and oh so gory, averyone wished ha was out of the story. A spooky Halloween was wishad to all at the end of the story by tha little green guy who was my son Kory. Tha raindeers wara replaced in the story by ghosts and goblins, witchas and black cats, bats and skaletons, spidars and rats. Tha tables wera set with fall colors of rusts, rads, golds and browns; leavas, Indian com, squash and pumpkins. A fun tima was had by all.

The card party tumed out quite nica too. Wish mora of you could hava coma. If you want some peanut buttar, sorry, it was all sold this night as in yaars past, it was vary good. Wa had a styla (?) show this night. I question the word "style" because - wall you would have had to see it to baliave it. Tha stylas ware way out. Read further and see if you don't agree. This ona - a nursa was in a uniform that must have hean size 52 and the shoas ware about a siza 11 or 12 or 13 (which ruined the image so many of us have about women having tiny, patite size 4, 5 and 6 shoes). Betty Whiting was the nurse, which sha is in raal life. Makes you wonder if sha goes to work like sha looked that night. John Wayar was a little boy going fishing the first time, then he was dressed as a Little Lord Fauntlaroy next. Wouldn't we all like to go back to being little again with just fishing on our minds. Shirley Burson wore a pair of bib overalls. She was the only ona in them, but by the size she wore four more people could hava joined her. Next sha cama out in a Raggedy Ann outfit. Reverting beck to her childhood too huh? Mary Baker was our Athletic Jock in sweat shirt, pants etc. She must be piecing betwaen meals by the look of tha form In those clothes. Just two weeks ago she was a littla gypsy. Get to jogging Mary - it helpa. Jo Fullhart is preparing either for a long winter nap or anothar blizzard. She wore pajamas with footies. Gonna be a cold winter, right Jo? Sherrie Howard got caught up in the new Disco craze. She wora curtains around har neck and waist. Wondar if they would let her in Shenanigans like that. (Also, if you didn't know who the witch was at the end of the show - it was Sherrie. Honest it wasl) The last two I saved until the end because it was really the living and or the cats pajamas or tha baes knees or whatever you want to call it. Dick and Theo Antoine came out in 1890's bathing suits. You maan thay really wore those to swim In? Naxt time we have a style show, all of you who couldn't coma this night come see thase unbalievabla stylas. I doubt and hope thay aren't what we'll ba wearing any time in the future. If you coma, you won't believe what you saw. Whoops! I forgot. Bill Faist was drassed as a jockay with a littla woodan horse which he actually rode and Jana Witmer was dressad as Daisy Mae looking for a falla - Lil Abnar. Now raally, do you believa the above? I told you that you would hava to see it to beliava it.

December 6 is our All Committee Christmas Party at 6:30 at the Temple. Hopa to see you all thare. Tha officers Christmas Party will be at tha homa of Shirlay Burson, 7533 Rose Ann Parkway. This will be a potluck. Decembar 14 we will honor Jana Witmar as a Grand Paga and have a Christmas Party. December 28 will be a statad maeting.

We want to wish all of you born in Dacambar a vary Happy Birthday and wish you many more. Also wa want to wish everyona a Happy Marry Christmas and a very Merry Happy New Yaar.

Christmas star,
Dr e babe in Bethlehem;
There would be no Christmas story,
And there would be no "Peace on Earth"
For a Miracle of love occured
At the time of Jesus birth,
So let's keep Christ in Christmes,
In spite of whet some say,
For without our blessed Savior
There would ba no Christmas dey.
The Heavenly Fether has been so good to all of us this fell with the beautiful weather. We should be so thankful the farmers have shared in this gathering-in of all their crops end do not have to be out working when the snow falls.

A Christmas Story

(The following story wes adapted from an article by Mery Glyn Thomes, published by the Cooperative Extension Service, Cornell University.)

Millie wished her hends didn't shake so much. She would like to use the pretty raspberry nell polish, but smeared polish looked worse than none. Sha put the menicure things carefully eway — dropping only the file. She hoped that a nice, good-tempered nurse would soon help her get dressed.

Millie was in a wheel cheir. She could, of course, manipulate the chair to the closed but, once there, could not reech up end unhook the dress. "Please God let the nursa smile and offer to get the green dress." Some nurses would say the green dress was too much trouble and make her wear the hated brown dress.

Millie had been e patient et the nursing home for three years — the last two were spent in a wheelchair. It was Seturday afternoon, and Millie was excited et the prospect of seeing one, or even two of her children. She felt sure someone would come today, as Sunday was Christmas.

She had put on her best stockings when she dressed in the morning, to make it easier in the afternoon. Now she got her jewel case out end optimistically picked jewelry to wear with the green dress. Gold beads and lots of bracelets detracted from the brown spots on her hands end twisted fingers.

All her children lived within 25 miles and were good ebout coming to see her. Of course, some weeks, no one came. They ell had their lives to lead.

For the twentieth time Millie looked et her watch — 2:15. The elevators alweys started to bring their loads of visitors about 3 o'clock. She maneuvered her wheal chair to the mirror. It was a pity the sun was shining so brightly. It showed more clearly, the pink scalp through her white heir. Although she knew her children would love her enyway, she hoped she would always look clean end well groomed.

She was quite startled when a voice said "Well, Millie, its time to get dressed. What will it be? The green dress? Fine." Millie could have hugged her.

The nurse left es Millie put on her jewelry. Her hands shook with anticipation now more than ever. The beads and brecelets got in e tangle. Finally, she was ready. With e beating heart she wheeled herself out to the elevetor.

She parked next to her friend Bertha, who was expecting her grandson who wes stationed at a nearby neval depot. Millie knew Berthe hoped he would come in uniform.

The elevetors started to discharge visitors. One or two of the patients shed e teer of joy as a relative or friend claimed them, and they went off to make e little come of friendliness and parheps eat cookies or just telk. 3:30. Of course there were a lot of dishes to be washed after lunch. No wonder they hadn't come. 3:45. Some one handed Bertha e note "Sorry, Gran Can't make it. Will try next week." As Berthe wheeled awey, Millie tried not to see the hard, unhealing tears of old age es they slid down Bertha's raddled cheaks and onto the fresh white blouse.

For the first time e "down" elevator filled up. Millie wheeled closer, peering into the faces of the few who came up. "Are any of my children here?" She hoped she had said it to herself, but people looked et her so strangely, she wes afraid she had spoken aloud.

Two more elevators came up empty. The "down" ones were full. Millie wheeled back to her room. She felt very tired. She would get out of the green dress end ask to go straight to bed. Yes, thet was it. She would have supper in bed and plan for Sunday when, she felt certain, they would all come.

Companions and Sir Knights, this is the last article which I shall write during the calendar year 197B. I wish therefore to take this opportunity to thank each of you who have labored so hard to promote York Rite Masonry. With officers and men such as you the future of the York Rite is bright indeed.

December 9 will be our annual Fort Wayne Commandery Inspection. The inspection will begin promptly at 3:00 p.m. with the short form opening and rehearsal of duties in the Order of The Temple. We will then close on the Order of the Temple and confer the Order of Malta in full form. Sir Knight Ronald Tungett, Eminent Grand Senior Warden of the Grand Commandary will be the inspecting officer. After the inspection we will have dinner in the Ballroom and a number of awards will be presented. The Knight Templar Band will be present to play several selections prior to the evening open inspection. The dinner charge will be $5.00 per person. Please send your reservations to Sir Knight John Bleich, 2720 Gilbert Drive, Fort Wayne, IN 46B09.

December 21 will be our annual York Rite Stated Meeting. Each of you should endeavor to be present to cast your vote for next years officers.

January 6 has been set as the date for the joint York Rite Installation of Officers. Chapter and Council officers will be installed in the afternoon, with the Commanderies of Fort Wayne, Garrett, and Angola being installed in the evening.

January 1B will be the first stated meeting of the year 1979. Come down and support your York Rite.

February 10 a dinner is scheduled in honor of all Past Presiding Officers of the York Rite. This would be a good opportunity to invite prospective candidates to acquaint them with the officers and members.

February 15 will be the monthly stated meeting.

February 17 is our Annual Sweethearts Ball. Music will be provided by Bob Snowball and his Orchestra.

March 15 will be the Annual Stated Meeting. Come down and support your officers.

March 17 is scheduled for Chapter and Council Degrees. The work will begin at 9:00 a.m. For those who are in the cast, please be present one hour prior to degree work. Get those petitions in NOW.

March 24 the Commandery Orders will be conferred beginning at 9:00 a.m.

March 30 and 31, the Grand Council Royal and Select Masters will convene at Terre Haute, Indiana. The dais officers of Fort Wayne Council No. 4 will be in attendance.

April 13 and 14, the Grand Chapter Royal Arch Masons will hold its Annual Communications at Elkhart, Indiana. The dais officers will be in attendance for this meeting.

April 15, will be Fort Wayne Commanderies Annual Easter Sunrise Service. This is a very beautiful religious service and you should plan to be present.

April 27, 2B, and 29, the Grand Commandery of Indiana will hold its Annual Communication in the city of Indianapolis. The dais officers will be present.

May 17 will be the monthly stated meeting. Be present and show your support.

Companions and Sir Knights. During the Chapter Meeting in the month of November, a proposal was placed before the body for consideration. The proposal was to change the by-laws of the Chapter to conform to Grand Chapter regulations regarding those who are delinquent in paying their dues. The By-Laws of Fort Wayne Chapter read that a member who has not paid his dues by December 31 is delinquent. At the stated meeting in April, charges will be brought against those members who have not paid their dues, and at the Stated meeting in June those members who have still not paid their dues will be suspended. If a member is suspended, he may, by paying his dues within one year of suspension, be restored to full membership. If a member is suspendad, he may, by paying his dues within two years of suspension, be restored on by a majority vote of the members present.

Beginning January 1, 1979, Fort Wayne Chapter No. 19 will follow this section as it is recorded in the By-laws.

Dare To Be A Daniel

Daniel got into the lions' den because he continued his custom of praying before the open window. It is still easy to get into the lions' den, to suffer for the sake of our faith. A Christian business man may forfeit a profitable sale because he refuses to resort to questionable practices. A breadwinner may lose his job because he is faithful to Christian principles. The confession of faith which we fearlessly make in the circle of unbelievers may bring many jibes. But we must dare to be Daniels. We must obey God and our conscience rather than men, even though it may mean going into the lions' den. After all, "what is a man profited if he shall gain the whole world and lose his own soul?"

We know that Daniel got out of the lions' den. What are our chances of getting out? For many years, the Craft has been the subject of ridicule pertaining to religion and its place in Masonry. It has been the snare of Idols for centuries. There is such a thing as ecclesiolatry which means excessive devotion to church worship, ceremonials and traditions. People who are victims of this form of idolatry are usually so concerned with the physical expression of religion that they forget all about the more important spiritual phase of it. Paul described them perfectly when he said they had a form of godliness but denied the power of it.

There is also such a thing as Masonicolatry — and it means the same thing: excessive devotion to the ritual, ceremonies and traditions of Masonry. It is usually among those whom we find so concerned with the forms, ceremonies and traditions of Masonry that they have largely forgotten to practice its teachings. They are the ones who have the form of Masonry but in their living deny the power thereof.

The only virtue, the only power that Masonry has or exerts lies in its assistance in replacing weakness and evil with strength and good. If this transportation does not take place in any men who accepts the principles of Masonry as rules and guides to his faith and life, then that man has failed. Masonry has not failed, but the men has, even though he worships all of the forms, ceremonies and traditions of the Craft.

Masonry is not a public profession designed to dull the needless of conscience. Nor is it a screen behind which a man's feet may wallow in the mire of envy, pride, greed and selfishness. Neither is it a ladder to be used in an avid ambition for prestige, power and authority. Masonry is good for only one thing: the forming of the rough ashlar for the Master Builder's use. When employed for any other purpose, even though the user worships all of the forms and ceremonies, it ceases to be Masonry in his case and becomes a hollow shell, an empty form of godliness perverted to an ignoble use.

Deep and due regard for the history, the ritual, the forms and the ceremonies of Masonry is fine and splendid — when this regard is reflected in constant and sincere effort to fashion a way of life that conforms to the principles and truths our ceremonies symbolize. Fanatical worship of the form without obedience to the substance is not only useless but is also detrimantal. The Great Light does not say, "by appearances ye shall know them." On the contrary, it says, "by their fruits ye shall know them." And, no matter how well it is intended nor how fine it looks, a corrupt tree cannot bring forth good fruit. Neither can the harvest be hidden. Thus, idolatrous worship of forms, ceremonies and traditions becomes a mockery when the deeds of a man belie and deny the power of his profession.

Masonry is not a social plaything. It is not a system of symbols and ancient customs, dressed in archaic language to satisfy some esoteric urge in man. Masonry is not a set of ceremonies to be worshipped because it is old. It is not a theoretical philosophy to be dallied with on a plane apart from life. Masonry is as modern as the minute in which we think of it. Masonry is truth — ageless and timeless. It is not merely something that has come down to us from the past, to be sheltered, pampered and kept inviolate within our Temple walls.

Masonry lays down no specific creed of belief and no set rules by which each of us must abide. It does tell us what should be in a man's heart and from that we are expected to make our decisions and design the pattern of our lives. Therefore, when a man has accepted the principles of the Craft, we have a right to expect signs of it to appear in his daily living. Whatever may be his station now, or that to which he may attain, it will never lift him above the truths he began to learn in his first degree.

Therefore to use the power that is in our profession let us all dare to be Daniels and remember that putting this influence to work in our lives is of much greater importance than high position, power, glory, the building of magnificent temples or the hoarding of money. To paraphrase: "Seek ye first to be Masons, in fact and in truth, and all these things shall be added unto you."

— Masonic Chronicler (Reprint)

Inspiring Words

Brethren: In these days when men's hearts, and patience, are tried by the world's turmoil and confusion, of utter lawless elements, and irreligious men, our gentle Craft comes forth and stands out as a bright and lighted beacon set on a high hill to light men's way up the dark and perilous pathway of life to a higher and nobler plain of living whose foundations are founded upon noble virtues of temperance which introduces us to Godly morality and virtues, then prudence which guides and directs our conscience, to act, and think, clearly as men of intellect, and uprightness. Also fortitude, that great attribute which helps good men to stand up, and be counted for law and order, protecting the weak, and needy, and our loving brotherhood, last but not laast, is justice which helps Masons to judge, to deal wisely with himself, his brothers, family and Country. This my brother, is what the noble Craft of Masonry is all about, a higher and nobler way of life, to all those good men who embrace it.

By Brother
Clerk H. Wilkinson

Two veteran soldiers were bragging about their respective outfits when they were in active service.

"When we presented arms," said one, "all you could hear was slap, slap, slap, click."

"Pretty fair," replied the other. "With us it was slap, slap, click, jingle."

"Jingle? What was that?"

"Our medals."

Greetings Brethren:

Many days heve pessed since Most Worshipful Roy O. Turner installed me es Worshipful Mester of Monroeville Lodge for 1978. At the beginning of the year, meetings had to be cancelled because of e huge blizzard. Lodge activities throughout the state had to be curtailed because of the energy shortage. Many thoughts heve come to mind in thinking about the last yeer: lodge meeting with kerosene lemps, ritual work, new jewels, fifty year ewards, friends night, new ceiling insulation, etc. The year has gone by quickly and it seems we just got started a few months ego.

Upon leeving my office, I want to challenge all members in our lodge to go thet extra mile. Let's all get in there and do whetever we can do to help our incoming Worshipful Mester have a successful year. Give him the euppert and encouragement you have given me throughout the year. Set Mesonic goals for yourselves as the Worshipful Master sets goals for himself end the lodge. Attend lodge activities and take an ective pert. Make et least one Veteran's Hoepitel visit, learn a new lecture, visit other lodges. The little things you do for the lodge may have long lasting good effects. If we es individuel members go thet extre mile, the end result will be e stronger, healthier Monroeville Lodge.

Finally, I wish to take the opportunity for us to think about the holiday seeson. Consider what it means to you and keep counting your blessings. Merry Christmas to all and Happy New Year.

Brethren:

I wish to thank the Brethren for ell the assistence with the Lodge work in the month of November. It is elweys e pleasure to extend the hand of fellowship to our members and guests, and particularly so when the work of the evening is the presentation of the Oegree of Master Meson.

The third degree, representing the crossing of the threshold from candidacy to full acceptance is one of the most inspiring experiences Freemasonry offers. A man mey rise to great heights in our ancient Craft; he may heve bestowed upon him many honors; but elweys, upon looking back over his progress, he will recall thet never-to-be-forgotten night when he was "raised e Mester Mason." The turnout in November wes e tribute both to the importance of the Oegree work and your own continuing devotion to the principles of the Fretemity; and I invite you ell to join with us in making the future labors of Leo Lodge 224 F&AM the impressive end stirring ritualistic experience we know it can be.

December 7: Stated meeting, election of officers, ell committee reports, and Past Masters night. Oinner will be served at 6:30 p.m.

Brethren, throughout the year we heve the occasion to thank many of you for your staunch support of Lao Lodge. Included in this list heve been our officers, our Pa Mastars, members of the Oegre Teams, verious committees, an the Brethren of the Lodge. B three important Brethren remain whom I have yet to express gratitude. Without these three o Lodge would caase to functio and I know that ell of you will jo me in extending our thanks to th sturdy trio. I refer, of course, to o Secretary, Treesurer and Tyler.

Brethren, before stepping dow from Leo's East for the final tim and relinquishing the gevel to n successor, I should like to edd o thing. That is the personel an spirituel satisfection I heva derive from the privilege of being Wo shipful Mester of Leo Lodge second time. It is not the meter achievements that make e Master year complete; rather, it is th inward thrill of comradeship tha comes from leading such a fin group of Brethren. I shall cherish elweys the friendships thet have ripened during my terms of offic they provide the richest end mo illuminating experiences of m Masonic Life.

In closing I chellenge ell Maste Masons to be enthusiesticelly sup porting their Blue Lodges in th period of time of chenge. VOLUN TEER TO SUPPORT YOU LOOGE.

Thoughts On Thinkers

Most of the men the world labelled brilliant are no more bri liant than the rest of us; thay jus do more "thinking" than we do They concentrate on en idea whil the rest of us flit, like humming birds, from one triviality to another

Sir Isaec Newton, something of wool-getherer in his youth, worked out the laws of motion and uni versal gravitation, invented calculu end did quite a few other menta chores of note. But, looking back over his life, he denied vehemently thet he wes eny smerter than the next fellow. He attributed his accomplishments simply to "the power of patient thought." Practically every important benefit that hes been evolved for mankind has been the result of somebody's "patient thinking." So, in the unlikely event that you should come upon someone thinking, think twice before you disturb him!

Special Meeting To Discuss Daylight Lodge

A special informative meeting concerning the creation of a "Daylight" Lodge will be held at 10:00 a.m., Saturday, January 27, 1979 at the Fort Wayne Masonic Temple.

Past Grand Masters Don A. Burton and J. Carl Humphrey, both of Muncie and of the Grand Lodge Committee on New Lodge Development will be present. Their purpose will be to answer your questions and to assist in the formation of such an unique Lodge.

The assistance and advice of all Brothers is needed in this unusual endeavor (this will be the first Daylight Lodge in northern Indiana) and your attendance at this meeting is earnestly sought.

The Daylight Lodge concept has much to offer you, if —

— you work in the afternoon or at night

— you don't care to drive at night

— you prefer to ride the bus to downtown Fort Wayne

— you work in downtown Fort Wayne

— you are now a Sojourner and, because of distance, cannot attend the Lodge where you hold membership

and if — you want the opportunity of enjoying the Masonic experience, the fellowship and the service at a time more convenient to you.

More information prior to this meeting can be obtained by contacting Lee J. Harter — 486-3723.

Square, Compass Are Not Patented; Have Only One Use

The Square and Compass is not a patented symbol or trademark. But as the emblem of Masonry it has not been permitted for use by any other organization or group of men. Many years ago a manufacturer petitioned the patent office of the United States for the right to use the Square and Compass as a trademark for his brand of flour. The patent office refused this request and states, in the refusal, "In view of the magnitude and extent of the Masonic organization, it is impossible to divest its symbols, or at least this particular symbol — perhaps the best known of all — of its ordinary signification, wherever displayed, either as an arbitrary character or otherwise. It will be universally understood, or misunderstood, as having a Masonic significance; and therefore, as a trademark, must constantly work deception."

Roland E. Darrow

Prayer

Prayer is the simplest form of language, because it is the heart thought of the child seeking expression to the Father. The very moment that man bends in prayer he acknowledges a higher power. This power is recognized by every Mason, therefore, every Mason has offered prayer; and he who ignores its efficacy, denies the first great principle of the Godhead, in whom he professed to put his trust.

Every great and important work should be baptized with the blessing of heaven, and one of the most important undertakings of a man is when he emerges from the caverns of worldly darkness to see that pure light irradiated from the Masonic alter. It is next in importance only to the time when he dedicates himself solely to God by the religious faith that is within him.

Richer Than Gold

Are you trying to make a Million?
Is a fortune your only aim?
Do you search like a ghost, from pillar to post,
For the will-o'-the-wisp called fame?
Calm down and relax for a moment . . .
I hear that the fishing is fine
And God's buttercup spills all over the hills
With gold that is yours and mine!
Let somebody else make that million . . .
Fool's gold that one never spends . . .
How much richer to leave a bounty of love
In the hearts of a million friends!

The Fellowcraft Club meets the third Friday of eech month, after the first section of the Fellowcraft Degree. Plans are this year, to have a practice session each month, except June, July end August. Remember that every Master Mason of Summit City Lodge is automatically a member of this club. Please come and support this fine organization.

Brethren: Thank you for the opportunity of serving as HOMEs Worshipful Master and I believe this is elso the sentiment of all HOME officers who will serve with me.

You will note on the 1979 calendar which was enclosed with your Oecember "Letter from HOME" thet I am designating 1979 es "The Year of the Trowel" the principal working tool of a Master Mason. Let us all strive to use it as we were exhorted to do. To spread thet cement of brotherly love and affection; which unites us into one secred band or society of friends and brothers. What better place can be found to accemplish this end than coming HDME to lodge?

Your HOME officers have committed themselves to strive for excellence in every facet of HOMEs program, undertakings and work. HOME Lodge will meet every Tuesday night except during July and August. As the year advances you will ba kept aware of HOMEs progress.

You will also note in your 1979 calender that numerous committees were established. With but few exceptions each brother appointed was contacted and agreed to serve. As these committees function you will see HOMEs program edvance with positive results.

The first HOME social function will be a Fellow Craft Team recognition dinner on January 30 at 6:30 p.m. with a reorganizational meeting and election of officers to follow.

It is not too late to make that New Year resolution to attend HOME Lodge more often end strive to keep it. You will feal proud to be a part of an ective group that is on the move.

HOME extends congretuletions and the hend of brotherly love end affection to our newly raised brothers, Thomas Palmer, Oale E. Sims II, Stephen Sims and Al Hardin. May they continue to Improve Masonry.

I received a Christmas card with the following hend scribed on It end hope you appraciate it too.

It's up to you to fill it."

Sublime Degree

If we have a proper conception of the Sublime Degree of Masonry, if we understend, as far es wa are able to understand, its great teachings, those which are told in words and those which ere untold in the language of Symbolism, we will never inject into it anything thet will detract from its profound message.

The lessons of the Sublime Oegree are edaptable to every condition of life, as well as to the calm contemplation of death. It is the story of the ultimate triumph of the spiritual over the meterial.

The candidate is the central figure in the drama, which we refer to as the Hiremic Legend. Tha impressions that he receives as he progresses from a Fellowcraft Meson to e Master must reflect the genuine lessons of the degree.

No Mason has the right to present a felse picture of thet which is sublime. It is the profound duty of those who participate in the work end those who witness it to enter into the raising of a candidete with minds end hearts ettuned to the sacred design of the degree.

On Dacamber 7, e cold reiny night, Merilyn Frederick, Grand Esther, came to our Fort Weyna Chapter No. 432 O.E.S. to give her story of Esther. Brothar Clayton Herrick, Pest Grand Petron of Indiane Grand Chaptar, was presented et the altar, and merched to the East to his song in our chepter, "Old Men River".

Sister Merilyn Frederick wes escorted to the East through en isla formad by Pest Esthara, holding an erch of Doves. Carol Munk sang "Your Creed". She was presented with e beeutiful red rose — our Worthy Matron, Elene Wetson's flowar of the year.

A speciel greeting wes axtanded by tha Worthy Matron to our Grend Esther — the Stete Ster Point from Monroeville. We ere proud to have her represent our District No. 14.

Sister Merilyn responded with an expression of thenks for the invitation. She stated thet she didn't know how to choose which of the four Fort Weyne Chepters to give the Esther story to. So ehe decided to eccept the first invitation, end weren't we lucky to heve her end her beeutiful story in our chapter? Sister Merilyn commented on the beeutiful cross in the East, end the red velvet haert end white doves thet rest on the cross. Also the time spent by "unseen hends" to make the while felt doves used es vouchers for the evening. She was happy that someona was using har Dove of Peace as en amblem this yaar.

Sistar Marilyn impressed evaryone as sha told the baautiful story of Ouaen Esther. We were reminded there is naad of tha virtues of fidelity to kindred and friends examplified by this haroine. Esthers' baauty end loyalty to har duty by bringing us joy in shering the "light" of the White Rey. Esthar wes an orphen, raised by her Uncle Mordicai, who saw that sha learned the Persien dialect. The Jaws wara held in captivity by tha Persian empire. The King divorced Oueen Veshti, end made search for the most beautiful woman to be his Oueen. Esther was chosen Queen of Persie. Aftar she became Queen, she had to leam the duties end responsibilitias of e ruling monerch.

The enemies of the Jews persueded tha King to Issua en edict, commanding that on e given dey the Hebrew rece should be destroyed. Esthar, by her sweetness end gentleness, became e lovely, capable young woman who ruled with wisdom end justica. She approeched the King, who promised to give her her wish up to helf of his kingdom. Esther saved her people, teaching us thet e pure end upright life is ebove the tongue of reproach. Like Esther, we must be willing to acquira naw undarstanding end knowledge if we are to carry out our responsibilities. Thus, wa can emuleta the beautiful and heroic story of Esther.

All edjourned to tha mazzanine for e sociel hour and refreshments. Tha tables were dacoreted in the Christmes theme.

Janaery 4 wa will honor ell Chaplain stations. How proud Elena Watson, W.M. will be if ell Past Chaplains can come and honor your two Chaplains serving in the east.

January 18 we calabrete end honor ell chapter men. Jim Williams, Cheirman, wants your money for your share of entertainment and refreshmants. See Jim.

This will be my lest writing for your Worthy Matron, Elene Watson. Due to Bob's health, wa are going south end leaving the beautiful snow for you! You will find us et Camega Village, No. 184 Sente Fe Trail, North Fort Meyers, Florida 33903. In the summer wa will be at our cottage et Adams Lake.

My Mertha Star Pal end my Esther Point when I was Worthy Matron, Virginia Curtis will egain by my Pel end finish tha year. I know ell you committae heads will be es helpful to her as you heve been to me. Give her your detes and activities for Februery end March. On the first end third Thursdey I won't be thinking of my motto — "Keep a Song in Your Heert." My song will be "Oh! How I Miss You Tonight".

And now I heve come to the and of the road,
Thet has meant so much to me
And at the end of the road, I shell find
the Path of sweet memory.
All these memories forever I'll keep
Tied fast with tha strings of my heert;
Thank you ell for lightaning my way,
By FAITHFULLY doing your part.

My thenks to my daughter Roberta Meeks, e Fort Wayne Chapter member, for typing this months article and for the Grand Esthers visit in Ster-Lite, while this Humpty-Dumpty was in the hospital aftar my great fall.

We still have work to be done and places to go, and we've got the time, so Hello 1979. Have you made your New Year's Resolutions? I have, but I can't keep them alone, so I admit "I need you, God."

Dear God, I do not want to know what things there ere in store,

But I implore your help to live and to accomplish more.

Your hand alone can lead me through the darkness of the night,

And bless me with encouragement to keep on doing right.

I try to be prepared each day to take my life in stride . . .

But I need grace to guide my steps end never leave your side.

Almighty God, in every thought, I most sincerely pray,

For just enough essistance now that I may never stray.

Be with me every morning when the sky is gray or blue,

And let me find the sters et night that light the way to you.

Becktracking e mite to our December 6 All Committee Christmas Party - it was very nice and I wish more of us could attend. But December has become a hectic month and there are so many ectivities - too many in one day. Lucy thenks all of you who could make it.

Helo! My name is Jan Flohr. I was installed Honored Queen on December B. I want to thenk everybody who came and took part in the ceremony, even though the weather was bad.

Prudence

Prudence in Masonry means wisdom; wisdom was enciently e cardinal virtue and the mere chenging of the syllables by which it is domineted does not chenge its nature. It is the wisdom which wes meant by the writer of Proverbs, who said, "the heert of the prudent getteth knowledge."

Freemasonry is a system of wisdom of heart; if the Mason so wills it, of soul. It is an approach of man to his Creator. It is a forward looking to better days and a looking up to higher things. Its whole structure is aimed at helping a man in the formation of good character. Wisdom is an essential for this, from thinking, rether than from education end teaching. Consider prudence as meaning e wisdom of both heart and mind and it becomes something high and holy and much more impressive than mere precaution, judged by the modern and colloquial meaning of the word prudence. Therefore, e man is prudent when he allows wisdom to rule his actions.

Things Are Tough

A worried man walked into the office of the Rent Control Administration end esked if enyone could tell him who his landlord wes.

"Why, your lendlord is the man you pay rent to," said the clerk.

"I don't pay no rent," said the man. "You see, 'bout nine years ago I found me a vacant house and moved in. I been there ever since, and I ain't peid no rent."

"Well, whet ere you worrying ebout?" exclaimed the clerk. "You have no complaint."

"Sure, I have," replied the man; "if somebody don't fix the roof, I'm gonna move out!"

A Great Common Altar

By Albert Pike

Freemasonry is one faith, one religion, one great common altar, around which ell men, of all tongues and all languages can assemble, in which there can be no rivalry, except a noble emulation of rites, orders end degrees, which can best work and best agree. Masonry will never be true to her mission till we ell join hands, heart to heart,e nd hend to hand, around the altar of Masonry with a determination that Masonry shall become at some time worthy of her pretensions, no longer a pretender to thet which is good, but that she shall be en apostle of peace, good will, charity and toleretion.

Your Help To Mankind

The only question for us to ask, as true men, is what does duty require; and not what will be the result and our reward if we do our duty.

Not all men have the same capacity of understanding. Each man will attain to only a large portion of truth as he is capable of digesting.

It was the philosophy of Emerson that if you would desire to succeed you should help mankind as e whole. In his essay on Compensation he uses the expression, "Put God in Your Debt."

There is considerable evidence thet if you give mercy, love end right, the same shall return to you.

Let us develop the brain, but also civilize the heert. Let us do what we can for the destruction of ignorance, poverty end crime. Let us do our best to satisfy the hunger of the mind. Let us seek to escertain the secrets of nature, in order to make the invisible forces the tireless servents of the humen race, and thus fill the world with happy homes.

What Is Important

In the work of Masonry there ere many fields of endeavor, ell e part of our plan "to improve ourselves in the way of life." Dne Brother mey outline in appropriate words the duties that ere ours as Masons. His words inspire us.

Another Brother mey not have the same ebility to put his ideas into words, but he knows with equal certainty about his duties as a man and a Mason. If he learns of e Brother who is sick, or in distress, he understands, end it is more then an understanding of duty, it is the understanding of the principles of Love end Brotherhood, which quickens the desire into ection and sends him to the sick or the distressed.

Dur Brother may be a good ritualist, enother a student of symbolism, and still enother a good worker on eny committee.

Each Brother doing the special task for which he has the greatest ebility results in the success of the lodge end Masonry.

— Exchange

FREEMASDNS do not join a Masonic Lodge solely to attend social activities. These programs should be the by-product of e Lodge rather then the main diet at a stated Meeting. If men come to Masonry because they want to learn about Masonry, perhaps to become the kind of Meson they admired, then let us help them to do so, rather than complain about ettendance, or ege, or e thousand other excuses. While attendance, membership end social ectivities ere desirable, they ere not primarily whet men come to Mesonry for; secondery metters should be relegated to their proper place behind primary concerns.

—Chester R. MecPhee, 1976

Known as Oldest But Nothing More

Methuseleh, the man of ancient days, remains famous es the oldest man who ever lived — and for nothing else. The only thing known about him was that he was very, very old. He had lived long but not richly; and it was not known that he had produced e single ripple on the current of life as it had streamed past him during ell the centuries that he had lived. He had always been e spectetor, never a participant in the game of life. At long last, when the end came, nothing could be said of him except that he lived long upon the earth.

The boy was registering for his fourth grede of school. He stopped end thought for e while when he came to the line marked, "Person to call if you get injured in school," then wrote:

"Anybody in sight."

Stressing the velue of a wide vocabulary, the college instructor told the class, "Use e word ten times end it will be yours for life."

In the back of the room, a young brunette looked out the window end chanted softly: "Tom, Tom, Tom, Tom, Tom, Tom, Tom, Tom, Tom, Tom."

That Book

I took a welk the other night
And stepped from derkness Into light,
And there, right in front of me
I saw three symbols of Masonry.
The squere and compess we often see
Sometimes combined with the letter "G"
The two on top we ell know
But what about that Book below?
I was told that the Book I saw
Was the Volume of the Sacred Lew,
And in Thet Book you cen find
All the lews, for mankind.
So honour thet Book, well
And many answers it will tell.
Ceuse That Book or Secred Lew
Is the Bible, God's Holy Lew.

INDIANA GEOLOGICAL SURVEY. DEPARTMENT OF NATURAL RESOURCES

GEOLOGY OF DAMSITES

Dam and reservoir sites require thorough investigation before design and construction begin. Geologic studies are important in this process, especially for larger dams. Questions to be considered before engineering studies begin include: Will soil and rock support the weight of the dam? Are there faults, buried channels, or caverns? Are the rocks, particularly near the dam, secure from damaging or hazardous leakage? Will the valley fill materials prevent seepage under the dam? Are local supplies of permeable and impermeable fill materials adequate for constructing the dam?

Although detailed studies are made by other agencies or consulting firms, the Indiana Geological Survey is frequently called on to provide information and advice.

Written For Our Instruction

"For whetever was written in former days wes written for our instruction, thet by steedfestness end by the encouragement of the scriptures we might heve hope."
(Romens 15:4)

There are meny ways to learn these days, in fact, we learn something new every day. While our sources of information are many, only the Bible is the primary source for instruction, for encouragement and for hope. Paul says that whatever was written, (he is referring to the Dld Testament) was written for our instruction and he points out thet the Scriptures were written for a deeper purpose. Learning itself has little value. Just for the sake of learning is boring end meaningless — but through the encouragement of the Scriptures we do have hope.

Paul is not generally considered among the Prophets whose works comprise so much of the 8ible. Yet Paul was a prophet and he did prophesy. His forecast in the third chepter of Second Timothy is one of the greatest to be found in the 8ible. There he draws a picture of modern age before which we who are responsible for it must stand mute and ashamed. Every man and women who claims any allegiance to Mesonic teaching could study earnestly the truth to be found in Paul's message. That truth, studied and applied, would make Mesonry the wonder of the world through its power to inspire e reformed leadership in all of man's affairs.

Looking at us across the ages Paul said that men would be lovers of themselves, covetous, boasters, proud, blasphemers, disobedient, unthankful and unholy. 8ut that is only part of it. He also said, that they would be lacking in natural affection, trucebreakers, false accusers, incontinent, fierce and despisers of those who are good. Even that was not all he saw in us. He foretold we would be traitors, heady, highminded and lovers of pleasure more than lovers of God. He said that we would be forever learning, yet never eble to come to a knowledge of the truth.

Some may quickly rise to deny the indictment. They will point to our recognition as a Christian nation and our acceptance of God as proof that Paul's condemnation does not apply to us. 8ut can any of us deny that we are selfish end covetous? Do we not proudly boast of our accomplishments? Are not our courts, civil and criminal, full of the disobedient? Are we thankful for what we receive, or do we insist it is less than our due? Would we live as we do if we truly felt God's presence? Are eny of His principles and instructions really considered at any of men's conferences, smell or large, national or international? Therefore can we cleim holiness? Have we not been heady and highminded, which is to say intoxicated with power end errogance? It is in the record — and that is part of whet Paul was talking ebout.

Even so, we are a land of churches, of schools, of societies, associations and fraternities — all founded for the purpose of doing good. How then, and why in the face of all these evidences of righteousness, can Paul's indictment be placed upon our age?

All of the foregoing applies generally to all netions who call themselves civilized. 8ranches of the Mesonic Fraternity will be found in all of those countries. Therefore, it is appropriate to examine ourselves to discover if any part of the indictment mey rightfully be pleced against us. Strict adherence to Masonic teaching and principle would free us from it. If strict examinetion proves us chargeable under any part of it, then in that doing we have failed.

So long as we wear the epron of Masonry, yet in our living reveel a proud, boastful, covetous spirit; selfishly seeking honors, fame, position and glory; holding ourselves superior and better than others, we dishonor that 8adge of a Mason and deserve Paul's description. Each of us who can leave a lodge of Mesons and then resort to any kind of trickery, underhendness, scheming and duplicity to gain objectives, revenge or advantage in the profane world is not a Mason and is guilty as charged. Any member who feels that his Masonry is something restricted to the lodge room or certain members, and that its principles are not intended to affect or limit his actions outside of it, is practicing a form of godliness but denying the power thereof. Any any man who joins Masonry to profit from it or to use it as a screen hiding unworthy motives is guilty of the same thing. Those who do such things know it and of them is written: "Even so ye outwardly appear righteous unto men, but within ye are full of hypocrisy and iniquity."

Old Advice From Egypt

A philosopher named Ptehhotep once topped the list of the world's wisest men. Some scholers say he lived ebout 2650 8.C.; others date him a thousand years earlier. 8ut give or take e few centuries, this man recorded the eerliest recorded advice on how people should live.

What sort of advice would you imagine this wise man would heve offered people ell those thousands of years ago? He told them to be kind! Long before the Golden Rule had been devised, he told people to treat others as they would like to be treated, and reminded them thet even though they might achieve fame and fortune, "It is e men's kindly ects that ere remembered . . . in the years after his life."

Like the philosophers of ancient Greece who came efter him, this sage of fifty centuries ago reted es most important emong the erts a man could leem is the ert of being kind. Is there e more important one today?

Brethren: As we start another year we must realize that with a new temple and facilities for some social events we should make plans to use these facilities, but this month let's talk about the past year.

The most important event of the past year was the new temple and the workmen who helped to remodel it in preparation for the dedication.

Somewhere in the past I read an article which mentioned that one of the marks of a man was what he left behind for those who follow. If there is any truth to this then the workman who labored long hours in this remodeling project may take great pride in themselves. There is no point in trying to name each member who helped as I would only make the mistake of omitting someone, but it seems that there were certain people who might be mentioned. The W.M. Dean Skinner, who probably worried more then any other one person, the Secretary Harvey Ault who hed more bookwork due to the remodeling project than most people will ever reelize, end the members of the Board of Trustees who accepted the responsibility of getting the job done and lookad to the financing.

As I take the cheir in the East this year I can only look eround end express the same feelings as any other member end say "Thenks."

At our Oecembar meeting we held our ennual elections, the officers for 1979 will be W.M., Bernerd L. Osborn; S.W., Jack Ash; J.W., Oen Waltars; S.O., Richard Newhard; J.D., Jeck Russell; Treasurer, Oerol VanMeter; Secretary, Harvey Ault 33°; S.S., Howerd Hoch; J.S., Devid Houser; Tyler, John Osborn; Chaplain, George Thurber.

Next time let's talk about what we are going to expect in the way of social events, therefore if eny one has any suggestions make your ideas known.

So long for now, see you in Lodge.

On Cooperation

A boy soon learns that he cannot play a baseball game alone. Neigher can a men build a factory, nor conduct a business, nor organize a church alone. We need the help of one enother to get along. Even the savage knew the advantage of numbers, especielly in the hunt and in battle. Modern society is more complex than the tribal society of ancient times. If cooperation was an advantege then, it is an absolute necessity now. When a man refuses to co operate, he does not do s because of the good he gets ou of cooperation, but because h thinks thet he puts in too muc end gets too little out of it. How ever, the lew of cooperation is th law of sowing end reeping "Whetsoever e men soweth tha shell he also reap." "He tha soweth sparingly shell reap als sparingly; and he thet sowet bountifully shall reep also bount fully. These words prove the truthfulness daily, whether it be i planting on the ferm, or in preaching the Gospel, or in any co operative endeavor of eny kind "One good turn deserves another" is a good idea to bear in mind i our business dealings, our socia contacts, and in Christian fellowship. The Golden Rule is a goo rule for cooperation — "whetso ever ye would that men do unto you, do ye also unto them likewise" — let us all practice th Golden Rule.

Charity Peculiar Mark Of A Mason

We think of charity as if it wer something apart from the growth and development of the individual That form of charity which w think of es giving under favorabl and convenient circumstance without sacrifice is not by an meesure the meaning of Masonic Charity.

Just as the Mason grows in th knowledge of goodness, by ects o goodness, so does he grow in th knowledge of cherity. Charity i not e virtue that we possess mysteriously and without effort. I is ours to the extent that w understand it end usa it.

Charity is an outward expressio of an inward spiritual consciousness.

It has been said that a thousand things may indicate what a man has, but charity, or the lack of it tells what a man is.

Masonry is not a charitable institution in the sense thal materiel security is guarenteed t any member. It is e charitable institution to the extent that th Mason, properly prepered in his heart, is responsive to humenity's needs and yeernings.

Everything in Masonry directl itself to the individual. To th extent that the individual Mason i charitable, to that extent i Masonry a charitable institution.

After school on a rainy day, the teacher pushed and pulled, helping Michael on with his galoshes. He thanked her and said, "Teacher, these aren't mine, you know."

She grabbed his feet and struggled until she got them off. The harrassed woman groaned, "Who do these belong to?"

Michael said, "My brother, but my mother makes me wear them."

Letter To Sol D. Bayless Lodge

Dear Brothers at Sol D. 359:

After being raised in March of 1946, I was transferred from Casad Ord. Depot to Toledo, Ohio, in February of 1947, less than a year with you. I have not been back since.

I'll be 80 on 4 January. Am in good health and my wife and I are taking life in stride.

In 1974 I went back to school and will get — a Master's Degree in Counseling next May from Western Illinois University.

Am enclosing an article about me and my school work — not as a "look-at-me-gesture" — but perhaps as an example that because we or 60 or 70 or 80, we don't have to lay down and play dead.

Ray L. Nicholson

Member of Sol D. Bayless Lodge To Get Degree at 79

(Taken from *The Argus*, Rock Island, Ill.).

Ray Nicholson of Moline has encountered difficulty in receiving his grades from Western Illinois University's master's program in counseling.

The reason, he suspicions, is because the computer isn't programmed to handle students with a birthdate of 1899.

NICHOLSON, 79, of 1821 35th St., is the oldest candidate for a master's degree in the history of the Quad-Cities Graduate Center. He is scheduled to graduate late this spring.

However, there are those who would argue over whether Nicholson is actually the oldest to graduate. They admit that chronologically he might be but mentally he competes with the youngest.

Dr. Don Waterstreet, associate professor of counselor education, Western Illinois University, holds such a viewpoint. "Ray is a remarkable young man in a lot of ways. It is almost incredible that at his age he is willing to subject himself to the rigors of graduate education." He is a "model" for others, contends Waterstreet.

NICHOLSON ISN'T awed by his achievement. He questions why people are amazed that he entered upon the degree program in 1974 after receiving his first degree, a bachelor's in journalism and psychology from DePauw University, in 1924. "What did I have to lose?"

He said that he never has considered not being able to finish the program. "It was not a matter of not finishing. It was a matter of living."

The spry elderly gentlemen began considering further education after he celebrated his golden anniversary of graduation from DePauw. He recognized that retirement wasn't all joy.

STATING THAT he retired from a 30-year career in personnel administration in 1969 — "actually they retired me. I didn't retire them," he soon realized that life could become monotonous without any goals. "There's nothing to look forward to, no more vacation, weekends. You can't go fishin' all the time."

Nicholson wasn't content to rock the rest of his life away, living in the past. "These are the good old days right now. The only past I want is to have lilacs in December."

In 1974, he took his first courses and "I have thoroughly enjoyed them." He humorously notes that he got an A in human sexuality and a B in human behavior." I certainly

Brethren: Greetings once again from the Worshipful Master and officers of Summit City. Our installation on January 5 was more than a huge success. Our thanks go to everyone who braved the cold outside and inside to attend. Thanks also go to Junior Past Master Carl Bauman, who served as our Installing Chaplain, in place of Past Master Billy Henderson, who had to have all of his teeth pulled the day before Installation. It sure is tough to get old, eh Billy! We would also like to thank our Special Ladies, Willie Witmer and her crew, for preparing and serving at the reception following our installation.

I failed in my last article to convey to all the brethren of Summit City and their families, the officers wish for a very Happy and Prosperous New Year. Also, a special greeting to all the brethren, who, for various reasons, are unable to attend Lodge regularly. Please accept this invitation to attend whenever you can.

Four candidates were elected to receive the degrees of Masonry in January. Congratulations to these new candidates and their sponsors. With two holdover candidates from December, we will have six candidates to receive the degrees. Congratulations also go to our newly raised Master Masons, Brothers Steve Uebelhour, Carl Redding and James Hawkins. Welcome to Summit City brothers.

Brothers, when you are sponsoring a candidate for the degrees, please be in attendance when the degrees are being conferred. I cannot understand how any Master Mason can sponsor a candidate for the degrees and then make no effort to attend during the conferring of these degrees, including the lectures, or to see that he is properly prepared for his proficiency. Please, let's don't let this happen in Summit City.

Also, in reference to new petitioners, if you are assigned to an Investigation Committee and you are unable, for any reason, to make the investigation, please give the petitioner the courtesy of calling the Worshipful Master or the Secretary, so that another brother can be assigned to the committee.

Founders' Day was, as usual, a very interesting day for your Master and Wardens. The conference was again held at Murat Shrine Temple in Indianapolis. Right Worshipful Brother Robert H. Miller, Senior Grand Warden of Masons in Indiana and a Past Master of Summit City was co-chairman for the event. Be sure to attend the February stated meeting for full details.

Remember, February is Past Masters' month and our Past Masters will be putting on the Master Mason Degree, as only Summit City Past Masters can do. Also, remember the Ham and Bean Dinner, March 16 and Family Night, March 30. Plan now to attend both of these great yearly events.

We were sorry to learn of the illness of Brothers George Winchel, Past Master and John Butler. Please accept our wishes for a speedy recovery and hurry back to Lodge. Also, Brother John's two sons were two of our candidates for January.

We would like to extend our sincere sympathy to the families of Brothers Wendell C. Robinson P.M., Fred Carey and Dudley Emrick, who have laid down their working tools of life and have entered the Celestial Lodge above. We also extend our sympathy to Brother Steve Uebelhoer, whose son passed away January 4. Brother Steve was one of our December candidates.

NEWS FLASH!! Brother Wayne Lockwood has accepted the appointment as Senior Steward for this year. Thank you Brother Wayne for accepting this appointment. And also, a GREAT BIG - THANK YOU to Past Master, Brother Tom Nuss, who voluntarily took this position until a permanent appointment could be made. Words cannot express my heartfelt gratitude to you Brother Tom. Masonry in general and Summit City in particular, would be in dire straights, were it not for the devotion of our faithful Past Masters.

Brothers, we need HELP on the Fellow Craft Team. Please come and join in on the fun and fellowship. The Fellow Craft Club meets after the first section of the Fellow Craft Degree on the third Friday of every month, except July and August.

Remembers, Visitors are Welcome, Members Expected. Take notice, govern yourselves accordingly, look to the East. SEE YOU IN LODGE!

Brethren: February is here and with it comes more cold weather, but cheer up and join us in lodge where the fellowship is warm and brotherly love abides.

Soon after being installed as Master, I discovered its a tough act to follow the fine performance of last year's Worshipful Master, Dan Robinson. Great job, Dan, come back often and keep in shape. We do have a fine group of officers which will help immensely with the years work.

We have Master Mason degree work on the 5th at 5:30 with dinner at 6:30. Our Junior Warden, Bob Armstrong, and his kitchen crew will certainly have a meal worthy of our presence. February 12 is our stated meeting and among other business are two petitions. Come to cast your ballot for the acceptance or rejection of the candidates.

We wish to extend our sympathy and condolences to the family of our brother, Joe R. Wilkins, of Largo, Florida, who on January 2 passed to the Celestial Lodge above. May peace and serenity abide within his entire family.

It is with pride and enthusiasm that I convey the information that South Gate is one of the few lodges in Indiana that has shown an increase in membership during the past several years. Most of our Indiana lodges are showing a decrease in membership, which we hope to avoid. It is the belief of myself and many of the other officers that our steady increase in membership is due in part to the fine calendar of brotherhood and social activities which your past officers have provided in previous years. It is with this in mind that we are going to attempt to continue and enlarge the calendar of lodge activities, so that you, your family, and friends may enjoy many days and evenings of good fellowship. Your officers invite you, not only to attend these events yourself, but to bring friends that may be interested in the brotherhood of other fine people. Our first such event will be on Saturday, February 3, co-sponsored by Sol O. Bayless Lodge, with a delicious dinner served at 6:30 p.m., followed by square and round dancing until 11:00 p.m. We are extremely happy to announce that we have secured the well-known Billy Nix band for this fun-filled evening. Get your squares together and come join us!

Good health and much happiness to all.

See you in lodge.

Greetings Brethren:

With January now behind us, and after some schedule adjustments, we are looking forward to a busy February. We anticipate having a candidate for February in addition to degree work carried over from January.

I wish to thank Junior Warden Bill Schauer and his wife for the welcome and tasty refreshments that were enjoyed by all on stated meeting and EA degree night in January. The fellowship after the meeting is a good opportunity to get to know each other and the candidates a lot better. For those who may not know, the regular Fellowcraft Degree night is the same night as York Rite stated meeting night. Their evening is started with a dinner at 6:30 to which Wayne Lodge members are welcome. When Master Mason Degree work is scheduled there will also be dinner at 6:30. Watch the Sunday paper for lodge announcements and schedules.

Aside from the weather, the Senior and Junior Wardens and myself enjoyed a very informative Founders Day on January 13 at Indianapolis.

William L. Doctor (Bill Jr.) is in charge of the Fellowcraft Team this year and with the visitation to Genoa Lodge still on schedule, Bill will be checking for those who will be able to participate. I would personally appreciate the cooperation of everyone who is asked (volunteers gladly accepted) as Genoa Lodge is my home lodge.

Greetings Brethren:

Well your Master, Wardens end Secretary returned from Founders Day better educated, informed and inspired. The weather was extremely bad and after giving the riders in my car a thrill we soon will not forget, all should be able to report a wonderful day. It was well attended end I would like to thank the lodge for sending us, we not only enjoyed the convocation itself, but far more rewarding was the fellowship together. Will go more into detail at the stated meeting. In January we are going to have work every Monday night and looks good all the way thru March. Our Junior Warden has now learned to make the coffee just right and says refreshments are on hand. Brothers, please try end set Monday nights aside and rejoin your friends for good fellowship. In fact, call a brother and bring him along.

During the month of December the Supreme Architect of the Universe called Brother Don C. Carney, Russell R. Newton, and Charles E. Fuchshuber, P.M. And on January 9 brother Claude E. Werner to his heavenly workshop. Our heartfelt sympathies are extended to their families.

Our first annual event is February 3. We will have a Dinner Dance with South Gate Lodge again this year with the favorite "Billy Nix and His Band." This is one of the very best round and square dance bands in the Fort Wayne area. The ticket price is $3.50 per person and includes another fine meal prepared by Willie Widmer.

Brethren: This being the 'Year of the Trowel' in HDME Lodge, I will make some observations about it and its use. Webster says it is a flat piece of metal fitted into a short handle and used for spreading, shaping and smoothing plaster or the like. Have you ever watched an operative mason at work? Have you ever seen such deftness as he displays in his labor, and marveled at the exactness and beauty which results when a little cement is applied by the trowel in one place and a lot in another but always applied according to a predetermined plan? Have you ever given it thought that the level, plumb and square also enter into his labors almost constantly? Yet it is his skill with the trowel which erects a building with utility and beauty and points him out as a master craftsman. The spreading of the cement of brotherly love and affection by each HDME lodge brother, a little here, a lot there as may be required, will make each of us accomplished craftsmen, even though in our own minds we may think we are amateurs and lack the finesse of the operative mason. Brothers put your trowels to work in 1979, it will become a continuing source of satisfaction.

During February HDME will have its 3rd annual Past Masters' HDME-coming dinner on Tuesday the 27. This is the opportunity to honor the Past Master who was in the East the year you was raised end to help celebrate that occasion. Plan to attend that evening.

HDME meets every Tuesday night, so come join with your brothers in the labors of the lodge. Don't figure that you are too old to participate. HDMEs present Worshipful Master, namely me, is living proof to the contrary. Give it an effort.

HDMEs Master, Wardens and Secretary attended Founders Day January 13 and learned that the items of concern to the Grand Master were: dues in tune with the times; activities which include the families and widows of the lodge; expended programs at the Masonic Home which will make it available to a greater cross-section of the membership; an increase of ten cents per member in per capita tax in 1979 effective in 1980 to cover inflationary trends; no increase will be required in the Masonic Home assessment.

HDME Lodge extends its sincerest sympathy to the families of Brothers Robert F. Cordiner, P.M., Leonard C. Arnett, Jr., Donald C. Krewson and W. Arthur Rodemeyer, P.M. whose deaths occurred recently.

Our January stated meeting was held January 9.

Old business was the first thing to come before the lodge. There were two motions to change the amendments. These motions were both to raise our initiation fee. It was to raise the fee from $75.00 to $125.00. This motion was defeated. The vote five for, 16 against. Initiation fee is now $100.00 for the three degrees.

The investigating committee made their report, and we elected a candidate to receive the degrees of Masonry.

Greetings Brethren:

In order for a lodge to exist it must have a warrant or charter and members. Once the warrant or charter is issued the essential element then becomes the members. The number of members determine the size of a lodge and as in any organization this number will fluxuate. Every lodge strives to retain its present members and obtain new members.

One important ingredient necessary to meet expenses and maintain a lodge of any size is dues. We as members can determine the fate of our lodge by either paying or not paying our dues. To maintain our present level and high quality of membership we now have, payment of dues is a must, so I urge all the brothers who have not remitted their dues to do so now. If there are those in our membership who are having difficulty remitting their dues, contact either myself or Secretary Charles Taylor. Let this be the year we keep our membership and no one is suspended for non payment of dues.

Plans for our annual events such as Past Master; Charter Members night; golf outing and Ladies Night are in the making. Keep these in mind as definate dates will be forthcoming. If any of the brothers have any ideas they would like to present to the lodge for other activities please do so.

Congratulations to our newest honorary member Vic Hielman. Brother Vic has been an asset to Maumee and has committed and dedicated himself to not only promote Maumee but the fraternity of Masonry.

February will be a busy month also. I trust your attendance will surpass that of January. If you were unable to attend the work in January you missed an excellent performance of work by the newly appointed officers. They conducted themselves as though they had been doing the work for a year. Congratulations for a job well done. The brothers have a line of officers they can be proud of.

My thanks to all the brothers who helped and assisted in the degree work, it was not only needed but greatly appreciated.

To our newly raised brothers our congratulations and a warm Maumee welcome. Not to sound like a broken record but don't forget our Fellow Craft club. Newly raised brothers are automatically in the Craft, however we need those who went to work, or take a speaking part. Attendance to the January Craft meeting was poor. Lets make our Craft the best. Your support will do it.

Do something nice, come to lodge and bring a brother.

Geraldine Cook, who hes writtan such fina accounts of whet was going on in Fort Weyne Chapter this year, has gone to the sunny south end we hope she end her husband Bob will have e happy time away from the ice end snow and cold weether thet seem to be the lot of Hoosiers during the winter months. We'll be glad to hava them beck with all the other "Snow Birds" when spring comes.

We ere ell so busy end have so many ectivities to occupy our time and thoughts that sometimes we are forced, just by the fest pece of our livas, to pess over some of the nicest things that ere happening with a "once-over-lightly" attitude. Although it is now long pest, it seems fitting to mention the reelly lovely evening we hed together when we hed a special Christmes program on December 21st. The officers entered the Chapter Room as our organist Lucile Proctor played "Silver Bells" end eech officer wes carrying e smell bell which tinkled es she walked. Lucile played the beeutiful music of Christmas throughout the evening and the officers initieted two new members, Mildred Welker end Ruth Robertson. Ruth Cleveland elso affiliatad with Fort Wayne Chepter that evening. We welcome our three new Sisters wholeheertedly. We hope they will come to meetings regularly end often end thet they will get really involved in the things that we do and get to know us better beceuse we ere proud of our Chapter end of the Drdar of the Eastern Star.

Worthy Matron Elane Watson chose January 4th for us to ranaw our Dbligation, as we do once each yaar, and to honor all thosa who heve worn tha emblem of Tha Dpan Holy Bible, our Chaplains, past and present. Tha Cheplain station is of particular importance to Elene and Worthy Patron Duana Wetson becausa it was from that offica each of tham started thair journey to the East and also, both Elane's Fraternal Mom, Helen Parrott, and Fraternel Grand Mom, Marguerite Arnos, came to the East from tha Chaplain pleca. Elena had some speciel words of appreciation for our Chaplain Ronald Stablar and all the ettanding Past Chaplains were ascorted to e sami-circla in tha West whare they introducad thamselvas and recellad the Worthy Matron whom thay served. The Conductressas presentad each of the ladies with a lovely whita rose and the men with a smell book of Scripture verses. In an excellant program prapared for our use by the Grand Chepter, the renawal of the Dbligetion wes very impressive and enlightening. Led by our Conductresses, Sharon Ulle end JoAnn Moyer, Past Matrons Marguerite Arnos and Helen Parrott were guided through the marches used during the initiation ceremony. The significance of the merches with reletion to each of the Ster Points was expleined end demonstrated. Then they, kneeling at the elter, were joined by ell of the Chapter members for the Dbligetion.

We were very pleased to heve Sister Audrey Kennedy, of Portland Chapter, visiting with us. She wes appointed Cheirmen of the Heart Fund by the Worthy Grend Metron. She told us that 30,000,000 people suffer from heart diseese every yeer and thousands of unnecessary deeths occur becouse of it. The Most Worthy Grend Matron chose many jewelry items in the heert shepe to be sold throughout ell of the Eastern Ster Chapters to raise money for this project. Memoriel donations are also welcomed. Sharon Ulle is our own Heert Fund Cheirmen and hes ell of the jewelry — tie tacks, stick pins, cherms and fobs end earrings which she will be heppy to sell to us. The project ends in September of '79.

Januery 18th is Men's Night, the time when we try to let ell of our men know how much we appreciete their presence among us end their support and help with our numerous ectivities. Elene read e poem "Who Is A Brother" which pretty will sums up our feelings about our Fraternal Brothers. They were all introduced from a circle in the West and Elene said that since thay wara such "Good Cookies" sha had mada a cookie for each of them and thay were each givan a brown bag with a cookia in it. As an added touch, Elena said thare was also among them a vary good egg and ona of them would find e good egg in his brown bag. The ona who had tha good egg also recelvad a whola bag of cookies. Traditionally, on Men's Night tha men taka over the entartainmant and refreshments. Associate Patron Jim Williams is in charga. Gifts of love are the priceless things,

OPENING THOUGHT:

Life is a story in volumes three:
The Past, the Present, the Yet to Be.
The first we've written and laid away,
The second we're reading day by day,
The third, the last of volume three, is locked from sight. God keepsth the key.

Now that's sociability! What's sociability? Sojourners you missed it — if you haven't attended the meetings and the social hour following. After the first meeting in January we had pizza and a good gabfest. The committee seems to have as much fun in the kitchen as we in the dining room. Have you noticed the men working — pouring coffee, serving the refreshments, as well as the skilled clean-up crew — many hands make light work for all. THANKS FELLAS!

The Ways and Means Committee still have some items to sell: Tablecloths, Knives, Calendars, stick pins, (sorry the pickles are sold out!). Call Enecya, Doris, or any member of the Ways and Means Committee, or better yet, come to Shrine and pick up the items at the next meeting.

Say, wasn't it great to see Ann Galbreath back with us. Welcome back Ann, our prayers have been answered. Isn't it wonderful what these heart surgeons can do to the human body.

After the explosion of Arnett's home — we heard the good news — he is now moving into his new home and should be settled in by the next meeting. I'm just full of good news, the best is I will be in the sunny south while you read this article. Let's have some more good news to tell — drop a note.

This I didn't forget . . . Eugene and Juanita Thomes' son was a very sick little boy with REYES SYNDROME, following the Chickenpox. The good news is he is alive and recovering from a usually fatal disease — now sojourners, that's the power of Faith and Prayer. We are so thankful that their Christmas was just delayed a few weeks. Keep up the good work "Geno".

Sojourners, the General Assembly of the United Nations has designated 1979 as the year to place the child in the center of the world attention. The United Nations is inviting governments, organizations, and people of the world (including Christians) to review and affirm their concern over the present conditions and future welfare of children everywhere.

Open you "Heart" for Valentines Day — as one is asked, are you willing to forget what you have done for other people and to remember what other people have done for you; to ignore what the world may own you and to consider what you may owe the world; willing to do a little more than your duty; to close your book of complaints and sow a few seeds of happiness; do you stoop down and consider the needs and desires of children; remember the poor and needy; remember the lonliness of the elderly and ill. If you are willing to do these things for a day — yes, you are ready to open your heart and say "Happy Valentines' Day".

See you in March!

Hello there! I hope everybody has survived all the snow and ice because the Jobies have. So far we have had a slumber party, a paper drive, different installations, and a tobogoning trip with the DeMolay. Thanks DeMolay.

We are looking forward to the Sweetheart Ball and other fun activities during February. February 7 is Council member night and February 21 is Friends Night. On March 7 is Master Mason, Eastern Star, and Shrine Night. Before the meeting at 6:00 is a potluck. So all you Master Masons, Eastern Stars, and Shriners make plans to share an evening with us.

During my term we are going to sell recipe cards. So if anyone needs some call a Jobie or me. We are also collecting newspapers. If you have any call me 747-6336, and I'll pick them up.

See ya next month,

A True Mason

A true Mason prepares to live not for today, but for the future. He devotes his life to the cultivation of moral and social virtues, the upbuilding of the soul, the education of the mind in order that the influence which he casts upon those about him shall continue long after his mortal part has mouldered in the dust. Every sustaining virtue in the life is made more precious by the element of time and continuance. It is inconceivable that this character which we build with so much pain and self-denial shall suddenly collapse like the bubble which is blown into the air. Such a disaster is impossible if we understand Freemasonry aright, for the character which Freemasonry builds, graced and adorned by those Masonic attributes which have contributed to its growth and development, is destined to live on and on, ever becoming broader, and stronger, and finer, and deeper, and sweeter with the passing years.

An eminent Masonic scholar has declared that no man has any right to claim to be a Freemason unless he has endeavored to put into practice some of the teachings of the Fraternity. "It is not necessary," he asserted, "to go up to the lodge room to practice Masonry. It is in the busy marts of the world where men meet each other in their daily affairs and where human kindness and helpfulness and honesty are so much needed."

Hello end welcome to the spring term of 1979, the term is already well underwey, with the installetion of officers on Jenuary 5, 1979.

I have what I think is e very ective term plenned for the membership end prospects of our chepter, with e greet deal of emphasis on membership and public relations. We have added to our weekly activities this term to include bowling on Seturdey afternoons, rifleing end basketball on Thursday evenings. Already we have served as honor guerds for the Job's Daughters, escorts at the V.A. hospitel, bowling, rifleing, and basketbell teem practices, and many other ectivities end committee meetings.

learned e lot. Before then, I alweys thought IUD stood for Iowe University Darling."

BUT HE ADMITS that he's leemed e lot more then thet in his 48 querter hours from Western for e mester's of science. The professionals in counseling hope he will now use that knowledge of counseling plus his excellent outlook on life to aid others, particulerly the elderly. He hes begun counseling through the Retired Senior Volunteer Progrem et the Lexington House, East Moline.

Nicholson doesn't know whether he will enter upon counseling on e fulltime besis. He's too young to limit himself, elthough he does want to help others. He would like the elderly and the young both to avoid getting in a rut, e quick route to senility. "Sometimes I look through my legs — to see the world different, to avoid a rut."

HE SAYS THE imporent point to remember es e person grows older is to have no troubles, only problems. Problems can be solved, troubles only cause crying.

Ray frequently quotes from a friend's poem on Youth, Ray E. Dedy, to complete his philosophy on aging, "Nobody grows old by merely living e number of years. People grow old only by deserting their ideals."

He elso contends it is imporent to like yourself. Nicholson states, "I like me." But then again, elmost everyone would like him.

Men and Brothers

Our mission in life is to help one another end it is never our intention to sound too pompous. None os us — in our brotherhood — ere oracles, men who sit upon Olympien Heights to hand down rules end ponderous instructions to the rest of us. Not et ell. We ere simply men and brothers. We shere elike in the joys, the griefs, the heppiness and the sorrows of this world.

Masonry is not built eround e few individuels who, for e time, mey occupy places of responsibility and euthority. Masonry is that sublime work which the whole body of craftsmen do deily in fashioning thet Temple not made with hends, eternel in the heavens. In the news and from ell reports from lodges, one finds rich evidences of thet great work begun so long ago and still going on.

Whet binds men together is e common interest — something thet ell possess. In Masonry we heve thet bond end purpose. It is e ground for understanding and e basis for friendship wherever and whenever two or more Masons meet. They are not strangers — they are brothers end fellow workmen. Together, they reelize that the more one knows about Masonry end its tenets and ideals the greater enefits one derives from it.

With all of our Masonic experience it must, or et least it should, lead to a growing understanding of its erts, a greeter appreciation of the Lights, rights end benefits of Masonry. Progress in that direction will be mede by deeper comprehension of the things which, if we will recall, as "the wisdom of the ages."

To study a bit further into those mysteries and beauties it is necessary that we refer back to when, on a certain memorable occasion, we were instructed to "wait with patience" until certain things had been done. Did the exact wording of that instruction mean e greet deel to you then? Probably not. But remember this: not one word is wasted in the Masonic ritual. Each word of the entire ceremony was carved end pleced there es e jewel of meaning. It is when we begin to comprehend and truly understend the significance of those words that we reelly sense the deep meening of our Fraternity.

Note thet you were not told merely to wait. You were edvised, by e friend and brother, "to weit with patience." Why?

Wise men of long ego, even the Greet Architect of the Temple, knew that one of the besetting sins and weaknesses of mankind is impetience. There were some, you will remember, who could not weit for the Temple to be finished. Thet indeed was not a fenciful act. It was not done merely to impress you with something lifted from ancient history or mysticism. A lesson page from the wisdom of the ages was being opened to you.

When we actuelly stop to think about it — how much of the misery and sorrow of the world hes come about because men could or would not wait with patience? Simple words to be sure — but the great truths are alweys simple. Putting them into practice is whet is difficult to do.

The finding of this truth wes what occured when you were brought to Light. That was what you came esking for. Other friends and brothers who hed found it assisted you. But Light is of velue only when used. And so, once thet Light was thrown into the dark places, you were supposed to employ it in seeking out the riches that had been given you. Therefore, "wait with petience" is not merely a phrese. It is e part of the rule end guide thet should direct our ways.

Petience is indeed e greet virtue and with petience one can eccomplish meny things in life. It not only leads to Light but to tolerence end understending, as well.

Those who are impetient never take the time to think. They never take time to meditete or ponder over whet is right end whet is wrong. Thinking things out slowly and clearly will eventuelly meet the needs of one's hungering spirit for es you think, so ere you.

To patiently think, some positive thought will assist you in cultiveting the highest personel stendards of morality. It will elso prove thet kindness heals meny hearts end encouragement will bring you much peace.

With patience es your standard, teke time for Mesonry. Your vision, enthusiasm end participetion will strengthen not only your lodge but the spirit of brotherhood. Inasmuch es Masonic ideels encourege character growth end meke finer, nobler men — men who will become steedfast, more thoughtful and interested in our masonic Doctrine — it behooves all of us es Mester Masons — to "wait with petience" end ablde by it every dey of our lives so thet we cen open the door to e better world.

Thoughts On Thinkers

Most of the men the world lebelled brillient ere no more brillient than the rest of us; they just do more "thinking" then we do. They concentrate on en idee while the rest of us flit, like humming birds, from one triviality to another.

Sir Iseec Newton, something of e wool-getherer in his youth, worked out the lews of motion end universel gravitetion, invented celculus end did quite e few other mentel chores of note. But, looking back over his life, he denied vehemently thet he wes eny smerter then the next fellow. He ettributed his eccomplishments simply to "the power of petient thought." Prectically every important benefit thet hes been evolved for menkind hes been the result of somebody's "patient thinking." So, in the unlikely event thet you should come upon someone thinking, think twice before you disturb him!

Content?

Let us not be content to point with pride to the number of Freemesons who were signers of the Decleration of Independence. Let us not be content to point with pride to the number of Freemesons who were members of the Constitutionel Convention. Let us not be content to point with pride to the performence of George Weshington end his generels who were Mesons. We should heve pride in the accomplishmente of these greet Freemesons of the past, but their eccomplishments should not enchor us in self-complecency; they should be e rudder to steer us in performing in a comperable manner for our God, for our country, for our Brethren, for Freemesonry of todey.

Face The Future

No one can lightly dismiss the dangers of our times by looking in some other direction. We cry for peace, but we know there is no peace. Every dey of our lives men is killed by men. There is the awful waste of natural resources in the struggle to build and maintein a mighty military force. Names unfamiliar to us are critical danger spots.

The cause of conflict is itself a complex end mysterious study. We only know that a men's life in a foreign country is as precious as the life of a man in our own country. Each is a part of humenity.

The disease of distrust, dishonesty and hypocrisy takes its toll. What we refer to es cultural pursuits suffer, and what is put on cenves by an artist todey reveals the scars of humanity.

The Mason should pause for a moment to give thenks for a philosophy of life that cen serve as a bulwark against those things which exist, and which cennot be wished away or dismissed as horrible dreams.

The history of Mesonry leads through centuries of struggle, centuries in which man has bettled to make the spiritual within him the dominant factor in his life. It is the history of humen experience in the eternal struggle between outer conflict and inner repose.

The Mason hes witnessed the struggle in Symbolism and Allegory. Faith not supported by Courage leaves man the victim of fear end desperation.

We cannot seperate ourselves from life es it is, but we can find repose and comfort by using our best wisdom, by clinging to our fundamental teachings, by the constant ewareness of the UNCHANGEABLE in the midst of change, end by refusing to align ourselves with forces which are driven into the darkness of despair by self-inflicted fears, united only by a false philosophy and hate.

"SEVEN PILLARS OF THE MISSISSINEWA": Scenic Hoosier Landform

"The Cliffs," or "Seven Pillars," about 3 miles southeast of Peru in Miami County along the Mississinewa River, is a little-known but scenic natural feature in northern Indiana. For many centuries, weathering along the well-developed jointing and thin bedding of the Liston Creek Limestone and scouring action of the river waters have carved rounded buttresses and grotto-like alcoves in the north bluff of the river. The famous Frances Slocum Trail on the north side of the river passes along the top of the "Pillars," but to get the greatest impact of its scenic beauty, you must observe this feature from the opposite side of the stream. The bluffs, or pillars, are about 25 feet to as much as 40 to 50 feet above low water.

Old Advice From Egypt

A philosopher nemed Ptahhotep once topped the list of the world's wisest men. Some scholers sey he lived about 2650 B.C.; others date him a thousand years earlier. But give or teke a few centuries, this man recorded the earliest recorded advice on how people should live.

What sort of advice would you imagine this wise man would have offered people ell those thousands of years ago? He told them to be kindl Long before the Golden Rule had been devised he told people to trest others as they would like to be treated, end reminded them that even though they might achieve fame and fortune, "It is e men's kindly acts that are remembered . . . in the years after his life."

Like the philosophers of encient Greece who came after him, this sege of fifty centuries ego rated es most important emong the srts e man could leam is the art of being kind. Ia there a more important one today?

Thoughts Of A Mason's Wife

How many wives of Masons heve ever given much thought
To the wonderful biblical lessons
thet Mesonry has taught?
Heve you asked yourself this
question, when you sit alone at
night?
While hubby is away at Lodge, is
my reasoning streight and right?
I know the nights are lonely end
long, but this question comes to
me
"If my husbend wasn't a Meson,
whst kind of a man would he
be?"

I know nothing of their secret work,
but this much I understand,
That the lessons taught in Masonry
have msde a better man,
So ask yourself this question,
which has always come to me,
"If my husband wasn't a Meson,
what kind of a man would he
be?"

They call us Maaonic Widows: I've
been one for meny e yeer.
I've spoken my piece on lonely
nights, and berated my hubby
dear.
But then again I regret my words,
and with wisdom try to see,
"If my husbsnd wesn't e Mason,
what kind of a man would he
be?"

So I try to be e patient wife, as
alone I meditate,
And see his point, as he leeves for
Lodge, with these words, "I
won't be late,"
Some say that men make Masonry,
end this I understsnd. But
Deep in my heart I still meintain
"That Masonry makes the man."

And es we journey the highwey
together, to the inner things of
life,
Mey their teachings go on forever.

Sincerely,
A Masons Wife

Basic Function

The besic function of a Masonic Lodge is to make Master Masons.

This does not mean the formality of reising candidates. It extends fer beyond thet period in the life of e Mason. The tesk of meking Mester Masons must be directed toweird sil of us, those who are Master Mesone end those who ara in the process of becoming Master Mesons.

The programs of Mesonic Culture, Masonic Educstion or Masonic informetion, slways present an immediate end never-ending need.

The fruits of our efforts to teach and to learn about Freemasonry, the interest that we show the candidetes as we welcome them into the new World of Freemasonry, will be evident in the yesrs to come.

If we sow well, we are bound to reap well.

Voice Of The Past

Dur moral like our mental character is not formed In a moment; it is the habit of our minds; the results of msny thoughts and feelinga end efforts bound together by many natural and strong ties. The greet law of retribution ie that all coming experience is to be effected by every present feeling. The lew of retribution presses upon every men, whether he thinks of it or not. Whatsoever e man soweth, thet and not something else shell he reep.

The prectical object of Masonry is the physical and morel emelioration and the intellectuel end spirituel improvement of individusls and society. Neither can be affected, except by the disseminstion of truth. It is faleehood in doctrines end fallacy in principles, to which most of the miseries of men and the misfortunes of netions are owing. Masonry labors to improvs the social order by enlightening men's minds. It is the universal, etemel, immutsble raligion, such es God plsnted in the heart of universal humsnity. Essentially philanthropic, philosophical, end progressive, it has for ths besis of its dogma a firm belief in the existence of God end of His providenca and of the immortality of the soul; for its object, the dissemination of moral, religious philosophical virtues.

Judge Kindly

Oon't expect perfection In a msn just beceuse he is a Mason. If you do, you will bs disappointed. Masonry makes men better, but no humen egency makea them perfect. If he la a Meson, you will heve e right to preaume hs ls s good men, but do not condamn Masonry even if a few Masons turn out bad. Even ths graat Teacher himself hed a Judas. Tha eim and purpose of Masonry is to receive none but good men, keep them good, and meke them better. Judgs the Institution, not by s few feilures, but by the evsrsge of its successes. That average is high and it consequently gives standing to its membera, but it cannot be en infellible guide.

Tha fraternity may decide to do somathing which you, as sn individuel member may oppose. But do not feel that you must condemn the sction on that account. You may be right but do not pull awey. Evan you sre not infallible, and the Institution has stood for so many years, you may feel assurad that its svarsga performance will be good.

This will be in eddition to our usuel Entered Apprentice end Mester Meson nights.

Dur sincere sympethy is extended to the families of Brothers Cherles Chestein, Kanneth Evans, Clerence Puff and Elden Wehr who have laid down their Working Tools of Life and heve entered the Celestiel Lodge ebove.

As I steted before, our Past Masters Night was a huge success and was climexed by the conferring of the Master Mason Degree, with Worshipful Brother Thomes G. Nuss, Pest Mester in the East.

Brothers, there hes been an interest shown in forming a Masonic Golf League end if enough brothers want to play, there may be e Day and a Night Leegue formed. If you ere interested, call Cal Baumen, P.M. 447-7150 or Warren Wasson 424-6097.

Brothers, we are still in need of help in our Fellow Craft Club. Please come end join in on the Mesonic Fellowship end good time. We ere in hopes that all the future officers of Summit City will come from this great organization.

Greetings Brethren:

Thanks to the efforts of our Secretery, Cherlie Teylor, our Tyler, Grover Scott, and Arnold Moore, the lodge now has e new membership roster. In addition to the names of the members the roster also has information concerning the organization of Meumee and its By-Laws.

The only requirement in receiving one is simply esking for one. Due to the cost of meiling the roster I would esk all those members in the Fort Weyne end Allen County erea to come to the Temple to receive their copy. Wednesday would be an excellent dey to come to the Temple.

Merch will continue to be e busy month with the conferring of degrees. Each meeting I see e strange face which is encoureging. Attendance is increesing end with the quelity work your officers ere doing it should increase greater. To those members who come meeting after meeting your presence is needed end appreciated.

Our thanks to Herb Edwards for his wood working contribution to the Lodge. The fixtures he mede will be en asset in the conferring of the degrees. If someone hes e name for the fixtures other then "Knockers" pleese pess it on.

The officers end creft have been invited to confer the Mester Meson degree in Tyrien Lodge No. 71B, Elkhert, Indiane. A tentative dete of March 10 hes been set. It would be a rewerding experience for Bro. Teylor to have a fine turn out es he raises the candidate. Officers and craft meke plans to attend.

The Grand Architect of the Universe in his infinite wisdom hes called to the Celestiel Lodge ebove Meurice Nusbaum, Relph Sponhauer and Past Mester A. Peul Streight. We the officers end members ere saddened by the loss of these brothers end extend our sympathies to their families.

Do something nice for yourself, come to lodge end bring a brother.

My Lodge

I want my lodge to be a place where I can always find an abundance of love, understanding and kindness.

I want my lodge to be composed of well-informed brothers, brothers who appreciate the privilege of being Masons and who are ever willing to devote their time and talents to the welfare of the lodge and to the well-being of its members.

I want my lodge to be a place in which I can acquire Light and more Light; a place where the officers are ever aware of their responsibilities; who are proficient in the work but who keep in mind that there is a great deal more to Masonry than the ritualistic ceremonies.

I want my lodge to have a system of instruction so that each of our members can grow in Masonic knowledge.

I want my lodge to have that atmosphere of reverance, and quiet dignity, which is in keeping with the Plan of Masonry.

I want my lodge to carefully investigate every petitioner for the degrees so that we may be quite sure that the material we accept will add strength to Masonry.

I want to think, act and walk in life so that I may be worthy of membership in my lodge, and to help make it the kind of lodge I want it to be.

The Try Square

Each of us has in his heart a little try square, called a conscience, by which to test each thought and word and deed, and determine whether it is true or false. By as much as a man honestly applies that test to his own heart, and his relations with his fellows, by so much will his life be happy, stable and true.

It's hard to believe that this year has passed so quickly. By the time this issue of Square and Compass comes to you it will be the month of Merch, and we will be into the Lenten season, looking forward to Easter, the Spring weather, and "green-up time". I think we will all be glad to put away the snow shovels but, on the other hend, I for one, am not in any hurry to get out the lawn mower, either!

Our first meeting in February was Election Night and the following officers were elected to be the standard bearers for Fort Wayne Chaptar for tha next year: Worthy Matron, Carol Munk; Worthy Petron, Clayton Harrick; Aseociate Matron, JoAnn Moyer; Associata Patron, Amold Moore; Secretary, Helen Howard; Treasurar, Merea Woodworth; Conductress, Juanita Moore.

Our Worthy Matron, Elene Watson planned a Valentine party for our second February meeting and the Colonial Room was all decked out with a very fancy tree decorated with red paper hearts end red ribbon bows. The tables whara refreshmenta wara served on the Mazzanina were elso festive with red flower candle holders and whita candles. Tha vouchers for the evening wara red hearts.

Wa are proud to learn that Worthy Grand Metron Betty Coffel has appointed our own Worthy Patron, Duane Watson, to serva as Grand Usher at "The Lamp of Friendship" session of tha Indiana Grand Chaptar which will be held at the Murat Temple in Indianapolis April 23, 23, 25. We also extend our sincere congratulationa to Sister Ruth Miller of St. Mary's Chaptar, Poe, for her appointment to serve es Grand Page at the Grand Chapter sessions. Incidentally, Sharron Ulle is taking reservations for those who Intend to attend the meetings in Indlanapolis and the reservations should be given to Sharron as soon es possible.

Worthy Metron Elene is plenning e speciel recognition program to honor our new, re-insteted, and newly-effiliated members on March 1. The meeting on Merch 15 will be the lest for the 1978-1979 corp of officers. Thet evening we will honor them end try to express our reel appreciation for the houre of service they heve given to ue, to our Chapter, end to our Worthy Metron. They have conducted our meetinga with dignity end beauty end friendliness. We have been most proud of them end didn't they elwaya look gorgaoua in those lovely tangerine dresses?

Meny of our groups have held yeer-end parties to honor Worthy Metron Elene and Worthy Patron Duene Wetson ea they "graduata" from the East. One of these special parties was hald in the Ballroom on February 22 for all of the membera of Chepter. The plens, mastarmindad by Sharron Ulla, were beeutifully camed out. Elena and Duene and their special guests, Fraternal Mom Helen Parrott and Walter Perrott, Fratamel Pop Bill Hardy and Miriem Hardy, Pest Grend Patron Cleyton Hemick and Halen Hemick, and Chaplein Ronald Stabler and good friend and halper and Chaplain Pro-Tam Alice Ven Allan were met and escorted from the second floor lounge to the dining room by Conductress Sharron Ulla end Associete Conductress JoAnn Moyer. Elene was wearing a lovely tangarlne coraage handmade from silk flowera for har by Sherron. Duana's Boutonniere waa also hend-mada of the same pretty flowers.

Tha dinner tables were beautiful with tangerine streamers down the centar and arrangements of flowara and candlea of lovely spring shadea of yellow and tangarine. The head table was erranged in the form of e cross end had e canterpiece, made by Sharron, of the same silk flowara in e wooden bucket container. A complete silver service provided the necessary coffee, tea, etc. for those at the table. The potluck meal waa earved from a buffet table centered with e large candelebra end flower arrengement. Ronald Stabler offarad the dinner preyer. The honored guests hed piece cards meda from paychodelic poater board and tha fevore were miniature crosses with e white dove and small red heart attached, the symbols of Elene.

Ron Stabler waa Master of Ceremonies for tha Truth or Consequencaa game which avaryona played after dinner. Each place at table was secretly marked with a number and thera was a list of questiona marked with correspondning numbers. As each number was called, the person who had the place with that number was givan a chance to answer his question. If he "failed" he then had to do his "Consequance". Sorna of the questions involved songs which Lucile Proctor pleyed and some of the consequences elso involved songs to be sung by the "losers". And to think - we trusted you Sherron! And, tsk, tsk, Lucy, to think you would stoop to such e low-down scheme! The prizes were white elephents which seemed quite appropriete for the type of answers given. The perty waa e lot of fun end we ell thenk Sherron end the Decorating Committee who spent meny, meny hours planning end working to meke it so enjoyeble for ell of us.

Sherron wishes to express her thanks to Decorating, the Sociel Committee who furnished the coffee, cream, suger, end butter, to Alice Ven Allen who made the Chicken end Noodles, end to ell the officera who furnished the ham and dinner rolls for the dinner.

The Installation of Officera will be held In the Coloniel Room on Seturday, March 17 at 7:30 p.m. with Past Grand Metron Madonna Meyerrose aa tha Installing Grand Officer. She will be assisted by Installing Grend Chaplain Dorothy O'Brien, Past Matron Marjorie Rodamayer aa Installing Grand Mershell, and Past Patron Delmer Prictor es Installing Grand Orgenist. Paul Truby, husband of Grace Truby, passed away Feb. 8.

To those who are ill, we wish a speedy recovery. To those in sorrow, we give our heartfelt sympathy.

I know your Worth Matron and Worthy Patron would say that it is time to close the doors to another year, and the past will be only precious memories. Our thanks to all the officers and members for the many fine things you have done to preserve the traditions of Eastern Star. We wish to congratulate all the new officers and wish for them a very good year.

I have enjoyed being your publicity chairman for the past year. I have tried to make the news as interesting as I could. If I have left anything out, I am sorry. Sometimes it is hard to get everything in as it should be, for it has to be to the printer at a certain time.

I wish to thank our Heavenly Father for all who have enriched my life. Help me today and every day to be a blessing to someone who needs a friend.

In closing I would like to leave you with these thoughts: A lot of people are like wheelbarrows - no good unless pushed. Some are like kites - if you don't keep a string on them, they fly away. Some are like canoes - they need to be peddled. Some are like kittens - you can't tell which way they will bounce next. Some are like balloons - full of air and ready to blow up. Some are like neon lights - they keep going on and off. And we would like to add, some are like a good watch - open faces, pure gold, quietly busy, and full of good works.

Good luck to all and may God bless each of you. Hope to see all of you in Chapter.

THE LOVE OF FRIENDS

Give me the love of friends, and I
Shall not complain of cloudy sky
Or little dreams that fade and die.
Give me the clasp of one firm hand,
The lips that say, "I understand,"
And I shall walk on holy land . .
For fame and fortune burdens bring
And winter takes the rose of spring
But friendship is a God-like thing.

To all my Sisters and Brothers:

During the past year I have been honored to serve Shiloh Chapter. It has been a year that I will never forget.

I'm not much for writing or speeches but I would like to thank each and every one of you that has helped make this year a success.

There are many individuals I'd like to thank.

This year we have had an excellent corps of officers. Each one doing their work to perfection and doing whatever was asked of them and more.

A Fraternal Mom (Liz Witmer) who was always there when I yelled "Help," and even when I didn't know I needed help.

A Fraternal Pop (Dick Stonebreaker) who, though he couldn't attend often, was always there if I needed him.

A Fraternal grandmother (Gerria Crouch) and John (Fraternal grandpop) who was always willing to do what they could.

A general family who always helped. There is Doris (Proehl) who took things out of my hands and carried them out and Louise (McCoy) who was the best co-chairman anyone could ask for.

Then Enecya Smith who Lights up our lives. Faithfully writing each article of the Square and Compass, keeping each of us informed on what is happening and making each of us anxious to read her articles.

Then my mom (Mary Stubbs), who has kept our books straight. Who was always saying, "Now don't forget this," or "Did you remember that." Which in truth I probably would have forgotten. Who saved poems, articles, and everything else she could for the last four years. For babysitting and giving me a shoulder to cry on and so many other things. (Thanks mom and thanks to dad for understanding).

There's Willie Witmer who was always coming to the rescue.

Each committee chairman and secretary who did their jobs gladly.

There's Lucille Thompson who got us to help in serving. The hours she spent on the phone really paid off — for they brought in more money then all of our projects put together.

Then the protems who when asked always said "Sure I will."

And to all our faithful members, we thank you. Shiloh is just a name, it's each member who makes it a great organization.

Thank God for our faithful members. All their help and devotion to Shiloh is what makes our chapter work. If it weren't for them there wouldn't be a Shiloh.

To each of you:

Words seldom go quite deep enough
When thanks should be expressed
To someone who has strewn your path with happiness
So when we thank somebody for
Some kindness, sweet and grand
We utter these small words Thank-you
And hope they understand.

Now our year is over and my gavel I lay down.

Let us support and help Juanita in her year in the East, for as we help others, we help ourselves as well. Our Chapter needs our support, so please . . . do what you can whatever it may be.

God bless you all,

Lucy

Congratulations to all of the officers this past year, a job well done and we hope to see many of you on the floor as officers again next year.

In spite of the weather — all of that white stuff on the ground, we had a very nice turn out for the star point party. Thanks to all of you who braved the weather — to Jo Fullhart for chairing the party under the watchful eye of Liz Witmer. The entertainment was by the Northrop Swing Choir and the dessert was a jello cake and coffee and tea.

Decorations were in green and gold and a gold G-Clef was used as a backdrop.

Table prizes were light bulbs wrapped.

The Worthy Patron, John Weyer, received a monogramed lighter with his initials and Worthy Patron 1978-1979.

Our Worthy Matron, Lucy Cutting, received a set of Correlle dishes, a set of mugs and a meat platter.

The following are meetings for March:

March 7, 8:30, End of the year Party.

March 8, 8:00, Chapter Committee Reports.

March 22, 8:00, Chapter Retiring.

March 31, 7:30, Open Installation for the new officers for 1979-1980. The new Worthy Matron, Juanita Thomas; Worthy Patron, Joe Perez.

Bless this Chapter and all within it, Let no harsh spirit in it. Let none approach who would betray; None with a bitter word to say.

The year has begun with a bangl

From a modest suggestion to a group of Past Commanders there evolved our Commendery Order Day presented by a complete assembly of Past Commanders and as could be expected very excellent work was given to Sir Knight Don Schroth who had been patiently waiting to receive the "completed story".

Fellowship was enhanced by a light lunch which was appreciated and enjoyed by all.

A big thanks to "Julie the Cook."

Group 3 held their meeting January 30 with a very good representation from the surrounding area, general discussion included a membership drive for an upcoming festival already in the planning stages. Watch for more news on this event.

A glance at your News and Views recently mailed out will show necessary changes of two dates, September 11 should now read the 9th, and October 15 should be the 13th.

Another correction not shown as of the February issue still shows the pictures of last years presiding officers of the Chapter and Council, this is in error and should show Roy Sipe E.H.P. and Albert Ungerer I.M.

March stated will be opened by a conclave of the Commandery followed by Chapter and Council preceeded by a meal prepared by our very efficient "Chef" Francis Studler and his assistants Don Smith and Bill Roberts, with Jim Johnson and others. It should be noted that this meal is not restricted to York Rite, come one, come all and Welcome.

Current Committee appointments to the Commendery are: Director of Work for Red Cross of Malta, Robert Mathieson, Assistant John Blaich.

Order of the Temple: James S. DeMond; Assistant Bernard L. Smith and John A. Inches.

Chairman of Membership Drive: Robert Mathieson; Publicity: Kenneth E. Gibson; Eye Foundation: John A. Inches; York Rite Cooperation: Kannath E. Gibson; Banquet and Refrashment: James S. Farrar; Quarter Master: Phil McCague; Camp Crosley: Phil McCague.

With the annual Easter Sunrise Service approaching Sir Knight Bernard L. Smith already has things wall in hand with the following being assignad to: Breakfast Preparation, James S. DeMond; Flowers, Francis Studler; Senior Citizens, Myron Millhorn; Service, Bernard L. Smith; Ushers (DeMolay), Richard Swinehart; Photography, Kenneth E. Gibson; Serving Senior Citizens, Beauceant; Printing, Roger Shafer.

Chapter and Council will portray degree work March 17th with Commendery exemplifying the Orders on the 24th.

Grand Council will convene at Terre Haute on March 30-31, take due notice.

As a temporary measure Drill Corps. meeting night has been changed to Wednesday (2nd and 4th), Tuesday (1st and 3rd) to assist in accommodating Symbolic Lodge participants in attendance at practice for preparation of the Tri-Annual competitions in Indianapolis in the Spring — April 27 to 29.

Recently on the sick list were Sir Knight's Gerald V. R. Walker, Simon Hertsing and Sheldon Leiter the latter in Arizona. All are home and recuperating but Gerry is scheduled for a return trip in a few weeks.

A formal invitation has been extendad to the Ladies of the Beauceant to assist York Rite at refreshments at our various functions, it is to be hopad we will receive a favorable response.

Power and authority once acquired apparently becomes very difficult to release and as a consequence creates conflict and confusion, line of communications become confused and attempts at organized structure become an exercise in futility. "All Chiefs and No Indians". The York Rite is so structured that to avoid control by a few release of previous authority is mandatory, yet remaining so in the cause of assistance, no longer direction. Arbitrary assumption without communication will avail nothing, for self or for our organization. Let us all endeavor to assist each other by working for the Brotherhood of Man, or have we become so obsessed with the organization idea that we have lost sight of practicing that which we preach. Govern yourselves accordingly.

Mention should be made of our traveling team of movie men, Sir Knights John Blaich and Bill Scheuer who are always ready to fill requests for a viewing of The Saga of the Royal Arch a prize winning documentary which every Mason should go out of his way to see whether with further esperation or not. This is Family Type viewing and highly recommended.

A Reality Among Men

In the lessons of Masonry we have been taught the fundamental principles which are Brotherly Love, Relief and Truth. Masonry teaches love and fellowship for all mankind, it also teaches that we are not only our brothers' keepers but our neighbors' keepers as well.

There are several millions of Masons in the world today all of whom have taken the same obligation with the promise to help each other and to exemplify an endless philosophy and truth. Every truth and every lesson is something that will make you and me a better citizen and a better man and neighbor, if we would but heed and adhere to that which we have learned. Every truth is a badge to be worn by every member and no man can be a good Mason who does not wear the badge of these teachings.

Everyone has in his possession a white lambskin which he should treasure. It serves him as a badge to remind him of that purity of life and conduct in which it is necessary for him to live a good and upright life. We wear our emblems and say our rituals with great eclat, but we too often say them without thought. We do not try to understand the ritual and its meaning and worry less about our privileges and duties as Masons.

It takes a lifetime of constant thought and study for anyone to know and understand our privileges and duties. It takes only a few moments for Masonic rights and privileges to be misinterpreted by others through the actions of one who is looking for a personal advantage by reason of his Masonry and to further his promotion in the ranks of other bodies.

Despite the large membership of Masons everywhere there still persists an untold percentage of them who still disagree with the principles of our fraternity and who continue to seek the shining light for their own selfish purpose and to use the Craft to further their own personal advancement regardless of what affliction may be thrust upon their brethren.

To a degree this percentage is small, but unfortunately we learn of this deception too late before we recognize the severity of our trust in putting them in office. We often fail in our careful deduction and observation as to the qualities of an officer and are easily swayed with their ability to impress us with either a glib tongue or a persuasive power of importance. These persons do get into office — they go through the various stations and finally get to the top as a presiding officer. Then at a time when the office requires good, honest, sincere thinking with the promise to live close to the principles of Faith, Hope and Charity, they lack all fundamentals of Masonry and finally their imperfections become known.

If a Mason is designed for a large job, he must, on his own merits, accomplish large things in the service of the Great Architect. This same service holds true to the man with a small capacity. The temple of Masonry is the responsibility of every member. It matters not whether they be large or small, they are gauged according to their size and fitness for the building.

There are laws within our temple which apply to every one of us. They are the authority by which all fraternal bodies are governed and control the mechanics of Masonry. But regardless of the forcefulness of any law or group of laws they must first be understood to be enforced. Laws are not made to govern only a certain few and they do not give the power to anyone to ignore the principles and teachings of Masonry nor do they excuse the lack of good judgment on the part of any Mason regardless of his title.

In Masonry there should be no excuses offered for lack of knowledge. Fundamentally speaking, the teachings are given to each of us and in return we are required as a man and a Mason to promote and to actually live the morals, dogma, citizenship, fellowship, justice, tolerance and righteousness. If we do all these things we will not only further the interests of our fraternity among all brethren but we can honestly and without fear, feel that we are living with the Bible as our guide, the Square and the Plumb to keep us in the faith, and the Compassas to circumscribe our lives.

If every Mason would abide by these teachings and give heed to their responsibilities as brethren, it would not only be possible to rebuild the world on the philosophy of the Sermon on the Mount, but it would clearly be an indication that brotherly love is and always shall be a reality among all men. — Exch.

"Those Good Old Days"

The family household in the old days was a busy, happy place with the big kids taking care of the little kids while mother was kept busy cooking, ironing and sewing.

The "old man" worked 12 hours a day for three "bucks" to keep the household going.

For some reason, in those days folks were paying their bills, the divorce courts had no business, folks were not suing each other for an easy "buck", no one was having a nervous breakdown and nobody knew what a tranquilizer was.

Isn't it odd how they maneged to live?

Count The Day

If you sit down at set of sun and count the acts you have done, and, counting, find one self-denying deed, one word, one glance most kind, that fell like sunshine where it went — then you may count that day well spent.

But if, through all the live-long day you've cheered no heart, by yea or nay, — if, through it all you've nothing done that you can trace that brought the sunshine to one face — no act most small that helped some soul and nothing cost — then count that day as worse than lost.

Thankful

In these days of strife and turmoil, cold war and hot war, fear and anxiety, we cannot now see the way to ultimate and lasting peace. Yet we who are of sound mind, in good health, and generally prosperous, have much for which to be truly thankful. While we know that recent legislative enactments and judicial decisions have encroached upon our freedoms, we still enjoy, in this great land a large measure of individual choice and initiative, for which we should thank our Maker and the wisdom of our founding fathers.

Trying to rest after an exceedingly hard day, father was listening to a stream of unanswerable questions from little Willie.

"What do you do down at the office?" the youngster finally asked.

Quite exasperated, his father said in a loud voice, "Nothing."

It looked as if the boy had been put off for a while, but not for long. After a thoughtful pause, Willie asked, "Daddy, how do you know when you're through?"

Greetings Brethren:

The month of February was cold with lots of snow, but it also had several dates to be remembered.

I hope the brethren did not forget their wives and sweethearts on Valentines Day.

George Washington, who had a birthday in February, was a man very respected and honored by Masons. There were several festive occasions held to honor his memory.

On February 19 several of the brethren visited the veterans in the hospital. I wish we could get more of you to participate in these visits, as I cannot express the appreciation these guests have from our visits, or the rewarding feeling we get from it.

The Charter was draped for Brother Albert Mertin who passed to his eternal reward. We were also sorry to hear of the death of Brother George Jones' mother. To the family and friends, wa extend our deepest sympathy. Brother Myron Warner is in Parkview Hospital for X-rays and possible surgery. Brother Don Surfus' wife is in Parkview Hospital also for heart surgery. To the ill, we wish a speedy recovery.

If report is favorable, we will probably have E.A. degree work in March.

P.M. Rodney Lansau has been appointed Chairman of the Landscape Committee. Anyone desiring to serve on this committee is asked to contact Brother Rodney at 637-3584 as he wants to get an early start this spring.

FLASHIIII With the recent birth of a son, Brother Jim Emrich says he now has a basketball team and one cheerleader. (Good luck Jim and Karen)

A very good ham and bean supper was held by Huntertown Jobs Daughters on February 24. To those who missed it, all I can say is - better luck next time. On March 19, the Jobies will honor the Masons, Stars and Parents with a potluck dinner at 6:00 p.m. preceding the meeting. Please try to attend this meeting especially - the girls really appreciate sidliners and this meeting will be devoted to extending their appreciation to all of the Stars and Masons, which, without them, there would be no Job's Daughters.

Remember, "You cannot do a kindness too soon, because you never know how soon it will be too late."

Hope to see you in Lodge.

Our thoughts and prayers continue to be with the family of Al Blough, who not only had the loss of Brother Blough but also Mrs. Blough.

Brother Noal Love was admitted to Parkview Hospital and is recuperating satisfactorily.

Greetings Brethren:

March is shaping up as a very busy month. On February 9 I had an officers dinner and we discussed several projects we have lined up for this year.

I hope all our brothers took a little time out on February 14 to remember their very special sweetheart and try to make every day a Valentine's Day.

On March 14 we will have the E.A. degree, on March 21 we will have a pot luck dinner and a movie called The Sage of the Holy Royal Arch. This movie is very good for all brothers and their wives and friends. I hope you will all plan to attend. On March 28 we will have a Master Mason degree.

AN ADVANCE NOTICE:

On May 12 Brother Jones, Master of Anthony Lodge No. 455 of Springfield, Ohio, will bring his Master Mason degree team and a candidate to New Haven Lodge and will raise his candidate, Ohio style. Brother Jones is also bringing a large group of friends with him. I would like to have attendance from the Fort Wayne Temple and the area for this Master Mason Degree.

I would like to thank everyone who braved the cold and the snow to attend lodge. I hope that we won't have to worry about snow next month. If anyone hasn't ventured out because of the snow but would like to attend lodge, give me a ring. We might have someone who drives by your place and could give you a ride.

During the March meeting, we will have a portion of the Entered Apprentice Degree. This will give you a chance to review your first step and if you're like myself, you will probably gain some additional Masonic light. We have VA Hospital visitation on Monday, March 12. Forget His Faults

If you would increase your happiness and prolong your life, forget your brother's faults. Forget the slender you have heard, forget the temptations, forget the fault-finding, and give more thought to the cause that provoked it. Forget the peculiarities of your friends, and only remember the good points that make you fond of them. Forget all personal quarrels you may have heard by accident, and which, if repeated, would seem a thousand times worse than they really are. Obliterate everything disagreeable from yesterday; start out with a clean sheet for today, and write upon it, for sweet memory's sake, only the things which are lovely and loveable.

The Mission

Freemasonry is a system of thought, philosophy and action that has been handed down to us from the remote past, the oldest and most venerable of all human associations.

We know that Masonry does not exist to combat any particular evil; to solve any special problem; to advance any particular cult; or to propagate any precise dogma in the outer world. It is not for social fellowship, although that forms a part of it. It is not constituted for the exercise of benevolence only, although that occupies no insignificant place, both in its precepts and its practice. It teaches no philosophic school, yet a profound philosophy permeates its system of symbolism. It instructs in no special art, yet in it all arts are honored. It has no religious creed, yet religion forms its foundation and crown its pinnacles. It is the evolution and growth of centuries and has received contributions from many diverse races and people.

The mission of Masonry is the building of the ideal Temple and he is the true Mason who works true to the plan of that temple. He has to build himself and thereby contribute to the building of humanity. How to live is a problem each of us must solve.

Candles

For one thing, candles have to be lighted. There is no inner combustion that turns them on or off. So, too, is a person. We are not first causes. We are the product of our parents and the chain of life reaches back to God in His creative power. Likewise, we have to be taught. We don't come to a knowledge of math, or history, or reading simply because we reach a certain age or size. We come to such knowledge because others teach us. We are Masons because others have made us Masons. How indebted we are to the past . . . to parents, teachers, neighbors known and unknown, and to the very grace of God.

REUBEN WELLS: Hoosier Locomotive of Distinction

Begun in 1836, Indiana's first railroad, the Madison & Indianapolis, reached Columbus in 1844 and Indianapolis in 1847. At the south end was the Madison Cut, an engineering marvel for the times.

Opened to traffic in 1841, the railroad used eight horses driven in tandem to pull each car up the 7,012-foot incline north of Madison. Cars were let down by gravity and controlled by handbrakes. In November 1848, a cog track was put into service, and rack and pinion locomotives handled the cars.

The Reuben Wells, designed and built in the M & I shops at Jeffersonville, was the first locomotive to successfully operate on the grade by adhesion. It went into service in 1868 and was actively used until about 1905. This pioneer woodburner, a gift of the Pennsylvania Railroad, can be seen at the Children's Museum in Indianapolis.

Sol O. Bayless and South Gate Lodges will hold their annual "Ladies and Guest" night on April 28. A dinner will be served in the Masonic Temple Bell Room at 6:30 with entertainment following.

The cost of admission will be only $3.50 per person. For further information and reservations call the Masonic Temple at 743-4728 or an officer of either lodge.

Further Light

No Freemason is so bright as not to need further Light. He may have mastered Masonic ritual and not be an actual Master Mason because of not having fully comprehended height and depth, length and breadth of the institution. From a point in space he may have extended his vision in all directions toward infinity, but his position ever changing in the line of his vision further extending he finds further Light essential. This is why Freemasonry is represented as an endless search for truth, or a ceaseless journey from the West toward the East in quest of light.

Our monthly dinner meeting will be held at the Heritage House Smorgasbord at 12:00 o'clock noon, on Monday, April 2. We had a very good turnout at our March meeting with 52 members present. Let's keep coming and enjoy the great fellowship.

On April 2, our speaker will be Jim DeMond, presently the First Lieutenant Commander of Fort Wayne Consistory of the Fort Wayne Valley of Scottish Rite. He is also serving as Assistant Executive Secretary of the Fort Wayne Valley. Let's have a good turnout for this meeting, as I am sure that Brother DeMond will have some interesting information for us. Come and enjoy the great fellowship.

MIZPAH TEMPLE SHRINE BAND SPRING CONCERT

At The Scottish Rite Auditorium

Sunday, April 29, 3:00 p.m.

Under the direction of Dean C. Howard

MIZPAH Shrine Temple will present MIZPAH Band in Concert on Sunday, April 29, 1979 at 3:00 p.m., Scottish Rite Auditorium, 417 W. Berry Street, Fort Wayne, under the baton of Dean C. Howard.

Dean Howard, the Band's former solo Baritone Horn player, started playing the Baritone Horn in grade school and played with the 1st Infantry Division Band in Germany for two years during the Korean Conflict, 1951-1953. He has been active in the retail music business over the past 22 years and now owns and operates a dealership in antique dolls, clocks and watches, together with his wife Marianne.

This concert is an annual affair presenting a program comprised of stirring marches, show tunes, and light to classical concert band music. The public is cordially invited to attend this colorful event. No admission is charged.

All of us have witnessed over the past years the disappearance of the town and city adult amateur bands and their nostalgic concerts performed in the city parks. The Shrine Bands throughout North America intend to remain strong and progressive towards surviving our changing times and yet preserve some of the traditions of a bonafide foot stomping brass band.

This complimentary concert is presented for your enjoyment of band music and to remind everyone once again of the Challenge and Dedication of the Shrine Hospitals for crippled or burned children.

The Band is currently focusing in on the upcoming activities for 1979. Two principle activities are our Annual Spring Concert scheduled for the Scottish Rite Auditorium on April 29, 1979, and our participation in the Band Concert Competition at the Shrine Imperial Session in Minneapolis, Minnesota during early July. The bandsmen will independently finance this expedition and are dedicated to be successful in this project because this is the year that our Director Dean C. Howard will

Greetings Brethren: As warm weather approaches the activities of the lodge will become greater. Our annual "Past Master - Charter Member" night will be held May 9. This should be a most interesting evening for our Past Masters and Charter members. Several awards of gold will be presented and your Master is making an extra effort to obtain an outstanding speaker. A banquet at 6:30 p.m. will commence the activities. Members needing transportation to attend contact your Master or any of the officers. This is your night, make it a great one.

Also in May your Master and Senior Warden will be attending the annual communication of Grand Lodge.

To all the officers, Past Masters and members who went to Elkhart, Indiana on March 10 to put on the work and walk in the Craft for the conferring of the Master Mason for "Pudge" Taylor, many thanks. You can be proud of yourselves for the excellent ritual work. Our thanks also to Worshipful Master Jerry Horner for his hospitality and an excellent meal. Approximately 22 officers and members attended this affair.

We have been fortunate in having candidates each month and April is no exception. This will be a good opportunity for the members to come down and see the Past Masters present the second section of the M.M. degree. Past Master Al Edwards and Jim Ferrar will be contacting P.M.s to fill the stations and confer the degree. Come and see some excellent ritual work.

Notices have been sent to those members who have not remitted their dues. Again may I remind the members who's dues have not been paid, if you are having trouble remitting them, contact Secretary Taylor or myself. Let us not lose any members for non payment.

Now that the weather is beginning to break the golf courses will start to fill with the sound of "fore." June 9 will be our annual golf outing. Riverbend Golf Course has been reserved, so make plans to attend. Contact Dick Anderson or Pat Taylor for tee information and fees. We are looking for banquet facilities to accomodate a larger crowd than last year. Pass your suggestions on to Dick or Pat.

Rosters are still plentiful. Any member who has not received one as yet, come on down on Wednesday night or call Secretary Taylor or myself. With the activity we have had so far it is impossible to keep a roster up to date. Here is a further listing of new brothers.

December 79: Robert G. Schweppe, Donald J. Smith, Robert Stellhorn, George Whittle.

January 79: Bill Guthrie, Paul Winkler.

February 79: Allen Conrad, Jay S. Hiles, Robert L. Lane, Monte Montief.

March 79: Franklin Selterelli (transfer), Paul C. Raver (transfer), Verle C. Van Hoozen, Michael Lehman, Rev. Keith J. Phillips, James D. Speakman.

As we come to the Easter season may we be ever mindful of the message portrayed by Him who was on the cross. He died that we might live.

Greetings Brethren:

We are most happy to extend the hand of brotherly love, friendship and congratulations to the following newly made Master Masons: Richard Dean Smith, Bryan Keith Meeks, Albert C. Winkler and Mark Heuser. It was a pleasure to confer the work for these brethren and we anticipate they will become true and faithful brothers among us. We also invite them to take an active part in the work and if there is a particular part they are interested in learning please let it be known to the officers.

Past Masters Degree Night was the usual and expected success, especially witnessing Past Master Ronald Meeks assisting in making his son a Master Mason. A special thanks to all who assisted in conferring the degree and to the cooks who prepared our dinner.

Plans are still progressing for our visitation to Genoa Lodge No. 433, Genoa, Ohio on Saturday, May 5. Travel will be by charter bus with a tentative departure time of 9:00 a.m. It is hoped that we can go with a full bus. Practices will be called by P.M. Bill Doctor Jr. Your co-operation is earnestly solicited so that we will be proficient in our work.

Past Master Robert (Scotty) Whyte has had a recent stay in the hospital. We pray for his recovery and return to active participation. Past Master Carroll Weaver is residing at the Lutheran Home on South Anthony Boulevard. Brother Paul (Stoney) Brockmeyer has been at the Lawton Nursing Home. We trust he has now returned to his home. Brother Paul Seybert has been in St. Joseph Hospital. A card, call or visit would show our concern and demonstrate our brotherly love.

Greetings Brethren:

Well the weather is finally warming up, and a number of our brothers are returning from their winter retreats. Glad to have them back. Now that it is warming up outside and it is not so difficult to get around, why not get back into the groove and join us on Monday nights. We have an excellent group of line officers this year and feel that you will enjoy seeing the degree work put on in a superb manner. The Fellowcraft team is looking for additional people to help put on their work. If you are interested call any of the officers, or myself.

Our second annual party for the year will be "Ladies Night." It will again be held with South Gate Lodge and will be on Saturday, April 28. We will have another fine meal and entertainment planned for this special event; so be sure to mark your calendars accordingly. We will have flyers sent out just prior to the party as a reminder and for reservations.

We wish to welcome and congratulate John T. McClure who was just raised to the sublime degree of a Master Mason. It is also gratifying to see the newly made Master Masons becoming active in lodge. Brethren we still need your support on the sidelines, and we have work scheduled thru April. Brethren remember the impression you received while at the altar during your degree work!

We have work scheduled for every Monday night thru April and with the assistance of the Junior Warden, we are able to enjoy plentiful refreshments and fellowship at each meeting. Be looking for you at lodge.

The previous 68 yesrs of dedicated service given to MIZPAH Temple by this bend comprises e voluminous end colorful history of musical events end eccomplishments.

Dr. R. Perks White was the director of this new band during 1910 and 1911. However, efter Dr. White heard John Verweire plsy, this new telent wes immedietely recognized, end in 1911 John was elected director of the band, e position he held for 38 yesrs until he died in 1949.

John Verweire and other members of his fsmily were eccomplished musiciens on the early Fort Wayne scene. He was instrumental in the founding of the News-Sentinel Boys Bsnd end the Fort Wayne Civic Orchestra, which wes the forerunner of the Fort Wayne Philhsrmonic Orchestra. He developed MIZPAH Band from a mere dozen charter members into e full-sized band of distinct prominence in Shrine circles, e position the bend has held ever since.

Go Placidly . . .

Go plecidly emid the noiea end haste, end remember whst peece there may be in silence. As fer es possible without eurrender be on good terms with ell persons. Speek your truth quietly end clearly; end listen to others, even the dull end ignorant; they too heve their story. Avoid loud snd eggresive persons, they ere vexetions to the spirit.

If you compere yourself with others, you msy become vain end bitter; for elwsys there will be greater and lesser persons thsn yourself. Enjoy your achievementa ss well ss your plens. Keep interested in your own career, however humble; it is a reel possession in the chenging fortunes of time. Exercisa ceution in your business effeirs; for the world is full of trickery. But let this not blind you to what virtue there is; many persons strive for high ideals; end everywhere life is full of heroism.

Be yourself. Especielly, do not faign effection. Neithar be cynica ebout love; for in the face of all eridity and disenchantment it is perenniel as the grsss. Teka kindly the counsel of the yeers, gracefully surrendering the things of youth. Nurture strength of spirit to shield you in sudden misfortuna. But do not distress yourself with imaginings. Many feers era born of fatigue end loneliness.

Beyond a wholesome discipline, be gentle with yourself. You ere a child of the universe, no less than the trees end the sters; you heve a right to be here. And whether or not it is clear to you, no doubt the universe is unfolding es it should. Therefore be et pesca with God, whetever you conceive Him to be, end whetever your lebors end espirations, in the noisy confusion of life keep peace with your soul.

With ell its shem, drudgery and broken dreams, it is still a beeutiful world. Be cersful. Strive to be heppy.

Good Citizenship

Freemesonry lives end prospers beceuse it edjures its members to be obedient to the lews of the country in which they live. No institution teaches more pleinly the fundamentels of good citizenship then Freemesonry. The virtues which charecterize e good citizen are found in its obligetions end cherges, while its ceremonies remind us of our duties. But e Meson mey, of course, indulge in fair criticism, end even edvocate changes, in e sincere desire to champion any cause which endeavors intelligently to build e better order. — Exchenge

Someday

By Wayne T. Mitchell, PM
Weynedele Lodge No. 739 F.&A.M.

I am e Master Mason and I am very proud to be one. I wear e Mesonic ring on my finger and e Masonic pin in my lapel so the whole world will know I em a Mason. I very seldom attend Lodge for severel reasons. Dne is thet Lodge is held on the wrong night of the week. It seems there are so meny other things to do on Lodge night. It is even the best TV night of the week. If they would hold Lodge on - well, some other night - maybe I would go more often.

I don't know whether it is important for me to go to Lodge. It seems the Lodge is run by e smell group of men enywey. Dh, I know, they invite me to join them (by contect of newsletter) but they would probebly run it their own way enyhow.

It seems they ere elweys esking for money too. Severel years ago we built a new Temple and they wanted me to donate money to help pey for it, but I just didn't heve eny extra money laying around that I didn't know what to do with. Somehow they got the Temple peid for. The guys thet paid for it must have e lot more money than I do. They still want more donations. They say it is for building maintenence. Well, maybe those rich guys can pay for that too.

They say that the purpose of Masonry is to take a good men and make e better one out of him. Well, I don't go to Lodge and I think I em es good as the everage.

Maybe I should go to Lodge once in a while to see how they are doing. I think I will - Someday.

SDMEDAY IS TDDAY

I have been going to Lodge for some time now. It all sterted when they put me on an investigation committee for a petitioner. I went to Lodge to read my report end I hed such e good time that I decided I would go the next week. Boy, are those guys friendly. Well, I went the next week end have been going ever since end do you know what? I found out I was wrong about e lot of things.

I have found my voice is as important as any other. The reason the Lodge seems to be run by a smell group is because they ere the only ones who will accept this responsibility. They could sure use a lot more help.

Something else I found out. The members of our Lodge are not a bunch of rich guys, but are fellows just like me thet work every day for a living. They didn't have e lot of extre money leying around either. They just sacrificed a lot in time and money to get our Temple built end paid for. Much of this ceme from members who do not attend Lodge regularly but they sure love the Freternity. Sure wish we could get them to come to Lodge more often. They ere a fine bunch of fellows.

My wife is sure glad I have gone back to Lodge. She seys it has improved my ettitude around the house and even the kids seem to like me e little better.

Here I have been doing e lot of yakkin' about myself but how about you guys who heven't been to Lodge for e while. Why don't you try it like I did. Come to each meeting for one month. You will be glad you did and so will we.

Make sure your Someday is Today.

The Proof Of Teachings

It is important to recite again and egain the fundamental principles of Freemasonry. These truths should be spread abroed so that all who are interested may know of the strong morel and spiritual foundetion of the Institution.

But, that which makes visible these truths to the world, end which commands the ettention end respect of the world, is the Mester Meson, whose life is in hermony with the principles of Freemasonry.

We cannot expect to receive a just appreisal of Mesonry from those who ere our evowed enemies; those who oppose every humeniterian ideel end effort; those who glibly claim infallibility; those who oppose Freemasonry because they oppose ell free institutions; those who rule the masses by the iron hand of tyranny; those who perpetuate hate, fear and superstition.

But our families end friends, those who look with fevor on the long end honoreble history of Freemesonry; those who know something of the vast contribution that Masonry has made to the cause of freedom; those who look for Mesonry in the Mason - must never heve cause to question the sacred principles end the spirituel goals of Freemesonry.

The non-Mason does not look for en unettainable perfection in the Mason. He does expect to see that which distinguishes the Mason from the rest of the community.

The Mason must stend as the proof of Masonic teachings.

For All Men

It is not enough that in the Lodge room or among Freemasons the bond of Brotherhood should hold. It is the mission of the Craft to spread the gospel of human kinship thet all the world will ecknowledge the bonds.

Freemesonry is no longer an exclusive and withdrawn body, doing good by stealth or concerned only for its own. Its principles ere emblezoned for all men to behold; If now we fail to match fair professions with worthy deeds the Fraternity will be brought into contempt end will deserve the condemnation of mankind.

Commandments For Living With People

8. Be considerate with others. There ere often three sides to e controversy; yours, his end the right side.

10. Add to ell this e good sense of humor, loeds of patience, e desh of humility end you will be rewarded meny fold.

Courtesy Is Contagious

Courtesy is e gentle ermor which gracious people wear without ever knowing it. It is e friendly letter of introduction to strangers. As the nursery rhyme puts it, "heerts, like doors, will open with ease, to very very little keys." And, best of all, courtesy helps to keep friends friends.

According to Tennyson, courtesy is en infellible hellmerk of great character. Did you ever heer of a person of great character who was discourteous? Courtesy is en acquired attribute; nobody is born courteous. Anybody cen heve it. All that is required is the sincere desire - and the petience - "to do end say the kindest thing, in the kindest way."

The most astonishing thing about courtesy is the way it rubs off on others - the way it eases unpleasant situetions where it tekes two to eese them. Somehow the "little keys" you use have a way of starting other people to jingle keys of their own. Exchange

THE KNOBSTONE ESCARPMENT: Scenic Hoosier Landform

The most prominent topographic landform is a rocky ridge in southeastern Indiana called the Knobstone Escarpment. This bold ridge, towering hundreds of feet above the Scottsburg Lowland to the east, extends from southern Johnson County 150 miles southward across the Ohio River into Kentucky. These scenic hills mark the easternmost extension of rocks forming the rugged country of the Norman Upland to the west. The Hills of Brown County are a well-known example of Norman Upland topography.

The Knobstone Escarpment is composed of resistant siltstones of the upper part of Borden Group rocks. Older and more easily eroded shales to the east form the Scottsburg Lowland; a thick section of soluble limestones form the low, undulating Mitchell Plain west of the Norman Upland.

Masons In Government

The Masonic Service Association has published its annual list of Masons in Government. It shows that fourteen of the country's Governors and 120 members of the 96th Congress are members of the Craft. Also listed are members of the Masonic Fraternity serving as Justices, members of the Cabinet, nd Lieutenant Governors.

Copies of the list are available from the Masonic Service Association, 8120 Fenton Street, Silver Spring, Maryland 20910, for a nominal fee.

— The Masonic Service Association of the United States.

A time for all Americans to pause in remembrance of those who died in the service of their country... defending our cherished freedom. These men and women, from all branches of our armed forces, so gallantly played a vital part in preserving the peace of a nation. We applaud their outstanding courage. We honor their loyalty, and we sadly mourn their passing. Let's make this Memorial Day a proud and heartfelt tribute to them all.

A Universal Rule

A high school class was discussing politeness. The question arose as to what to do in case of doubt, when one does not know the rulaa, or what the etiquette of the occasion requires. The teacher's reply was wise and suggestive: "When in doubt, do the kindly thing, for that is sure to be the right thing and tha polite thing to do." That can be made a universal rule, not simply when in doubt; always do the kindly thing, for that is the Christian and Christ-like thing to do. There is no surer, no simpler way of our becoming like Him than to follow His great example - going about doing good, that is, being kind. There is no better way of making others happy, of making thia world a better place to live in, than to make the Law of Kindness the rule of our lives. Such was the habit of the worthy women of the Proverbs: "She openeth her mouth with the wisdom, and the Law of Kindness ia on her tongua."

After all, all of the Christian virtues are but the fruitage of thia one virtue - kindness. It is the very heart of the Christian life. It is what God gives and it la what we all crave.

If you have done well and are successful, you would like to avoid the envy of others and receive kindness from their hands. If you are a sinner and have made a mass of your life and have fallen into dark ways, you desire, above all else, that people should be kind to you. If you have a friendly spirit, it is because you have been out in the world seeking and receiving kindness. If you are lonely, the one thing you want above everything else ia that someone should be kind to you.

Love is kind. Henry Drummond comments on this: "The greatest thing a man can do for hia heavenly Father ia to be kind to soma of His other children." And then he asks a searching personal question: "I wonder why it is we are not kindlier than we era?"

Therefore, it behooves aach of us to adopt a universal rula which should be: always be kind, polita, thoughtful and unselfish - ona towards another. If we believa in true friendship - we must prova it by being a true friend.

remiss if I failed to mention that the majority of the county lodges cooperated with HDME in this undertaking. I wish to thank in particular the following Worshipful Masters or their representatives: Worshipful Master Dan Morgan, Maumee No. 725; Worshipful Master Ronald Stabler, Summit City No. 170; Worshipful Master Clarence Tennis, Three Rivers No. 733; Worshipful Master James Williams, New Haven No. 740; Worshipful Master Clovis Grimes, Huntertown No. 589; Senior Warden Richard Sims, South Gate No. 731, and Past Master Nile Hake, Wayne No. 25, who joined me at the head tables. If I have overlooked anyone it is genuinely unintentional, please forgive me. We had reservations for several guests, who for various reasons were unable to attend and had to cancel at the last minute. This dinner being so successful would indicate the fourth annual Half Century dinner in 1980 is practically assured.

Congratulations are in order for two HOME members. Charles H. Boyer and James R. Plumley receive their Award of Gold at the May stated meeting. Another century of Masonry becomes history and is recognized by the fraternity.

Remember before we can use the Trowel in 1979 we must all mix the cement of Brotherly Love and Affection first.

Greetings Brethren: As this article is being written, Spring has not yet arrived. By the time you read this, let us hope we can feel the warm rays of the sun upon us.

The month of May is going to be a busy month for us all. Stated meeting May 2. We have 3 (three) petitions to vote on so plan to attend. May 9 our big event, the annual "Past Master - Charter Member" Night. An interesting and enjoyable evening is planned, starting with the banquet at 6:30 p.m. All Past Masters and Charter Members who are still with us please plan to attend. If transportation is needed so you can attend, contact any of the officers and we will get you there.

To the lodge members your presence is requested to pay tribute to our founders and the leaders who have made Maumee the lodge it is today. I urge all to attend who are able to do so.

May 15-16 Grand Lodge Annual Communication. May 16 E.A.°, May 23 F.C.°, May 30 M.M.°.

All golfers are urged to mark June 9 on their calendar. Non golfers are also urged to mark down that date. Dick Anderson and Pat Taylor are doing a fine job in getting our annual golf outing set up. River Bend Golf Course has been reserved for the day, also the pavillion for the banquet in the evening. Tickets for the banquet will be $6.00 per person. You will be hearing more on this in lodge and in the June issue of the Square and Compass.

To the newly raised brothers in April we extend a hearty welcome into Maumee, and congratulate you on your preferment of the Master Mason degree.

Brothers the Craft is in dire need of workers. It is most disturbing to see the lack of participation by those who are capable of taking an active part in the craft. It is with little wonder that the brothers trying to form an excellent Fellow Craft team become discouraged. As Master I can only ask you to show your loyalty and support to George Debell in making the Craft an excellent team. Failure to do so reflects not only on those who do take an active part but the entire lodge as well.

The Grand Architect of the Universe in his infinite wisdom has called to the Celestial Lodge above, Leslie Arndt and E. A. Reim. May we extend our thoughts and sympathies to the families of these our departed brothers.

Greetings Brethren:

We hope that Masonry has been enjoyable and profitable for you thus far in 1979.

Plans are now complete for the visitation to Genoa Lodge on Saturday, May 5. Contact the officers if you have any questions. The bus will leave the Masonic Temple promptly at 9:00 a.m. and there will be a lunch stop at a Holiday Inn near our destination. Afternoon entertainment will be provided for the ladies. There will be a donation of $4.00 each for our evening meal.

Arrangements have been made for the brethren to attend Grace Evangelical Lutheran Church on South Anthony Boulevard on June 24 in remembrance of St. John the Baptist. Please put this date on your calendar and plan to attend.

Our sick and shut-ins are of much concern. Please report all such cases to our Sick and Visitation Chairman, Nile Hake, who is faithful in visitations. We all have busy days and most have full calenders. Even with all this, if we could find time to phone or visit it would help fill the days of those who are not able to be active.

There are several candidates that we trust will complete their work before Lodge darkens. Dates will be announced in Lodge or in the Sunday newspaper.

CALENDAR

May 5 — Visitation to Genoa Lodge No. 433, Genoa, Ohio.

June 24 — St. John the Baptist, Grace Evangelical Lutheran Church.

Further Light

No Freemason is so bright as not to need further Light. He may have mastered Masonic ritual and not be an actual Master Mason because of not having fully comprehended height and depth, length and breadth of the institution. From a point in space he may have extended his vision in all directions toward infinity, but his position ever changing in the line of his vision further extending he finds further Light essential. This is why Freemasonry is represented as an endless search for truth, or a ceaseless journey from the West toward the East in quest of light.

History of Square

Pliny says that Theodorus, a Greek of Samos, invented the square and the level, but square figure is seen in the represented designs of the Tower of Babel, one of the earliest important known structures. The city of Babylon was a perfect square, and the bricks used in its buildings and walls were square; so probably were those in Babel. To form small squares correctly and to introduce them in endless combination into buildings, it needed a guiding instrument of some kind. So the square, as a constructive tool, came to use.

Among the ruins of Babylon, Nineveh, and Petra, it is said to have been found represented. There are pictures and sculptures from the ruins of Thebes, in Egypt, showing the square in the hands of the artisan. Evidences of its use are also to be seen in ruins in India, which are thought by some to antedate those found in Egypt. Among the ruins of the Aztecs, or people before them, in Peru and Brazil, it has also been found; and though tools of stone and flint, such as axes, hatchets, hammers, etc. were doubtless the first used by primitive men in these ruins that date back before history of the square is found, and specimens may be found in the British Museum.

The square was regarded by the ancients as a symbol of completeness. Simondes speaks of a man square as to his hands, feet and mind. Aristotle used a similar figure.

You are writing a gospel,

God gave the sun to warm the earth,
And birds and flowers for our delight;
God gave us hills, and winds, and streams,
And stars to guide us through the night.
And then He gave another gift
More precious than all the others—
To have us know His love for us,
He made and gave us mothers.

One of the sweetest days we celebrate is Mother's Day, with its cherished memories of her who protected and guided our childhood. Our mothers will never be forgotten; their memory will linger after all else has faded. We humbly thank our mothers for all they have done to inspire and guide us.

MAY

May doesn't keep her secrets!
She hides nothing sweet away.
She lavishes her freshness
Where the blossoms sway.
She spills her gladness everywhere,
And overflows each day
With all the gentle beauty
That makes the wealth of May.

This month we will honor our Mother's. It is said Mom can change the world . . . and she can begin right now! Possibly the results of her efforts won't appear for awhile, but they will give hope to this bruised and battered world! All Moms are PHDs . . . which means PRINE in HOME DUTY . . . for Mothers teach classes in the greatest Society ever — the American Home.

Remembering Memorial Day we should think of our country, the ideals upon which it was founded, the sacrifices made to preserve these ideals and the importance of keeping them strong and firm in the future as a symbol of our appreciation of those to whom we owe so much. Then we think of personal memories . . . people and events precious to us . . . memories of loves ones and of friends who have given added meaning to our lives.

America Is Everybody's Business

American patriots have always been ready to die for their country, but all too few of us have shown e similiar willingness to live for our country as ell-year-round active citizens. We have become epathetic and lex as to whet is going on in America. We do not seem concerned about the forces that would destroy what we heve built here, and these evils are reaching out from all directions. We shrug our shoulders and turn away — never believing thet our indifference can destroy us. It can and will unless we shake off this lethargy and become ewakened to the fact thet it is time for ell of us to keep e wary eye on the world and perticularly — our own little corner. We must not permit an undermining of democracy from within. We must stop our so-called flag weving and think in terms of good government and citizenship.

We are told thet at the time of the edoption of the Oecleration of Independence, the signing of the constitution end the launching of the new nation, all the world looked on in wonder and in doubt. Few of the statesmen of foreign lands believed e nation so formed end dedicated to such principles could long exist. It was a new thing in political science. It was a new thing in the social order. It wes founded on basic principles never before admitted and accepted es suitable or possible for the guidance of a netion. Therefore the old world watched with greet curiosity expecting confidently, that within a few months or years the new venture would explode in e general war between the thirteen stetes.

To the amazement of the waiting end greedy world thet explosion did not occur. To their consternetion men erose in the colonies, unschooled in old world political intrigue, innocent of impressive heritages, untrained in the devious arts of diplomecy, yet intellectual gients who with one accord, geve their whole ebilities, their undivided loyelty, their unwavering strength, to the ceuse for which they had fought.

How could ell this heve come ebout? Whet produced these mighty men of vision end of power? What held them to the sacred truth end the holy duty they served? The reasons end ceuses behind the eppearance of these estonishing men ere not too difficult to find. These men grew up in a new, raw lend where the essentiel quelities were courege, daring, strength, vision, cooperetion end loyalty. The rugged life of the colonies was not dominated, controlled and exploited by e paresitic socially superior class. Life was not soft end easy. Oenger was everywhere. To survive economically end often physicelly, each men hed to be elert, vigorous, competent, to take care of himself. This soil, fertilized by e liberel epplication of Masonic principles, eventuelly brought forth and crystallized the lofty concept of individuel liberty end human dignity that found expression in the immortal documents thet ere still the foundation of our netion.

Here was a netion in which the highest officer was considered the servent of the people and obligated to report to them upon his ects. Here was e nation in which all honor not only was attached to the office, but in which the holder of this honor must merit his continuence in it, end the people would be the judge of that. Here was e netion ready et all times to offer due courtesy to the men chosen to represent or serve the people but never ready to exalt e man ebove his office or relinquish power over him.

The affairs of America ere vast and complex. In this condition there is a growing tendency to let go of that original principle of individuel liverty, dignity end responsibility. The trend is toward letting powers and forces take over, think and plan for us, end then tell us what we must do.

Let us never forget — the American people do not have to do anything or accept anything they do not understand or like. When we begin to do that we then whittle away our liberty. Let all of us now review our freedom end highly resolve that not one silver shall be cut from the standard that supports our flag and our country. Let us never forget that America is everybody's business — so let's do something about keeping it that wey.

—Mesonic Chronicler

Those Who Fail To See

Thousands of persons tread the earth end behold the sky without discerning eny of the beauty they displey. They look upon a landscepe, beautifully ornamented with trees, shrubs, plents, and flowers, but receive no definite impression of any part of it, and could not name or describe eny object thereon. They behold the sterry cenopy ebove them but see no constelletions, no planets, and no movements indicating the wisdom, the power, the glory of the Greet Architect of the Universe.

So it is with many who are edmitted into Freemesonry. They observe the forms, the ceremonies, the emblems, and the jewels, and they heer the lectures and cherges, but they feil to discern the ethics end philosophy thereof. They hear the enunciation that Freemasonry is a science of morality, veiled in allegory, and illustreted by symbols, but do not fethom its meaning, end consequently do not solve the ellegories nor discern the significance of the symbols. They ere in the temple but do not get the Temple idee. They are emong the workmen, but do not see that they ere to be Master Builders for time end eternity. They ere in the light, but do not receive and epply it es the great meens of fitting themselves as living stones for the temple not made with hands, eternal in the heavens.

The rituel is beautiful, end should be mestered and impressively communicated; nevertheless, it ie but the burr, the hull, the husk to the wisdom, the etrength, end the beeuty of Freemesonry. It conceals gems of unparalleled richness end beauty, which must be searched for diligently end faithfully if they shall be found end enjoyed. Oh! Thet ell the Creft would realize this fact and ect eccordingly, es thus they would be better penoplied with truth, better animeted with faith, hope and charity, and could better build the temple of the soul.

—The Ohio Meson.

A Choice

There is an old saying that "Like ettracts like." It is e good saying to keep in mind for it can color every dey of our lives.

We ell heve mornings when we "get up on the wrong side of the bed," mornings when nothing is right. Even the breekfest coffee tastes bitter.

On such e dey if you ere snappish with others they will snep right back. Complein ebout your troubles end others will smother you with theirs, to them much more serious than yours. Spread gloom and you will find yourself engulfed in it.

But if we greet the morning with a smile end look forward to the good things the dey will bring us we will just neturelly be pleasant to others and they will reciprocate. If we keep silent ebout our troubles, most fikely others won't think of theirs. We will find it is impossible to pour forth friendliness end good will without evoking e generous return of the same.

Prove to yourself thet "you get what you give."

—Oklahome Mason.

Masonry Justified

If you are in doubt end find need to justify yourself es e Master Mason read the following, spoken 100 yeers ego by the Rev. Charles Brockwell, Church of Englend, as he addressed the Grand Lodge of Messachussetts: "I heve hed the honor of being e member of the Ancient and Honoreble Society many yeere, have sustained many of its offices, and can end do own, in this sacred place, and before the Great Architect of the Universe, that I never could observe eught therein but what wes justifieble and commendeble, according to the strictest rules of the society; this being founded on the precepts of the Gospel, the doing the will of God, end subduing the passions end highly conductive to every sacred end moral virtue."

Dual Personality Of Man

The manifestations of human society are not elweys true indications of quelities to be found in the individuals comprising it. Business and government are devices created by individuals for facilitating orderly control of mass interest. However, it is now and always will be impossible to create such e thing as e composite or an average man. But both business end government must function on the essumption thet it is possible. In both pheses of men's communel life individuel personelity is submerged in e fentastic concept of collective individuels. Thus e rule of business epplies elike to ell, end e law of government sets up a single stendard by which ell must be judged.

This is necessary, of course, because es individuels none of us are perfect, end eny rule of lew which ettempted to differentiete between us es individuels could never be administered. The result would be cheos. Yet every individuel knows or at leest feels thet all he is end believes is not reflected in the sociel lews to which he must conform. Beceuse of this every man is ectually two individuals. One of them is whet he eppeers to be in the light of lew, custom end rules. The other is whet he is, believes end knows in his own heert.

It is not surprising that men hes turned this ertificielly creeted duelity of personality to his own use. Beceuse he is compelled to respect end obey the lews set up to govern e composite men, (ell men ere equel before the lew) he is inclined to use this es e meesuring stick in his collective duty. Whetever mey be his ects under the lew he is blameless beceuse he hes obeyed it. Heving done so he does not feel censure or criticism ie justified. He hes conformed to the requirements esteblished by his own society.

However, there ere emotions, sentiments, feelings end quelities in every men that ere not covered by esteblished rule or written lew. There is the element of love, for instance. Many e men in his business may displey e complete insensibility of the feelings of welfare of those with whom he deels, even through lawful meens plotting their ruin or destruction; yet for relatives and friends, holds nothing but love, tenderness and compassion. Many an industrielist hes refused to install safety devices to protect his employees until compelled to do so by lew, yet suffered ecutely when someone deer to him was injured.

These feelings ere not regimented in lew. They ere his. They ere the pert of him thet is untouched by sociel lew. They are bom of the spirit, and the earth mede lew makes no ettempt to govern what a men thinks, believes or feels. Therefore, in this part of his life which is free of restraint, men reveals what he ectually is. Here he is not forced to conform to eny pettern end mey turn his emotions loose because there will be no penelty. Here there is no law of profit end loss to be considered — e law which he hed little or no part in meking. It is under the blenket of this lew thet men hides his netural tendencies to be cheriteble, merciful end kind to ell men. To compensate for the demming of netural humenness where ell ere concemed he is apt to be overly kind, tender end compassionete toward those within the close circle of his femlly end friends.

Mesonry, understood end practiced, ettempts to bridge the gep between these two ways of life. First it helps eech member to subdue his netural pessions. Next it makes plain to him the standerds of conduct which include the development of good will, honor, cherity end patience for ell of his fellow men. No man cen be e true Meeon end live two lives. Mesonry recognizes no limitetion upon the epplication of truth end honor. Acceptance of it immedietely imposes en obligetion to exemplify its teeching in ell pheses of men's life. It does this through the conviction thet ell men ere brothers end therefore entitled to the effection end regerd inspired by thet reletionship. It is for this reeson ell members in Lodge essembled ere required to meet upon the level end to depert in the same wey. Mesonry is not concerned with the physicel eccomplishments of eny men nor with the lews thet govern them, other then to obey. It is concemed with those ell important forces in e men's life which ere to be reached only through en understanding of truth end the epplication of the principles reveeled in truth. And the greatest of these is Cherity.

This is the very essence of true Mesonic virtue end it is whet St. Paul meant when he said: "Cherity siffereth long end is kind . . . Is not easily provoked . . . rejoiceth in the truth; beereth ell things, believeth ell things, hopeth ell things, endureth ell things. Cherity never feileth."

INDIANA GEOLOGICAL SURVEY, DEPARTMENT OF NATURAL RESOURCES

KENTLAND DOME: Geologic Enigma

Nestled below the flat, placid farmlands of northwestern Indiana lies one of Indiana's strangest geologic features. A small elliptical area near Kentland in Newton County contains highly deformed rocks that bespeak of incredible forces so great that layers of rock normally in a horizontal position 1,800 feet below the surface are folded and fractured and are now exposed at the surface in a nearly vertical position.

Since the 1880's geologists have known about the Kentland structure. Many attempts have been made to explain its origin. One theory is that a meteorite hit the earth and caused a large crater like those on the moon, while another is that trapped gases from deeply buried volcanism caused the faulting. Geologic evidence does not yet allow conclusion about the origin of the Kentland structure, so it continues to remain an enigma.

James S. DeMond To Show Film "Quest For Light" To Retired Masons

The regular monthly dinner meeting will be held at the Heritage House Smorgasbord at 12:00 o'clock noon, on Monday, June 4. As this will be the last meeting until September, why not join us and enjoy the great fellowship. Our last few meetings have been well attended, so let's have a great turnout for this one.

Brother DeMond was scheduled to be with us once before, but had to cancel at the last minute. So he promises to make up for it this time. He has an interesting film to show us, plus some interesting facts along with it.

Mark your calendar, invite a friend, and join us for some great fellowship. You, and your friend, will be glad that you did. Will be looking for you on June 4.

Franklin I. Bryan, Secy.

Thankful

In these days of strife and turmoil, cold war and hot war, fear and anxiety, we cannot now see the way to ultimate and lasting peace. Yet we who are of sound mind, in good health, and generally prosperous, have much for which to be truly thankful. While we know that recent legislative enactments and judicial decisions have encroached upon our freedoms, we still enjoy, in this great land a large measure of individual choice and initiative, for which we should thank our Maker and the wisdom of our founding fathers.

CHARLES O. RIDDLE

Charles O. Riddle Installed Grand Master of Indiana

He is Past Master of Plainfield Lodge No. 653 and served as secretary for 17 years. He was appointed as Grand Marshal in 1973 by Grand Master F. A. Wakeman and became Junior Grand Deacon in 1974, being appointed by Grand Master Frank Krug.

Other newly installed officers include Robert H. Miller, Fort Wayne, Deputy Grand Master; P. J. Shreve, Sr., Zionsville, Senior Grand Warden; William L. Hufford, Lafayette, Junior Grand Warden; Richard E. Hickam, Bloomington, Grand Treasurer; John H. Jena, Grand Secretary; Rev. Z. Earl Vaughn, Muncie, Grand Chaplain; Harrison B. Sentiment — A Mental Attitude

Sentiment is a vital part of the cultural contribution that Masonry has made to society.

Our insistence that proper regard be paid those who have served Masonry for a long number of years. Out concern and the interest we have in the welfare of our brothers, our expressions of sympathy to those who have lost a loved one; our feelings of closeness to those who have assumed the obligations that we have, may be described as sentiment.

Sentiment in Masonry is a mental and heart attitude. Charity of thought and speech, is part of Masonic sentiment.

It is important that we understand the importance of Sentiment in Masonry. It is not excessive emotion; it is the art of understanding and feeling, of knowing that the words of our mouth, our expressions of love and respect, are deep-rooted in the Science of Morality.

Can it be that the condition we find the profane world in today is the result of an anti-sentiment movement?

Is there a conflict between honest sentiment and sophistication?

Perhaps the Mason can render no greater service to society today than to present a mental attitude, a demeanor of honest sentiment, which may replace the false philosophy that there is wisdom without feeling.

—Masonic Messenger

What Is Important

In the work of Masonry there are many fields of endeavor, all a part of our plan "to improve ourselves in the way of life." One Brother may outline in appropriate words the duties that are ours as Masons. His words inspire us.

Another Brother may not have the same ability to put his ideas into words, but he nows with equal certainty about his duties as a man and a Mason. If he learns of a Brother who is sick, or in distress, he understands, and it is more than an understanding of duty, it is the understanding of the principles of Love and Brotherhood, which quickens the desire into action and sends him to the sick or the distressed.

Our Brother may be a good ritualist, another a student of symbolism, and still another a good worker on any committee.

Each Brother doing the special task for which he has the greatest ability results in the success of the lodge and Masonry.

Good Question

"Why do you cry over the troubles of people in whom you have no interest when you watch your TV soap operas?" asked the husband.

"Oh, I don't know," replied his wife. "Why do you cheer wildly when a man with whom you are not acquainted catches a funny-shaped ball and runs 'way down the field with it?"

Greetings Brethren:

The month of May is now history but leaves many memories to be long remembered.

On May 5th Wayne Lodge traveled, via bus, to Genoa, Ohio where the Master Mason Degree was portrayed in Genoa Lodge No. 433. It was my privilege to serve as Master in the Lodge where my Masonic life began. A total of thirty seven made the trip and we believe everyone had an enjoyable time. I wish to thank Wayne Lodge and all who attended for making this day possible. An invitation has been extended to Genoa Lodge to visit Wayne Lodge in the fall.

On May 15 and 16 another memorable occasion took place, that of Grand Lodge at Indianapolis in the Scottish Rite Cathedral. It was most interesting and enlightening to witness the proceedings, the high point being the installation of Brother Robert H. Miller, of Summit City Lodge, as Deputy Grand Master. Wayne Lodge extends its most sincere wishes for a successful and profitable year for our Deputy Grand Master.

We are saddened by the departure of Brother Paul (Stoney) Brockmeyer from our midst. That he was loved by his brethren was demonstrated by the response at the memorial service conducted by the Lodge. Brethren, let us keep Mrs. Brockmeyer in our prayers. Keep in touch with a call, a visit or a card.

Our schedule of work for May did not work out as planned. There will be degree work in June. Watch for announcements in the Sunday paper or better yet come to Lodge and get the schedule first hand.

Are you planning to attend Grace Lutheran Church, Anthony and Colerick, on June 24 with the brethren? Wives and friends are invited. The service will begin at 9:30 a.m. In order for all to be seated together we will need to know, by Saturday, June 23, if you plan to attend. Please phone the Master.

There will be no Square and Compass for July and August. The business of the Lodge will be conducted as usual on Stated Meeting nights. Lodge will be dark during July and August for degree work. If memorial services are required we trust that we will have the usual good response. Have a safe and enjoyable summer and be prepared to continue our work in September. During the month of November all officers will be asked to advance one station and conduct the work of that station.

CALENDAR

June 24 — St. John the Baptist Memorial Service. Greek Evangelical Lutheran Church.

August 19 — Veterans Hospital Sunday Escort Service.

September 24 — Veterans Hospital Visitation.

September 29 — Dinner Dance, Summit Club.

December 27 — Table Lodge — St. John the Evangelist Day.

Remember in your prayers our members who are ill, our shut ins and those bereaved or in any way troubled.

Greetings to you again,

Grand Lodge is now over for another year and our new Grand Lodge officers are installed. A special congratulations to the new Deputy Grand Master Robert H. Miller.

We all had a great time at Olive Branch Lodge last May 12. The cast all did a great job of performing the play "Rose On The Alter", and Olive Branch did a real great job of feeding us all! Thanks again to WM Glenn Miller for inviting us.

Happy to report that Brother Hoyt Campbell is doint fine after his operation. He is home now and getting around well. I am sure Hoyt would be happy to have a card from you! His address is 1704 Gardendale, Fort Wayne.

EA was May 22 and FC will be June 19; and hope to have MM Saturday morning, June 30, and breakfast.

Our Family Night is June 5, the first Tuesday. We will start at 6:30 p.m. with dinner, and entertainment at 8:00 p.m. Mike Caywood will be showing us animals and slide pictures from Fort Wayne Children's Zoo. Plan to attend with the kids. All will enjoy the show!

Greetings Brethren:

Summer is finally beginning to appear and my term as Master is half over. Reflecting back, I am proud of some accomplishments and disappointed by lack of participation in other areas.

From Dec. "78" and including the activities for this month, your lodge has raised 23 candidates, received by transfer 3, and reinstated because of suspension non payment of dues 1, for a total of 27 members. Your line officers have been proficient in their degree work "par excellance". The lodge has traveled to Elkhart, Ind. to raise a brother. Attendance for the stated meetings and degree work is up. I have seen new faces each month, also the faces of the steadies who attend month after month.

In an article that appeared recently in a publication of one of the appendant bodies this question was asked "When did you last attend Blue Lodge?" Let's go one step further and ask "When did you last attend a function sanctioned by Blue Lodge?" We can use all kind of excuses for not wanting to do something. As one of the officers once said "I have run out of excuses for not wanting to do it and I see no good reason why I can't do it."

Should the Master for the year 1980 decide to have a Past Master Charter Member Night next year, I trust the attendance will be greater than the attendence of this year. The list of Charter end 50 year members is getting smaller, the list of those who have departed is getting larger.

To those who joined Blue Lodge to use as a stepping stone to one of the appendant bodies, remember one thing, Blue Lodge is the root of all the other bodies, without it there is nothing and there can be nothing.

To the brothers who sign a candidates petition, show your support to that candidate by attending his degree work. To the brothers who investigate a petition and candidate, you have been given a summons and are required to appear in lodge to give the report of your investigation.

Attendance and participation in the Craft Club has been nil. Brother George Oebell is giving of his time to develop a Fellow Craft team and club. Your support and attendance is requested.

To our newly raised brothers in May, we extend our congratulations and welcome you into Maumee.

Your lodge will be conferring degrees for four candidates this month. Plan to attend and give these candidates the officers and the lodge your support.

As we come down to the wire for the golf outing, let's make it the best yet. Contact any of the officers for the banquet tickets, contact Dick Anderson or Pat Taylor for green fees, time, etc. The date is Saturday, June 9. The place, Riverbend golf course. Trophies for the best golfers will be awarded, door prizes to be awarded for those attending. The banquet will be held at Riverbend pavilion at 6:30 p.m.

When was the last time you attended Blue Lodge?

Do something nice — Bring a brother.

month. At our stated meeting we voted on five petitions so we had lots of work to do all month. We will be busy with degree work through the end of June since we saved part of these patitions for degree work in June. Come to lodge and join us as we present these degrees.

Then there was Grand Lodge. Your Wardens and I attended to represent South Gate Lodge. At Grand Lodge a charter was presented to Daylight Lodge No. 752 which has been operating under dispensation for the past year. Daylight Lodge No. 752 is located at Evansville, Indiana. Other items we will discuss at our next stated meeting.

I attended a Past Masters Banquet on May 9. This was to honor the Past Masters of Maumee Lodge and was quite entertaining, even though the ladies did not attend as we invite them to in our Past Masters Banquet.

We lost two brothers since my last column in the Square and Compass. My good friend, Brother Willard "Bill" Geiger passed away on April 20, and Brother Gordon Bradley departed this world on May 2. My condolences go to the loved ones of both these brothers.

Our Past Masters Banquet was held on May 18 and we had a special event for Franklin Bryan, this being his 25th year as secretary of our lodge. We gave him a lapel pin and a wall clock to commemorate his faithfulness and devotion to duty. The Right Worshipful Robert H. Miller, Deputy Grand Master of Masons in Indiana was the speaker for this event. During the ceremonies our Deputy Grand Master read a letter to Frank from Grand Lodge congratulating Frank for his faithfulness.

I congratulate Brothers Arthur Cochren and William Fitch for attaining the Sublime Degree of Master Mason on May 7.

See you in Lodge.

Brethren,

Somaday is here! Time has e way of slipping through our fingars before we can accomplish the things we want to do. Time stends still for no man. If we went to maka the most of our time, we hava to set our priorities and then act upon them.

At ona time or enother, in some small way or another, we have all been thinking of Somaday. No one else can maka our Somedey happen for us. Have you made someone happy,
Or made someone sad,
What have you done with
The day that you had?
God gave it to you
To do just as you would.
Did you do what was wicked,
Or do what was good?
Did you hand out a smile,
Or just give 'em a frown?
Did you lift someone up,
Or push someone down?
Did you lighten some load,
Or some progress impede?
Did you look for a rose,
Or just gather a weed?
What did you do with
Your beautiful day?
God gave it to you,
Did you throw it away?

The month of May has certainly been filled with beautiful days. What a wonderful world God has given us. We hope you've taken a little time each day to enjoy it and thank God for all He has given us. We had some fun at our first May meeting. Sister Juanita introduced her Fraternal mom, and grandmom, great grandmom and great great grandmom. Those honored were Holly Woods, Vencha Collins, Jessie Holmen, Lucille Thompson and Vera Stroedel. Also honored were the mothers attending.

On may 24 we had initiation for new candidates. This is always an inspiration when we can add to our golden circle of friendship by adding new links. A fitting Memorial Service was held in honor of those who have stepped over the threshold into Eternal Life. June 14 at 8:00 p.m. we will observe Fathers Day and Fraternal Pop night. June 28 at 8:00 p.m. we will be entertaining our friends at our annual "Friends Night'

We hope many of you will attend to enjoy this night with friends from other chapters in and near our district.

July and August we will be dark and sometimes our communications are a little sparse. If you know of anything important, of anyone in need, or ill or in sorrow, please call either the Worthy Matron, an officer or the Sunshine chairman.

Our June Committee meetings are:

June 4 - 1:00 p.m., Sunshine Committee, place to be announced.

June 5 - 1:00 p.m., Southwest Social, Helen Hutchison, 2527 Sandpoint Rd.

June 12 - 1:00 p.m., Northeast Social, Jessie Holman, 1001 Putnam.

June 13 - 1:00 p.m., Ways & Means, Dorothy Neuenschwander, 2329 Forest Valley Dr.

June 18 - 7:30 p.m., Decorating, Becky Partin, 2212 Lynn Ave.

June 19 - 1:00 p.m., Northwest Social, to be announced.

June 21 - 7:30 p.m., Registration, Vancha Collins, 3212 Wendover Rd.

Sister Juanita would like everyone join a committee that is interested. If you've been overlooked, please call her and tell her on which committee you would like to serve this year. It isn't too late to join in the fun.

Illness in Chapter: Mary Duff, Anna Barbier, George Seebold, Jane Smith, Mildred Cook and Art Vonderau.

Come and enjoy the fellowship and Good food. We will be looking for you. Remember, you can make more friends in two months by being interested in people than you can in two years by trying to get other people interested in you.

THE LOVE OF FRIENDS

Give me the love of friends, and I
Shall not complain of cloudy sky or
little dreams that fade and die.

Give me the clasp of one firm
hand, The lips that say "I understand;" And I shall walk on holy
land . . .

For fame and fortune burdens
bring. And nature makes the roses
of Spring. But friendship is a god-
like thing.

Run, Reach, Rebound . . .

This was the Worthy Matrons closing remarks from the East the last meeting in April. The East was decorated with two suitcases for the Worthy Matron and Worthy Patrons trip to Grand Chapter. The Worthy Matron stated she wished her suitcase was really packed as she was running out of time. The May 3 Stated Meeting found the East with a large basket of spring flowers and the Worthy Matron greeted all with a warm smile and these words. "Here and there along the road fate offers you a chance . . . To change your life and make it something new and glorious . . . Now and then you turn a bend and unexpectedly you find that you are face to face with opportunities. You are shown a way out of the fog of your despair. A star moves out across your path to follow if you dare. A bright new hope comes tapping at the doorways of your heart. A chance to leave the past behind and make another start." Our special guest was "our" New District 14 Deputy, Sister Edythe Gordon, who was Matron in 1977. Sister Edythe was presented with a vase of Violets to place in home at a spot she will see everyday. It is to remind her that we are thinking of her when she can't be with us. The Worthy Patron Clayton Herrick has a new TV series that he is conducting on Stated Meeting nights. We have had two series already. The program is based on The Rules and Regulations of Chapter, Grand Chapter, and General Grand Chapter. We will not reveal the plot to anyone as you must attend chapter and find out for yourself. Sister JoAnn Moyer gave her report of Grand Chapter. She did a very good job, not leaving out anything from her report including "Strange Noises". Wonder what they were? Brother Clayton gave his report on the Masonic Home. Sorry to be repetitious but don't forget the June 15-16 GARAGE SALE to be at Marea Woodworth's garage 2507 St. Louis. Help is needed as well as items. For pick up call Sister Carol Munk, Sister Louise Biedenweg or Sister Bernice Bowman.

A small closing thought. "Remember all the happiness that comes your way in living, forget each worry and distress, Be hopeful and forgiving, Remember good, remember truth, remember heaven's above you, and you will find through age and youth that many hearts will love you."

Illness in Chapter: Sister Mary Virginie Sheerer; Sister Irene Braunagel; Sister Virginie Curtis; Sister Florence Have, Perkview 431; Sister Ethel Frankenburg, Lutheran 588; Sister Jeanette Cereghino; Gladys Guenewald, hip surgery.

We've been busy the last month. On May 2 we had Past Guardian and Past Asst. Guardians night. I want to thank all those people that came.

On May 5 we went to the Fort Wayne Nursing Home. Mr. Earl Hanum celebrated his 100th birthday. We had a parade, a band played, and the Jobies served punch and cookies. It was real exciting.

On May 15 some of the Jobies went to New Heven to help to initiate some new girls. On the weekend of May 18 we sold hot dogs and drinks et a block long garage sale.

On May 16 we hed our election. Those elected were Honored Queen: Amy Richerdson; Sr. Prin.: Treenn Bauman; Jr. Prin.: Tammy Thomas; Guide: Debbie Carpenter and Marshal: Shari Wyett. I wish all these girls the best of luck.

I want to wish Amy Richardson all the best in the next six months and I hope everybody backs her up as much or more, as they did me. Amy's installation will be on June 8. Hope she has e good turn out.

I want to thank everybody who has helped me with my term. I want to thenk everybody for all the newspapers and the money that was doneted to the Bethel.

My retirement is on June 6 and I hope I have a good turn out to end my term. Again thanks alot everybody who helped me out.

A Living Faith

I've dreamed many dreams that never ceme true,
I've seen them venish et dawn,
But I've realized enough of my dreams to thank God,
To make me want to dream on.
I've prayed many prayers when no answers came
Though I waited patient and long.
But answers have come to enough of my preyers
To make me keep praying on.
I've trusted many a friend that failed,
And left me to weep alone,
But I've found enough of my friends true blue,
To make me keep trusting on.
I've sown many seed that fell by tha way
For the birds to feed upon,
But I've held enough golden sheaves in my hands
To make me keep sowing on.
I've drained the cup of disappointment and pain
And gone many days without song,
But I've sipped enough nectar from the roses of life
To make me went to live on.

Your Help To Mankind

The only question for us to ask, as true men, is what does duty require; and not what will be the result and our reward if we do our duty.

Not all men have the same capacity of understanding. Each man will attain to only a lerge portion of truth as he is capable of digesting.

It was the philosophy of Emerson that if you would desire to succeed you should help mankind as a whole. In his essay on Compensation he uses the expression, "Put God in Your Oebt."

There is considerable evidence that if you give mercy, love and Right, the same shall return to you.

Let us develop the brain, but also civilize the heart. Let us do what we can for the destruction of ignorance, poverty end crime. Let us do our best to satisfy the hunger of the mind. Let us saek to ascertain the secrets of neture, in order to make tha invisible forces the tireless servants of the humen raca, and thus fill the world with happy homes.

An Investment

You cannot buy Masonry - no man ever did or ever will. You do not buy it when you pey your fees or dues. You simply gain by those opportunities to get Masonry. Where is your investment then, you ask? Let me tell you.

If you become a Mason, you put into Masonry more than money, more than anything you have or possess that you measured by pounds or shillings - you put your life into it.

Life is in constant conflict between good and evil. Masonry aids the Mason to choose the good rather than the evil. Dominating the Mason's life, Masonry creates the habit of choosing the good, with the result that it helps him to develop character. Is there a more desirable dividend on effort than cheracter?

You may call it by any term you please but Masonic effort builds character. You may have wealth and put your money into paying propositions but you can make no investment that will pay greater dividends than Masonic will.

Who Is A Brother?

He who understands your silence.

He who will be a balance in the season of life.

He who considers your needs before your deservings.

He who to himself is true, and therefore must be true to you.

He who, when he reaches the top of the ladder does not forget you if you are at the bottom.

He who is the same today when prosperity smiles upon you, and tomorrow when adversity and sorrows come.

He who cheerfully comes in when all the world has gone out, who weeps with you when the laughing world is away.

He who guerds your interests as his own, neither fletters nor deceives, gives just praise to your good deeds and equally condemns your bad acts.

He who is the same to you in the society of the wealthy and proud as in the solitude of poverty, whose cheerful smile sheds sunshine in every company.

He who rejoices at your good fortune, condemns your faults, sympathizes with your sorrows, is at hand to help in misfortune, and is a safe fortress in trouble.

Hand To Hand

Among some savage races the usual greeting between friends and kin is given by rubbing noses or foreheads together, end many other unusual forms are known and practiced in different parts of the world; but among most civilized reces today the grip or handshake is the most customary form of greeting. The handshake hes been e symbolic emblem is all races and times, and even in its crudest form the handshake implies e truce between foes - hands clasping each other cannot hold or conceal a weapon of offense or defense.

Among the ancient Egyptians the hand was the symbol of the builder, signifying that all construction, ell labor of any kind, was dependent on the hand, and the clasped hand adopted as a badge by some modern trede unions embodies the same teaching. In early art the Supreme Being was frequently depicted by a hand extending from a cloud in the act of benediction; and the symbolic form used to express benediction in modern churches, end in many Masonic degrees, is still essentially the same as used in ancient deys by Phrygian and Eleusinian priests, es well es in the early pictures elreedy referred to.

Greetings from York Rite:

While memories are still fresh it would be in order for congratulations to our drill team in placing at the competitions in Indianapolis. Also a big thanks to Our Ladies of the Beauceant and the hospitality committee for a splendid showing, closing what was a very fine weekend at Grand Commendery.

Sir Knight Kenneth E. Gibson was advanced by unanimous vote to the station of Eminent Grand Senior Warden. Our appreciation for all his efforts in our behalf. Fort Wayne was well represented.

Please check your calendar and delete the Bean Dinner date of September 15 - Cancelled.

At present the Drill Team are really giving of their best effort for Triannual at Indianapolis. It should be apparent that less than a full showing at practice presents problems for those in attendance and also means they carry a double load all the time. If you cannot be in attendance, make your absence known beforehand.

A very special request to the widows and Ladies of the Beauceant. Make a decision to mark your calendar October 13, Ladies Night.

Will the widows of past Sir Knights please contact us if you can attend as our guest! Reservations are to be in by October 8. It is to be an evening of very little speech making with light entertainment at a cost of only $3.00 per person at 6:30 p.m.

Let's make this a big evening and begin reservations now. Urge your friends to do the same. Contact: E.C. Robert (Scotty) Whyte, at 493-3828; Gen. James C. Farrar at 485-8691; Recorder, Roger W. Shafer at 483-3640.

Let's not forget Camp Crosley coming up in June. In particular we will need all the help we can get in the matter of transportation, especially with the gas crises ahead. Interested parties please contact Phil McCague or Barney Smith for more details.

In the fall, Commandery will begin to prepare for degree work in October. Practice on Wednesday evening for all officers, and preparation for Inspection and awards nights practice on Tuesday evening.

And last but not least by any stretch of the imagination, congratulations to Sir Knight James P. Johnston, the recent recipient of the Distinguished Service Award.

Degree schedule: Chapter and Council, Oct. 20; Commandery Orders, Oct. 27.

To the sick, our sympathy and wishes for a speedy recovery.

Have a safe and happy summer.

The Outside Of The Cup

Masonry is a peculiar institution. It is the oldest of all organizations. It is the largest in membership. It ranks at the top in general public esteem. It is one of the richest. This position it has held through the ages. All this despite the fact that it offers no insurance plans, guarantees nothing but fraternal care, does not make ostentatious show, takes no part in social, political or religious controversy, is not often in the public eye and makes no membership drives.

But what is most remarkable in the history, continued growth, interest, and sustained vigor of Masonry, is the amazing fact that relatively few, even among the leaders, know what it is all about.

In the ritual frequent references are made to the "secrets of Masonry." Masonic orators delight in rolling off sonorous phrases mentioning the "hidden mysteries." Vague comments concerning these secrets and mysteries appear frequently in the Masonic press. References to these secrets and mysteries fall glibly from the tongue in the lodge discussions. But who - how many - know what they are talking and writing about?

Actually now, just what secrets have you learned in Masonry? Honestly, aren't the only secrets you know are those of how a lodge functions and what is said and done in conferring the degrees? Have you ever been told of any others?

Briefly consider these words, "the secrets of Masonry." To what does the word "secrets" refer? Secret means "hidden; kept from the knowledge or view of all except those concerned; something unknown or undisclosed." What in Masonry does that definition cover? What can you think of other than the ritual and lodge procedure? But even those are no longer secret. Books written in plain language containing the entire ritual with complete descriptions of all lodge work are available in the open market. Certainly those so-called secrets haven't been kept from the knowledge of view of anybody who wishes to know what they are. Therefore they are not secrets.

To what, then, does the claim to "secrets" boil down? For most of us doesn't it simmer down to a simple matter of system or method in teaching truth well known to nearly everybody? And couldn't that be the reason why so many, hearing so much about marvelous secrets and subtle mysteries, yet never learning any, get so little from membership? By inference we promise much but deliver little other than to reveal "how" we do it. All the explanation on "why" the average candidate gets is what, in a daze he can extract from the charges and lectures, delivered in unfamiliar language, often in an inept and dreary manner while he is "going through." Too often the only real mystery he encounters is, where is one?

The safe keeping of these undefined secrets is made a solemn and vital obligation. Great stress is placed upon it. Doesn't it ever occur to the Craft that to any intelligent man the elaborate caution to keep secret and to protect what he has seen and heard must appear slightly ridiculous? And especially so when as time goes on he hears no more about them? Then add to that, the discovery he makes sooner or later, that mostly the lodge devotes its time to initiating candidates, holding special nights, receiving dignitaries, giving parties with a strong emphasis on entertainment and refreshment.

However, be all that as it may, there are real secrets and there are genuine hidden mysteries in Masonry. They remain so because the symbolism and the allegories of the ritual were intended to conceal rather than to reveal them except for the relatively few in every age whose deep sincerity, patient study and faithful application of truth and teaching has sought them out. This nucleous of true Masons in each generation from ages past until now has supplied the spiritual power to keep the Craft alive. They know the secrets and understand the mysteries. They are kept safe because few, no matter how many degrees they possess, have progressed beyond their Entered Apprenticeship. Nor are they likely to under leadership mainly concerned with honors and office, position and authority, records and reports, property and investments.

We are guilty of spending too much time watching and polishing the "outside of the cup" and too little observing or improving what is inside of it. There is no mystery about that. Neither is it secret.

Raising or Razing?

How often do we pass a landmark, perhaps a church or a commercial building which to all appearances has much life to go being razed by the ruthless wreckers with their great iron balls swinging and destroying in moments what it had taken dedicated Craftsmen, days, weeks, months, and even years to construct or raise. The words sound alike, but what a great difference they have in meaning.

These magnificent structures of yesterday are being destroyed in the name of progress. All the warmth and tradition of the old structure is lost in the utilitarian one which takes its place.

I become gravely concerned at times about Freemasonry. It has taken centuries to build the beauty and tradition that we found in it. Now, are we alike the other builders, going to raze that in order that we can modernize, meet membership quotas, establish larger material assets?

We speak of raising a man to be a Master Mason, but are we, at the same time by poor ritual, apathetic leadership, carelessly kep structures, doing a "Razing?"

I stand convinced that there is nothing wrong with Masonry except some so called Masons.

Think with me a moment . . . are you a Raiser or a Razer?

BUHRSTONES: Grain Grinders of Pioneer Mills

Itinerant workers hand-chiseled buhrstones for pioneer gristmills from locally obtainable siliceous rocks. In northern Indiana, some stones were fashioned from glacial boulders. "Sand Creek Buhrstones" from Jennings County, advertised as early as 1818, were used in Indiana mills as far away as Vincennes. Later, millstones were imported from Ohio, Kentucky, Tennessee, and France.

The buhrs ranged from 2½ to 7 feet in diameter and from about 4 to 12 inches in thickness. Placed one above the other, the lower (netherstone) was stationary; the upper (capstone) was balanced above and revolved over the netherstone. Roughened and grooved opposing surfaces ground the grain. Periodically, these surfaces were sharpened by skilled artisans, who used tempered steel picks.

After more efficient steel-roller grinders were adopted in the 1870's, the colorful era of buhrstone water mills quickly came to a close.

On May 15 end 16 your S.W. and W.M. joumeyed to Indianapolis for the annual meeting of Grend Lodge. The best wey to summarize the meeting is to mention that efter meeting the Grand Lodge officers, seeing their dedication and enthusiasm and hearing the many reports from other Grend Jurisdictions we may rest assured that Masonry is in good hands.

We have been very busy this spring and on May 21, conferred the M.M.° on Brother Robert Crest, at one of our lergest gatherings this year. Brother Hollis Breech of Home Lodge brought his craft club to Ossian to show their expertise and with Brother Al Crest of Sol D. Bayless Lodge bring some of his friends, Ossian Lodge began to look like it had been invaded by Fort Wayne.

All the officers of Ossian Lodge would like to thank the Craft Club of Home Lodge for being able to come to Ossian for this occasion.

At this writing we have scheduled a F.C. for Saturday, June 9, 7:00 p.m. and a M.M.° for Monday, June 25, 7:30 p.m. This M.M.° will be a Past Masters Night and as we should have two candidates, it would be nice to have a good turn out of Past Masters.

Why not make the evening more interesting by each P.M. contacting a P.M. who was in the officers line-up when he was W.M., and remind him of the stated meeting on Monday, June 11, and we will discuss our P.M. Night. Even if you can't make the stated meeting we hope to see some of the Past Masters that haven't been around for quite some time. I can't remember the last time the Master of the year I was raised even attended lodge, but it has been a few years.

Franklin I. Bryan Night At South Gate Lodge

If Franklin I. Bryan has appeared to be floating around on a rosy pink cloud this summer, perhaps he just hasn't come back to earth since "Franklin I. Bryan Night." Deputy Grand Master Robert H. Miller declared May 18, 1979, "Franklin I. Bryan Night," as well as Past Masters Night.

Franklin has served as secretary of South Gate for twenty-five years. Surrounded by his fellow past masters, his long-understanding wife, Margaret, presented him with a 14-carat gold pin signifying his 25 years as secretary on behalf of the Lodge. After a successful struggle with Frank for possession of the microphone, Deputy Grand Master Robert Miller then read a letter of commendation from the Grand Secretary to Frank. He then presented Frank with a walnut wall clock with the Masonic Emblem inlaid with wood and an engraved inscription. Gaining possession of the microphone, for the first time in his life, Frank had nothing to say! Mrs. Bryan was honored for her patience, with the presentation of an orchid corsage by the Worshipful Master. pictures were taken of the evening and given to Frank as a pictorial memento of the evening. The Worshipful Master also presented him with a check.

Also, eight brothers received their 25 year membership pins, including Alfred Samra, Jack Schemehorn, Donald Smith, Rollin Spitler, Richard Peden, Thomas Kemp, Sr., William Kemp, and Morris Smith.

Roland D. Waters, W.M.

Brother Glenn Bowen, P.M. of Home Lodge in 1937 was raised in 1913 (66 years) and Emrie Doty of Sol D. Bayless No. 359 was also raised in 1913 (66 years). Brother Doty is an honorary member of Home Lodge.

The annual Half Century Night to honor those who have received the 50 year award is sponsored by Home Lodge No. 342 and each year the Lodges of Allen County give increasing support to this worthwhile underteking by their participation.

New Daylight Lodge Begins Labours

A dispensation has been granted by the Grand Lodge for a new lodge in Fort Wayne. The new lodge, called "New Light Lodge," will operate under dispensation U.D.) until May, 1980 and then, if granted a charter by the Grand Lodge, will be assigned a number, F. & A.M. as all other lodges are. All Master Masons who have joined the new lodge by that time will become charter members.

The new lodge has already entered upon its labours. The first stated meeting was held at 10:00 a.m. Saturday, August 11, 1979 in the Ionic Room at the Masonic Temple. Subsequent meetings are all scheduled to be at 10:00 a.m. every Saturday. The lodge plans to be conferring degrees and all Master Masons are invited to attend and help put on the work.

The new lodge was inspired by the fact that a number of Master Masons had expressed an interest in the formation of a lodge that they could attend in the day time. These brethren, for various reasons, find it difficult or impossible to attend lodge at night.

The formation of the new lodge has been under the guidance and direction of Right Worshipful Brother Robert H. Miller, Deputy Grand Master of Masons, State of Indiana, and Worshipful Brother Albert E. White, Past Master and Secretary of Three Rivers Lodge. Brother White has been appointed as a special deputy of, by, and for the Grand Master to assist the new lodge in their organizational efforts.

The current officers of the new lodge are Charles C. Scott, W.M.; Robert L. Wirick, S.W.; John M. Gause, J.W.; Terry L. Zell, Secretary; Gene Cummins, Treasurer; Noland T. Cooper, S.D.; Charles L. Johnson, J.D.; William Daugherty, S.S.; John S. Simpson, J.S.; Al Albahrani, Chaplain; and Donald M. Armey, Tyler.

The new lodge expresses grateful appreciation to all the other Masonic lodges in the area for the spirit of co-operation and offers of aid and assistance which they have displayed. Gratitude is also sincerely expressed for such temporal but vitally necessary things as aprons from Summit City Lodge, jewels from South Gate Lodge, items from Three Rivers Lodge, cash contribution from Maumee Lodge, etc. There have been and will be others which are also acknowledged and will be further recognized in a forth coming article in your Square and Compass.

Greetings Brethren:

I hope you had a most enjoyable and restful summer end ere now ready to resume your labors.

June and July were indeed sad months for Summit City Lodge, es two of our most faithful brothers were summoned by the Supreme Grand Master to the Celestial Lodge above. Brothers Warn L. Wesson, Trustee, on June 29 and Or. Bernard Schwartz, Organist, on July 14. Also, Brothers Herley Mencer on June 26 and Ralph Latham on July 25. May they rest in peece.

I am heppy to enrnounce that Brother Steven Franks who was raised to the sublime degree of Master Mason on June 22, has accepted the appointment as Cheplain. It is a pleasure to see the younger members of our Lodge becoming more end more involved. They should be an inspiration to the rest of us to do the same.

Our baseball trip to Chicago was a rousing success. Due to the lengthening of the game by rain, we were unable to go up into the Seers Tower. Perhaps another day.

We are trying to formulate a trip to see the Oetroit Lions Football team sometime in November or Oecember. Come to Lodge to heer more details.

I am happy to report that Brother Clair Sunday is now a resident of the Indiana Masonic Home. Brother Sunday has looked forward to this for quite some time. He has entered under the new self pey plan at the home.

As of this writing, we heve three brothers hospitalized. Brothers Oscar Fleming, Arthur Mowery and James Kiger. We wish for these brothers a very speedy recovery.

Brother Cal Beuman, Past Master, has been elected by the members of the lodge as Trustee, to fill the unexpired term of Brother Warn L. Wasson. As one of the five joint owners of the Fort Wayne Masonic Temple, we are indeed fortunete to have a brother of Cal's celiber to serve on the Board of Trustees of the Temple.

Brothers, I am again esking for HELP for the Fellow Craft Club. The only dues this organization charges are, a little work and e lot of dedication. There has been a lot of interest shown in having another Ham and Bean Dinner. If you share this interest, come to Lodge and let us know.

If his schedule permits, Right Worshipful Brother Robert H. Miller, Oeputy Grand Master of Masons in Indiena, will be received in his home Lodge at our September stated meeting. Also, we will be eating in the kitchen on Stated Meeting Night at 6:15 p.m. SEE YOU IN LODGE.

The dete of the Annual Pilgrimage to the Masonic Home in Frenklin has been changed to the third Sunday or September 16 this year. You and your family will enjoy this outstending event and be thrilled by the activities of the Jobs Daughters, Rainbow Girls and OeMolay from all over the state. My Brethren, greetings! Well, an auspicious event has occurred in Fort Wayne. Having been granted a dispensation by Grand Lodge we have entered upon our labours. We opened lodge on the Sublime degree for our first stated meeting on Saturday, August 11, 1979 at high twelve less two hours.

I wonder if you realize just exactly what a rare honor you have the opportunity to receive, to become a charter member of a Masonic lodge? This is the first time this singular circumstance has happened in the Fort Wayne area for the last 30 years or sol If and when we are granted a Charter by the Grand Lodge, which will not be before May 1980, all the brethren who have joined our lodge up to that time will become cherter members. Allow me to remind you of some of the prestigous company you are joing. Going back to the founding of the first lodge in our own city, Wayne No. 25 over 150 years ago by some of our very earliest city fathers, possibly even General "Mad" Anthony Wayne end Captain Whistler of the famous painting "Whistlers Mother". On back to the founding of the first lodge in Indiana, Vincennes No. 1, by Masons from Kentucky and my home state of Virginia, possibly by some of "Hoosiers men." Wa can go on back to tha founding fathers of our country itself who formed Masonic Lodgas under dispansation from tha Grand Master of Masons of England, I.E. Brother Georga Washington's home lodge of Fradericksburg, Virginia, which I have visited. Some of our illustrous brethren who sat in those early lodges when they ware opanad for tha very first time were Thomas Jafferson, Banjamin Franklin, Paul Revere, Patrick Henry — the list goes on and on. Even, if you will, to the founding of the lodge at the building of Kin Solomons Temple. Join in the company of most excellent King Solomon, Hiram, King of Tyre, and Grand Master Hiram Abif, whom you may again represent. Reflecting on the above as completely awe inspiring I think you will agree the business we are now entering upon is of historical significance. New Light Lodge — may it long endure!

Greetings Brethren,

Summer is fast coming to an end and I trust all of you had a wonderful time end e relaxing vacation. If you are a sports fan, you are familiar with the expression "headed for the home stretch." As we head down the home stretch the remaining months ere going to be busy ones. So I trust all are rested and eager to get into the swing of things again. Broken records or records that stick do not sound very good, however at Lodge, to hear "We are going to be busy month after month" is music to the ears.

How pleasant it is for Brethren to dwell in unity together. Those of you who signed these petitions, and those of you who investigated these candidates should show your support to these candidates by being present when the degrees are conferred upon them. Those who have not attended Lodge for some time, come on down end witness the excellent work your officers ere doing.

Several detes which are important and should be marked on your calendar are Oct. 4, Annual Lodge for Instruction with Sol O. Bayless. We ere the host lodge and will be doing the F.C. degree.

What has become the biggest and most important event for the year is Ladies Night, Wednesday, Oct. 17. This is a must for all of us. Tickets are $6.00 per couple or $3.00 per single person. A banquet will be served at 6:30 p.m. Entertainment will be provided and a favor for your favorite lady will be given. Brethren if you forget this date, your lady will really put you in the dog house.

To keep your rosters up to date, here is a further list of brethren who have received the degrees of Masonry.

April, 1979 - Rick Montief, transfer, Greg Hauser, Graham Hauser.

May, 1979 - Daniel Belchner, George Lindsay, Jr.

June, 1979 - Wallace Christ, Thomas Swank, Donald McDonnell, James Balough, reinstate, courtesy conferral, Seymour Sammet.

July, 1979 - Carl Johnson, reinstate, Claude Hala, transfar.

A special thank you to those who worked hard putting tha golf outing togather, Pat Taylor, Oick Anderson and his wife Mildred, Norm and Shirlay Bauer and Monta Montiaf for the fine meal servad, and to all of you who attended to maka it tha success it was.

Tha Suprema Architect of tha Universe in his infinite wisdom has called the following brothers to tha Celestial Lodga abova: Georga N. Miller, William L. Paulson, Harry L. Biddlecome, 50-year and chartar member, Elmer H. Rost. May we all extend our sympathies to the families of these our departed brothers.

Do something nice, come to lodge and bring a brother.

To our new members who do not fully understand the fellow craft club, let me assure you the meaning is quite simple. As the degree work is being conferred, those in the craft portray workmen on the temple, in the quarry, and bearers of burden. Some of the craft have speaking parts, while others as we say, walk the craft of non-speaking parts. The lodge is in need of both groups. Those interested contact George Dibell or any of the officers.

As you recall the second section of the third degree, you should remember the group who enacted this section of the work. Your assistance and help in the craft will make a lasting impression on future candidates.

SEPTEMBER

September is a month of the beginning of many importent events, it is "beck to Shrine", the beginning of eutumn, harvest time and a blooming of beautiful fall flowers.

We hope you heve enjoyed the summer and vacations. Now, it is time to concentrate on coming back to Shrine, committee meetings, etc. Come with a smile and e determination to assist your Worthy High Priestess, Watchman of Shepherds and all officers. They need your support end presence in the meetings. Remember sideliners are just as important as the officers who serve, without them, there can be no survival.

REMEMBER:

There's nothing quite as lovely
As a warm and friendly smile,
There's nothing that does so much
Toward making life worthwhile,
Just to see a friendly glow
Upon another's face
Will somehow make your world
A sweeter, brighter place.
A warm and friendly smile
Is e gift that is sweet end true,
Don't forget to wear your smile;
You'll bless others when you do.

Afterwards the girls and their families were invited to a pot-luck supper with the DeMoley and their families. This was originally planned as a picnic, but due to en unexpected thunderstorm, ended up et my house. Everyone who attended ate a lot and had a good time.

Bethel No. B was well represented at Grand Council in Vincinnes, Indiena. The girls surprised me with three trophies and many other awards. Two scholarships were awarded to PHO Robin Bissell and TreAnn Bauman, Senior Princess. Congratulations Bethel No. B.

We worked at the Shrine Horse Show in July selling Cracker Jack and suckers. We had a lot of fun and made money tool I'd like to thenk Mr. Robert Kopper and Mr. Duane Neister for helping and allowing us to work.

In closing, I'd like to share a quote with you:

"This I do believe above all, especially in times of greater discouregement, that I must believe in myself, that I must believe in my fellow man, that I must believe in God if life is to have any meaning."

— Margaret Chase Smith.

Until next month.

First Use of Name Freemasonry

It is upon record that the first formal and solemn Lodge of Freemasons on which occasion the very name of Freemasonry was first publicly made known, was held in Mason's Hall, Mason's Alley, Basinghall Street, London, in the year of 1646. Into this Lodge it was that Ashmole, the antiquary, was admitted. Private meetings there may doubtless have been before; and one at Warrington is mentioned in the life of Ashmole; but the name of Freemason's Lodge, with all the insignia, attributes, and circumstances of a Lodge first came forward in the page of history on the occasion above mentioned. It is perhaps in the requittal of the services as that rendered in the loan of their hall, etc., that the Guild of Masons, as a body, and where they are not individually objectionable, enjoy a precedency of all orders of men in the right of admission, and pay only half fees.

Dealing With Others

First, we must meke up our minds that we are going to improve our relations with all our associates. Next, we should make a personal inventory and decide upon the changes we expect to make, and then START. Try this plan:

1. Start smiling at every person you meet, or greet at home, at work, at lodge or anywhere. Make a game of it and keep at it. Don't forget.

2. Decide you will not say or hint one word of criticism or sarcasm to or about anyone. Speak only of the good. If you hear any criticism about anyone, let it stop with you.

3. Keep smiling at all you meet and greet and keep passing on and speaking only of the good. Now try looking for every opportunity to compliment someone. You are not interested in mere flattery, the game you are playing seriously is one to improve your relations with others.

Supreme Council Meeting in Chicago

The Supreme Council annuel meeting will return to Chicago for the first time since 1961 when more than a thousand Thirty-third Degree Masons and their ladies attend the 167th yearly session of Scottish Rite Freemasonry in the Northern Masonic Jurisdiction between September 20 and 27.

The 1979 Supreme Council event will feature the conferral of the Thirty-third Degree upon 183 Scottish Rite Masons who were nomineted and elected to receive the high honor from the ranks of the 500,000-member jurisdiction spreading over fifteen northeastern and midwestern states. Two well-known names are among this year's nominees — Lowell Thomas of Pawling, New York, nationally recognized radio end television newscaster and producer, and Wayne King whose orchestra has been a fixture in Chicago and popular throughout the country for many years. The impressive ceremony will be held in the Conrad Hilton Hotel on Wednesday evening, September 26.

The executive business conferences attended by the principal officers and the Active Members or directors of the Supreme Council will occur on September 21 and 22 at the Conrad Hilton which has been selected as convention headquarters.

The traditional Supreme Council Vesper Service will open large scale activities on Sunday afternoon, September 23, et the Conrad Hilton.

Monday, September 24, will find officers and directors in executive sessions, while between 1,500 and 2,000 visitors will have an opportunity to attend an entertainment program featuring the Wayne King Orchestra. Introductory luncheons honoring the Thirty-third Degree nominees and their ladies will also be held on Monday.

The Mystic Tie

Here is a phrase that we use many times, and many times we contemplate upon its deep significance. At least we fail to adequately define it.

The young Mason with the degrees of Masonry still fresh about him walks into life and soon meets with this strange and fascinating bond. He comes to an older Mason for an explanation and the Mason of many years settles back to tell the younger brother what it has meant to him over the years. He can recite experience after experience in which The Mystic Tie has its part, but he cannot fence it in words.

We know that it has to do with men who have a common spiritual experience; a common heritage, a common goal. We know it includes the mighty determination of the individual to add a touch of beauty to the Temple of Life.

The phrase is related to our belief as Masons, our reverential attitude, our trust in the unfailing wisdom, justice, and mercy of our Creator.

It has to do with man's eternal struggle for freedom of mind and conscience.

It extends to our protest against any form of tyranny, for while it is noble to be tolerant, it is ignoble to tolerate conditions which destroy the very right of men to be brothers.

It is the result of unity of spirit and not the unity of enforced conformity.

Its strength depends upon ma and how well we walk and not touch or see it, but every act as Master Masons.

We cannot define it. The Meson knows within his heart "The chain too subtle for our seeing unites us all upon the plane of Universal Being."

Royal Arch Masonry

Throughout the early history of Masonry there is no mention of the Royal Arch Degree or Royal Arch Masonry es such. Some Masonic students contend that the Royal Arch degree was, at one time, e part of the Third Degree.

There was e vague reference made to the Royal Arch in 1740 and it was thought to be a new degree invented in either England or Scotland. The earliest known reference to this part of Masonry is in an account of a Masonic procession by the members of a lodge in Youghal, Ireland on December 27, 1743 in which the Master was proceeded by two men carrying the "Royal Arch." Then, in 1744, Fifield Dassigny, a Freemason and physician in Dublin, Ireland published a book in which he speaks of e meeting held by Master Masons under the Title of Royal Arch Masons. The minutes of Fredericksburg Lodge, Virginie, the lodge in which George Washington received his Masonic degrees, note that the Royal Arch Degree was conferred on a member or members on December 22, 1753.

Finelly we come to October 24, 1797, when a convention was held at Mason's Hall, Boston, Massachusetts and steps were taken to form a Grand Royal Arch Chapter which was the forerunner of what is now the General Grand Chapter Royal Arch Masons, International. Rev. Forrest D. Haggard, D.D., an internationally known Masonic scholar, notes that "On October 24, 1797, a significant event occurred that has affected not only Royal Arch, but all of Masonry . . . significant because it marks the universality of Freemasonry. It stands as a guidepost for other areas of Freemasonry pointing out to them tha road to world brotherhood."

Shrine Hospitals Change Age Limit

The age limit for admission to a Shriners Hospital has been changed from 15 to a child's 18th birth date. This important change was passed at the April '79 Joint Boards of Directors and Trustees meeting in Chicago.

There are three significant benefits to be appreciated by increasing the age limit from 15 to 18 years of age: (1) it will allow the hospital to regulate end monitor a patient's treatment thru the end of his/her growth end development stages; (2) it will assist in the efforts to recruit more patients for the hospitals; and (3) it will offer thousands of more crippled and burned children, the opportunity to lead fuller, more meaningful lives.

The change, which became effective immediately, allows any crippled or burned child between infancy and the 18th birth date, regardless of race, religion or creed, to be eligible for admission to a Shriners Hospital for Crippled Children (treatment must be concluded by the 21st birthdate and must be of benefit to the child). All treatment and care is provided for each patient at Shriners Hospitals, free of charge.

"Tolerance is the only real test of civilization."

Sir Arthur Helps

What Masonry Has Done

It has led men to aim at higher and purer life.

It has made men appreciate a higher and nobler manhood.

It has made men understand better the problems of living.

It has taught men how to die.

It has permeated the whole world with its principles.

It has raised the fallen and rescued the depraved.

It has clothed the naked and fed the hungry.

It has built homes for the sick.

It has educated the ignorant and sheltered the fatherless.

It has helped the church to ameliorate the conditions of unhappy humanity.

Its influence has benefitted government in establishing justice and destroying despotism.

"I like to see a man proud of the place in which he lives. I like to see a man who lives in it so that his place will be proud of him. Be honest but hate no one. Overturn a man's wrongdoing, but not overturn the wrong. Stand with a man who stands right. Stand with him while he is right, and part with him when he goes wrong. If you would win a man to your cause, first convince him that you are his sincere friend. Therein is a drop of honey that catches his heart, which, say what you will, is the greatest highway to heaven."

presented Bro. William Simon his Fifty-Year Award of Gold. The same evening several Brethren received their 25-Year pins. A nice ham dinner wes served that evening with the wives of the recipients also in attendance. Ninety members and guests were served a well-prepared dinner by the officers' wives end Job's Daughters. This was the first time 25-Year pins had been presented.

On June 28 we journeyed to Auburn, Indiana, to present Brother Wayne Surfus his Fifty-Year Award of Gold, which was presented by his son, Brother Donald Surfus. The event was memorable with neighbors, relatives, and Brother Masons in attendance.

It is with greet sadness that I inform you that three of our Brothers have been called to their Eternal Reward. P.M. Rodney Ormiston, Brother David Baur, and Brother David J. Miller. To the family and friends, we extend our deepest sympathy.

Brother Kenneth Tilden is out of the Intensive Care Unit at Parkview Hospital. Sister Grace Martin is home after having had surgery in the Kendallville Hospital. To the ill, we wish e speedy recovery.

Lodge of Instruction will be held at Huntertown with Churubusco, on September 5 with dinner at 6:15. Attend if at all possible.

Honored Queen Diana Kuhn, Bethel No. 71 of Job's Daughters, will honor Master Masons, O.E.S. members and parents on September 17. Put that date on your calendar and let's have a real nice turn-out for the Deughters.

I want to thank Job's Daughters for their donation toward the planter and the O.E.S. members who donated the emblem. Also, e badly needed wardrobe has been completed for the Daughters, and I want to thank all who helped in getting these projects completed.

Pest Honored Queen Susan Lomberd entertained the Jobies with a slumber party at her perents' lake cottage end on August 15 the Daughters went by bus to Cedar Point. You see, the girls do have some fun times.

Anyone knowing of illness of Lodge members, please contact the W.M. or Secretary.

I hope many of you will try and attend Lodge often — we miss and need you.

Vacation is over for most of us and I hope everyone had an enjoyable summer without any serious problems of any kind.

For the first half of the year we have had some projects completed, the latest being the stone planter in front of the Lodge building with a nice emblem of O.E.S. and Job's Daughters inserted in the stone. We will also have e new fleg pole soon. To the Brethren who helped, I just can't thank them enough.

As most of you already know, we lost two brothers this summer: Ed Martin and Wilbur Roth. Our thoughts go back to the labor and service to families and community. Continue a prayer for their families.

Our last work, we had close to a full lodge. We enjoyed the fellowship with one another and with many neighboring lodges. Many other Masonic Lodges and churches are experiencing the same good attendance. The Scottish Rite just had its largest class since, I believe, the 1940's. Why? Many believe we are heading back toward reel values. Many people, including myself, are taking a good look at physical things that produce such temporary pleasure and are looking more toverd doing things that produce e healthy heart and mind. Whet a good place - our Masonic Lodge - to receive a part of this nourishment.

Monday, September 24, 6:30 - 7:30, we will have E.A. Inspection; 6:30 - old fashioned chicken and noodles - 7:30 - Degree. Bring a salad or desert. If you forget about the salad and dessert, still come. Let's have enother good attendance.

Teach Masonry

The prosperous and strong lodge is the one in which Masonry is being constantly taught. Such teachings must go beyond the catechism and ritual.

Young men are coming into Masonry. They may not know a great deal about the method that Masonry employs to teech its great lessons, but they come with the knowledge that Masonry is a profound undertaking.

We will hold the interest of our young Masons if we point out to them the necessity for Masonic study and contemplation.

Our young Masons want to discuss Masonry with those who have been Masons for many years. They want to know about Masonic books. They want to attend meetings at which Mesonic subjects are discussed, and they went to hear lectures on Masonry by competent students.

Many of our so-called problems will be solved if we establish a plan that will encourage young Masons to acquire sound Masonic education.

The strength of Masonry is determined by the constituent lodges and how well it communicates the teachings of Masonry to its members.

Life—As We See It

We, of today, live in a strenuous age, a time when everyone tries to get ahead faster then his neighbor. We are prone to forget all about ideals in our mad rush to beat the other fellow. We talk about brotherly love, but all too often forget to practice it. Charity hes been commercialized to such en extent thet ell the sweetness has been squeezed out of it.

The greatest need of the world todey is more old-fashioned character and kindness, a slowing up of the rush long enough for some of us to realize that we are not here for too long e time, after all. The best things thet we cen contribute to our times are tolerance and love. The surest method of receiving consideretion is to give it. It is much more pleasant to slap e fellow on the back then to hit him on the jew.

This thing celled life is e steep grade end we should welcome every opportunity to give our friends a lift when they need it.

Greetings once egain brothers from your Worshipful Mester, Wardens and officers of Summit City Lodge. October looks like enother busy month for Summit City, es we have severel petitions to ect upon.

Right Worshipful Brothar Robert H. Miller, Deputy Grend Master of Indiena was unable to be with us et our September stated meeting, but was with us for our Master Mason Oegree. Summit City is very proud of Brother Bob and is eegerly eweiting 1980-1981 when he will be our Most Worshipful Grend Master.

September 16 wes indeed e red letter dey for your Worshipful Master; Pest Master and Mrs. Bob Leiter end Pest Master Cal Beuman, es we journeyed to the Indiane Mesonic Home at Frenklin, Indiena for the ennual pilgrimege. It was e beautiful sunny dey end e wonderful time was had by ell the hundreds of people who ettended. We visited our three ledies end our newest guest, Brother Cleir Sundey. Brother Sunday is slowly but surely adjusting to his new eurroundings. Just es soon as Brother Cleir can find some new "Bridge Friends", I'm sura his adjustment will be much more enjoyable. As a membar of tha Amarican Contract Bridga Association, I'm sure he will be giving lassons in no time.

Brothar Art Mowery has been moved from the Lutheran Hospital where ha was a patiant since the first of May, to the Fairfield Health Cere Centar (formarly the Turn Creak South). Brothar Art enjoys company and would appraciate and end all brothers who could visit. Four months in a hospital bed is a long long tima and is a vary very lonaly place. Brothar Oale Stabler is still in tha Lutheran Hospital after undargoing major heart surgery and is improving steadily every day.

Summit City wes onca again saddened by tha pessing of one of its mambars. Brothers Henry F. Scott was summoned by the Suprema Grand Master on August 16. We extend our deepest sympethy to his family and friends.

Tha football trip to sea the Detroit Lions and tha Miami Dolphins has been cancellad due to a lack of interest.

Summit City has said a sad farewell to yat anothar of its officers. Brother Randy Brigham, Junior Daacon, has moved to Crescent City, California to begin a new career in insurance and real estate. Summit City will miss you Brother Randy and we wish you all the success in the world. Also leaving our ranks for the sunny skies of Florida was Harry Ruby, Past Master. Brothar Harry's new address is Apartmant O23, 1100 S. Oelaney Ave., Orlando, FL 3281. All I cen say to these two brothers is 10-4.

25 year pins will be ewarded at our Homecoming Banquet, November 30. All eligible brothers will be notified end you will have to be present either at Homecoming or at our December stated meeting to receive your pin. We will mail pins

Brethren: Having just returned from a long vacation, I am somewhat behind on things. However, while I was gone, the Werdens, brothers Dick Sims and Bud Armstrong, and our secretary, Brother Frank Bryan, and all the other officers handled the lodge's business in their usual capable way.

On October 1 we will have Lodge for Instruction in conjunction with Summit City Lodge. We expect this to be on the Fellowcraft degree. Since this falls on the first Monday of the month, we will not hold Master Mason degree that night.

September 22 was our Friend's Night banquet with Sol D. Bayless lodge. At this event New Light lodge was presented their articles of dispensation by Bob Miller, our Deputy Grand Master. I hope everyone that attended had an enjoyable time and was pleased with the band that played for their entertainment and dancing.

On October 27 we will hold our annual Father-Son or Daughter night. This will also be in conjunction with Sol D. Bayless lodge. C'mon guys! Get your kid or your dad and join us for some fun!

Till next month.

Roland D. Waters

As the above portion was written by the Worshipful Master as he was waiting out the hurricane while traveling through the state of Florida, he asked that I finish the article for him.

First and most important to me, I want to take this opportunity to thank everyone that participated in any way in making our Past Masters Night in May a success. It was truly a great surprise to me when it turned into a Franklin I. Bryan night. Words failed me on that evening, and as on that night, I can't put my feelings into words just now. As I reflect back over the past 25 years, I have many fond memories. And of course, we also had some sad times. It hardly seems possible that I have been the Secretary of South Gate for that long. "How swiftly the sands run". Again, many, many thanks, I shall always cherish the memories and the gifts.

South Gate extends sympathy to Brother and Mrs. Donald B. Scott. They were on a trip to the Swiss Alps with Mizpeh Shrine when they were called home on the death of Mrs. Scott's father. Also, we extend our sympathy to Senior Warden Richard D. Sims on the death of an uncle.

Congratulations to New Light Lodge U.D. as they are receiving their first candidate. May your labors be long and fruitful.

As we are now well into our fall meetings, why not attend lodge and enjoy the fellowship. Don't forget, as we have candidates, we always have dinner (or the 6:30 degree) on Entered Apprentice night, the 3rd Monday, and on Master Mason night, the 1st Monday. Watch the Sunday Journal for the schedule. Workers are always needed in all degrees, so attend the meetings and offer your help. You will be glad that you did.

If anyone knows of illness among our membership, please advise the Worshipful Master or the Secretary.

Until my next opportunity,
Faithfully yours,
Franklin I. Bryan, Secy.

Greetings Brethren:

As we reflect on the passing of each month, we ask ourselves what can be done to make the coming months more successful and profitable. There are not too many months left in this year to accomplish our goals.

The officers prepare themselves for the duties of their office and one incentive to try harder is to see brethren in the sidelines. Before winter really closes in, why not come to Lodge. Bring a brother along. If you need information, call the Secretary or W.M.

Because of his work schedule, Brother Donald Schrock has relinquished his station as Senior Steward. Thank you for your efforts Brother Don and should your situation change, there will certainly be room in Lodge for your talents.

Brother Terry Webb has been advanced from Junior Steward to Senior Steward and Brother "Pete" Winkler has been appointed Junior Steward. The Lodge thanks those brethren for accepting the call to this responsibility.

Lodge of Instruction is now history and a thank you is extended to our host, Home Lodge, and to all Wayne Lodge officers and brethren for their cooperation.

Another thank you to all who made the plans for our annual Dinner Dance. This annual occasion is an opportunity to include your wife in one of the evenings you spend with the Lodge.

Plans are complete for Ganor Lodge # 433 visitation to Wayne Lodge on Saturday, October 13. Lodge will open at 2:30 p.m. with Ganoa Lodge than conferring the Master Mason degree in Ohio form. Ladies are invited. Please come and host the Ladies from Ganoa, Ohio. Entertainment will be provided. After Lodge we will all join Fort Wayne Commandery # 4 for dinner on the occasion of their Ladies Night. Entertainment will follow the dinner.

CALENDAR

October 13 - Ganoa Lodge # 433 visitation.

My Brethren all — Greetings! We seem to be wall into our labors. We had our second stated meeting on Saturday, Sept. 8. We elected our first candidate to receive the degrees of Masonry. We hope to confer his E.A. degree Sept. 22 with the F.C. and M.M. degrees to follow if we feel we are capable. We also raad another petition and sent it to our investigating committee. We will have still another petition to read at our stated meeting in October. So it looks for sure that we will ba having degree work in October and November. And hopefully each month thereafter. We need every member to attend these meetings and help. Visitors are also most welcome to attend and help with the work.

We still have a couple vacancies in the officers line up and it is vitally important that we fill those. We also have numerous committees that wa naad-mambers to serva on. I would like to hava all our mambers coma forth and volunteer thair services. If not we will ba forced to sand out official notifications. I am well aware that early on in our Masonic career wa wara told that Masonry ia not maant to intarfara with our usual avocation (Although it certainly is with mine!). However we each end avary ona vowed also to answer and obey all due signs and summons eent us from the lodge.

I was wall pleased with the way we conducted our stated meeting Sept. 8. A few mistakes, sure, but we are improving. Two very important posts that heva to be filled are thet of Senior Warden and Steward.

Special Deputy P.M. Al White graciously and with greet competence filled in for us as Senior Wardan but of course it is absolutely imperative that we heve our own Sanior Warden. Dtharwiee we will never be grented e chertar. Bill Daugherty and John Simpson, et e personal ecrifice to them, are doing en excellent job es Senior end Junior Steward but they heve asked to be relieved. Thay only egreed to teke the stations temporerily, so we could get started on our work, until someona came forward who could take the posts on e permenent besis. J.W. John Geuse, S.D. Noland Cooper, J.D. Charles Johnson end Secretery Tarry Zall are ell doing suparbly. And Gane Cummins es our utility man cen fill in at most any spot. As soon as hie printing business will permit he will be one of the line officere. Charles Peyne has agreed to heed up our kitchan committee and has got Sam Stephans to halp him. Morris Sprinkle, Joe Ulla and Bill Daugherty did e baautiful job as our first invastigeting committee. Don Armey has agreed to be our Chaplein as soon as hia transfer comes through. Al Albahreni is teking the post of Cheplein. Bob Wirick end Walt Williams ere halping. Wafe on our weyl But we still need help.

P.S. I heva been accused before of being kind of long windad but I do have one othar thing that I went to mention. At our stated meeting on Sept. 8 Den Morgen, who is Worshipful Master of Meumee Lodge, attended our lodge with e committee from Meumee lodge consisting of Brothers Chet Merchant, Paul Winklar and Jerry Sholtz. This committee was appointed by Maumee Lodge to meet with us and datermine some of the things we would need to purchase. Whereupon thay presanted us with e caeh contribution for which we ere very grateful. But the point I went to mention ie that the petition which we read from the candidate who wiehes to join our lodge wes brought to us by the same eforementioned Den Morgen, Worshipful Master of Meumee Lodge. This, to ma, demonstretes tha true apirit of what Masonry is ell ebout.

A Brief Explanation Of Scottish Rite Freemasonry

What is the Scottieh Rite of Freemesonry?

Ill. Henry C. Clausen, 33° GC, Sovereign Grand Commander of the Supreme Council of the Southern Jurisdiction, describes Scottish Rite of Freemesonry as follows:

"It is a series of rooms thet cen be opened once you are within the Symbolic Lodge.

"Many men, before they opened the first door never knew these rooms of ours exieted. Some never leern. When entry is mede, however, you gain new Masonic insight end discoveries of new knowledge and truth."

The Ancient and Accepted Scottish Rite undertakes the chellenge of releting the entire history and tradition of Divine guidence to human progrese. The principel heros era Ideas; the only Sovereignty is Omnipotence; the only Noblity is Man.

The area of thought thet Scottish Rite explores is to illustrate and exemplify with drame and ellegory those men end events that have raised humenity from derkness to light and from ignorance to understending. Scottish Rite Freemasonry is only the pethway end the goels lie ehead.

Scottish Rite is a school of instruction thet offers many degrees of speculative anelysis in the mysteries of ell the ancient philosophies. From the immense reservoir of the humen experience will appear to you only that which is Truth end Perfection.

The degrees of Scottish Rite are picturizations in vest panoremas of Mesonic principles as applied to humen reletionships throughout the history of ell recorded time. They ere without race, creed or religion, yet they embrace all of these. They are degrees of our own intellectual and spirituel development end not the measure of any Masonic honors. They are the fundamentel Truths end pure philosophies of every age, unteinted by eny Temporel influence.

They are the steps in the subjugation of the humen thet is in us by the Divine; The conquest of our eppetites and pessions by Moral Sense end by Reeson; and e continuous spirituel warfere ageinst all that is materiel end sensuel.

It is the culmination of our countless centuries of tredition and history coupled with the view of the remeining yeers of our lifetime and beyond into the boundless realm of Eternity. It is the sure road that we must travel to bring to fruition the purpose of our mortal life.

SAND DUNES OF SOUTHERN INDIANA

We associate sand dunes with deserts, sea shores, and lake shores. Most notable to Hoosiers are the dunes on the south shore of Lake Michigan. But there are dunes in southern Indiana too.

Westerly winds of late glacial time blew across valley bottoms that carried glacial meltwater and swept sand and silt from the bare dry soil in winter and deposited it in smaller dunes on the valley floor and as low rolling sandhills on the eastern bluffs. Dunes are scattered along many larger streams in southern Indiana but principally along the Wabash River, White River, and East Fork of White River. Having little mineral value, they form soils unsurpassed for growing melons and other specialty crops.

Building Membership

Every lodge has a duty to itself to maintain its membership end if at all possible to edd more members and encourage the establishment of new lodges within the district. This is the duty of self-preservation because no lodge can expect to thrive and flourish unless membership is kept at a high level. The lodge membership is like the profit ledger of a business establishment. A lodge which falls down on membership is like e business which fells down on profits. Neither can expect to grow into a strong sturdy institution.

One of the troubles in the average lodge is similar to a trouble which often causes a business to fold. This is the desire of every man who mekes business his career to be en executive. I heve heerd en executive defined es a men who comes to work at 1D o'clock and finds a molehill on his desk. He spends the rest of the day until 4 o'clock making a mountain out of that molehill. Business executives of this type soon run the business into the ground. Lodge members who desire to be the executives of their lodge in the sense that they come prepered to make a mountain out of e molehill and never engege in any useful work or activities, help to run their lodge to the ground. If there is a dropping off of membership within a lodge the trouble may often be diagnosad as too many would-be executives emong the membership.

Every effort should be mede to increase membership as e sign of life growth. We know that ell things on this earth go through a period of growth and development until they reach a highest point. At this point deterioration sets in end decline begins. This decline eventually results in deeth. The role of life is just as true for a lodge organization es it is for e human being, en enimel of the forest or one of our gient trees which stands for hundreds of years. When growth stops, the decline begins.

The only wey we know if our lodge is going forward and growing or standing still and beginning to go downhill is by wetching the total of membership. If we keep getting members we keep growing. If the totel of our membership declines this is e pretty good indication thet we heve reeched the peak of our development end are on the wey downhill.

It is elso a pretty good indication thet our lodge hes e great meny lazy members who do not take the time to hold up to others the edvantages end benefits which they may obtain from membership. They are like the lezy television comedian who just holds up his joke book before the camera. He doesn't went to do the work of putting his act across.

Many of our lodge members ere equally lazy and do not want to perform the work end duties necessary to put their organization across.

A lodge just doesn't grow by itself like a weed in the ground. It needs the cultivation and care by those who want to see it flourish. In this lodge are men who know the community well enough to be eble to recommend for membership many who are not now affiliated or are not members of the Masonic Order. They should make use of this knowledge and contribute something of real value to their lodge by helping to increase the membership and build for the future.

The Time Master Of The Ages

There are many growing evils in our every day life. We constantly fight them by trying to live a just and upright life - but we have little defense against lies, hetred end unkindness. One would never expect this sort of confusion to be a part of a fraternal organization and it was never intended to be, yat, it is becoming more so each year. Why? It is because evaryone is striving for political power, for control, to be the dominating factor in e personel issue or is it because we leck principle and cennot work together?

Envy has been the time master of the ages. It has created more cheos end hetred among men then eny other destructive evil. It causes men to say and do things which are far from all principles end teachings of God. Everyone seems to be striving for importance - losing along the way the one significant meaning, that although it is nice to be important, it is far more important to be nice.

A new evil which hes developed recently takes e prominent place in the form of rudeness which we have had little of until now. It has been most prevalent emong people who set themselves up as e judge of their fellow man.

Is there such a person who cen stend before his fellow men end before God and lay cleim thet he is above the tongue of reproach? If he is justified in this claim - then let him make a charge egainst his fellow man and cast the first stone.

Little did we realize how meny felse eccusations are made to gein e purpose. It is almost unbelievable thet one's character and reputation can be bleckened so quickly by en unclean tongue in the purposa of retarding one's ability and strength.

Tainted souls without e conscience work in strange circles and in unbelievable weys. They work nevertheless in an underhanded, unkindly, un-Christian sort of way. But they do work. Indeed, they work all of the time - avery minute of each day.

Gless houses have elweys had an interesting part in one's imagination, therefore, let him cast the first stone who is blameless. If your soul is cleen - keep others clean by righteous living end a clean tongue. If your gless housa is teinted do not try to spatter taint on others - try cleansing your glass so that others might enjoy looking through.

The Fraternal Emblem

As the emblem of the oldest and largest freternity in the world, the Masonic Square end Compesses is doubtless the best known of ell fraternal emblems. Whether it be the Square and Compesses of the Symbolic Lodge, the Ooublе Eagle of the Scottish Rite, the Cross and Crown of the Knights Templer, or the Crescent end Scimiter of the Shrine, most members of these various Masonic orders weer lapel pin, ring, or other insignie very proudly, for it merks them as members of one of the great cherecter building organizetions of all time, second only to the Church for its impact and effect upon the men of this, end meny foreign countries.

When we travel about end see a total stranger wearing a Mesonic emblem, we are predisposed to accept him as a men of honor, integrity end trustworthiness, for that emblem says, in effect, thet here is a man who believes as we do. One Supreme Being; e men who has been judged by those who know him best, end found to be worthy end well quelified; a man, who like ourselves has dedicated himself to the service of his fellowmen.

When we meet such e men, we mey count on him as e friend end brother, end he should be eble to judge us in the same feshion, end place the same confidence in our integrity end steedfastness thet we plece in his.

Tha news from Huntertown is scarcé but what we have is good. Lodge of Instruction is over, and the Grand Lecturer spoke very highly of us. I wes very proud of the officers - the way they dressed and their work performence were excellent. He wes very pleased and surprised at the improvements in our Lodge.

We regret very deeply the pessing of P. M. Walter Russell to his Eternel Reward on August 16, 1979. Brother Walter wes very ective in Degree work until he moved to Florida. To the family end friends, we extend our deepest sympethy.

In November, a fish fry will be hald et the Lodge with the same quality end quantity as in the pest. We invite all of you to attend and be sure to bring your friends. The November issue of the Squere end Compass will hava tha exact date.

In a very short tima dues notices will be mailed out end the Secratary would be pleased with a prompt and aarly return. We are sorry to say that dues have gone up a small amount due to the current inflation and tha high cost of necessitias.

In closing, I hope to see all of you in Lodge and I would like to laave you with this thought. "A good cause isn't so often defeated as, like e fire, it simply is allowed to go out by neglect."

A New Mason Returns To Lodge

Eleven months had passad without tha naw Mason's going back to his lodge. In that time, ha had experiencad several amotions. He had done a lot of thinking before finally reaching his decision to raturn.

The first lodga maating had dulled his anthusiasm, for he had been severaly disappointad with the way in which the lodga had been conducted and with how tha brethren had acted. Ha had exparaiencad shock, disappointmant and disillusionment. Then, as the weeks had passad, his faalings had baen hurt when no Brother bothered to contact him and ask him to go back to lodge. Thus, his pride and, in honasty, his ego had been hurt. Luckily, he hed finally masterad his fealings and enalyzed himself.

It was this searching and honest self-enalysis which, at lest, had brought him back to those tenets of Freemasonry which he had considered so laudable when he first learned them.

It was Faith, Hope, Charity, Truth and Brotherly Love which finally governed his mind and heart. As he accepted them and tried to act according to them, it was Masonry itself which finally convinced him to return to Masonry.

Faith — in Masonry end in himself — had been restored. Hope — that he could be a just and upright Mason — had returned. Charity — toward his lodge end his brethren — had found its wey into his heart. Truth — regarding his own conduct es a man and as a Mason — had ovarcoma his vanity and prida and ego. Brotherly Love — toward his fallowman — had won out over spite and rasentmant.

He had returned to Masonry within himself by racalling the tenats of Freemasonry. Now, daspite his long neglect, he was datarmined to return to Masonry in body as wall as in mind. Ha had reechad his decision. Ha would not be content simply to BE a Mason; he would ACT and LIVE as a Mason should. But it was not easy.

The first problem to arise almost changed his mind about returning. As he thought about it, he realizad that the passing months had taken thair toll on his memory. A panicky feeling gripped him as he almost desperately tried to ramamber all he should know when he went beck. Try es he might, ha could not remamber the rituel and he knew how ambarrassing it would be for him to heve to ask someone what to do. The thought almost causad him to forget the whole thing.

Than, ha got a bettar hold on himself. Reaching for the telephone, ha callad tha friand who had first gotten him a petition. "Joa," he said tantativaly, "I've been thinking a lot and I've dacidad to go back to lodge tomorrow night." He wondared what tha reaction would ba.

"That's graat," answered Joe, "we'va baen missing you."

A faw weeks earlier, tha answer might have evoked a sarcastic "Yaah, you've missed ma so much nobody has even called," but it brought a wave of raliaf to the naw Mason. Bolstered by Joe's comment, he plungad right in to tha problam.

"There's just one problem," he said, "I've forgottan averything I naed to know.

Joe raassured him with, "Well, don't worry about that. Wa all forgat if wa stay out of it very long. You just come right on and I'll meat you bafora lodga. It won't take but a minute."

The new Mason falt warm inside as ha thankad Joa and hung up. It was good to know they cared. The thought struck him thet if he had only sought more Masonry, he would have found more. He only wished he hed not wasted a year by wrongly expecting Mesonry to seak him.

Now, he even looked forverd to the next night's steted meeting.

One Answer Is Leadership

Lack of interest end poor ettendence go hend in hand with poor rituel, poor floor work, leck of variety in programe or no programe et ell, leck of personel contact, lack of sociability, fellowship end true brotherhood.

Membership, interest, ettendance. In the final enelysis they ere all one, end one enswer to the problem is leadership.

When we heve good leedership, we have interost, good ettendance, good rituel, good programs, good officer meterial on a waiting list. This follows in both lerge end smell lodges. In these lodgea we have fewer demits end suspensions. We heve e wholesome etmosphere of good fellowship end brotherhood.

Loss of membership - leck of interest - leck of ettendence. We constantly exhort our brethren to greater efforts to correct whet we consider deficiencies in our epproach to the problems of Masonry today.

How Does Your Car Run?

A men once bought a brand new car. It was e thing of beauty end it brought him great joy. It hed everything on it thet would meke driving e pleasure.

After driving it a few times, he parked it in the gerage end for a long time he let it set idle. Each yeer he would buy license pletes but he nevar used the car. Then one dey he decided thet he would like to drive again; but when he tried he found the cer hed deterioreted badly. The body hed rusted, the battery was deed, end there were numerous parts thet needed replecing. He then decided he would restore the cer.

Petiently he worked on it. He sanded out the rust spots, peinted the cer, repleced the battery, tuned up the motor, repleced the tires, end finelly hed it restored to its former usefulness end beeuty; end egein it geve him much pleesure.

Now, why this eilly story? Why would eny one buy e beeutiful new car end not use it?

My brothers, eren't we doing the same thing? We purchesed our initietion into the Mesonic Fretemity (initietion fee) end drove our Masonic car e few timas (the three degrees). We renew our license pletes every yeer (dues); but then we perk our Mesonic car in the garage end let it sat.

Now, my brothers, is the time to restore our Mesonic car. We can restore thie thing of beeuty by many trips to the gerage (our Mesonic Lodge). The restoration will take some of our time, but it is well worth it. Let's sand off those rust spots, get e new cherge with e new bettery, end egein make our Mesonic car a thing of beauty with e new peint job (Rituel).

Let ue esk ourselves this question: ere we getting everything out of Mesonry it hee to offer? There is e chence to enrich our lives and associate with other men of high moral cherecter. Let'a do it. Let's go to Lodge.

Fraternal Greetings:

With the excitement of the Ganoe Lodge visitation still fresh in mind it is difficult to keep ones mind on anything else. There were 69 brethren and their ladies who gather for an afternoon and evening of enlightment end enjoyment. After some delay, due to route changes, we finally assembled. The ladies were entertained on the mezzanine and a grateful thenks is extended to all who helped, with their donations and participation, to host the ladies from Ganoe, Ohio. The brethren were able to witness the Master Mason degree in Ohio form. One highlight of this was Past Master John Blaich as the candidate. Afterward, Brother John noted how enjoyable it was to be reminded of a very important time in his Masonic life. Prior to their opening, Genoa Lodge presented Wayne Lodge with a complete set of Working Tools, completely encased in a hand rubbed black walnut case. One has to see this beautiful gift to appreciate the love and work that certainly has gone into this project. Again, our heartfelt thanks to Genoe Lodge No. 433, Genoa, Ohio. The brethren of Ganoe also expressed an interest in continuing the exchange visitations.

A thanks is also extended to Fort Wayne Commandery No. 4 for allowing us to join them for a delicious cornish hen dinner, after which en unusual program of black light chalk painting followed.

On Thursday, November 8th, at 7:30 p.m. Wayne Lodge will hold open house at the Masonic Temple. This will be an opportunity to show your friends and equaintances our beautiful building. Ladies are also invited. Refreshments will follow.

A reminder of our stated meeting and election of officers on December 6th, preceded by dinner at 6:30 p.m.

The annual Fall Convocation for the Actual Past Masters Degree for our Master elect will be on December 12th.

Thursday, December 27th, at 6:30 p.m., Wayne Lodge will hold a Table Lodge beginning with dinner at 6:30 p.m. The speaker for this event will be Past Master James S. DeMond. Reservations will be required.

Installation of officers for 1980 will be Saturday afternoon, December 29th.

Time — Time is a sort of river of passing events and strong is its currents; no sooner is a thing brought to sight than it is swept away by, and another takes its place, and this too will be swept away.

To our shut ins and those who are ill, may our Father's watchful care be always over you. To those who have known sorrow, may His love surround you and give you peace and comfort.

I extend the sympathies of every member of the lodge to the families of Herley Winklebleck Sr. and Harry L. Plymele, two of our brothers that recently passed to the Celestial Lodge above. Memorial services were held October 5th et Sloans Funeral Home for Harley. Brother Clarence McIntosh, P.M., represented South Gate Lodge while a lodge at St. Petersburg, Fle. presented memorial services for Brother Harry.

I take this opportunity to thenk all the officers for carrying the ball while I was away on vacation. Of course I must offer a special thenks to Dick Sims and Bud Armstrong for their extra efforts and to Frank Bryan for ell of his essistance end for his help with last months oolumn.

On October 27 was the annual Father-Son-Daughter Banquet held in conjunction with Sol D. Bayless Lodge. Willie Witmer prepared a delicious meal end the entertainment was a talk by a special agent of the Secret Service. I hope all thet came enjoyed the evening.

I still have some pictures to give to some of the Past Masters that were at the Pest Masters Banquet. If you did not get one yet, come to lodge and I'll have one for you.

Brothers, November is going to be a very busy month for Summit City Lodge. November is the month that, according to tradition, all officers advance one chair to demonstrate their proficiency for the coming year. Please come to lodge and assist these fine officers as they confer the degrees of our great fraternity. Also, November 30 will be our annual Homecoming Banquet. This is also the night we will be awarding the 50 Year Award of Gold from Grand Lodge and the new 25 Year pins, so plan now to attend. Our guest speaker for the evening will be Most Worshipful Brother Ronald K. Smith, Past Grand Master.

Recipients of these two awards will be notified by mail. Please refer to the October Square and Compass concerning the 25 Year pins.

Three brothers have been summoned by the Supreme Grand Master to the Celestial Lodge above. Brothers Paul H. Kroehl, John O. Carson and Melvin McMell. Our deepest sympathy is extended to their families.

Most Worshipful Grand Master Charles O. Riddle conducted a superb Regional Conference in our Temple on Friday night, October 26. This was a very enlightening evening. Your Master, Wardens and Worshipful Brother Cal Beuman were in attendance.

Take notice, govern yourselves accordingly and look to the East. SEE YOU IN LODGE!

Greetings Brethren:

As my year is about to come to an end your lodge will continue to be busy. Barring any unforseen events five candidates will receive the degrees of Masonry during the month of November. If you have not attended lodge recently, I urge you to come down and see the excellent work your officers do. It is most rewarding to have the caliber of officers we have and to see the quality of work they perform in presenting the degrees to a candidate. No doubt the officers will continue the long standing tradition of excellent work which Maumee is noted for.

Congratulations to Past Master John McNeuton for having been conferred with the illustrious 33rd degree. Bro. John becomes the 12th Maumee member to receive such a distinguished honor.

As you know October was a busy month. You can be proud of your lodge for having received an excellent report from Bro. Robert Rogers on our Lodge of Instruction.

Our thanks to the members of Tyrian Lodge 71B who assisted in helping confer the degrees upon Thomas D. Boerdman. Your father is a very proud man Bro. Tom.

Bro. George Deebel expresses his thanks to the officers and brothers who attended the Fellow Craft outing held October 19 at Monte Ceruti'a.

To J.W. Win Rood my personal thanks for assuming the duties as host chairman for the regional Masonic Education meeting held Oct. 26 at the Temple. A job well done for getting it together.

To S.W. Bob Hobbs my sincere gratitute for assuming the duties as Master during my absence in the month of October. Due to a work schedule conflict on my part Bro. Bob took the reins and did an excellent job in guiding the lodge through its activities during the month.

What can be said about Ladies Night? The biggest event of the year for the lodge. Those that made it the success it was by attending had an enjoyable evening. As the saying goes "Much fun was had by all" from start to finish. To those who did not attend you missed an evening of fellowship and enjoyment. To Willie and her gang a big thank you for an outstanding dinner. Willie also does a marvelous job in preparing meals for our degree work.

To the non Masonic guests and visitors we thank you for coming and trust this might give you some insight as to what Masonry is all about.

A special thanks to Norm and Shirley Bauer, Dick and Mim Anderson, and Keale Anderson, for their help with the favors, center pieces, and setting things up. To my wife, Joan, who at times, does not receive the credit she deserves, a big thanks with love for your ideas, work, and helping make this night a success and my crowning event of the year. To the others that helped in various ways, we all thank you for your participation.

All those that had a good time and enjoyed themselves express your feelings to my wife and the other workers. Any gripes or complaints see me.

Do something nice for yourself and a brother, attend Lodge.

Well another month has passed by again. We are sorry we had to cancel our degree work for last month. Our candidate who had suffered a heart attack last spring was just not up to it yet.

We all wish to send our sympathy to the family of Brother Dwight Black who's wife passed away last month.

We are also wishing a feet recovery to our S.W. Doug Sickles who had a mild heart attack October 13. Hope that he will be back with us this month.

Plans are going well for our banquet which will be Tuesday, November 20. This is to honor our Ladies, Past Masters, and award 25 year pins. My officers and I would like to have a great turn out. The menu will be roast beef, baked potatoes, vegetable, and dessert. This will be at no cost to you! Please call me at 485-0617 or Lee Garrison at 745-7380. So we can have an idea of how many to prepare for. Thank you!

Those of us who went to Warsaw Saturday, October 20 had a great time doing the play Rose on the Altar, and we had a good meal. More of you should try to attend and enjoy the good times!

Remember that next month will be election of officers for the year 1980. Stated meeting will be Tuesday, December 11. Attend and take part in electing your Lodge officers!

Our new slightly-peaked Temple roof will be completed with the installation of all-round binding and new guttering, which will cost $420 more than the original roof contract of $5,600. We have the $5,600 — but we still need a few hundred dollars more.

So — there's still a chance for you to "own a piece of the Temple" by sending your contribution to the Secretary. Every amount will help!

Your 1980 dues: $30 due by January 1. Lodge dues plus Grand Lodge Home assessment of $9 — totaling $30 required for 1980 — will be welcomed by your Secretary. Your early response will help.

You may include in the check your voluntary donation to the Indiana Masonic Home (as, the "10-for-10" donation of $5.20). There is no finer charity. Also, you may include your Temple ROOF contribution and your subscription to The Indiana Freemason ($3.64).

Charles A. Briggs was installed as Senior Steward on October 3.

Ninety-three members, wives, widows, and friends attended the annual Ladies and Past Masters dinner October 13. Warm tribute was paid to our Masonic ladies, to the Past Masters, and other honored guests. Waynedale Chapter No. 600 O.E.S. served a delicious dinner - all home-baked and cooked. The "surprise entertainment" elicited enthusiastic response. If you want to know what it was, come to Lodge and find out!

ATTENTION ALL MASONS!

I realize that for most of the lodges the Masters column is a vehicle primarily of interest to the members of that specific lodge. However, since New Light is an infant suffering through the pangs of creation, I sense that we have captured the interest of Brethren from the other lodges — for which we are very grateful. Toward that curiousity I wish to dispel a myth.

corner) I chanced upon two brothers, Sheriff Bud Meeks of South Gete Lodge.end Pest Master John Bireley of Leo Lodge, both of whom I have known for severel yeers. In extolling the virtues of New Light Lodge I wes asked if it was e lodge primarily for retired brethren. Well, of course such is not the case. Our members are of sll aga groups. We have some members who ARE retired and find it difficult to attend lodge st night. We have young people who work nights. We have people who travel out of town and ere only in town on weekends. And we have people like myself who work both days and nights but can usually attend eerly morning meetings. So you see it worke out well for a LOT of people.

Since our last article we have had some activity. On September 22 we were priviledged to confer the E.A. degree upon our very first candidate. We congratulete him on his praferment (soon). I consider thet our members and officers did a very crediteble job, especially eince it wes our very first degree work. We had excellent assistance from some members from other lodges, giving the lectures, etc. From all appearances it could heve been an actuel Past Mesters meeting — Bruno Belbutoski, John Gould, Lee Harter, George Winchell, Jerry Sholtz, Cal Baumen, Chet Merchent, Oan Morgan, Everett Kerrick, Al White, end I may heve omitted a couple. We thank all these worthy brethren for their very capable help.

Thet same evening, Sept. 22, we were guests of South Gete Lodge end Sol D. Beyless Lodge et their Friends Night dinner, at which we were officially presented with our dispensation by Right Worshipful Brother Robert H. Miller, Oeputy Grand Master of Mesons, State of Indiane. A truly auspicioue occasion. We extend our thanks to Sol D. Beyless Lodge and South Gete Lodge ae well as to Brother Miller. Severel of our members attended the fine dinner with their guests. My wife, Eileen and I had as our guests for the evening, her sister, Olive Gieeeking, Paet Worthy Matron, Avilla Eestern Star, end brother-in-lew, John, Pest Mester Avilla Lodge, who ss e professionel photographer, served as our officiel photographer for the evening.

We heve a couple chenges in our line of officers. Cherles Johnson is now our Senior Werden and Welt Williams ie our Junior Descon. Our thanks end congratulations to these brethren. We still need e Junior Steward.

Meny thanks for enother cash contribution from Maumee Lodge. Also e very generous cash contribution from an snonymous Scottish Rite Brother forwsrded to us by John Lomberd through Chet Msrchent. John and Chet, please see thst he receives our heartfelt thanks. A special thanks to New Light member Bill Oaugherty. Bill doneted a beautiful complete new set of the working tools, so we don't heve to borrow from Three Rivers Lodge now. Meny thenke to Three Riveral

What is the "Lodge of the Holy Sts. John at Jerusalem"?

Meny a Master hes been puzzled to answer this eimplest end most natural of questions. As there is not now snd never was such a Lodge, there is certainly some reason for confusion.

Originally, Lodgee were dedicated to KIng Solomon. Later — at least es early es 1598 — Mesonry connected her name with that of St. John the Evangelist.

Dedications to the Sts. John were mede by other organizations as early as the third century, when the Church adopted the two pagen calebrations of summer and winter solstices end mede them our St. John's Day in Summer end St. John's Day in Winter.

It wes wholly natursl for operative Masons, heving dedicated their Creft to the Holy Sts. John, to begin to believe that both Johns were themselves Craftsmen. Craftsmen must heve a Lodge — where should that Lodge be, but in Jerusalem? Hence, "The Lodge of the Holy Sts. John of Jerusalem" came into imeginery existence.

No euch Lodge ever existed in fact, and yet it is not e fiction — it is an ideel, and without such ideels our life would be dim and drab. The thought beck of the question and answer, then, is that we come from an ideel or dreem Lodge into this actual workeday world, where our ideale are to be tested.

Todey, ae we use the phrese es the starting point for a Mesonic career, Masons meen only thet their Craft is dedicated to these holy men, whose precepts end practices, ideae and virtues, teechings and examples, ell Freemasons should try to follow.

Inconsistent

Whet would you think of e man who, et the expense of yeers of study end much money, secured en education end then never read a book or wrote e letter? This is what thousands of Masons ere doing in regerd to Masonry in this stete end ell other jurisdictions.

They spend much money end time in ecquiring degrees, end then never inform themselves es to what they paid their money for, and know nothing of the history of philosophy of Freemesonry. They do not take a Masonic periodical nor buy e Masonic history, and many go to lodge so seldom than were it not for some old standby they would be refused edmittance because they could not work their way in.

THE YORK RITE IN FREEMASONRY

The question is very often asked, "What is the difference between the York Rite and the Scottish Rite in Freemasonry?" Every Freemason should be conscious of the correct answer to that question.

Briefly, the York Rite is the original Rite of Freemasonry in America. It was brought to America by the early English colonists who settled in New England — New York, Pennsylvania, Virginia — and most of the southern colonies. It comprises Masonic teachings examplified in the Lodges, Chapters, Councils and Commanderies.

In the early days there was but one organization in the York Rite, namely, the Lodge, and it was the Lodge which taught practically all the lessons now taught in the other York Rite Bodies. These Bodies came into being as offspring of the Lodges about the year 1780. York Rite Freemasonry flourished for about 50 years in the American colonies before Scottish Rite Masonry was heard of in America.

To receive the full teaching of the Lodge as exemplified by the York Rite, it is essential that a Mason be a member of the Lodge, Chapter, Council and Commendery; and unless he takes those steps, there are many things in Lodge teaching which he will never understand.

Scottish Rite Freemasonry is European Continental Freemasonry and had its first inception in Germany and France. It came to this country directly from those countries about the year 1800. Like the Bodies of the York Rite which are based on the Lodge, the Scottish Rite is based upon and exemplified in the teachings of the European Continental Lodges.

Therefore, he who receives a very complete and universal grasp on the teachings of European continental Freemasonry. If in conjunction with that he has received all the degrees of the York Rite Bodies, he is equipped with a most profound grasp of the beauties of Masonic philosophy.

Naturally, avery American Freemason should arrange to complete both the York and Scottish Rites. Such an accomplishmant will broaden his sympathies, expand his knowledge, make him tolerant to all men, and give him the full equipment of Freemasonry to meet the problems of life.

— The preceding statement is presented for Craft consideration and study by Sir Knight Clem Nyberg, a 62-year Mason and Past Commander of St. Bernard Commendery No. 35, Chicago. From the Knight Templer, October, 1979.

Greetings Brethren,

Before we look toward the activities of November, let us first look back at the events of October.

I wish to thank Brother Dave Strodel for organizing a very successful rush party on October 7th. The party (which was held at the Covington Creek Condominium Club House) provided prospects with an afternoon of football, frisbee, tennis, refreshments, and a discussion of the Order of DeMolay.

On the morning of Sunday, October 21st our chapter attended the V.A. Hospital to escort elderly citizens to the church service. Following this the chapter had an afternoon of softball, vollayball, and later a bonfire and hotdog roast. I would like to thank Linda Lantz and the Fort Wayne Job's for inviting us.

The 4th annual Halloween Party and Dance was held on October 24. Tim Weppes did a super job on this activity which was highly attended. Also this month our chapter participated in the hsunted Forest at Franke Park. Many hours were spent building and acting at the executioner's scene. This activity lasted from the 24th thru the 30th of October.

The month of November will begin with a cookout and hayride with the Huntertown Job's on the 3rd. We will be meeting at the Huntertown Masonic Temple at 6:30 p.m.

All DeMolays, Senior DeMolays, and Master Masons are invited to attend a brief meeting in the kitchen of the Fort Wayne Masonic Temple on November 21st to discuss the possibilities of organizing a DeMolay Blue Lodge. Brother Robert Miller, Deputy Grand Master of Indiana, will be present to answer any questions pertaining to the subject.

The last activity in November will be an initiation on the 30th in honor of Dad Frank S. Land and the 60th anniversary of the founding of the Order of DeMolay.

Other activities in November include a rush party in Monroeville on the 13th and stated meetings on the 14th and 28th. Also, the bowling, basketball, and rifle clubs begin in November.

I would like to welcome Larry Deck, Brent Berger, and Dick Orr as new members of our chapter's Advisory Council.

If you have any suggestions or questions about my term, feel free to give me a call. Hope to see you at the hayride on the 3rd!

A Masonic Prayer

Dearest Father, please hear our prayer
To your heavenly throne away up there:
We pray for words that we can say
That will help each Brother along life's way.

We miss that fellowship of men
Like those we see just now and then,
But the faintest memories to recall
Are those who do not come at all.

We obligate each Wednesday night,
And, wouldn't it be a wondrous sight
As one walked in, to plainly see
The Lodge Hall filled to capacity?

So, Father, we now send this prayer,
We trust in Thee and know You care.
Please plant into each Brother's heart
A desire for Lodge each Wednesday night.

How Old Is Masonry?

On opening the tomb of King Tut-ankh-amen by Dr. O. J. Kinnemon, who had spent 20 years in work on the tombs and temples of ancient Egypt, said:

"Masonry did not have its beginning in Europe in the Seventeenth Century. I do not know where or when the principles of Masonry had their beginning, but years of archeological study in Egypt show that it came there in the days of the Pharaohs, maybe from India. There are signs that it came into India from the lost continent of Mu."

Dr. Kinnamon then described the unwrapping of the king's mummy and stated that after many layers of fabric had been unwound from its midsection, a Masonic apron was found in its proper place.

Whether or not the rituals of the Egyptian mysteries were anything like what we now know as Masonry cannot, of course, be determined, but it is none the less true that many of the symbols now employed by the Craft were used then and probably had much the same significance.

It is recorded that when the two monoliths known as "Cleopatra's Needles" were sent from the Khedive from Alexandria, one to the United States and the other to England, the workmen found in their original bases two ashlars, an apron, a trowel, and other evidence that something closely akin to speculative Masonry was practiced in Egypt at least 15 centuries before the birth of Christ.

Expectation

If you expect the best, you are given power to create conditions that produce the desired results. Practice in the art of expectation is as essential as practice on a musical instrument or with a golf club. Nobody ever mastered any skill except through intensive, persistent and intelligent practice.

At least ten times every day affirm: "I expect the best and with God's help will attain the best." In so doing your thoughts will turn toward the best and become conditioned to its realization. This practice will bring all your powers to focus upon the attainment of the best. It will bring the best to you.

PORTLAND CEMENT: Rediscovery of Ancient Rome's Hydraulic Cement

Early Romans discovered that a mixture of burned lime and volcanic ash produced fine hydraulic cement—one that sets underwater. Many structures using this material as mortar and cement were constructed in the Roman Empire. During the Dark Ages this knowledge was lost.

In 1824 Joseph Aspdin in Leeds, England, rediscovered hydraulic cement. He named it "portland cement" because the hardened material resembled a building stone on the Isle of Portland.

Portland cement was first manufactured in the United States at Copley, Pa., in 1872. It was first produced in Indiana at South Bend in 1877, where marl and clay were first used successfully as ingredients. Today, controlled mixtures of limestone, shale, iron oxide, and silica are burned in rotary kilns, and the resulting clinker, with gypsum and other additives, is ground into powder. Indiana's five portland cement plants are in Gary, Logansport, Greencastle, Mitchell, and Speed.

The Great Architect

We who ere Masons often refer to the Supreme Being es the Graat Architect of the Universe. But whether in calling Him the Great Architect of the Universe we catch ell the implications, I am not so sure. If He is the erchitect, then He has e plan and He has e purpose, you must of necessity see it in terms of the development of the human personelity to the peak of its possibilities.

It's Up To You

Every normal human has the desire to be somebody - to do something reelly worthwhile. When the time comes for you to meke the choice es to which course to pursue, you are the fellow who hes to decide whether you'll do it or carelessly toss it eside. You ere the one who will meke up your mind whether to be a leader or e straggler. It's up to each individuel to choose between striving to reach e distent goel or just be content to stop right where he starts. Success is out yonder, and in order to ettain it many ere the obstacles to be overcome. The pathway leeding to the top lies straight ahead. You may take it or leave it - it's up to you.

Cherecter is one of man's most valuable ettributes. In order to build up e find character for ourselves, it is essential that we heve a substantiel foundation upon which to erect this edifice. From twin foundation stones - honesty and industry - rises the arch of good cherecter, end the keystone is intelligence. When we see e man who works fair and plays fair; who strives to enlarge the circle of his influence; who is generous and thoughtful end considerate of those ebout him; who works diligently for improvement in himself end in all things, we immediately call him e man of good character.

Now Next Christmas

But first things first!
By Keren Edmundson

'Twes the night before Christmas,
end all through the house,
Things were in cheos, for me and my spouse.
The children were nestled, but far from esleep —
I think I will scream if I hear one more peep.
Oad sits on the floor, with toys to essemble
My cookies ere burning, and nerves are e-tremble.
When what to our wondering eyea should eppear?
A minieture sports car bringing friends here.
Friends without children, now wouldn't you know?
We'll open their eyes to tha Christmas Eve show.
And teech them a lesson in figure end fect —
on how to prapere for the Santa Cleus ect.

The eky'a getting rosy — wa'll be in bed soon.
Our friend's heve gone homa — to sleep until noon
The presents are wrapped, the cookies ere mede,
The toys are assembled, the fira is laid
The turkey is roasting, the tree is elight,
The stockinga are hung, what a nerve wracking night!
We're climbing the stairs, the bed will look dear,
We've just settled down — Is thet giggling I Hear?
That's right — for the children, this day's begun
We prop open our eyes, to join in the fun.
And I say with a sigh, (es I do every year)
"Next Christmas, wa've GOT to get organized, Oear!"

MY BROTHERS, es this is my finel article for the Squere end Compess es Worshipful Master, I egain want to thenk you for this great honor.

I would like to thenk the many faithful brothers who heve ettended end otherwise supported OUR LOOGE this yeer. As eny Pest Mester, I had several things plenned thet did not come to pass. Those things that were eccomplished were well received end well attended.

The highlights of the year were, I think, Family Night; the Besebell Trip; Homecoming end the presenting of the new 2S Yeer Pins.

As of this writing, we have six brothers who have been reported ill. Brothers Oon Wedkins was in the Lutheran Hospitel end is home now; Boyd Snyder et his home in Gains City, Floride; Welter Craig et his home et 2212 Alebemo Avenue; Art Mowrey at the Fairfield Healthcare Center; Roneld V. Brown is In Parkview Memoriel Hospital, end Russell Wharton is in VA Hospitel.

Our sincere sympethy is extended to the family of Brother John Hilty, who has pessed into that Celestial Lodge ebove.

Our Homecoming Banquet was well attended and our guest speeker for the evening, Most Worshipful Brother Ronald K. Smith, Pest Grend Master, geve us a very inspirational message.

As is our custom in Summit City Lodge, the prospective officer for 1980, have moved up one cheir for the November and December Oegree Work and ere doing a great job. Why not come to Lodge end support them.

Remember our Stated Meeting, December 7 is our annual election of officers. Also, we will be eeting on Entered Apprentice Night, Oecember 14 and Master Mason Night, December 28.

I would like to take this opportunity to thenk Willie Witmer end her helpers who heve prepered our wonderful meals for us this year. Willie, I don't know what we'd do without you.

And lest but certeinly not least, to my Fraternal Pop, Worshipful Brother Herry L. Ruby, Pest Mester, thenk you for heving the confidence in me, thet I might have this opportunity to serve Our Lodge this year.

Take notice, govern yourselves eccordingly end look to the Eest. SEE YOU IN LOOGE.

Greetings Brethren: This being my last article it is difficult to reelize how swiftly the sends run through the machine of time. I can remember sitting down trying to think whet to sey in my first article, nothing has changed, only time. Again I em trying to think whet to say for this my last one.

All Masonic brothers will be reeding this before our Lodge will heve hed it's elections. Regardless of the outcome of those elections you can rest essured your newly elected officers end eppointments will live up to the high standards of excellence end quality Maumee has been long noted for. It is my fervent wish end desire thet you not only support your lodge but these newly elected officers as you heve supported me.

I cen say with pride end heed held high that because of you the lodge members and the line officers Maumee has had en excellent year and will show ari increase in membership rether than e decrease. Those thet heve attended lodge during the year heve seen the best of ritual work, eaten much good food end enjoyed hours of Masonic fellowship.

To all the candidates raised this year our congretulations on your preferment. Those coming in by transfer and re-Instatement we elso welcome you into the Meumee family. May your zeel continue es you ettend and become ective in lodge affeirs.

Words cennot express my thenks to so many who heve helped the lodge in heving such e successful year. Those responsible for the extra cirrucler ectivities of the lodge our thanks for your work end effort in meking them successful. Neming all of the people who have done so much without forgetting enyone would be impossible. I would ask that you continue to help the new Master, officers, lodge, and each other. May you have continued success next year.

There are some things I would like to say but to do so would be in a sense unMasonic. Blue Lodge is the foundation, besis, superstructure of Masonry and it is a shame many so called brothers don't want to or cannot remember this fact. If there is no Blue Lodge there is no Mesonry. Attend and continue to support your Lodge.

To the families of those our departed brothers end loved ones who heve been called to the Celestial Lodge ebove we continue to offer our assistence.

As we enter upon the Christmes season I would like to take this opportunity to wish all the members end their families e Very Merry Christmas end a Happy New Yeer.

Thanks for being No. 1.

P.S. stated meeting, Oec. 5, 7:30 p.m. Election of officers, petitions to vote on. See you in lodge.

activities, made beautiful by your attendance; a great opportunity to represent you at Grand Lodge; a very beautiful Past Masters' banquet; a warm summer and a full and busy fall. It has been a pleasure to work with the officers you elected to serve with me this year – our ever-willing Wardens, our efficient Secretary, and our trustworthy Treasurer.

I would like to take this opportunity to thank the officers that accepted appointments for the year – our faithful Chaplain, our dependable Deacons, and our eager Stewards. Our Tyler was forced to resign because of ill health.

On December 10, at our stated meeting, we will have our annual election of officers for the coming year. Please try to attend that you may cast your ballot for the brother of your choice.

I wish to extend condolences, on behalf of the lodge, to Past Master and Mrs. Glenn Robinson for the loss of Mrs. Robinson's mother, Mrs. Hattie Byers.

The first of October we had inspection along with Summit City Lodge. I received a report from Grand Lodge recently which stated that we received an excellent rating from our inspection. Congratulations to all of our officers, for they too, were all given excellent ratings.

Our annual Christmas Party and Family Night will be December 15. Dinner will be at 6:30 p.m. Come and bring your children, and grandchildren; we will have fun for everyone — and treats for the kiddies. However, please call and let us know you are coming:

I offer my sincere congratulations to Brother Philip Badget, who is our latest raised Master Mason.

I extend my best wishes to all of next years officers and am sure they will serve South Gate well.

Thanks again for a beautiful year.

Brethren: This is my last Square and Compass article as Worshipful Master of your lodge. My year as Worshipful Master of HOME Lodge has been a very fulfilling and enjoyable experience. This came to pass because of the support the Brothers gave me, for which I am truly thankful, especially for the willingness of the Past Masters to assist with the work when it was needed. The year has gone fast and has indeed been very rewarding, and I give my heartfelt thanks to the Brothers for affording me the opportunity to serve HOME as Worshipful Master. Next year I will become a "has-been", but that will be better than a "never-was", much better, and I will continue to serve the new Worshipful Master and HOME in 1980.

I would be remiss if I didn't especially thank everyone whose efforts throughout the year helped HOME fulfill requirements for the Grand Masters Award.

At the December 4 stated meeting HOME will hold its annual meeting and election. Plan to attend that evening.

The Actual Past Masters will convene and confer the degree on December 12.

HOME Lodge will again join with New Haven Lodge No. 740 in observance of the Feast of St. John the Evangelist at a Table Lodge in the dining room of their Temple, Thursday, Dec. 27 at 6:30 p.m. Come and enjoy an unusual dinner meeting.

It is safe to assume that Senior Warden James P. Johnston will be elected Worshipful Master for 1980. He has set Saturday, December 29 at 2:30 p.m. as the time for Installation of Officers and invites you, your wives and families to attend this open installation which will be followed by a reception on the mezzanine. Since it is necessary that I close the 1979 Lodge of Sorrow prior to opening for installation I request the officers and brothers come at 1:00 p.m. for that purpose.

With the Holiday Season rapidly approaching I close this final article by wishing for each of you and yours, all the Blessings of Heaven and a very Merry Christmas and a Happy New Year.

Greetings, my Brethren, from the officers of your lodge. Hopefully you will receive this before our stated meeting of December 8. That is the meeting at which we will be voting for the adoption or rejection of our by laws. The by laws were drafted by the committee and read in their entirety at the stated meeting November 10. It is imperative that each and every one of you be at the meeting December 8 to voice your approval or disapproval of the various things incorporated in these by-laws. Once adopted, they are binding until such time as amendment requirements are met. Of vital importance to each of us are time of day and day of week when we have our meetings, amount of annual dues, initiation fees, amendment and enforcement procedures and a great many other items. We have contacted each of you by telephone relative to the reading of the by-laws on November 10 and will be contacting you again prior to the voting on them on December 8.

It is hard to believe but we are already almost half way through our year under dispensation. Next May — 1980 is when the Grand Lodge of Masons, state of Indiana convenes and will decide whether or not they will grant us a regular charter. If the recommendation had to be made as of today we would not make it. The members and officers who ARE helping are doing a good job, but there is too much work having to be done by too few people. Brethren from other lodges have been of tremendous help but we have, of necessity, had to be too dependent on them. We have to have our own committees, ritualists, lecturers, Fellowcraft team, etc. Or it is all to no avail — no Grand Lodge Charter. After all, we must of each had some reason for wanting to get involved in a daylight lodge in the first place and making it a success. What was it?

Our two Entered Apprentices were passed to the degree of Fellowcraft on Saturday, October 27 and will be raised to the Sublime Degree of a Master Mason at our breakfast meeting on Saturday, November 17. This has been publicized and you have all been contacted so I hope a lot of you are there to enjoy the sausage and eggs, etc. and watch the degree work.

In addition to the fellowship, coffee and donuts, etc. at some of our other meetings we are planning to have some speakers, etc. of interest to you. There is a wealth of Masonic history, etc. available to us all and people to present it to you in an interesting manner.

Incidentally, if you ever cross the footbridge to the Old Fort you will notice a historical plaque about Wayne Lodge No. 25. Very interesting. Takes you back to 1823, just a few years after Indiana became a state.

We extend our sincere thanks to Brother Special Deputy Al White for his generous gift of the beautiful Altar Jewels.

Our congratulations to the two brothers on being passed to the degree of Fellowcraft. Our sincere appreciation and congratulations to Brothers P.M. John Gould, P.M. Carl Bauman and P.M. Bruno Balbutoski for their fine presentation of the charge, lectures, etc. and to Maumee Lodges S.W. Win Rood in his assistance to W.M. Dan Morgan in his as fine a presentation of the very difficult middle chamber lecture (stair lecture) as I have ever seen.

Greetings Brethren:

To look back with a feeling of regret is a waste of valuable time. But to remember a happy occasion gives one a feeling of satisfaction. I speak specifically of our first Open House held on November 8. It was interesting and informative to hear from representatives of Order of Eastern Star, Job's Daughters, Order of DeMolay, Social Order of the Beauceant, York Rite, Scottish Rite and the Shrine. We thank all these organizations for their interest and participation. Also a special thanks to our ladies for the refreshments, and to those who planned the evening.

It was good to have degree work in November for one of our candidates who was able to arrange his schedule to complete his work. It was also good to see the officers advance one station for the November degree work. It should be of considerable satisfaction to the Master-elect to know that his officers are ready to go in 1980.

Of much importance is our December stated meeting and election of officers. Show your interest and support by attending this meeting. Dinner will be served at 6:30 p.m.

Past Masters note, Past Masters Degree for our Master-elect will be on Wednesday, December 12.

December could be a busy month. Degree work is anticipated. Called meetings may be required in order to complete the work. Our lodge will show a membership loss this year because of so many deaths so every effort is being made to complete all degree work that has been started and everyone's cooperation will be required to assist in this effort.

On Thursday, December 27, Wayne Lodge will conduct a Table Lodge ceremony on the Feast of St. John the Evangelist. Realizing this is a busy week for most, but, we are reminded by Grand Lodge that the observance of this day is an obligation on the part of every Lodge and every member of the Masonic Craft. Past Master James S. DeMond will be the speaker on this occasion and his topic will be "Early Craft Beginnings." All possible are asked to attend. Festivities will begin with a dinner at 6:30 p.m. There will not be a charge for the dinner although one of the requisites of a Table Lodge is that a Box of Fraternal assistance be passed, to be used for charitable purposes only. Any brother needing transportation should call the Secretary or Worshipful Master. In order to make all necessary arrangements for the evening we ask that reservations be made by phone to the W.M., 483-3846, by Monday, December 24.

Closing out the year will be the installation of officers for 1980. This promises to be different and exciting. Wayne Lodge and Home

A Question: Why do We Celebrate Christmas?

The Golden Rule

It is now the season of Christmas, 1,979 years since the Prince of Peace was born in the Fulfillment of Prophecy, to reject e crown of gold and life of splendor for 33 dedicated years and a crown of thorns.

Because He came as a leader and teacher of men, there were those who worked unceasingly to degrade and destroy Him. Yet, in God-like manner, He walked in the valley of men, teaching the fundamental principles of life and truth by both parable and example.

Because he lifted the eyes of mankind toward the heavens, spurning the meaningless values of worldly power and earthly riches, He einned against plunderers and tyrants, and for this He was crucified.

Because He called out in pain for the forgiveness of those who had tortured Him and nailed His body to the cross between two thieves, he set tbe highest example of the Golden Rule.

Because He came, with Divine direction, to lead mankind unto salvation, He is with us forever.

Because, in One Solitary Life there remains always with us the hope for peace and good will everlasting, it is fitting that we observe the anniversary of His birth, the Christmas.

May His most wondrous message reach deep into the bearts of all mankind.

'Peace' Is More Than A Word

The word peace hes been printed billions of times, uttered in billions of preyers, spoken millions of times over the redio end voiced thousande of times by every member of the humen race in ell the lengueges of earth. And still we heve wars.

It is high time to consider thet peece ie more than e word. It is more then a spot of ink on e piece of peper, or e sound on our lips.

Peece is everything thet mekes life worth living.

Peace is God on both sides of the teble in a conference.

Peece is good will in ection.

Peece is world-wide neighborliness.

Peece is co-operetion end teamwork; it is pulling with people insteed of pushing them around.

Peace is sanity and common sense in humen relations.

Peeca is open-mindedness. It is a willingness to listen es well es to telk. It is looking at both sides of e situetion objectively.

Peace is patience. It means keeping our tempers, rising above petty irritation, teking the long-look. It means keeping our shirts on and giving time a chence to work its megic.

Peace is having the courege end humility to edmit mistakes end teke the blame when we are wrong.

Peece is tect, end tact has been defined as the ability to pull the stinger of e bee without getting stung.

Peace is vision. It is being big enough to give up small individuel edventage for the universal advantege of a werless world.

Peece is using the Golden Rule es e meesuring stick in solving world problems.

Peece is the open hand instead of the clenched fist. It is tolerence end understending toward men of every class, color and creed.

Peace is a thing of the heart, a radient belief in the potential goodness end greatness of men. It is dynamic confidence thet wer can be ebolished forever.

Peece is a thing of the heert es well es the heed.

Exchenge

Dick, age 3, did not like soap end water. One day his mother was trying to reason with him. "Surely you want to be a clean little boy, don't you?"

"Yes," tearfully egreed Dick, "but couldn't you just dust me?"

"Memories ere not mere shedows — they ere part of the pattern of life. You cen no more chenge the pattern of whet you remember, then you cen move the polke dots from e dress, or e shirt. They will elweys show through. So it does metter whet you do todey, for thet is what you must remember. The actions of todey ere the memories of tomorrow. Their meking lies in your hand now — so meke them the kind you will went to teke out in the light tomorrow, end smile over, even through teers. Don't meke them the kind you must push down into your subsconscious mind to fester there like splinters."

Christmas is the song that children sing . . .
The church bells that chime and ring.

The star so bright, snow so white, happy faces;
Tinsel, angel hair, crackling fireplaces.

The rustle of paper, all silver and red
and gold;
The joy, the hope, with young and old.

The candy canes and stockings hung;
The spicy smells and carols sung.

Candles everywhere, with wreaths above
Tells us now, Christmas is love.

"Oh, about four. My teenage son gets the other 21."

As The Wheel Turns

There are some facts of end in the modern world that Freemasonry must take into account. The first is that no one can escape the impact end influence of forces around him. The farther we back away from those forces the more we isolate ourselves and the less influence we have upon the society in which we live.

Freemasonry is of ancient origin, and in the main, its leadership endeavors to conform to that antiquity of form and practice. We hold to the ancient landmarks. We stick to the ritual. We operate much as lodges did hundreds of years ago. We withdraw from contemporary life end officially exert little influence upon the difficult and complex problems our membership is compelled to face day by day. We teach fundamental principles of truth, justice, honor end charity in the abstract, but very little of their application in an era when values are sadly confused.

Such a system does very well in a monastery where the inmates are secluded from the world end have very little to do other than contemplate abstract philosophy or theological dogma. But Freemasons are not monks. They are busy people constantly subjected to the tensions, wear and tear of a modern, competitive world. Does Freemasonry offer them a sanctuary where rest, release end solutions may be found? Yes, it offers; but does it deliver? Eighty per cent non-attendance seems to argue that it doesn't. Protest as we may the fact still remains that the majority of members prefer to be somewhere else, doing something else on lodge night. There are many answers.

Consider our serious lack of brethren able at any time to put on the work. One hundred years ago that condition did not exist. In those days the rank end file of the lodge were expert ritualists, and most of them could deliver the lectures impressively when called on. But in those days men had time to study, learn and ponder Masonic teaching. There wasn't a fresh newspaper issued every half hour. There were no telephones. There was no radio, no television, no super-highways, no automobiles, no planes, no movies. Magazines were few, nor was there a steady flood of books of all types. There were not hundreds of societies end clubs with lectures crowding every hall. Few indeed of present demands upon time end thought existed then. Compare the activities of our schools with those of a century ago.

Life is a far different thing from what it was then, but Masonry is not. Our membership is a part of this life, subject to all of its demands, attractions and influences. What do we offer to meet the challenge of these outside forces? Whatever it is does not seem to be enough. Often the absent brethren are blamed. The advantages of membership are provided end the critics quote, "You can lead a horse to water but you can't make him drink." The answer to that is, it isn't your job to make him drink, it is your job to make him thirsty. Whenever men thirst more for Masonic fellowship than for something else you will find them in lodge.

Today we live in a world with time and distance almost annihilated. It is a world on wheels and wings. A whisper can be heard around the earth instantly. Men orbit the earth via space — several times a day. At ease in our living room we witness an event or events taking place thousands of miles away. We can see before our eyes men being sent into outer space. It is a world of tremendous activity, astounding production, clashing ideas and changing methods. All of these things are thought end time consuming. All of them effect our membership because they have a direct bearing on life today end tomorrow. Yet, on none of these world-shaking events does Masonry have anything to say. Competing with these forces for time end support, Freemasonry offers little more than it did a century ago.

Freemasonry operates in a setting of George Washington's day. But here is the modern world — a world that has achieved brilliance without wisdom, power without conscience. Ours is a world of nuclear giants, and ethical infants. We know more about war then we do about peace; we know more about killing than we know about living.

We can no longer rest content with the glories of the past. Either we accept the challenge of the times or gross materialism and communism will destroy us.

As the wheel of time turns perhaps it is best to remember the words of Addison: "If men would consider not so much wherein they differ, as wherein they agree there would be far less of uncharitable and angry feeling in the world."

When Did You Become A Mason

It has been said that the pleasure of Masonry is in the conferring of the degrees upon candidates, and that the work of Masonry is to put into practice those lessons which we attempt to teach those candidates.

There is an old question that I have heard many times - "When did you become a Mason?" The question needs no further explanation.

The making of Masons, or the becoming a Mason, should be a power for good in the community into a type of thinking that will benefit the community. We are well aware that a few dedicated people can do much.

In the conferring of Masonic Degrees we teach lessons. The lessons of Freemasonry is alike to some of our education and not similar to other features. Much of our learning may never be put into practice but the most of the lessons of our degrees are immediately found to be ready to fit into our daily living.

In spite of the vow of secrecy which you took to not impart the secrets of Masonry it can be told the world that no atheist can become a Freemason. When we give lip-service to a Trust in God we need to be able to demonstrate our faith other than just to talk about it. The fact that we pledge to keep a tongue of good report; to practice charity; to be diligent and discreet; to befriend and relieve; and to do good unto all again needs more than just lip-service.

I find that there is a solid nucleus of the "elder statesmen" who prove that Masonry is a way of life, and exemplify the ideal of Brotherhood of man and Fatherhood of God.

The life span of man is slowly lengthening. Scientists can make our lives longer, but we are the ones who have to make the extra years worthwhile.

RADIOCARBON DATING DETERMINES THE AGE OF ANCIENT LIFE

During the last million years, most of Indiana was covered by at least three glaciers. Advancing and retreating ice deposited "drift," a mixture of glacial tills (stony clays) and outwash (mostly sand and gravel). During interglacial periods, the ice retreated northward, and vegetation and animal life flourished. Then the glacier advanced again, and the land was covered by new glacial deposits.

The age of plant and animal remains can be determined by radiocarbon dating, which compares the radioactivity due to carbon 14 of a given weight of carbon from a sample with the activity of the same amount of carbon from present organic matter. Organic matter beneath the southernmost deposits of the last major glacier with 1/16 present activity is about 22,000 years old.

Brethren: Lodge of instruction for 1979 is now history and I heve received the report from Grand Lodge which the secretary will have at the next meeting. Every member should read the report to ecquaint themselves with whet we ere rated on. The report is excellent and every brother who helped during the inspection should remember that he was pert of the totel effort.

Those members who missed the Homecoming Benquet missed some good entertainment. After the usual introductions and remarks we presented the 50 year Award of Gold to Brother Merle Hunter. We then moved to the north end of the banquet room where we were enterteined by the "Scatter B's Squere Dance Club," from Bluffton and their caller, Joy Teagle of Hartford City. Judging from the expressions on peoples faces they enjoyed the music, footwork end the unique costumes worn by the dencera.

The lodge will hold its annual Christmas party on December 15. The progrem has not been finelized es of this writing but-as always it is open to all the children in Ossien. It has been rumored that Santa Claus will be there if he has his winter suit back from the cleaners, seems that he has to send it quite a distance to get it cleaned end pressed, end transportation is getting to be quite e problem.

It has been the usual custom of the newly elected master to write the article in December, which eppears in the January Square and Compass, therefore, this being my last article I would like to thank the officers for the excellent work this year, the Past Mesters who heve always been the greatest support thet a Mester could have, end the many brothers who essisted in various capacities during the year. To those brethren who came and set on the sidelines and who mey only come occasionelly I would like to remind them, and each of them, that their support is eppreciated more than they may think, as it helps every brother in the degree team to see those seets on the sides full.

November 29 the Fellowcraft Degree was conferred.

December 6, stated meeting, with election of officers. Also it is our annual oyster stew supper at 6:15. Be sure to attend.

December 15 will be an open installetion of officers. I em sure the officers elected would appreciate a large turn out for this occasion. Be sure to mark this on your calendar end plan to ettend.

I em proud to ennounce that our fish fry on November 9 was a huge success — the biggest and best yet — with the efforts of several brethren, their wives, end Job's Daughters. It proves to me that e teem thet pulls together always wins.

As this is the month of Christmas, let's not forget the sick and needy, especially the shut-ins. If you can only spare ten minutes of your time for a visit, I'm sure it would be one of the best gifts you could deliver.

I would like to closa with this thought: Let us have pride in our achievements; let us heve pride in the honors our brethren hevu conferred upon us. But let us be humble, as becomes both high and low in our great Fraternity.

Now Is The Time

All of us are proud and rightfully so, of our greet Masonic heritage and of the fact that we number emong our brethren such great men as Washington, Jefferson, Franklin and literally thousands of other "greats" in every field of endeavor.

Noble end great es their work hes been we need to pay more attention to NOW and not bask in the glory of whet our encestors did.

We must put to better use the "working tools" which we possess, to do the job that's got to be done TODAY. It is not enough that we welcome enough in each new class to replenish the ranks of those whom we honor In Memoriam. We must militantly work to build our renks.

We need to take a genuine interest In our youth and make an honest effort to imbue in them the high ideels necessary for good leedership end build in them a desire for the spiritual as well as the material thinga of life. We need to help them with their youth movements and organizations; those of a civic neture end also those effiliated with organizatione of which we are members. Most of ell, we must work for and support better public schools in our country.

A raal Mason is dapandabla. His simpla word is as good as his Bibla oath and ha does a littla mora than ha promises. Ha is just as honest in tha dark in his own room as ha is in public.

A raal Mason does not want pull, tips, fevors; ha wants work and honest weges. Ha treats his fallow man as ha would hava tham treat him.

To know and to review tha story of auch secrificial servica to humanity is to ba part of history. Tima adds lustar to tha mamory of those who annobled mankind by what they did and what thay wera.

There is in Masonry, however, that which may be called unrecorded history. Tha word "Masonry" ancompasses Masons by tha sama idaals and principles.

A Joyous New Year to All.

Whoever reaps a harvest returned by sun and rain, sees more than seed and fruitage, more than measured grain. He knows, with heart uplifted; Returning from the field, man only plants, believing God gives the harvest yield.

To renew our vows on Obligation night Sister JoAnn Moyer, and Bro. Arnold Moore, shared the Alter. A surprise was planned by the Worthy Matron, Sistar Carol Munk, for Bro. Clayton end sistar Helen Harrick. Sister Carol hed Sister Helen escorted to the East and presented her with a corsage end Clayton with a boutonnier. They than were presented at the eltar with Carol renewing their wedding vows. Bro. Arnold Moore sang "Always" which was a courting song of thairs. Not many dry eyes in the room while Arney was singing. Both Clayton end Helen expressed their heppiness and love for friends in our chapter, and were glad they could share this night with everyone. It was their 39th one. December 4th found 91 committee members et Lesters for an All Committee Christmes party with the Worthy Matron in charge. Sistar Carol planned a delightful night. The tables were decorated with small easels and Christmas cards mede into pictures resting on them. Red candles also graced the tables. Sistar Carol introduced the Rev. Robin Smith from her church as our entertainment. Ms. Smith stated she has a warm spot for Eastern Star in her heart as it was an Estral Fund that helped to complete her education. Robin played several guiters and sang Christmas selections for us. Just when we thought the evening was over, we played Merry Christmes Bingo. Lots of fun, especially when the Worthy Matron looked for her car keys end found beans in her evening bag.

The Officers had presented a red poinsettie to Sister Carol and Bro. Clayton. The Social committee had presented Cerol with e rose corsege and Clayton e rose bouttonier. Sister Carol thanked her helpers with the decorations. Although Bro. Richard Munk was unable to attend, Bro. Paul Haydan and Bro. Micky Houser were there. They made the easels which were given es prizes when you bingoed. Sistar Carol had mede the Christmas cards into pictures with the help of becking from Peter's Galleries. Our first meeting in December was Christmas with Sistar Carol singing the Christmas story and giving a reading, with Sister Lucile Proctor at the organ.

Brother Cleyton. egein reminded sidelliners if they have any input for the future of Fort Weyne Chapter to be sure and give them to lina officers, plus the Sa. and Treas., as they are open for ell suggestions. Sistar Edythe Gordon, our Oistrict Deputy, will be on the road again, so she wishad everyone a Merry Christmes end Joyous New Year.

"Try Again"

The challenge of New Year's Day is in the slogen 'Try Again.' As we hang a new calendar on the well we know the past year is gone, but a new year has come and can be better than the last one.

The past is in God's hands, but the future is ours and can be determined only by the way we heed its lessons.

'Try Again' calls to everyone of all ages. Babies learning to walk are urged to try again after every fell. Youngsters making poor marks in school are urged to try again to excel. Adults who have not discharged their responsibilities adequately are told to try again to do better.

Only can the New Year be a better year than the old one was if we try harder each day.

If you make New Year Resolutions we hope you will include on to attend Chapter meetings as often as possible, to take part in the workings and activities, which are our duties as members, and you will surely receive many benefits.

WINTER CHEER
(LaVarn Larson)

Although the sky is dark end gray
And snow is on the ground,
It seems with every passing day
I hear a joyful sound.
It wakes me in the morning
When dawn is peeping through,
I hear it, oh, so often
To cheer me on anew.
'Tis my tiny chickadee friends
Who brave the cold end snow,
To sing their happy melodies
And set my heart aglow.
The birds are very grateful
For the gifts of good I bring,
Yet it seems to be so little

Revealing Freemasonry

The world outside sees Masonry through you and me. Masonry is revealed by our evary act and daad. The act of kindness, the deed of love, and thoughtful consideration of othars, thesa ara the sacrats which cannot ba kept. Sharing the joys and sorrows of our brothars, participating in tha work thet makes the world e heppier place to live in, going forth each day with e mighty hope and e growing faith - thesa are things by which the Mason tells what Masonry is.

The recognition of this truth also reveals the responsibility of Masonic membership. Into our keeping is placad tha treasuras of the past, the majestic thought of the centuries bacomes our sacred possession. Tha world saes Masonry through you and ma.

The Little Things

In tha pursuit of heppiness most often it is the simple things thet provide lasting plaasure. As we rush through the complaxities of lifa striving to attain this goal or that goal - ona that glitters or ona that lias in distant realms, we love sight of and pass over those pleasures that lie close to us. We overlook their sterling qualitias end practical velues in building our house of happiness. Such thinga, eccepted but too often underestimated, are the goodwill of our friends and neighbors - end the peaca and security of our homes. They make up the beck drop aganist which the drame of our daily lives unfold. These ere the things which we need to leeven our busy days in a world filled with promise, enxiety end insecurity. Men must leam, in their seerch for happiness, to look near et hend for those things thet will give them the greatest pleasure.

Dare To Be Yourself!

Most of us would ba better than we are if paople would only let us. The trouble is thet paople set up thair own idea of what we era like — a pictura derived from our environmant, our compenions, our pratending — end we have to live DOWN to it. Evan dictetors can't escapa tha prassure. A couple of thousand yeers befora Hitlar was berbecuad and Mussolini wes upanded, Julius Caesar, whom history retas pratty high in the dictator laegue, confessed that ha often caught himself ACTING like e dictator simply beceuse peopla EXPECTEO him to act that wey.

Yes, it is hard to ba YOURSELF. Everybody gets pushad around, gets "influanced" — aspecially by his friends. Companions:

It is with a great deal of pride that I am able to report to you of the goals we have set for York Rite in general and your Chapter in particular.

Although your Chapter, Council and Commandry are three distinct and separate orders, the presiding officers have already met together and have agreed to cooperate completely with each other in the planning of the dates for degree work as well as our joint social activities. The dates which have been agreed to (as far as we can determine) are not in conflict with any other scheduled Masonic function. In view of this, we have scheduled Chapter Degrees to be conferred on three days: January 19, June 14 and October 18, 1980.

Further evidence of our cooperation was exhibited through the joint installation of Chapter No. 19, R.A.M. and Council No. 4. This was done on Friday, January 4, 1980 and to the best of our knowledge, it ranks as being a first such installation. Following these affairs (which were open to the public) a reception was held in the Masonic Temple Ballroom.

During our part of this occasion, I had the honor of being installed as your Excellent High Priest. Your other installed officers are Jarvis S. Doan, King; Richard A. Swinehart, Scribe; Karl E. Reed, Captain Of The Host; Daniel V. Morgan, Principal Sojourner; William L. Ooctor, Royal Arch Captain; Robert K. Wilson, Third Veil; John O. Benya, Second Veil; Charles F. Prewett, First Veil; John M. Butler, Chaplain; Roger W. Schafer, Recorder and Francis A. Studler, Treasurer.

Brothers and Companions, this is your Chapter as well as ours. We most earnestly solicit your attendance as well as welcome your comments and suggestions for making this a more successful Chapter. You have selected your officers to head your Chapter during 1980, but without your support and participation, we can do little to make our fraternity grow.

February 16, 1980 marks the date for our annual Sweetheart Ball and Banquet. Mark that date down and plan on being there. I am sure you will not be disappointed.

Hoping to see and greet each of you at our next stated meeting Thursday, January 17, 1980, I remain,

Fraternally,
Gerald V. R. Walker, EHP

Eminent Grand Junior Warden, Ronald O. Simpson of Greentown, Indiana was the Inspector for the day. The Fort Wayne Commandery No. 4 Knights Templar band rendered several selections and was officially inspected by the Right Eminent Grand Commander and his assistants. Past Commander James P. Johnston was presented the Distinguished Service Award for the year 1978 by R.E. Gr Commander Ernest G. Cunninghem. S.K. William M. Roberts was selected Sir Knight of the year for 1979.

Election time is over and here are the Commandery officers for this new era of 1980: Eminent Commander, James C. Farrar; Generalissimo, Raymond A. Sipe; Captain General, Richard A. Swinehart; Senior Warden, Karl E. Rlad; Junior Warden, Gerald V.R. Walker; Prelate Bernard L. Smith; Treasurer, Francis A. Studler; Recorder, Roger W. Shafer; Standard Bearer, Robert K. Wilson; Sword Bearer, William T. Schauer; Warder, James L. Williams; Sentinel, Simon H. Hartsing; Guards, Henry E. Lahurreau, William H. Black and Raymond E. Ungerer.

Installation was held January 5, 1980 at Angola, Indiana for Fort Wayne No. 4, Apollo No. 19 of Garrett, Indiana and Angola No. 45. Sir Knight Harold R. Hoolihan, Right Eminent Past Grand Commander of the Grand Commandery Knights Templar of Indiana was the Installing Officer. Angola No. 45 Commandery was host this year.

January 26, 1980 will be the day the Past Commanders of Fort Wayne will present the Temple degree in the afternoon. The Red Cross and Malta degrees will be presented in the morning by the respective teams starting at 8:00 a.m. Noon lunch to be provided. If you are in the Drill Corps, the Knights Templar Band or work in any of the degrees or a sideliner, your attendance is necessary for all occasions. If you are an officer, elected or appointed, it is your duty to fill your stations at all times or find a substitute for excusable reasons.

Greetings Companions and best wishes for a Happy and Prosperous New Year.

Very humbly I accept the gavel to preside over Fort Wayne Council No. 4 and I pray that my leadership will be acceptable to the Companions and to our Maker.

Without officers to support and assist there cannot be a Council. I am very proud and happy to announce the following officers for 1980.

Deputy Master, John A. Bleich; Principal Conductor of Work, Raymond A. Sipe; Treasurer, Francis Studler; Recorder, Roger W. Shafer; Captain of Guard, Richard A. Swinehart; Conductor of Council, Karl E. Reid; Steward, Jarvis S. Doan; Chaplain, Gerald V.R. Walker; Sentinel, Simon H. Hartsing; Trustee 78-80, James S. DeMond; Trustee 79-81, Kenneth E. Gibson.

Installation of officers will be at 7:30 p.m. on Friday, January 4 in the Egyptian Room. A joint reception with Fort Wayne Chapter No. 19 will follow the installation.

A Council may have the best of officers but they will stand quite alone if they do not have the attendance and support of Companions on the sidelines. Can Fort Wayne Council No. 4 count on your support this year? If transportation is a problem notify the I.M. or the Recorder.

Work in the Select Master and Royal Master degrees is scheduled for Saturday, January 19, immediately following the Chapter degrees.

Degree work is tentatively scheduled for Saturday, June 14. Details will follow when plans are finalized.

It is also a desire to schedule a Super Excellent Degree this spring.

Remember in your prayers our members who are ill, our shut-ins, and those bereaved in any way.

The Horse-And-Buggy Days

How much Federal Aid did the pilgrims get? They were a depressed area, and no one guaranteed them high prices for anything. Their only roads and schools were built by themselves, and for security they did their own saving or starved. All they had was CHARACTER - all they did was WORK - all they wanted was SELF RESPECT. The sum of these three traits became America. These spiritual qualities can never be borrowed.

We are prone to ridicule the "horse and buggy days" and point to all the lush conveniences of our present mode of living. These are most desirable and acceptable, but perhaps we should now and then take a look at our drift. The good times which we take for granted may have taken us off our true course.

Freemasonry stands first for CHARACTER. Let's not give up that for anything.

"I like to see a man proud of the place in which he lives. I like to see a man who lives in it so that his place will be proud of him. Be honest but hate no one. Stand with a man who stands. Stand with him while he is right, and part with him when he goes wrong. If you would win a man to your cause, first convince him that you are his sincere friend. Therein is a drop of honey that catches his heart, which, say what you will, is the greatest highway to heaven."

A Mighty Effort

To visualize the work of Mesonry is to understand the extent of the effort, energy end thought which is required of every Mason if the work of Masonry is to be successfully carried out.

The verious functions of the Grend Lodge call for a maximum on the part of those who ere responsible for the welfere of Mesonry et thet level. We do not underestimate the vest emount of effort thet is required for thet which we mey refer to es the business of the Grend Lodge.

However, the strength of Mesonry, the spirituel force of Mesonry, is the sum total of the efforts of every Meson.

There is work for every Mason who desires to lebor on the Temple.

Not all Masons can be good ritualists, not ell can be officers, but every Meson has something of velue to contribute.

There is alweys the need for the Masonic teecher, the petient brother who never becomes weery in well-doing, and who is elways willing to impart Mesonic knowledge end information to the brother who seeks to leem.

But, when you consider the thousands and thousands of brothers, who cannot devote ell the time necessary to the study of Mesonry, you must not overlook their importence to the overell work of Masonry.

Whatever mey be the goel in Masonry, the first requisite is to live it.

As the Grend Master of Victoria said at his installation, "Let us hava Lodgas that people want to join."

No ona naads to ba told that the world is going through e revolution of sociel and industriel strife. All kinds of problams confront the peoplas of today. If these problams are to be settled at all, and settled right, it must ba in an atmosphere of mutual recognition end respect such as Mesonry saaks to craata end maka pravail. Masonry brings men of every rank end walk of lifa togathar as man, and nothing else, at an eltar whara thay can talk, not fight, discuss and not dispute, and aach may learn tha viaws of his fellow.

No part of tha ministry of Mesonry is more beautiful end wise than its appeal for tolerance, for fraternity, end for unity of spirit amidst variaties of outlook and opinion. All its emphesis rests upon two extramely simple and profound principlas — lova of God end love of man.

Our task is not to ba only Freamasons in neme, but to ectively live its principles in thair fullest sansa, that our actions and our axampla may tand to inspire those eround us to e better, happiar, nobler and more peeceful way of lifa.

Lat this, than, ba our self ellotted task.

No One Asked Him To Join

Abraham Lincoln approved of the Masonic order but delayed placing his patition.

Past Grend Mastar G. M. Franch, Grand Mester of tha District of Columbia, reported thet Lincoln remarked ha believed Masonry to ba a good institution but no ona had askad him to join.

Not often discussed Masonically ara tha contacts which Abrahem Lincoln had with Masonry. It is generally known that Lincoln was not e Meson but Marion Snyder of tha Ohio Lodge of Research has undertekan to give us a picture of tha man not ganerelly known but who holds en honored placa in tha fraternity in Ohio end alsewhera.

It is wall known among students thet Lincoln epproved tha Masonic order. Ha dalayad patitioning e lodge until such e time es his political life wes ovar and his ection would not be thought political. His motiva was undarstood by his friends end thay raspectad his raasons.

In writing on Lincoln's lifa ona of his biogrephars said, "If ever e men livad and acted every Mesonic pracept, practiced tha full Mesonic creed, it was Abrahem Lincoln."

Following his daath, an unnemad Masonic body in Springfield pessed tha following resolution, "Rasolved that the decision of President Lincoln to postpone his application for tha honors of Masonry lest his motives ba misconstrued, is in tha highast degree honorabla to his mamory."

In summing up Lincoln's Masonic contects, Merion Snyder seys, "This indicates he must hava at some time expressed a hope or dasire to patition Mesonry onca ha stappad down from tha presidency and raturned to his baloved Springfield.

"With charity for all."

SENIOR MASONS

Our regular monthly dinner meeting will be held on Monday, March 3, 1980. As in the past, we will meet at the Heritage House Smorgasbord on Lima Road. We will meet at 12:00 o'clock noon for lunch, with the meeting starting at 1:00 p.m.

Our speaker for this meeting will be Den Schuricht, a detective in the Fort Wayne Police Department. His subject will be "How To Protect Your Home". He will describe various burglar alarm systems for your home, and describe the best methods of protecting your home. I am sure this will be of interest to everyone.

We invite every Senior Mason, and those not considering themselves Senior Masons, to join us for lunch and enjoy the great fellowship. You will be glad that you did.

Same Today

In 1830 workmen engaged in rebuilding the Baal Bridge of Limerick, Ireland, found beneath the foundation stone a metallic square bearing the date 1517 and also the following inscription:

"I will strive to live and love and care, upon the level, by the square."

This indicates that medieval operative Masons attached to the square the same symbolic meaning as we do today.

Brethren:

Februery was a very busy month with three candidates receiving the degrees of Masonry. The Master Mason Oegree was conferred on February 22, 1980, which was Past Master Night. Thomas G. Nuss, P.M. sat in the East. Junior Past Master Ronald L. Stabler was the director of this annual event and as always, the Past Masters that participated did a very fine job in putting on the work.

They all deserve to be commended, end they still have the confidence and pose with which they perform. This mekes the Master Meson Degree worth watching and I am sure enjoyed by ell who were in attendance. Their proficiency was displayed by what Summit City is accustomed to end second to none.

Ladies Night was e high-light of February and was thoroughly enjoyed by ell. We hed e greet turnout and the meal was delicious. I want to extend my thanks to Willie Witmer for the fine meal thet wes prepared for us and our guests.

Again, as in the past, widows of our deceesed members were our guests and it was our privilege to have them among us and share our fellowship.

My thanks goes to the Wayne High School "Swing Choir", under the direction of Mr. Jerry Anderson and Mrs. Shirley Basham, for providing the entertainment which was enjoyed by all.

I sure hope thet you brethren enjoyed the evening. I look forward to seeing you in lodge, now that you have met the new officers and renewed ecquaintances with the old. Feel free to come forward end participate in our functions. If for eny reason you want to attend lodge end feel that you won't be admitted, don't, beceuse we want you. Any member of Summit City can gain admission to lodge if he hes e velid dues cerd.

March 10, 1980 will be Summit City Lodge visitation night et the Veterans Hospital. We will meet et 7:00 p.m. in Mr. Walter Arick's office. Also on March 30, 1980 it will be Summit City's turn to provide escort service for the V.A. hospital from 11:00 e.m. to 12:15 p.m. If eny of the brethren can attend, please meet in Mr. Arick's office.

Our sincere sympathy is extended to the family and friends of Brothers Clayton R. Braunagle and Thomas L. Gregg, who have passed out of this lodge to the Great Celestial Lodge above to receive their award.

There are still some dues outstanding. If you haven't remitted them, please do at this time. Also if you haven't received a dues card, let us know.

If any of the widows did not get an invitation to Ladies Night, it is not that they were ignored. We mailed letters to ell of those whose addresses we had on file. If for any reason one of these ledies were missed, my regrets. I elso want you to phone or write me end we will put your name and eddress on the mailing list.

Look well to the East. See you in lodge.

Brethren: It is with great sadness that I inform you of the death on February 2nd of our Illustrious Brother, Drvil A. Dellinger, Pest Master of HDME Lodge and Pest Grand Master of Masons in Indiane. He thus ended over sixty four years of dedicated Masonic service. As a learned Mason he will be missed by the fraternity, but the greatest loss will be to us who sought and valued his counsel, advice and friendship. We paid our last respects to our friend and Brother at memorial services conducted February 4. Dur sympathy is extended to his family.

The sympathy of HDME Lodge is extended to the family of George H. Sanders Jr. who died Jan. 17. HDME Lodge conducted memorial services Friday evening, Jan. 1B.

HDME will heve work in March, watch the Sunday Journal for exact times. April will be very busy, with the 4th ennual Helf Century dinner being the top affeir.

When King Solomon undertook building the Temple:

WHAT IF he had not considered the possibility that the quality of recruits to be entered as apprentices was essential to the progression of his operetive labor force and erection of the Temple.

WHAT IF he had not mede it possible for the Entered Apprentice to advance end become the workers or creftsmen who were the actual builders and whose proficiency and pride resulted in the megnificent structure he hed envisioned and promised to build.

WHAT IF he had not restricted in several ways Fellow Craftsmen of the work from treveling into foreign lends, thereby insuring the availability of treined menpower for the construction.

WHAT IF his 3300 Masters or overseers of the work had not been honest, dedicated men, but had used the prestige end reputation of having worked on the Temple to move on to more lucrative positions in other construction of that era.

WHAT IF the workmenship had not been strengently controlled by the Masters and the quality control permitted to become mediocore or even worse rather than near perfect structure we are told it became.

WHAT IF we es speculative Mesons could not look with pride to our history and our heritage.

WHAT IF the high ideals we hold most dear are ellowed to deteriorate beceuse of desertion by the Creft must as fifteen enclent brothers set out to do.

WHAT IF we no longer wore the Square and Compass with pride and distinction beceuse we failed to heed the lessons, lectures, and especially the charges we were admonished to practice.

Last but not least WHAT IF the existence of your lodge depended on your attendence, your activity end participetion end your response to the cell of the Worshipful Master, would it grow, become more apathetic or would it die? Think on it! WHAT IF.

Greetings Brethren. We elected a candidete et our February meeting, to receive the degrees of Mesonry. He will be taking his work in February, but there is a possibility that some of it will be done in March. In any event you should get this before our stated meeting on March B, so come on down to Lodge. We will only have one more stated meeting after that as e Lodge under Dispensation. Thet will be on April 12. At the end of April we close up all operations, close our books, records, etc. and turn everything over to Grand Lodge. Then we await the decision of the Grand Lodge when it convenes in May as to whether or not they grent us a charter. If they do, all members es of then will become Charter Members. A coveted title indeed.

If we do receive a charter empowering us to work we will have an official election of officers et our stated meeting on June 14, e week before my double nickel birthday. I want to remind you that the officers you have now are strictly temporary officers.

They were only appointed by the Grand Lodge and the present Master so we could operate temporarily under dispensation. They may or may not be elected et the officiel election of officers on June 14, if it does, in fact, come to pass. Any member can be elected to the offices of Master, Senior Werden, Junior Werden, Secretery end Treasurer. The other officers ere of course, appointed by who ever is elected Master. Also all the verious committees, etc. So if you heve en interest in any of the pheses of Mesonry just let us know. We will certainly make sure that it is pessed along to the "new edministration".

These next few months ere very importent end will vitally effect your future Masonic edifice. So it is to your interest to come down to the meetings, etc., so you can keep your finger on things.

See you on Saturdays.

Freemasonry

Freemasonry is e system of thought philosophy end action that has been hended down to us from the remote past, the oldest end most venarable of all human association.

We know that Masonry does not exist to combat any particuler cult; or to propegate eny precise dogma in the outer world. It is not for social fellowship, elthough that forms a part of it. It is not constituted for the exercise of benevolence only, although thet occupies no insignificant place, both in its precepts end its practice. It teaches no philosophic school, yet e profound philosophy permeates its system of symbolism. It instructs in no speciel ert, yet in it ell arte are honored. It has no religious creed, yet religion forms its foundation and crowns its pinnacles. It is not the product of any ege, nor the work of eny netion. It is the evolution end growth of centuries and has received contributions from many diverse races end people.

The mission of Masonry is the building of the ideal Temple and he is the true Mason who works true to the plan of thet temple. He has to build himself and thereby contribute to the building of humenity. How to live is a problem each of us must solve.

GIVING AND FORGIVING

What makes life worth the living
Is our giving and forgiving:
Giving tiny bits of kindness
That will leeve a joy behind us.
And forgiving bitter trifles
Thet the right word often stifles,
For the little things ere bigger
Than we often stop to figure.
What mekes life worth the living

I rose today while ell was still in darkness,
God's hand hed berely touched the sky with light,
And as I went about my simple duties
A robin neerby sang with sheer delight.
Most creetures greet the dawn in quiet whisper,
In sleepy murmur, or soft chirp and trill,
But joyous robin sits among the branches
Calling his "Glory be to God" to sky and hill.
He knows that with eech new day's dawning

Live Today

There are two deys in every week which should be kept free from fear end apprehension. One is yesterday with its mistekes, its faults and blunders.

Yesterday has passed forever beyond our control. We cennot undo e single ect we performed; we cannot erase a single word we said.

Yesterday is gone.

The other is tomorrow with its lerge promise and poor performance.

Tomorrow is also beyond our immediate control. Tomorrow's sun will rise, either in splendor or behind a mask of clouds — but it will rise.

Until it does we heve no stake in Tomorrow, for it is as yet unborn.

This leaves only one day — today. Any man can fight the battles of just one dey. It is only when you end I add th burdens of those two awful eternities — yesterday and tomorrow — that we break down.

Let us, therefore, live but one day at a time.

FDRT WAYNE CHAPTER No. 19 R.A.M.

Apt. 406 483-3640

Companions:

In our last column, wa spoka of tha fact that York Rita, like tha U.S. Marines, does need a few good man. Any Mason taking advantaga of our offer, we feel, is sure to experience e sansa of deap satisfaction in both maeting as well as working with what we feal era soma of the greatest people in tha Fraternity. It is true thet within our ranks, as well as in many other organizations, soma of our members ara granted certain titles and honors. Yet these titles do not mean thet we consider one member to be of more importance than another. In true Masonic tradition, within our portals, each member is considered to be truly equal to his brother. Some of our Brothers become proficient in ritualistic work while others might find thet their skills lay in administrative areas. Some might even turn into fine cooks. Still regardless of how a Brother can contribute to our order or how much, he is greeted with equal pleasure.

So that we might pay honor to our loyal membars, it is my thought that each month one or more of our group should ba singled out for a spacial recognition so that the rest of us might express just how much wa appreciate his help. This month, I wish to singla our Companion Simon H. Hertsing who is presently serving as our Santinel. Through his efforts, our guests are made welcome, tha nacessary equipment is placed in the proper manner and displayed correctly. Wa are likewise free of the fear of unwanted intrusion which might disrupt our daliberations due to his efforts. For his many years of faithful service to our Drder, all of us wish to extend our heartfelt thanks and trust that we might enjoy many more happy years togather.

By tha time this column will be printed, February 16th and our Annual Swaetheert Ball will ba just a happy memory. In ordar to maka it a success, there was a greet daal of work done by a great numbar of paople and we wish to publicly thank aach and evary one that helpad to make it so. This includes all the Companions and their wives, the Jobies that poured the punch, all the fearless climbers who placed the decoretions around the Ballroom and all others that helped in countless other ways.

We hope that the Pipers from the Shrine Bagpipe Bend proved to be e pleasant surprise to each of you that attended and that the music of Companion Earl Zimmerman was well received.

When we speak of the Sweetheart Ball, our special vote of thanks must go to Companion Myron Milhorn for all his help. It is hard to think of it without including Myron who has loyally served as the Ticket Chairman of this affair for tha past fourteen years. For my money, that is truly a record that merits recognition.

Dur next dagrea day is schadulad to be held March 15th. At the prasent tima wa have fiva candidates. If you might hava any patitions panding, plaase see that they are presented in time to includa your friands in our class.

Don't forget that our next statad maating will be hald March 20. Your attandance is needed if wa expect to continue to ba an effactiva organization. Saa you therel

Sir Knights: May I start this month in e somber attitude. Masonry has lost a fine man, Drvis A. Dellinger, Februery 2, 1980. He was Past Mester of Home Lodge No. 342, Fort Wayne, Indiana 1922 to 1924, and Past Grand Master of F.&A.M. of the State of Indiana in 1946-1947. I attended Grand Lodge in 1946 when he was elected and again in 1947 when Home Lodge No. 342 of Fort Wayne opened Grand Lodge. To me he has been et fine man end Mason. Brother Dellinger was the author of our present Apron lecture in the Entered Apprentice Degree and was approved by Grand Master Dmar B. Smith in 1922. It was not incorporated es a part of the ritual until Mey 20, 1964. This degree would not be complete without the presentation of this Apron lecture. May we all remember our departed brother for this gift. To the families and relatives of our deceased Sir Knight and Brother our deepest sympathy.

50 year presentation Award of Gold wes given last month to Sir Knight William S. Mossman by P.E.C. Robert Whyte. Dur new organist Sir Knight James Gordon, was installed last month by Eminent Grand Senior Warden Kenneth E. Gibson and Right Eminent Past Grand Commander of the Grand Commandary Knights Templar of Indiana. The officers stetions are now filled and we ere ready to serve you.

March 22 will be degree day starting at B:00 a.m. Lunch at noon, home by 4:00 p.m. We will need all the help we can get. Dur thanks last month to the ladies of the Social Drder of Beauceant, end others for the cerry in dinner on Past Commanders Day. We are going to do this agein in June.

We need new members, new ideas, and thoughts from our present members for a successful Commandery. Be present at our meetings, that elways helps. We are still thinking about the March 7th date we will keep you posted.

Camp Crosley date is June 22 to 28 inclusive. Send a boy to camp.

To the family and friends of our Brother, Companion end Sir Knight Herschel D. Bolyard our deepest sympathy.

The Reverent Terry Place, Chancallor of the Fort Wayne-South Band Catholic Diocese will give the Easter Messaga. We hopa all will share this worship service with them.

What America Means To Me

Americe is not just rich in meterial things, an industrial giant, a mighty military power.

America is the country schoolhouse, the village church, the town meeting, the humble farmhouse, the rhythmic poetry of peeceful countryside.

America is the mirth and laughter of its children, the charity, the generosity, tha compassion of its people.

America is the triumph of marit and diligence over family and caste.

Americe is the freedom of choice which God intanded all man to have - the right to do, to speak, to worship, to dissent, to dream, to build, to fall and to succeed.

America is the marriage of liberty with authority, of individual freedom with social organization.

America is the best discovery yet of a full and honorable way of life.

"SHOOTING THE WELL": An Exciting Event in the Early Days

The excitement of "shooting the well" has faded with more effective and sophisticated methods of completing petroleum-test wells. Nitroglycerin was used in torpedoes for increasing the oil and gas flow from hard or close-grained rocks. The explosion shattered the rock strata and created fractures enhancing the drainage from the surrounding rocks into the borehole.

Knowing the proper method of shooting and amount of explosive to use became an art. A successful torpedoman needed experience and awareness of the dangerous characteristics of nitroglycerin. Highly trained technicians, hydraulically injected fluids, and propping agents have replaced the "shooter."

Straight Thinking

For generations the world has been full of conflicts among nations, races, creeds and religions. Out of these came contests for territory, for industrial and commerciel edventeges, the lust for power, for edvancement in nuclear warfare end in outer spece. And from these came the misunderstandings which, from immemoriel, have led to enmity and war. All of earth's teeming millions - through eery generetion, yeamed for peece, tranquility, for just e chance to do something useful and to eern end pay their own way through life.

We recall long ego, just after World Wer I, e story ebout e men who came to America from Bulgerie. He was e leborer on e railway construction project. But he was a well educated man. He was esked why the Belken stetes ware always seething with trouble, with hetes and with wars. His reply wes thet it was not the fault of the people. Very emphetically, he stressed the fact that the people of those countries wanted nothing more than to live in peace, to work their smell farms, to raise their families, to enjoy their music, their litereture, their culture, end to be heppy. But es in ell countries today, there are embitious people who want lend or rights that other netions have; therefore, they provoke wers end enmity - yet demanding end threatening - thet if they do not get what they want they will fight for it.

The story went on further to explain more fully. Wers cannot be fought without men. To fight successfully men must be made engry. The surest way to make men angry is to use the flames of intolerance ageinst races, religions end cultures. This was the method adopted by Adolf Hitler, end it is still being used by other so-called leeders of nations.

Statesmen telk endlessly, vast unwieldy and complicated mechinery is usually set up, reams of records are written involved negotiations are engaged in, and ell for the purpose of establishing peace.

This is the procedure because eech nation wents to get ell it can and give es little as possible in raturn. What they will not recognize is the fect thet the whole process cen be reduced to on word - tolerence. If ell leaders of netions would adopt that principle, really make it work, the problems that arise in this day and ege could be settled peacefully and promptly.

As Masons we know this is true. We are taught the meaning of tolerance end we know how it works. Among us will be found members of neerly all races. We heve brethren in every land. We live together in peace end in full appreciation of each other's rights. Whatever difficulties erise they are settled quietly by conference. We raise no question about a man's religion, his politics, his race or the lend from whence he came. We ask only that he be honorable and that he support the sublime principles of the Drder.

If that cen be done in a relatively small wey in e fretemel organization such as Masonry, the same thing can be done in e great way among netions. But it never will be done until ell people learn and apply the fundementel principla of tolerance.

Peace will come when it comes first to men's heart; it will come only when man cleanses himself of hetrad, revenge, greed and lust for power. It will come to ell men when they practice whet they preech.

Committee To Be Formed For Counseling and Assistance

By Vince Westfall

The Mesonic Relief Associetion of the United Stetes end Canade, of which we ere e member, is not new, it detes back to 1885 end es e body has been holding bienniel meetings since thet time. The lest meeting wes held November 1979 in Coloredo Springs, Colorado. The next meeting is to be held in New Orleans. At the meeting in Colorado there were 41 delegates from 22 states end Cenada, including our delegate from Indiene.

Here in the Fort Weyne end Tri-State eree we hope to become more active es en erm of the many lodges in this area to assist not only in time of finenciel need but elso counsel end essist our brothers in all their needs.

To keep e follow up file on all our Masonic widows and to see they are not in went. What better way to remember our brothers end their widows then with e call, e card or e visit. This my brothers is truly practicing brotherly love.

It wes the prectice of these precepts by our greet end dedicated forefethers in Mesonry which led to the esteblishment of many Boards of Relief and the Masonic Homes for the elderly and in some states for children.

To be eble to work in this field I feel most fortunete. As I em able to observe the out-pouring of these true tenets of Freemesonry exemplified first hend — thus causing me end I hope all of us to reise our personel ideels, tend to meke us better men. Isn't that every Mester Masons goel, to strive to deserve the honor conferred on us end to be worthy of the confidence the fraternity reposed in us.

In the past year the Masonic Service Board has essisted meny brothers or their families es follows:

(1) Assisted e young man in Columbus, Ohio with e terminal illness who hedn't seen his father in many yeers. The fathers lest known address was Fort Weyne. He had been Master of a lodge in Ohio and we were eble to trace him from Fort Wayne to Richmond, to Indianapolis, to Californie, end the father was finally put in contact with his son.

(2) An Eestern Star member who was heving trouble with medical and utility bills beceuse of e smell pension. The Mesonic Relief Boerd was able to essist by putting her in contact with the proper people who were able to assist her.

(3) Another Eastern Star member, new in Fort Weyne from out of state, who because she was uneble to get outside, had only one problem, she wes lonesome. A Star Chapter wes contected to follow up

Papers Late Last Month

The editor hes been informed by severel people of receiving the paper late last month. We ere extremely sorry for this. All pepers were meiled on the third of Merch so most people in Fort Wayne should heve hed their paper on the 5th or 6th. We hed reports of people getting them es late es the 12th.

People out of Fort Weyne had the peper on the 7th and 8th which was about right.

Many people heve questioned how the mailing date is picked end that they ere not sure when writing an erticle when the pepers will be meiled. Copy deedline is set as the third Thursday of the month. The papers are printed on the fourth Thursdey and meiled the following Monday.

Hopefully this gets them in the mail by the first of the month so members of Fort Weyne lodges will have the peper before the first weekend of the month.

On a short month like Februery this mekes the deadline late in the month, but if we move up the deadline then some organizations don't have their meetings before the deedline date.

We are working on getting the papers printed on Wednesday instead of Thursday so we can mail part of them on Fridey insteed of Monday.

On the deadline box on the front pege we ere edding a line that will give the mailing dete the pepers will be placed in the meil.

Severel pepers with zip codes of 46805 thet should have been changed to 46815 were returned to the publisher this month, therefore many people that heve been receiving the Squere end Compass with incorrect zip codes on them did not receive their paper this month.

Congratulations go to four new members who were raised to the sublime degree of Master Mason. They are: James Bergquist, Sr., Albert McClure, Gary Scott, and Ray Soughen. Welcome brothers. We will also have work in April and May to initiate new members. An invitation goes out to all brethren to come to lodge and see the work performed.

Brethren:

Numerous Brothers made favorable comments about Home's article in the March issue of the Square and Compass. If you overlooked it, go back and read it, particularly the last paragraph.

In some Grand Lodge jurisdictions the publications of the symbolic lodges are issued as a summons, and the secretary states that he has been directed by the Worshipful Master to request the attendance of each Brother at the meetings listed therein. Would you meet your Masonic obligation if the Home article in this publication was issued as a summons by your Worshipful Master?

The 4th Annual Half Century Dinner to honor Allen County's 50 year members will be 6:30 Tuesday, April 29. All the lodges in Allen County have again been invited to attend and bring their Brothers who have received the Award of Gold. Make your reservations by mailing the coupon on the front page or drop it off at the Temple office. A free will offering will be taken to help defray cost of the dinner. Entertainment will follow recognition of the honored guests. The secretaries of the lodges will be contacted during the week of April 21-26 to obtain the names of their honored guests and number of reservations.

Home held memorial services for two Brothers who were recently called to the Celestial Lodge above. Our deepest sympathy is extended to the families of Melvin Bearinger and Robert Cantwell. Brother Bearinger was a member of the fraternity 56 years and Brother Cantwell received his 25 year award in 1977.

Home congratulates Rayes Mota on having been raised to the sublime degree of Master Mason and we welcome you Brother Rayes.

Plans are going forward for the 31st Annual Tri-State Reunion here in Ft. Wayne, October 4-5. Committees are being established and will be functioning before lodge goes dark. Effort is being made to enlarge the number of cities comprising the group, and it is anticipated that at least two new lodges will attend. Mark your calendar.

Brethren,

We had work on the E.A. Degree in March; also our Past Masters and Ladies Night on March 15. We had a very good turn out this year with eleven Past Masters and their ladies in attendance. Entertainment was furnished by The Masquers Band from The Shrine Temple and they gave a superb performance. Brother Past Master Nile Hake was presented with a watch in token of our appreciation for his 23 years of service as our Treasurer.

Our thanks to Pat Bleich for the delicious dinner and the beautiful table decorations. We will have Degree Work in April with F.C. planned for Thursday, April 10 at 7:30 p.m.

To our 36 Brothers who celebrate their birthdays in April, Happy Birthday. We also have 49 Brothers who will celebrate their being raised to Master Masons in the month of April.

Brethren:

Fraternal greetings from the officers of your lodge. I am sure we are all a little weary of winter's blustery cold and snow, ice, the Ides of March, and are eagerly anticipating budding trees, flowers, greening of the grass, warm sunshiny days and all the accompanying joys which winter serves to make us appreciate. Every year at this time we are again assured of the truth of the Masonic legend of the Acacia. What appears to be death can be simply the beginning of life.

By the time you read this we will have raised our third brother, Dave Platt to the sublime degree on March 15 and enjoyed the fellowship of having lunch with the York Rite, who is also having degree work on that date. Some people used to question my wife on why we only had one child. Her answer always was, "We concentrated on quality rather than quantity." Since our lodge got started last September we will have raised three candidates. And, my Brethren, we have certainly had quality. Brothers Ralph White and Gene Evans, both of whom are now line officers and now more quality in "no less a person then our brother, Dave Platt". Congratulations, not only to these three illustrious brethren, but to all of us to have them associated with us in this "Great and Good Work."

Correction: In the March issue I said we would elect officers in June. Actually they will be appointed by the Grand Master.

I would certainly urge each and every one of you to attend the stated meting on Saturday, April 12 at 10:00 a.m. We will welcome any comments, remarks, observations etc. which you might have. That will be the last meeting that we will have as a lodge "under dispensation", in all probability. As of April 30 we will have sent all our books, accounts, records, etc. in to Grand Lodge. The month of May is when Grand Lodge convenes and one of their many responsibilities is the decision whether or not to grant an official charter to New Light Lodge. If they do grant it we will have busy times ahead.

So this may be the last article I write for the Square & Compass. My Swan Song: I want to express my sincere thanks to each of you for allowing me the great honor and privilege of serving as Master of New Light Lodge U.D. Never have I enjoyed anything more than this "True labor of love". Thanks also to each of you for all your help, aid and assistance.

Attention all you Brothers
To what I have to say:
We have our Twenty-fifth Anniversary
On the Seventeenth day of May.

Brethren:

If you missed attending lodge in March, you surely missed a lot of real Masonic activity. We had three candidates for the month, two by initiation and one by affiliation. Also, on the 22nd of March we had an early morning breakfast and then conferred the MM degree on still another candidate.

So, why don't you get your calendars out and write down these dates for April:

On the 2nd we will have stated meeting at 7:30 p.m.

On the 9th, EA degree on one candidate at 7:00 p.m.

On the 16th, FC degree on one candidate at 7:00 p.m.

On the 23rd, MM degree on two candidates at 5:30 p.m.

Brothers, above all things, do

TWO LOTS in the Masonic Cemetery, in the Covington Memorial Gardens, below what they are asking for their lots now. You can save $145.00 on each one; this would be a $290.00 saving on both lots. Write to: H. Timberlake, 4326-S6 Ave. Terr E, Bradenton, Florida 33508.

Job's Daughters - like the big night for all the Master Masons and Eastern Stars. The girls and Council of Bethel #8 want to spend an evening with you. There will be music, skits and eats. Just a lot of togetherness to show you how much we love you and appreciate our Masonic Heritage. Keep an eye out for this night. We also want to have a Chili Supper and Bake Sale soon.

Our Inspection is April 30 at 7 o'clock with a dinner at 5:45 p.m. We would like to have some Masters and Worthy Matrons to please come to this. This event is when our Grand Guardian and Associate Grand Guardian visit us and we try our best to be perfect in our ritualistic work. We hope to have a lot of new girls to initiate that night, so girls let's get those petitions in as soon as possible. We want to win a trophy again this year at Grand Council for taking in the most girls during Amy and my terms. Let's get busy.

I want to remind the officers again, that if you can't attend a meeting, PLEASE call me and let me know ahead of time so that I can get a pro tem.

I want to say a big thanks to those who have volunteered to serve refreshments after the meetings. Your help is really appreciated. Also thanks to Mrs. Notter, Pauline Perez, and Juanita Thomas for all their help in getting the refreshments ready and for helping to clean up afterwards. You are three of the best. Thank you.

The slumber party at Paula Perez's home was a lot of fun and we had a good time. I hope that we didn't cause you too much of a mess Mr. and Mrs. Perez. Thanks for sharing your home with all of us.

The first meeting in March was Mom's and Eastern Star night. I'm sorry that I picked a night when Eastern Star was having their End of the Year Party. You are all invited to come to any of my meetings.

The second meeting in March was Past Guardian and Past Associate Guardians night. We had a good turn out. Well I guess I will end for this time.

Keep Smiling - We Luv You

and since she had not affiliated with a local church it was arranged for a minister to call on her.

(4) A brother whose child had a birth defect and Masonic Service advised him the proper channels to use for her care. Last word was she had been and was being treated at the Medical Center in Indianapolis.

(5) A brother Mason, who because of a divorce and many debts was even thinking suicide. After arranging for him to contact one of the local banks he was able to straighten out his problems and as he now states would have been lost without his Masonic brothers.

(6) Assisted a destitute brother in his transfer from a local hospital to a nursing home and upon his death arranged for his burial in a Masonic plot at a local cemetery.

The Masonic Service Board has referred others with spiritual problems, legal problems and employment problems to the people who were best able to help them. The Board is here to listen and help you any way we can. We can only do this if you are aware we are available twenty four hours a day, seven days a week.

In our Masonic Life, the word "Brother" has a depth and tenderness all its own: unique and beautiful beyond words. It tells of a tie — mystical but mighty — which Masonry spins and weaves between man and man — a tie which no one can explain, and few can resist. When its full meaning is actually felt, no other word is needed among us.

And what better way to exemply the Brotherhood of Man than to be able to aid and assist a brother, his widow and his orphans in time of need and counseling. What a great satisfaction it is to know that we are a part of this great fraternity and can practice every day those great Masonic precepts: Brotherly Love and Relief to the Distressed.

In case of need or counseling or an emergency, call Vince Westfall 432-0876, or Bob Stute 484-6837. Call either of these numbers 24 hours a day, seven days a week. Or call Masonic Temple 743-4728.

Our Temple Degrees were conferred on March 22, 1980. Six candidates were received, we hope all of you attend as regular as possible.

The "Appreciation Night Out" scheduled for March 7, 1980 will be held at a later date.

Our Drill Team is practicing every Tuesday night for our competitive drill to be held in Merrillville, Ind. May 3, 1980. Our team is a "B" team consisting of 21 Sir Knights, 18 in file, right and left guides, and the Captain. We come so close to being first each year and I do believe with just a little more effort, that first place may be just around the corner. Anyone wishing to join us let it be known.

To our Sir Knights that are ill, Paul Bullard and Virgil Holzworth we hope the best for you. To those that are ill, many times we do not know if we are not told, we apologize for not making your troubles our troubles.

Greetings Companions:

How swiftly the sands of time run. The time between our publication seems so very short. Perhaps this indicates plenty of activity, which certainly has been true. The degree work in March was not in our tentative schedule for the year, nevertheless it was a distinct honor to greet five new Companions on March 15. This also being our Annual Inspection, made for a very interesting day. The cast and all officers deserve a sincere compliment for their work and the candidates were able to witness and participate in work in which we were all trying to do a little more than is expected. Another thanks to all those whose efforts we enjoyed at the festive board.

Grand Council at Vincennes was attended by Companions Gibson, Shafer, Studler and Diemond. Details will be announced at the Stated Assembly and in the next article.

Companion John Inches has completed plans and practices for the Super Excellent Degree on April 5. All eligible candidates have been notified. It is recommended that, if you have not participated in this degree, this will be a good opportunity to further your Masonic history without traveling out of town.

Our next degree work is scheduled for Saturday, June 14. Notice is given now to give more time to bring in petitions. Our building and future depends on additional members. Can we depend on your help? Also, of utmost importance is the opportunity for us to be responsible for helping a Brother complete his Masonic background.

Any Companion wishing to visit other Council Inspections should contact our Recorder. Visitation can be an interesting experience and a chance to learn. In addition, it demonstrates concern for others.

The furniture for our degree work is in need of repair and refinishing. Anyone willing to assist is asked to contact the I.M. Your help will be appreciated.

Any Companion wishing a speaking part in degree work should make his interest known to the I.M. There are also non speaking parts in both degrees for which we are always needing help. Can we count on you at our next Assembly for degree work.

Thought for the month: You give but little when you give of your possessions, it is when you give of yourself that you truly give.

FORT WAYNE CHAPTER No. 19 R.A.M.

Stated Convocation Third Thursday

Gerald V.R. Walker E.H.P.
3736 Knollcrest Rd. . . 485-9338
Roger W. Shafer . . . Recorder
2510 Farnsworth Dr.
Apt. 406 483-3640

Companions:

In a partial answer to our request for a few good men to join with us in service with York Rite Masonry, I am pleased to announce that as a result of the degrees held Saturday, March 15 and March 22, five more men good and true have been admitted into our ranks. Our new Companions include Benjamin H. Weldon, Erwin W. Schwenn, Jr., Donald D. Fenstermaker, Ronald J. Harruff and Allen J. Fisher. Serving as your High Priest, I wish to congratulate each of our new Companions and give them my personal welcome. I trust that our coming years together will be a source of deep satisfaction for all.

Despite these new Companions, my Brothers, there still remains a lot of good fellow Masons who we feel could be encouraged to become fellow Companions in York Rite Masonry. Let's face it! If a Brother loves his Blue Lodge, then he is sure to also love the York Rite since it is a continuation of that work. It's just that simple! So let's all of us work together and make our Chapter the BEST if not the biggest Chapter in the entire nation.

Companion and Past High Priest John B. Weyer was suddenly faced with an emergency operation for the removal of his appendix. It is our understanding that he is coming along well and all of us wish him a speedy recovery.

Last month, your Chapter instituted the practice of giving public recognition to some selected Companions whose talents have greatly aided to the overall success of our fraternity. In keeping with this practice, we feel that such recognition should go this month to Companions Francis A. Studler and William M. Roberts. In addition to the fact that Companion Studler has served as treasurer of our three bodies for the past several years, both Companions are Past High Priests. At the present time, in addition to their other duties, Stu and Bill are the main volunteers who monthly prepare the dinner held prior to our York Rite Stated Meetings. True, the meal is always a surprise as far as the menu is concerned but we have yet to get a poor one. In these days of surging inflation making the cost of the preparation critical, it is no slight challenge for these two Companions to keep the cost of these meals within limits. We are all truly indebted to them and we now wish to thank them for all the many hours that they have spent in serving York Rite.

We wish to remind you that the next degrees are to be given on June 14, 1980. This should give all of us sufficient time to contact all of our interested Masonic Brothers so that they might be included into our next class. Remember Companions, it is up to each of us to continue to secure new Companions if our Chapter is to forge ahead. With your help, we can. Hope to see you on June 14 as well as at our next stated meeting April 17. Come down and show your support. We need each and every one of you there! After all, it is not just my Chapter or Pete Jones' Chapter but instead it is OUR CHAPTER! See you there!

Greetings Brethren:

Our sympathy is extended to Brother Paul Pyrman, on the death of his mother, Elizabeth, who passed away on Feb. 26. She was a Past Matron of our Eastern Star Chapter, and the oldest person in our community, 99 years old. She was truly a grand person.

Brother Kenny Pierce, P.M. is home from the hospital after a bout with bronchitis and pneumonia. Our continued get well wishes and prayers go out to him.

On the 19th of March we held Lamp Lodge, it was very enjoyable. This year many of the Brothers brought lamps, and each gave a brief history of their lamp. It was truly a very colorful meeting, our beautiful lodge room lit by the glow of kerosene lamps. Thanks to each of you, maybe we can make this an annual event.

A brief reminder — starting this month our lodge meetings will start at 8:00 instead of 7:30 p.m.

This month No. 293 wishes "Happy Birthday" to the following brothers: Ray Baumert P.M., Walter McDaniel S.O., James Chausse P.M., Harry Robinson P.M., Thomas Sheehan, and Howard "Bill" Stephenson.

And congratulations to the following brothers on being raised in this month: Ray Baumert P.M. 1968, James Chausse P.M. 1963, Terry Hilbig 1956, William Milliner 1947, Carl Moore J.S. 1976, Walter McDaniel S.O. 1976, Harold McIntosh P.M. 1944, Paul Purman 1954, Lynn Rhoades 1976, Thomas Sheehan 1946, Frank Smith 1931, Howard Stephenson 1957, Duane Theurer P.M. 1971, James Weaver 1954, Byron Webster P.M. 1964, Donald Webster 1925, James Webster 1956.

Greetings Brethren:

The cold weather is behind us and spring is just ahead. To get ready for spring, we are having a spring cleaning of the Lodge, Saturday, April 12, at 8:00 a.m. Brothers, as this is a tremendous undertaking, we need all the help we can get. We have walls to wash, floors to scrub, carpet to clean, rocks to clear out of the yard, etc. This is a joint project with the Stars and Jobs, so bring your wife and daughter and come on out. Lunch will be served.

Our joint fish fry with the Stars will be Friday, May 16. Mark this date on your calendar, as we always have the best fish sold for our fish fries. There will be more news on this next month.

We would like to extend our sincre sympathy to the families of Brothers Harold Bremer and Kenneth Miller, who have laid down their working tools of life and have entered the Celestial Lodge above. We also extend our sympathy to P.M. Earl Riley whose wife passed away March 6, and to P.M. Rodney Lansew whose brother passed away March 16.

We had E.A. degree Thursday, March 20 and if everything goes right, we will be having F.C. on April 10 and M.M. on April 24.

To our sick, shut-ins and those who are away, may we hear from you or see you soon, that we may once again feel your warm clasp of friendship.

Brethren:

On February 22 we raised Brother David Wayne Stark to the Sublime Degree of Master Mason. Brother Dave was initiated as Entered Apprentice on December 14, passed to Fellowcraft January 17. He was raised by Brother Donald Dame, who is also his father-in-law. Our thanks go out to the officers and brothers of Maumee, Ossian and Decatur lodges who responded to our call for help in this past degree work. Welcome Brother Dave.

Some of our chairs have been empty this first quarter year due to illness. I was unable to attend Brother Dave's first two degrees, also the February stated meeting due to the illness and death of my dear mother. So my personal gratitude and thanks go to my fellow Past Masters, Officers and Brothers of Olive Branch, and the other lodges for their ever present help.

With deep regret I have to report the passing of Brother Alva R. Johnloz on February 26. Brother Alva has been a Master Mason in Olive Branch Lodge since November 1930. Our sympathies are extended to the family.

Here it is Spring time again, and most of us are looking ahead to warmer weather, or looking back, thinking how fast time goes. This should also be a reminder to the few who have not paid their dues for 1980. Please get these in now.

At our March stated it was brought to the lodges' attention that Brothers Verle J. Wagner and Paul A. Monroe, are to receive their Award of Gold this year. Brother Verle in April, and Brother Paul in May. Brother Verle expressed the desire of having an open dual award ceremony. It was also said that a dinner should be planned. These details will be worked out at the April stated meeting and announced in the May Square and Compass.

Our hopes go for a speedy and complete recovery for two of our Brothers, Mr. Cecil O. Jamison and J.W. Ray Gottchalk, who have been ill recently. Please give mention in your prayers for these brothers.

Again I ask you all to attend lodge as much as possible. We have a beautiful Temple to meet in. But this is only a building. The true Temple are the Brothers themselves. See you in lodge.

A week later the elderly man called his minister for the assurance.

Minister: "Well, I have good news and bad news."

"May I have the good news first?" said the elderly man.

Minister: "You're OK to enter Heaven. The bad news is - be ready to go Wednesday at noon!"

First Use Of Name Freemasonry

It is upon record that the first formal and solemn Lodge of Freemasons on which occasion the very name of Freemasonry was first publicly made known, was held in Mason's Hall, Mason's Alley, Basinghall Street, London, in the year of 1646. Into this Lodge it was that Ashmole, the antiquary, was admitted. Private meetings there may doubtless have been before; and one at Warrington is mentioned in the life of Ashmole; but the name of Freemason's Lodge, with all the insignia, attributes, and circumstances of a Lodge first came forward in the page of history on the occasion above mentioned. It is perhaps in the requittal of the services as that rendered in the loan of their hall, etc., that the Guild of Masons, as a body, and where are not individually objectionable, enjoy precedency of all orders of men in the right of admission, and pay only half fees.

SENIOR MASONS

Our regular monthly dinner meeting will be held on Monday, May 5, 1980. As usual, we will meet at the Heritage House on Lime Road. We will meet at 12:00 o'clock noon for lunch, with the meeting starting at 1:00 p.m.

Our speaker for this meeting will be Vincent Westfall, one of our own members. He is the chairman of a newly formed committee to work with the Masonic Relief Association of the United States and Canada. This committee will assist in counseling and assistance. It should be interesting to see what is taking place throughout Masonry.

We invite every Senior Mason, and those not considering themselves Seniors, to join us for lunch and enjoy the great fellowship. You will be glad that you did.

Our June meeting will be held at same time and place on June 2.

An open invitation to all Masons. Perhaps it is difficult for you to attend lodge at night. O.K., then come on down to the Temple on Saturday mornings. New Light Lodge is now entered upon its labors, operating under dispensation. The stated meetings are held at 10:00 a.m. on the second Saturday of each month and we have had and will have degree work. If we do receive a charter it will not be granted until Grand Lodge convenes in May. All who are members at that time will become Charter Members.

No Evil

"The true rule, in determining to embrace or reject anything, is not whether it has any evil in it, but whether it has more evil than good."

The foregoing quotation caused the wheels to turn again as applied to Masonry. Now there can be no doubt that Masonry contains no evil. At no point in Masonic work can we find any evil. However, we must recognize the fact that Masonry is more than a near-perfect philosophy — it is also an organization. An organization of people who are not perfect. Thus we find the rule becomes applicable to Masonry.

We all know that every Mason embodies many more good characteristics than evil, but the rest of the world may not know it. The men on the street sees or hears of our petty differences and may assume that Masonry is not as good for the character as it is supposed to be.

Brethren,

Due to several reasons this year the Past Masters have been called upon to do a great deal of the degree work. They have answered these requests by doing virtually flawless work. I wish to again express my gratitude for their loyal support.

The last printing of our By-Laws and member roster was in 1972. Since then many changes have taken place due to newmembers, deaths, etc. Some time ago a committee was appointed to get estimates on printing costs and also to review the By-Laws so that a new book may be printed. At the last stated meeting, some amendments to the by-Laws were presented in writing. At our May stated meeting we will be taking a vote to adopt these new amendments and also to award the printing of the new book. The new books would then be sent out with the 1981 dues notices.

We will be busy in May putting on the play for several lodges. On May 3 we will be at Hillsdale, Mich. On May 14 at Geneva and on May 17, at Bluffton.

I am planning to have a Ladies Night on June 3 with dinner at 6:30. Also I hope to present two Awards of Gold that same evening. Please call me or our secretary so we may know how many to prepare for.

Well, my Brethren, as of right now we are in a holding pattern. We will NOT have a Stated Meeting in May, nor any other meetings during May. By the time you are reading this, all our books, records etc. are in the hands of Grand Lodge. Your Master Wardens and Secretary will meet in Indianapolis on May 19 with the Grand Lodge committee which has jurisdiction over the granting of charters. Special Deputy Worshipful Brother Past Master Al White will also be meeting in committee with these Grand Lodge officers. Our fate as a new lodge will be determined during those times. Grand Lodge officially opens the next day, May 20, and we will be present. If Grand Lodge does in fact grant us a charter and number, it will be done, in all probability, on that day. We will notify you as to the results as soon as possible. Any of you who wish to do so may attend this Grand Lodge convention May 20 and 21, Scottish Rite Cathedral, Indianapolis. The next Grand Master of the state will be elected at this time.

We DID have our regular Stated Meeting on Saturday April 12, at which time we voted to accept affiliation by transfer from another lodge, the petition of Brother Leroy Whitney. We certainly want to extend our warmest Masonic welcome to Brother Whitney into New Light Lodge and we sincerely hope we can make him feel at home.

We also accepted the transfer petition of another brother who wishes to become affiliated with New Light Lodge. This petition was sent to our investigating committee and hopefully we can vote on his acceptance at a Stated Meeting in the not too distant future.

Until then, may brotherly love prevail and every moral and social virtue cement us. So mote it be.

Greetings Brethren:

The annual Ham and Bean Dinner was a success as usual, and it was because of the help of the brothers and the way they pitched in to make the people in attendance feel at home. If anyone went away hungry, all I can say is "come back next year." I want to give my special thanks to Willie Witmer, because without her there would be a lot of confusion in the Temple.

May is going to be a busy month. We will have two candidates for the degrees. The Entered Apprentice degree will be conferred on May 9. The Fellowcraft degree on May 23, and the Master Mason degree on May 30. Plan to attend and participate with the Fellowcraft Club as we confer the Master Mason degree. If any of you have a particular part he would like to do, please contact your Worshipful Master or Wardens.

Family Night has been moved to May 16 because of the Memorial Day weekend, which will be celebrated on May 26. Plan to attend and remember this night is for your family. Your children will surely enjoy the entertainment and will be amazed, if not bewildered, at what will transpire before their eyes.

Several widows failed to get an invitation to Ladies Night, because we didn't have their addresses. We do try to send a letter to all widows. If for some reason this happens again, please call me at 489-4972.

On May 20-21st your Master and Wardens will be traveling to Indianapolis for the annual Communication of Grand Lodge. Our own Robert H. Miller, if elected, will be installed as the new Grand Master of Masons in Indiana on May 21, 1980. If anyone desires to attend this installation service, feel free to motor down to Indianapolis on the 21st. The installation service will be Wednesday afternoon.

Congratulations to David B. Hazalett and Julius Rommel who were raised to the sublime degree of a Master Mason on March 28, thus becoming Summit City's newest members.

Summit City is saddened by the death of so many brothers this past month of April. Our sincere sympathy is extended to the family and friends of the following Brothers, who have been summoned to the Celestial Lodge above to receive their award. Brothers George W. Beach, Earnest Ticen, Clinton Cary, Oerwin Norton, Herbert Strunk, Russell Wharton and Gerald N. McEwen, Sr.

Look well to the East. See you in lodge.

Brethren:

Last month we said our farewells to a good friend end Brother, Brother Elliot Lepper. He was raised in 1965 and was true and loyal to his Lodge until his death. We shall truly miss him.

April, indeed, has been a very busy month for us. We had one candidate for the Entered Apprentice degree, two for Fellowcraft, and two for Master Mason.

We are so very pleased to note that the attendance in Lodge is on the noticeable increase. Believe me, your officers are very grateful. Too, we are now heving e number of visitors from other lodges; not only Fort Wayne but from as far eway as Massachusetts. I repeat: the welcome mat is always out to each one of you. What could be more relaxing, after lodge, than to go to the dining area and enjoy e good sandwich, a cup of coffee, end some wonderful fellowship?

DON'T FORGET we have two very important dates that ere coming up this month that, I'm sure, you will all want to remember. On the 17th we will be celebrating our TWENTY-FIFTH Anniversary. A very good program is lined up for that memorable event. Don't miss it. If you hevenʼt already sent in your reservation for the Anniversary dinner, please do it right now lest you forget. Too, we will be presenting a 50 year pin to our good brother Delmer Green. Wetch your lodge calendar for this date.

Appointed Chief Field Agent of M.S.A. Hospital Visitation Program

The Executive Commission of The Masonic Service Association of the United States has eppointed Most Worshipful Brother Thomas R. Dougherty, Past Grand Master of New Jersey, to succeed Worshipful Brother Daniel P. Knode, Jr., as Chief Field Agent in cherge of the M.S.A. Hospital Visitation Program. Worshipful Brother Knode retired at the end of March.

Most Worship Brother Dougherty, who served es Grand Mester of Masons in New Jersey in 1971, brings a wealth of experience with him. For meny years, he was e successful businessman, owning his own real estate firm. He hes filled the pulpit es a Lay Minister in several churches end remains ective in church ectivities. Among his proudest accomplishments, Brother Dougherty established the outstending Blood Bank Program of the Grend Lodge of New Jersey.

The M.S.A. Hospitel Visitation Program, wholly supported by the voluntary contributions of Masons, their feemilies, and Masonic bodies, is one of the great Mesonic benevolences, serving the veterans in more than one hundred Veterans Administration Medicel Centers throughout the country. Since it was established in 1946, the Hospital Visitation Progrem has expended more than six million dollars in support of our Veterens.

"It works, beceuse Masons care."

Misconceptions

Among the misconceptions of Masonry may be mentioned:

Thet it is an Institution orgenized for the chief purpose of idolizing secrets, the ravealing of which is regarded by its voteries as a crime little short of murder and treason. Whereas, in truth and fect, her so-celled secrets are but e means to an end, and the unperdoneble Masonic sin is in the betrayal and prostitution of the high ideals for which Mesonry stands.

That the Mason's chief end should be to make e ritualistic phonograph of himself, when in truth and in fact his reel purpose is to make e part of his thought and life the principles end precepts thet are sought to be promulgated by the ritual.

It is the man who stops with memorizetion of the ritual and goes not on to get its meaning that never becomas a Mason, but remains forever a lodge member, end no more.

Mothers need no monuments of stone.
They live forever in human hearts.
A mother guiding toddling steps to the white church:
A mother whose hand in the dark of night gave courege against all feers;
A mother reading tales about Knights in shining armor to a breathless lad upon her knee;
A mother drying the tears of the boy whose heart was broken when his dog died;
A mother bandaging the stubbed toe of her barefoot boy;
A mother whose voice and presence brought sunshine to the boy who was ill;
A mother asleep in her rocking chair waiting for her boy to come home;
A mother with streaks of silver in her hair facing the future with simple faith and unafraid.
The paint brush of time moves on, painting a portrait of the mother of a boy;
A portrait that will have an honored place in my gallery of cherished Memories.

One of the sweetest days we celebrete is mother's day, with its cherished memories of her who protected and guided our childhood. Our Mothers will never be forgotton; their memory will linger after all else has faded. We humbly thank our mothers for all they have done to inspire and guide us.

Everyone should think of Memorial day and our country and the ideals upon which it was founded.

HAND IN HAND

It's nice to be needed, and do you know why?

We must all depend on the other guy.

You can work yourself right down to the bone,

But you certainly can't get the job done alone.

If everyone realized this obvious fact,

And elected right then to get into the act,

What a wonderful place this world would be,

With me helping you and you helping me!

Dear Beauceant Sisters:

April 1, 1980 was the visit of our Supreme Aid, Mrs. Kai Koefoed. Her visit with us was very pleasant and very helpful. Refreshments were served on the mezzanine following the meeting. Those on the committee were Jane Milhorn and Mary Dean. The tables were decorated in an Easter theme and the refreshments were delicious.

Refreshments were served, cards were played and we had a very nice assortment at the bazaar table. I would like to thank everyone who helped in any way to make this project the success that it was.

April 15 was a regularly stated meeting. Refreshments were served on the mezzanine after the meeting by Mrs. Robert Brecount, Mrs. Robert Whyte and Mrs. Kenneth Gibson. Thank you ladies for pitching in at the last minute.

Hi! Well here it is time again for the article for The Square and Compess. I have sure learned one thing since I have become Honored Queen; time goes so fast that if you're not careful you can blink your eyes and six months have gone by before you get to do everything that you have planned.

Since the last time I talked with you, we have had our Special Visit from the Grand Guardian. I want to thank everyone that made this night very special. My officers made me very proud to be the Honored Queen. You did a great job and we had a good inspection. We had a baby dedication and want to thank Micki Ann (Cochran) Suder for letting her new baby, Charles Benton, be dedicated. He is sure a beautiful baby and she has reason to be proud. We also had a reception after inspection for Associate Grand Guardian, Tom Boardman, who used to be our Grand Deputy and for Robin Bissell, Grand Representative to Saskatchewan. I want to thank Willie Witmer for the delicious dinner, and to my Council for all their help. You are the "greatest".

On May 3 I will be going to Indianapolis to be in the "Miss Indiana Job's Daughters Pageant". I will try very hard to make Bethel 8 proud of me.

A get well to John Wyatt, our Director of Epochs, who had surgery on his back and to Kim Tennis who had to be in the hospital for a

Companions:

Although the Lenten Seeson has pessed as far as the ectual calendar is concerned, the Salvetion geined by ell of us and peid for by the blood of our Sevior cannot be erased or put aside merely by the passing of time.

While serving some of our Brethren at the Veterans Hospital, I ceme ecross a poem written by Elisebeth Cheney which I feel expresses the importance of the sacrifice HE made for us:

THERE IS A MAN ON THE CROSS
Whenever there is silence around me
By dey or by night—
I em startled by a cry.
It ceme down from the cross.
The first time I heard it
I went out end searched—
And found a man in the throes of crucifixion,
And I said, "I will teke you down"
And I tried to take the neils out of his feet.
But HE said "Let them be
For I cannot be taken down
Until every men, women and every child
Comes to take me down."
And I said "But I cennot heer you cry
Whet can I do?"
And HE said "Go about the world—
Tell everyone thet you meet—
There is e men on the cross."

Before continuing with our established prectice of giving public recognition to some of our outstanding companions, I wish to correct e slight oversight on my pert. Lest month when we signaled out our culinary staff for recognition, we inadvertently omitted the third member of thet steff who just happens to be Compenion Don Smith who wears his chef hat with es much dedicetion es he does ell the others while he continues to be one of our most beloved companions.

This month, we wish to express our thanks to Companions William R. Hall, Robert E. Squires and Richard Pfeiffer. Through their combined efforts, our several degrees have been provided with the proper lighting, sound effects and backgrounds so necessary to make thet degree work meaningful to both the degree staffs as well es the candidates themselves. If one is unaware of the ectual physical labor performed by these dedicated workers, we would suggest thet you step behind the scenes and experience personelly the pleasure of handling the heevy lines needed to move these sets. We are sure it will be e reel education. Agein, our heartfelt thenks to eech of this valiant crew.

Last but certainly not least, we wish to remind each Compenion of two most importent dates. The first is May 15 which of course is our stated meeting. The second is Saturday, June 14. On this date, both the degrees of your Chapter and Council will be presented. Companions, it is of the greatest importence thet you attend and participate in the ectivities of your Chapter. When you petitioned and were eccepted into our order, you in turn vowed when you were accepted to give your support to that order. Certeinly thet vow was not given fraudulently. Please help us. We need both your support and encouragement whether it be in the cast or on the sidelines. Let's ell face it Compenions, without each end every one of us, our Chapter is like en empty shell: Abendoned end worthless. Think ebout it my Compenions and meet us there! Also if you have e Masonic friend thet you would like to heve included with us, make sure his petition is received in time to be included with the rest of the cless for June.

Greetings Companions.—

The pest month has seen another important event in the history of Fort Wayne Council No. 4. Nineteen Companions were greeted es Super Excellent Masters on Saturday, April 5th. They were eble to be a part of some very excellent work. A sincere thanks to ell who helped with the work of the day. The Council gretefully appreciates the new costumes end equipment that wes made by Companion John Inches.

Congretulations to Fort Wayne Commendery No. 4 on their Easter Sunrise Service. This is a very special event for the Commandery end should be ettended by ell York Rite Masons.

Oegree work is scheduled for Seturday, June 14. Let's talk to our Brethren now so they can stert eccumuleting the initiation fee. Also a speciel invitation to ell Compenions to plen on attending this degree day. Well filled sidelines meke for e good impression on the candidates. Empty sidelines take awey the joy end excitement of the day. Cen we expect to see you?

Grend Council at Vincennes on March 28 was ettended by Compenions Roger Shefer, Kenneth Gibson, Myron Millhorn and George Olemond. The honor of being appointed Grend Representetive of the Grand Council of Vermont near the Grand Council of Indiana was bestowed upon our Treasurer, Companion Francis A. Studler, Past Grand Sentinel. Congratulations, Compenion "Stu".

All officers please take note. Fort Weyne Council No. 4 will stert the May York Rite meetings. Grend Council rules stipulete thet eech Council must open end close in full form et least three times each yeer. All officers ere requested to be prepared for such opening end closing for our Mey Steted Assembly. Oress will be tuxedo.

Our Recorder reports we heve only three delinquent Compenions. We ere certainly happy thet there are no more than this. It is e tribute to our members and shows thet most realize the importence of York Rite Mesonry. Keep York Rite in mind.

Thought for the month: Whet we are is God's gift to us. Whet we become is our gift to God.

Serenity In Expectancy

New life is creeted daily thet will definitely unify our aims and moods. To live expectantly is e way of living thet makes motion, end gives courege to cringing doubt - eliminating is the enswer to most of our minor troubles thet cen be completely erased from mind and heart.

Of course, anyone can plent redishes, but it takes courege, epplication to plant acorns end weit for the oeks to growl This meens living in expectancy with en eegerness for new conception of life thet awakens new hopes end dreems.

Immortality is to be gained by slow self conquest. Immortality is to be gained by esteblishing the fect thet you ere immortel now. With the expectency your life grows richer every day: brings new interests, new eveluetions, new eppreciations, by ecknowledgment of the continuity of God, and cultiveting expectency of good - then one becomes eware of the ever operetive law of God.

Rejoice end be glad thet we heve the ebility to heve e glimpse of et least e pert of eternity, a continuity in the great edventure called LIFE.

Robert H. Miller, one hundred thirtieth Grand Master of Masons in Indiana, is a native of Fort Wayne, born June 13, 1929, son of the late Homer P. and Anna Malching Miller.

He graduated from South Side High School in 1947 and attended Wittenberg University, Springfield, Ohio. He served as a Sergeant in the Army Security Agency during 1951-53.

In 1953, he returned to his association with Greenlawn Memorial Park, Inc., in Fort Wayne and is now President. He is a Past President of the Indiana Cemetery Association and Past President of the Allied Memorial Council of Indiana.

The Grand Master was married February 17, 1951 to Jane Haller of Fort Wayne. They have two daughters, Susan Jane Miller and Mollie Ann (Mrs. Dennis) Gagnon.

The Masonic record of Most Worshipful Brother Miller began December 29, 1954 when he was raised a Master Mason in Summit City Lodge No. 170, Fort Wayne. He served his Lodge as Worshipful Master in 1963.

Grand Master Miller is a member of Fort Wayne Chapter No. 19, R.A.M.; Fort Wayne Council No. 4, R&S.M. and Fort Wayne Commandery No. 4, K.T. He became a member of the Fort Wayne Valley, Ancient Accepted Scottish Rite in 1959, serving as Commander-in-Chief of the Fort Wayne Consistory in 1969-71. He received the honorary 33° in 1972.

Other newly installed officers include P. J. Shreve, Sr., Zionsville, Deputy Grand Master; William L. Hufford, Lafayette, Senior Grand Warden; Clarence B. Tapper, Hammond, Junior Grand Warden; Richard E. Hickam, Bloomington, Grand Treasurer; John H. Jane, Grand Secretary.

A Perfect Ashler

The rough and perfect ashlers hold a concealed symbol of the Great Architect. The one is made from the other entirely by the process of taking away. To make a perfect ashlar from a rough ashlar the workman adds nothing to the stone; he only removes stone. He discovers within the rough ashlar the perfect ashlar. It was always within, requiring only the skill of the workman to bring it to sight. In the Great Light we are instructed that "The kingdom of heaven is within." It is hardly possible to conceive of a "kingdom of heaven" no matter where it is, without a Heavenly Tenant. If the kingdom of heaven is not the habitation of a Supreme Being, what can it be conceived to be?

Masonic Relief Service

By this time the Masonic Relief and Counseling service planned on having our first meeting with representatives from all the lodges in this area. But because of illness we have had a postponment. We still plan to have a meeting before the lodges go dark this summer. The Masters will be notified of the time and place. The meeting will always be open to any brother who is interested.

We have contacted several brothers who are well informed and active in their particular profession or field and they have offered to serve in a counseling and advisory capacity.

Although we have been unable to have our organizational meeting we are still quite active. At present we are assisting one of the local lodges locate a lost brother whose last known address was California but has not been heard from now for some time.

Remember we are here to serve all members of the Masonic fraternity regardless of the body they belong or what their problems or needs might be.

Mystery of Life

Life is a mystery which thousands of philosophers and scientists from the earliest time to the present have tried to solve. Many explanations have been offered, but none of them have solved the mystery, although modern bio-chemists believe that significant advances have been made. Those who have emphasized scientific research are the ones who have most materially contributed to human progress.

The word science is derived from the Latin word scio, meaning "I know." Scientific research is, therefore, the investigation of that which can be known. It traces the natural law of cause and effect, every effect being preceded by a cause and that effect becoming a further cause.

Science investigates phenomena which are the visible manifestations of some concealed reality. The reality back of an causing the phenomenon we call the noumenon, or thing itself, which can be conceived only by a process of reasoning. One might say that the scientist knows only the shadow of this ultimate reality.

When our five senses are bringing to us information of our surroundings, we are getting scientific knowledge only. We obtain no knowledge of the noumenon, nor can the scientist, with the help of already acquired knowledge, know it.

Let us illustrate. This is what happens when we see a tree; waves of light and color pass from the tree to our eyes, and the optic nerves carry the sensations to the brain. This constitutes the process of seeing.

Home Lodge Receives Grand Masters Award

Home Lodge was presented the Grand Masters Award with High Distinction by Grand Master Charles O. Riddle during Grand Lodge.

The requirements for this award were meeting seven mandatory requirements and fulfilling seven of nine optional items.

Home also received this same award from Grand Master Roy O. Turner at 1978 Grand Lodge and is the first Lodge to have earned it more than once.

Grand Master Robert H. Miller will be announcing his award program in the near future and urges every lodge to accept the challenge of the 80's.

True Friends

You can brag about the famous men you know,
You may boast about the great men you have met;
Persons, eloquent and wise; stars in histrionic skies,
Millionaires and navy admirals, and yet
Fame and power and wealth and glory vanish fast;
They are lusters that were never made to stick,
But the friends worthwhile and true, are the happy smiling few,
Who come to call upon you when you're sick.

SENIOR MASONS

Our regular monthly dinner meeting will be held on Monday, June 2. As usual, we will meet at the Heritage House on Lime Road. We will meet at 12:00 o'clock noon for lunch, with the meeting starting at 1:00 p.m.

Our speaker for this meeting will be Bob Stute. He is co-chairman of a newly formed committee to work with the Masonic Relief Association of the United States and Canada. This committee will assist in counseling and assistance. It should be interesting to see what is taking place throughout Masonry.

We invite every Senior Mason, and those not considering themselves seniors, to join us for lunch and enjoy the great fellowship. You will be glad that you did.

Franklin I. Bryan, Secretary

Greatest Service

What is the greatest service a Masonic Lodge can render its community? The answer is - for every member of the lodge to learn and practice Masonry. Why is this true? Because Masonry prepares the individual for service in those things which build a strong community.

In Masonry one learns reverence, the proper respect for all religions. In Masonry one learns the most important elements of citizenship, loyalty to God, to country, and to others.

The Masonic Lodge teaches that genuine brotherhood is possible only when we respect the personalities of others, and do not demand that others conform to our own opinions.

In Masonry one is taught in the most impressive manner that man lives in vain unless he lives with a consciousness of his spiritual heritage.

The Mason then goes out into the community properly prepared to assume the highest responsibilities of citizenship.

Look about you and see the number of Masons in every community who stand in positions of leadership, who have the respect of the people of the community, and who serve with dignity and honor.

A lodge serves the community best by doing the work of Masonry. In doing so the lodge sends into the community men prepared mentally, morally and spiritually for community leadership.

Brathren:

This month seems to be filled with a serias of events. First, our Secretary, Past Mastar Franklin I. Bryan, is home from Parkviaw Hospitel, where ha hed mejor surgery.

As the old sáying goas, "You can't keep a good man down." Brother Frenk will be at our Past Mester's Night. Past Mastar Arthur G. Spirou will be in Parkview Hospital for back problems.

I would like to thank the brothars who heve taken time to visit our sick and disabled in the hospitels. The memories of those visits will long be rememberad.

This lodga is very fortunete to have e good solid officar line, end Past Masters end brethren who can take over almost any position in lodga and gat the degree work dona. My parsonal thanks to each end every one of you for a fine job wall done.

As you are all ewere, the Junior Warden, Senior Werden end myself will be off to Grend Lodge end back, befora you get this issue. Grand Lodge is very informative, and it is very gratifying to know thet you ere a part of it.

We have much degrea work eheed of us yet. At the prasent time your Mester and officers are working very hard to learn all the degree work, so if someona is not eble to ettend, we can cover their position.

We are asking that all of you support us, end the lodge, by attending regular, and taking part in the degree work. Remember, lodge is like an investment, the more you put into it, tha more you will get out of it. We would like to congratulate our newest Master Mason, Brother Emanuel J. Caywood, who was raised to the Sublime Degree of Master Mason on the 5th of May.

Also, we would like to congratulate the new bride and groom, Past Master Oaniel C. Robinson end his wife, Elaine. South Gate Lodge wishes tha bast of luck to both of you.

We will hava our Annual Pancake Breakfast on the 7th of June, with Open Lodge at 6:00 a.m., breakfast at 7:00-8:00 e.m., end the second section of degree work to stert at 8:00 a.m. At that time, we will have two new candidates, with more to follow. We are fortunate to have many candidates this year. Tha officers, as well as myself, are trying to have en interesting program in lodge for all the members.

I am sure the Past Master's banquet will ba a success, as we have e very good meal and very good entartainment for that avent.

I have chosen June 30 as Past Master's Night. At that Master Mason Degree, we will have four new Fellowcrafts to be raised to the Sublime Degrea of Master Mesons, so I urge all of the Past Masters to contact me and let me know what part of the degree work they want to do, as all of the work that night, will ba dona by Pest Masters only.

That will be the last Master Mason Oegrea work before we go dark, so let's have a large turn out and watch our Past Masters at work. I'm sure they cen get tha job done right.

We are working on plans for a college football trip to see a Purdue game. Further details will be discussed at our next stated meeting.

If any of you know of enyone who is in the hospital, or on the sick list, plaasa call me or any officer of South Gate, so wa cen contact them. Three weeks ago, Pest Master Rex Mericle was in the hospitel for a check-up, and I didn't find it out until after he was back to work. The only wey we know someone is ill or in the hospital is for them to contact any officer or brothar in lodge, and we will be in contact right eway.

I would like to thank Past Masters Glenn Robinson and Robart C. Roddy Sr., for their assistance to our Secretary during his stay in tha hospital. As I said, South Gate lodge is fortunate to have brethren who are so varsitla.

A Day In Juna

And what is so rare as a day in Juna?

Whathar wa look, or whathar we listan,
Wa haar life murmur and see it glistan.

For avery hill I had to climb,
For avary stona that bruisad my faat,
For all tha blood and sweat and grime,
For blinding storms and buming heat,
My haart sings but a graatful song,
These wara tha things that mada ma strong.

For all tha heartachas and tha tears,
For all the anguish end tha pain,
For gloomy days and fruitless yaars,
And for the hopas that lived in vain,
I do giva thanks, for now I know
Thase ware the things that halpad me grow.

'Tis not tha softar things in life
Which stimulata man's will to striva;
But blaak adversity and strife
Do most to keep man's will alive.
O'er rosa strawn paths the waaklings craap,

by our Associete Metron, Sister Juanita Moore, end of the Masonic Home by Brother Amold Moore. Another interesting report regarding the above session was given by Brother Owen Arnos, who reported we stood up end were seated seventy-two times during the Informal Opening, but I say he missed quite a few counts, especially in the row in which I wes seeted. Thenks Owen, for counting, I heve often wondered just how many times we did this. Each of our three delegates thenked Fort Wayne Chapter for the privilege of representing our chapter.

Our first initiation wes held et our May 15 meeting. We were all so very proud of the excellent work of our officers. Congretulations to our two new members, Sisters Ambersil and Judith Teylorl Please come back every first end third Thursday evenings et 7:30 p.m., the more you attend, the more benefits you will reap in friends, fellowship end fun. Also plan to join one or more of our committees, we work of course, but heve fun doing it and it is the best way to become ecqueinted with your new sisters and brothers.

On the ebove mentioned meeting our Worthy Matron also honored fathers: She hed e most clever poem for them, they stood end were able to brag about their children, grendchildren and greetgrandchildren end Sister Carol and Sister Lucy hed a song for them, they then were presented with special (whet else?) nect ties, and were instructed to wear them often to let us know how much they liked them, not to put them ewey in e drawer like most gift ties.

At the close of the ebove meeting, we edjourned to the messanine for sandwiches, pickles, potato chips, coffee end tea, to eat on most cleverly decorated tables in honor of Father's Day, there were more beautiful ties, pipes and mineture newspapers, we have a most speciel Decoreting Cheirman, the wheels must be turning in her head day and night thinking of clever idees, Ruth, you ere the greatestl

And may it elways be their pride,

Greetings Companions:

We are now near the mid-point of our celendar year and es we look ahead toward the remainder of the year it appears we have a lot of work to do before we can consider our year a success. Our big problem, certainly not peculiar to our organization, is lack of ettendance and new members. Granted, the economy of our country has some bearing on trevel end joining new organizations. Perhaps we should consider pooling our transportation. Why not get in touch with a Companion near you and come to meetings together. If you know of e potentiel membar, suggest that he arrange for his initiation fee by setting a small amount aside regularly. With degree work but twice a year it would give ample time to eccumulate the fee. This is also a good way to keep your dues from being e load et the years end. On the basis of our membership numbers we should be bringing in at least 25 new mambers a year. We can still do it this year. Oegree work is scheduled for June 14 and October 1B. We know we have a good product, so let's get out and sell. The life of our beeutiful Temple depends on our membership.

The cast has baen set up and all is in readiness for degree work June 14. Everything, that is except candidates. Petitions can still be brought in and called assemblies will be held to vote on any patition brought in. We need your support.

Fort Weyne Council will sponsor ona child to the Grand Commanderys Camp Crosley summer camp. Individual sponsorships are also accepted, tha cost being $64.00. If you are interested contact our Recorder.

Our May Assembly was opened and closed in full form. Many thanks to the officars and all othars who helped. This is tha second of the required three timas this is to be dona aach year. Our Assembly was preceeded by e scrumptious dinner of appetizer, sauerkraut, poteto, cornbread, sausage, desert and drink, all prepared by our able cooks, Companions Frencis Studler, William Roberts end Donald Smith. Many thanks, Companions. Our next full form opening will be at our Octobar essembly.

Except for another special invitation to participate in or be presant at our degree work June 14, it is time to say to all, have an enjoyable and safe summer and meny we ell reunite in our fellowship in September.

Remember in your prayers all our members who are ill, our shut ins and those bereaved or in any way troubled.

The officers will have rehearsal of duties et the June stated conclave. Many of our Sir Knights that heve not attended an inspection, have not seen the officers do the full form opaning. We will do our best.

To our Sir Knights at home, Virgil Holzworth and Paul Bullard, our prayers for you both. To Sir Knight Franklin I. Bryan at Parkview Hospital, a speedy recovery.

Companions:

As we heve stated before, York Rite still needs a few good men. However, when one goes forth to seek new recruits, he is usually faced with the following: "Well yes, I guess I've heerd of the York Rite but exectly what is it end why should I join?"

The answer to the first part of that question can be leerned by taking e look deeply into the past for the York Rite Allegory. In that manner, York Rite cen be considered as being as old as time itself. Buildings whose ruins exist today contain stones that heve the "Mark" or symbol that identifies the creftsmen that creetad the form of those stones despite the fact that these buildings were constructed in the Oark Ages. In that same line of reasoning, we can content that craftsmen did also so mark their work in constructing the Great Temple in Jerusalem although it cannot be positively proven.

More modern and accurate records concerning the usage of "Marks" are found in the city of Edinburg, Scotland where at a meeting of the Operative Lodge on June 8, 1600, the presiding Master end the members present certified the minutes of that meeting by placing their "Marks" upon them.

York Rite has alweys enjoyed the highest traditions of both honesty and integrity. Our ranks have included the finest men of all walks of life from army generals, lawyers, physicians, teachers, all tha way to the most humbla but honast occupations. Our philanthropic programs range all the way from active support of The Eye Foundation (which has through its efforts has enabled countless thousands of people to enjoy a full lifa by being rastored their sight) to sending an underprivileged boy or girl to Summar Camps over tha entire country.

In the spirit of true love and affection, York Rite can indeed be considered to be a further extension of all the lessons taught to you as you traveled through the degrees of your Symbolic Lodge. Yes, my Brother, truly any man can be justly proud being a member of York Rite and we invite each Mason to join with us.

This month, it is our pleasure to honor three more Compenions whose skills and devotion to our Craft have contributed greatly to the advancement of York Rite. Companions Williem E. Hinkle, Devid O. McComb and Elliott F. Lepper (who recently wes called by The Supreme Master to the Celestiel Lodge on high and who will be sorely missed by his many friends) have given many hours of their valuable time by using their talents in makeup to make old men young, the young old and ell looking authentic to aid in the portrayal of the characters as presented in our various degrees. Believe me, it surely isn't easy to make everyone look good, but these Companions have done it. Through thair efforts, our degrees have acquired an added maaning and we are sure that it has also increased their importance in the mind of each candidate as well as those that have taken part in presenting the degrees. Again, our most heartfelt thanks for all your work. Also, we wish to publicly thank Companion Hinkle for halping York Rite to grow. Through his efforts, the story of York Rite has been presentad to many a Masonic Brother and through his caring, meny new Companions heve been enrolled into our ranks. A tip of the old hat Bill, and pleese keep up the good work.

Before going dark, there ere two important detes to bring to your attention. First, there is still time to get those lest minute petitions turned in so that your friends might be included in the degrees to be held Seturday, June 14, 1980. Also, the lest steted meeting before going dark for the Summer will be June 19. Plaase be present and give your Chapter the support it needs. We cannot stress this too much. It is your own Chapter. Without you, we have no reason to exist. Please be therel

Past Master Oele Teylor attended the VA church services on May 4 es escort.

Senior Warden Oan Walters and I attended Grend Lodge on May 20 end 21.

We have had e committee investigating the possibility of raising our dues. They have came back with a recommendation that we do not raise our dues at this time.

The Eastern Ster of Ossian has graciously doneted money to the lodge, which we are grateful for.

Everyone have e safe summer and remember we do have stated meetings during the summer months.

While it seems a little silly to mention it now, this country WAS founded as e protest egeinst taxation.

The Old Jar In The Pantry

Vilas J. Brown

Oeath usually brings e solemn hush over a household. The flood gates of grief open many times to the way of wild hysteria. The phone call came to me es secretary of the Lodge. A secretary must meet with all types of contingencies. Suffering, death, grief end hysteria ere no strangers.

Thus it wes that I rang the doorbell at the neat little white cottege bordered with flowers of about every description. The little old white heired ledy who enswered the summons hed a sweet smile. The eyes that reflected sadness were still filled with the sweetness of life - e good life.

"Pa died last night," she said with a catch in her voice end I knew she wes being brave with the same spirit of courage thet hed carried our people from ocean to ocean across America. "He always wented e Mesonic funeral end I was wondering if you could help me with it. He was a Mason, you know," she ended proudly. Turning to the old oak teble that stood like a fortress at one side of the room she displayed his Masonic cards.

"I guess maybe it's esking quite e bit of you," she continued, "since Pa seldom went to lodge. We moved here a good meny yeers ago and he never changed over from his old lodge. Seid it was sort of like a mother to him. Oidn't get out too much because he said he'd sort of forgotten some of the slgns but he always kept his dues paid up."

I nodded as I thought of the meny, many brothers who didn't attend lodge, possibly beceuse they'd "sort of forgotten some of the signs."

"Y'know, it's a funny thing too," she edded sort of reflectively, "he paid dues for over fifty years. Beck during the depression they weren't too much but in those days enything was a lot if you didn't have it. He'd start saving early in the year for his dues by putting bits of change in an old jer in the pantry. Sometimes it was only a dime. If he had e job that paid a bit more sometimes he'd put in e half dollar. That money wes never touched for enything else becausa it was sort of like e sacred trust. Somehow I felt that way. I loved him very much end when it's that way you get to know the other person's feelings. This Mesonry of his wes e good deel e metter of Feith - something he could reech out end find when he needed bolstering. Oh, certainly he believed in the church. He didn't go much but I don't think he'd heve gone et ell if It hedn't been for his Masonry. He said Masons were charged to support the church. He'd read his Masonic Bible and say, "Ma, it's right here. This is the Book of the Law emong Masons" end then he'd sometimes reed a passage or two to me. "Y'know," she said, end the expression on her fece was as though she wes looking beyond mortal life for there was no sign of human grief expressed. "I guess Pe sort of made e Mason out of me with his feith, his way of considering things thet seemed to come out of his knowledge of Mesonry. I believe the dues he paid was a smell bit compared to the good it did him - and me. Oh! I'm sorry. I just got carried ewey," she half smiled in en embarressed sort of way. "I didn't mean to take up your time this way but - Pe end I lived together e long, long time and when you get old - you sort of go back end review some of the things that are most dear to you. Pa always said he had friends wherever he was and - I was wondering if you'd -," she half choked up and the teers spreng into her eyes, "if you'd be eble to fix it so he could have a Mesonic funerel. It would meen so much to him and - to me." Before I could answer she turned and went back to the kitchen. I followed sort of numb-like. She went into the old fashioned pantry and quickly returned with a little old brown crockery jer. "You see," she said briskly turning the contents of jar onto the table, "he had a good stert on next year's dues elreadly!"

Since that time, if I had my way that little old brown jar would be the symbol of our freternity - a symbol of faith - a symbol of family Masonry.

Greetings Brethren:

My, how time passes; it is September already. I sure hope everyone had a nice summer and enjoyed their vacations. With the hot months behind us, it is time once again to resume our labors and take care of the business at hand.

September is shaping up to be a very busy month. We will have two candidates for the Entered Apprentice Degree with dinner at 6:15.

September 14 is the annual Masonic Home Pilgrimage. We are driving down in private cars and will be leaving the Masonic Temple at 7:00 a.m. Come to Franklin with us and see what the Home has to offer and visit some of our members who live at the home. Make this a family event; you will be glad that you did.

On September 18, at 7:30 p.m., we will be participating in a Lodge of Instruction with South Gate Lodge and New Light Lodge. Plan to attend this annual event and check on the proficiency of your officers.

I am happy to announce that Brother James Jackson, who was raised to the sublime degree of a Master Mason on May 30, has consented to fill the Chaplain's chair by appointment. I believe Jim is of the caliber we need to lead Summit City into the future, the new decade. If he calls on you to help with the Work Lecture, don't say no. He needs your help just as much as the rest of us.

I want to thank everyone who attended the Grand Master's Reception in June. It was a great success and you showed our Right Worshipful Grand Master, Robert H. Miller, that you do care not only for yourself, but for Summit City Lodge. Also my sincere thanks to Brother Lee Herter for masterminding a program of this magnitude and the execution of same. He devoted many hours to this program.

Our baseball trip to Chicago was well attended by both young and old. I am sure everyone had a wonderful time. We had a very nice day for the game and the Cubs rallied from behind in the ninth inning to win by one run. I want to thank Brothers Ed Collins and Carlton Lee for taking on this task and for a job well done.

September 28 will be Summit City's turn for escort service at the Veterans Hospital. The 29th will be visitation night at the hospital. Plan to attend and bring a little cheer to our Masonic Brothers.

Summit City is once again saddened by the passing of one of our most faithful, Brother Paul Cripe, who until his failing health, was a very active member. He passed on to his Eternal Reward on May 13. To his family and friends, our sincere sympathy. Also the family and friends of Tom Yates, Roy McKee, Ramon Perry, Herbert Siebold, Dr. Harry Garton, Herbert Prior, Leonard Sheets and Neil Stinson, who have been summoned to the Celestial Lodge above. Our hearts go out to you with sincere sympathy.

Summit City's calendar for September is as follows:

Sept. 5, Stated Meeting, 7:30 p.m.

Sept. 12, Entered Apprentice Degree, 5:00 p.m., Dinner 6:15 p.m.

Sept. 14, Annual Masonic Home Pilgrimage, Franklin, IN, All day.

Sept. 18, Lodge of Instruction with South Gate and New Light Lodges, 7:30 p.m.

Sept. 19, Fellow Craft Degree, 7:15 p.m.

Sept. 26, Master Mason Degree, Dinner 6:15 p.m.

Sept. 28, Veterans Hospital Escort Service, 11:00 a.m.

Sept. 29, Veterans Hospital Visitation, 7:00 p.m.

My Brothers, if you haven't been to lodge recently, make an effort to start out the fall season by attending lodge and participating in the labors at hand. We need your help for the degree team. Look well to the East. See you in lodge.

Brethren:

I hope you and your families have had a good summer and enjoyed your vacations, golf, fishing and all good things that summer brings. The transition season will soon be upon us; even now it's back to school for the kids and back to work for the lodge.

First, I want to congratulate Robert Reed Powers, Jr., Robert Lee Brooks, and Jerry Meadows who were raised to the Sublime Degree of a Master Mason on May 28 and Michael D. Hansen who was raised on June 25. I urge all you new masons to attend lodge regularly and participate in its activities.

The June 14 golf outing was a great success. A day of sport and fellowship was enjoyed by all, followed by a good meal and the awarding of trophies and prizes in the evening. We owe Pat Taylor and Robert Beach and all who assisted a special thanks for the many hours of hard work they spent to provide a day for all to enjoy.

We were saddened to learn of the illnesses of Cecil Rhodes and Dorman Walker. Remember these brothers in your prayers for a complete recovery.

The officers and members of Maumee Lodge wish to extend their sympathy to the family of Estell W. Weddle, who was called to the Celestial Lodge. A memorial service was held August 10 in Hamilton, IN with Past Master Neil Doty of Fremont, IN conducting the service.

Brethren, we have several candidates for degree work in September. Plan to put aside the lawn mowers and golf clubs on Wednesday nights and attend your lodge. See you then.

My brethren ell, greetings end congretulations! You era no longer U.D. - Under Dispensation. As of Mey 21, 1980 we recelved en official cherter end e number from Grand Lodge. We ere New Light Lodge No. 754, F.&A.M. Since May 21 wes pest the deadline for the Juna issua of the Squere end Compass end it Is not published in July end August, this is my first opportunity to get back with you via this medium. We still heve one mora formality with which to comply. This is the consecration end constitution ceremony by the Grend Lodge whereupon our officers will be installed by Grand Lodge officers. This will be done on Saturday evening, November 22 in conjunction with a benquet. You will receive further information leter relativa to this euspicious occasion.

As those who were there will confirm, I was pretty much speechless when we were presented with the Charter by Pest Grend Mester Charles Riddle. However, R.W.B. Speciel Deputy Al Whita P.M. did e fina job of expressing our feelings. It hes been said thet the pen is mightier than the sword. And, if long windadness is eny criterie, I AM mighty with the pen, evan if my sword work is faulty.

Thara ara so many paopla that wa owe gratitude to for making our chertar possible, it is impossible to nama tham all. To M.W.B. Grand Mastar Bob Millar and P.M. Lee Harter for conceiving the idee of e day time lodge in the first place. To P.G.M. Don Burton end P.G.M. J. Cerl Humphray for coming to our original orgenizational maatings and advising us on gatting started. I was not in on these first meetings so do not know who ell the original people ware but certainly thenks ara dua to tham end to ALL you mambers of Naw Light Lodge. You ALL lebored faithfully throughout ell these past months, finally culminating in the charter. You ALL helped and era ALL to be congratuleted. Thanks to P.G.M. Cherles Riddle for granting us the dispensation which was necessary to even get sterted; for granting the cherter; end for appointing R.W.B. Al White P.M. as speciel deputy to work with us. Of ell the meny qualifiad Masons, Brother Riddle could not heve possibly come up with e better choice. There is no way we can ever edequetely express our appreciation to Brother White for ell his time end effort in whipping us green horns into shepe enough to where he could recommend to the Grand Lodge thet we receive the chertar. Thenks to P.G.M. George Becknell end the others of the Grand Lodge Committee on cherters end dispensations for their feir exemination end recommendation thet we receive a charter. Carteinly wa went to exprees thenks to ell tha officers end members of ell the other lodgas end Masonic bobies in end eround Fort Weyne who helped us so much in putting on degree work es well es contributions of caeh end items necessary to conduct the business of the lodge. So meny individuels from avary Mesonic body it would be impossible to name ell of you.

As for myself I wish to express my eppreciation to you ell for allowing me to sarve es Mester of Naw Light Lodge during har infancy. It hes been a Mesonic revitelization for me. Like e lot of Pest Masters I kind of got out of tha habit of going to lodge excapt for "speciel" events, elnca I was Mester of South Geta Lodga No. 731 in 1965. This hes become e welcome opportunity which hes renewed my Mesonic enthusiasm. In fect if I could figura out some way to meka e living end "support myself end femily" by doing Masonic work I would do just thatl

We will heva our reguler stated meeting on Saturdey, September 13 at the usuel time of 10:00 e.m. Than we will be conferring the Enterad Apprentica degree on our

Sister JoAnn and Brother Arnie ere hoping everyone had e safe, fun, relaxing, happy, COOL (?) but enjoyeble summer because, we ere going to heve to jump right in, put our shoulders to the wheel to accomplish our Fall projects end Winter ectivities.

I know I heve used these lines before, but they still best express our feelings.

The summer's come; the summer's gone;
But this I know is true,
Throughout the long end sunny days
I've often thought of you!
It seems so good to see you now; But - bet thet you'll agree,
The summer wasn't nearly long enough, For either you or me!

Glancing backward, on June 5 our Worthy Metron held an impressive Memorial for ell our deerly departed members during the pest yeer. As the Associate Matron reed the list of names, the Marshel passed among the officers end sideliners who participated in the ceremony by placing e white silk rose in e basket as a chime wes sounded for each departed member. A special prayer was offered. Beautiful music by our Choir singing "In the Hollow of His Hand" concluded the Memorial.

June 19 was our Friends Night with a carnivel theme for e fun night. Our friends came from far and neer, were pinned with clever bright clown vouchers end were greeted as they came in by e couple of "real clowns". Under Good of the Order, our friends ware introduced and presented with handmade gifts by Sister JoAnn, from our chapter. The gifts were crocheted hot ped Hand Puppers. After the close of chepter, we retired to the mezzanine which hed been converted into e midway. There were severel booths with games of chance where meny prizes were won. There was even e fortune teller who told the most amezing things. Refreshments were of e cernivel neture - hot dogs, popcorn, cold drinks, coffee, etc. We are sure from the comments overheard thet a good time wes had by ell.

Bright and early on the morning of June 21, a lerge group of edventuresome Fort Wayne Chepter members end friends boarded e bus for Neshville, Brown County, Indiene. We were greciously served coffee end doughnuts on the wey down by our Worth Metron, Worthy Patron end Sister Juanita. This was e welcome treat, es meny of us

OPENING THOUGHT: KEEP TRYING . . . Genius is only the power of making continuous efforts. The line between feilure and success is so fine that we scarcaly know whan we pass it; so fine that we are often on the line and do not know it. How many a men has thrown up his hends et e time when a little more effort, a little more patience, would have achieved succass . . . There is no failure excapt from within, no really insurmountable barriar save our own inherent weakness of purpose.

The summer has passed quickly, and we are about to settle into e busy schedule for fall. I am sure our WHP has meny exciting events plannad for us. Join me on the sidelines.

Freemasonry And Religion

As we heve ell heerd it said meny times, Masonry does not cleim to be a raliglon. Tha religious concerns of the human family ere a thing epert from the meteriel, soclel or moral pursuits of lifa, end ara no concem of ours as a fraternity.

All we esk of the petitioner for tha degrees of Masonry is thst ha express hla beliaf in tha Deity, the ruler snd govamor of the universe. Whether he epproeches the Deity in his hours of davotion by tha nama of Alleh, Brehma, Jahovah or Jesus is no concem of ours. It metters not whether he eccepts tha Bibla of Christienlty, tha Telmud of the Jew, tha Koran of tha Mohemmeden or the Zind Areste of the Parsien, ee e true book of intar pratation.

We damand nothing of tha spplicant who knocks at the door of Mesonry, except the decleretion of his beliaf in the axistanca of tha ever-living and trua God. And wa promise that while kneeling et our shrine, said petitioner will not heer his wey of serving God spokan of irraverently.

What Do You See?

A lecturer once begen his eddress by teking e squere of white peper on the bleckboerd. Then he took e piece of crayon end carefully mede e black dot in the center of the paper.

"Now," he asked, "whet do you see?" Person efter pereon enswered, "I see e bleck dot." Finelly, the lecturer esked, "don't eny of you see e lerge squere of white paper?"

So it is with the everege run of people. Most of them ere prone to ignore the good conduct of others, end constently focus their ettention on the rare feult. Let us look for the lerge squere sheet of clean white peper, rether than the smell bleck dot.

Life's Purpose

Man serves e will end en intelligence infinitely beyond his own. Man is meent to be what he is capeble of being. He is meant to develop and use his meximum potential.

Man's purpose is to refine and develop his powers end use them to dominete the brute elements of the world — to subdue end reshape them — whether they be outside him like a granite cliff or inside him like the violence of his own nature.

Men has never submitted long to unscaleble cliffs. He mey eccept them if he has to, but every once in a while he goes out end looks them over end wonders if he hes the courage and strength end skill to make the try. Sooner or leter up he goes, end rain, wind, snow, end granite do not turn him beck. He may not meke it to the top — he mey fell — but he will heve helped someone else to make it to the top some dey.

Now man stands et the top of one of time's cliff end he looks out ecross space. I do not know where he is going or how he is going to get there. But I do know that he is man, and he was not meant for paltry accomplishments. There is something in his brain end in his blood that will not let him be bullied or beaten by cliffs of emptinesses — in neture or in his own neture.

America

God built him a continent of glory and filled it with treasure untold. He studded it with sweet-flowing fountains, end treced it with long-winding streems. He carpeted it with soft-rolling prairies, and columned it with thundering mountains. He greced it with deep-shadowed forests, and filled them with song.

Then He called unto a thousand peoples, and summoned the bravest among them. They came from the ends of the eerth, each bearing a gift and a hope. The glow of adventure was in this eyes, and in their hearts the glory of hope.

And out of the bounty of earth, and the labor of man; out of the longing of heart, and the prayer of souls; out of the memory of eges, and the hopes of the world, God fashioned a nation in love, end blessed it with purpose sublime.

And they called it America.

Masonic Relief Association Holds Meeting

August 18, 1980 there was an informational meeting concerning the Mesonic Relief Association of Fort Weyne and Northeastern Indiana held at the Masonic Temple. We hed nine lodge represented and our Most Worshipful Grand Master, Robert Miller. M.W.G.M. Miller put forth several excellent ideas and informed the group he would be glad to be of any assistance. After explaining the program there was a discussion period efter which ell of those present endorsed the program. The one thing the progrem does stress is that this is not a give away or charity, but is an assistance end counseling service for all Master Masons, their widow and dependents.

On September 15 an organizational meeting was held et which time we had eight lodges present. At this time Vince Westfall was chosen chairman and 8ob Stute vice chairman. It was decided to name e Secretary-Treasurer et the next meeting.

The Masonic Relief Association is a program working along with an extending any other programs the lodges now have. With this program we hope to give more meaning to Masonic Cherity.

The next meeting will be Sept. 29 at 8:00 p.m. in office at the reer of the second floor of the Temple. Anyone with e question or who is interested is welcome to come. 8e sure each lodge is represented.

House Committee Holds Meeting

At a recent meeting of the House Committee it was decided to check on the overall use of the Temple. Effective October 1, there will be a registration book et both front and reer door of the Temple. It is requested that those using the Temple any time during the day register at one of the books. If you happen to be in the Temple more than once during the day, register each time. The Trustees hope to have a better knowledge of how much the Temple is being used and thus plan accordingly future use and programs, hours, etc. for the utmost benefit of all.

This will be on e triel besis for the month of October and may be tried at other periods during the winter.

Royal Arch Research Assistance

To relieve the distressed is e duty incumbent upon all men but perticularly Masons.

Hearing end Speech scientist et Coloredo State University say one problem of children is poor heering processing (auditory perception). They suffer from inebility to sort out sounds –therefore have problems of learning associating with children, developing in a normal manner.

Authorities estimete perheps 25 percent of school children have this problem.

These ere the poor learners and discipline problems because they cannot use sound as the everage child does. They are on their way to becoming drop outs, misfits, and discontents.

If we do not help these children, many will find themselves in trouble with the law.

The situation is not hopeless. Progressive research at C.S.U. indicates remedies ere possible but more research and testing ere necessary.

You can participate in the research.

1. A contribution of only $1 per year from 500,000 Masons in General Grand Chapter would raise e half million dollars annually. 2. Supporting Endowment Fund, eny amount will be gratefully received but to recognize donors, we will present (A) A red certificate for gifts toteling $25; (B) e silver certificate for gifts totaling $50; (C) a gold certificate for gifts totaling $100.

Masonry Not Impractical

Masonry offers no impracticable and extrevagant precepts.

It seeks of its initietes nothing that is not possible and even easy to perform.

Its teachings ere eminently practical; and its statutes can be obeyed by every just, upright and honest man, no matter what his faith or creed. Its object is to attain the greetest practical good, without seeking to make men perfect.

It does not meddle with the domain of religion, nor inquires into the mysteries of regeneration.

It teaches those truths that ere written by the finger of God upon which have been wrought out by the meditations of the studious, confirmed by the allegiance of the good and wise, end stamped es sterling by the response they find in every uncorrupted mind.

Let Your Actions Shine

An eminent Mason has said: "I would not give much for your Masonry unless it can be seen. Lamps do not talk, but they shine. A lighthouse sounds no drum, it beats no gong, and yet far over the water its friendly spark is seen by the mariner. So let your actions shine out your Freemasonry. Let the main sermon of your life be illustrated by your conduct, and it shall not fail to be illustrious."

Brethren: Now that we have emerged from darkness into light it begins to look like a busy calendar for the rest of the year.

In the September issue I stated thet Shockley Lockridge would retire as Secretary after twelve wonderful years. I'm sorry; it has been sixteen years that he has so faithfully served us.

We had one candidate for initiation in September end one by affiliation. Our membership is not only growing but we are seeing more brothers attending lodge again. We're truly greteful.

Ron Higdon, the Master of Lafayette Lodge was our guest on Sept. 10. As you may remember, Ron was a former Junior Warden of ours.

On Saturday, Oct. 18 we will have a dinner honoring our Past Masters, their ladies, widows of former members who heve retired to that Celestiel Lodge, and some of our fifty year brethren. Be sure end mark your calendar for thet date. Friends and relatives will be welcomed too. There will be a $3.50 donation at the door plus $1.75 for youngsters under eight years. The dinner will be served at 6:45 p.m. and there will be enjoyable enterteinment during the evening. Be sure to advise Shockley (after 12 noon) 447-4481, or Ray Sipe 484-1681, or me 625-4175. The deadline for reservetions will be October 15. Call us early.

The Order of the Eastern Sters and the Waynedele Fellowcraft Club will jointly sponsor e barbecue dinner on November 1. There will be more details on this in Ray's calendar of events to come. The Stars will furnish adequate kitchen help but there will be a need for brothers to volunteer to help serve. Price will be established soon. Tickets will be sold for this event.

I am your correspondent:
I look to you for news,
Most anything you offer,
I'm almost sure to choose.
Sometimes it is a struggle,
to put it all together;
You give and take a bit,
like good and stormy weather.
I listen very carefully for news,
I make a search;
But when I come up empty
handed, it leaves me in a lurch.
If you've got something worthy
for someone else to read,
You're the one I'm looking for
For you I have a need.

There is something in the Autumn
that is native to my blood —
Touch of manner, hint of mood;
And my heart is like a rhyme,
With the yellow and the purple
and the crimson keeping time.

The scarlet of the maples
can shake me like a cry
Of bugles going by.
And my lonely spirit thrills
To see the frosty asters
like smoke upon the hills.

There is something in October
sets the gypsy blood astir,
We must rise and follow her,
When from every hill of flame
She calls and calls each vagabond
by name.

CLOSING THOUGHT

Much has been said, written and read, Of old friends standing true;

That to hold to the old is like hoarding gold, And old friends are better than new.

To me comes the thought, by experience taught, Presenting a broader view;

For the same thread of gold we see in the old, Will also be found in the new.

Our first Chapter meeting, September 9, was a wonderful potluck. Oh, such wonderful, beautiful and elegant dishes of food! It was so good to welcome our friends back after a busy summer. The Program Committee was in charge and did a superb job as always.

The theme for our meeting was "Apples," and our vouchers were "worms with wiggly eyes." The Choir and Pianist honored the sideliners by singing appropriate words to the tune of Glow-worm and also

"Don't Sit Under the Apple Tree." The Conductress end Associete Conductress pessed out a nice polished red epple to each one.

Out of the Vast

There's part of the sun in an apple,
There's part of the moon in e rose;
There's part of the flowing Pleiades
In every leaf that grows.
Out of the vest corners neamess;
For the God whose love we sing
Lends a little bit of His Heaven
To every living thing.

Augustus Wright Beuberger

The Worthy Matron read e cute poem entitled, "What Is An Apple?" The epple was really glorified.

Cleyton Herrick, Pest Grend Patron of the Indiena Chapter O.E.S., accompenied by our Worthy Matron, presided at the Award of Gold Presentation for Sister Kathryn Tierney, a 50 yeer member residing in Floride. She wore a corsage of white carnations presented to her by Star of the East Chapter. She was escorted to the altar by her sister, Mary Pratt. The ceremony was lovely and most impressive.

We missed the American Flag up in front. But it is the desire of the Worthy Grand Matron that the American Flag be presented by the Marshel, accompanied by the Conductress end Associete Conductress to its standerd. This is a most impressive service and we all liked it very much. It will be used in every meeting henceforth.

The following officers birthdays were ennounced, Jeen Berker, Martha Pouet, July 6, Jessie Filler, Ruth Point and Mery E. Bird, Secretery, both having birthdays September 20. The Chapter sang "Happy Birthdey" to them.

The resolutions were read for Past Grand Matron Hazel Coats, Past Matron Lucille Brattain, Sister Nellie Barley, Sister Essie Herlan and Sister Opal Miller. The Chapter will be draped for 30 days in memory of these deer members.

September 23 wae e stated meeting.

The Ways and Means Committee had their rummege sale September 18 and 19.

In keeping with the Worthy Matron's desire to inform sisters end brothers about the symbolism of the Eastern Ster, she told us ebout the Labyriuth and why the Conductress winds it as she does et initiation. The Labyriuth was first wound when Sister Nettie Ransford was Right Worthy Grand Conductress of the Generel Grand Chapter.

October 14 is Master Mason Night. The theme is "Hats Offl to our Mester Mason."

On October 25, Star of the East will host the District 14 meeting. This will be Saturday night. It is a pot luck plus there will be e Christmas euction.

Your dues ere due. Notices have to be mailed the first of November. You can save your chapter approximately $200.00 in postege by meiling your dues in before November. Dues are still $10.00 per member, $3.00 to Mesonic Home, $1.00 to Grand Chapter, $4.50 paid to Masonic Trustees, which is e totel of $B.50. $1.50 is left from your dues for Chapter expense.

Mutual Understanding

For centuries mankind has differed on the true meaning of tolerance. There heve been many diversified definitions end opinions on the subject and often the age-old question comes to the fore: "What is tolerance and how far does one go to cultivate it?"

Tolerance, in my opinion, is born of mutuel understending. If we ere considerate of others, we merit a greater measure of consideretion and respect from them

The Constitution of our Country is founded upon the principle that all men are free and equal and heve certain inelienable rights, among which ere the right to life, liberty, and the pursuit of happiness. Durs is a government of laws end not a government of men. Equal rights and equal opportunities, limited only by the intelligence end ability of the individual; ere insured to ell alike.

The division into the Legislation, Judicial and Executive brenches was conceived by men who lived in an age when individuel rulers and their agents imposed their wills upon their subjects. Tyrenny, called Dictatorship, was the result of past conflicts and since then has become prevalent in many nations. It is the source of intolerance and oppression that exists throughout the world today. Minorities are persecuted in some of the nations, end in others, minorities rule and impose their governments and demands upon majorities. But the ultimete outcome will be assured; people of all nations are determined to free themselves and others who are oppressed.

It is the consensus that we are all members of certain minority groups by reason religion, nationality, race, political opinions, or otherwise. In the same sense, we belong to majorities through mutuality of interest and understanding. Dur essociations are determined in great measure by our personal charecteristics and the experiences we have hed in life. To associete successfully we must be tolerent of the rights end beliefs, as well as the opinion of others. A group is judged by the acts of its individual members; we are judged by our own personal ects, deeds and opinions.

So very often we overlook the application of tolerance to our daily lives. When it is called to our attention - we seem amazed and chagrined - not eware of our attitude toward others. We immediately find excuses to cover up for our behavior and our lack of tolerance and understanding. We cannot possibly believe thet we have been intolerant any way at all.

Citing meny instances: when your nerves are on edge and you become critical of e loved one; when you hear idle gossip and accept it as truth; when the weather does not suit your plans and you become unbeerable; when you dislike your neighbor's opinions because they do not parallel your own; when you feil to realize that the thoughts of others may have been actuated by worthy motives unknown to you; end when you fail to heed the teachings of the Golden Rule; if you find yourself guilty of any or all of these things, then you are intolerant and you might just as well face it.

Dn the other hand, if you can be a good listener, a true companion, a helpful citizen, e courteous, generous, devoted, loyal, unselfish, gracious, thoughtful, kind and understending individuel; then you can be comforted with the essurance that you do epply tolerance in your daily life and will derive happiness and contentment from it.

Therefore, as we individually respect the principles of free government we are tolerant toward others. In order to maintain Freedom, Equality and Justice, we must be united through mutuel understanding and respect the rights of others, even as in Masonry we are taught to render unto every man his just due without distinction.

Freemasonry through the constant vigilance of its members has preserved its high ideals and principles. It is by wise selection and due regerd to character and personal qualifications of those who seek membership, that Freemasonry will continue to attract and to enjoy the patronege end support of men who revere the principles of Liberty, Equality end Justice.

Tolerance respects the feith of others end the laws of the government. Tolerance springs up from mutual understanding and the more fully we understand it the closer we will be drawn together. Thus we realize the true significance of "The Brotherhood of Man."

All of these things ere applicable to leaders as well as members - for one cannot destroy while the other tries to build.

Footpath To Peace

To be glad of life, because it gives you the chance to work and to play and look up at the stars; to be contented with your possessions, but not satisfied with yourself until you have mede the best of them; to despise nothing in the world except falsehood and meanness, and to fear nothing except cowardice; to be governed by your admirations rather than by your disgusts; to covet nothing that is your neighbor's except his kindness of heert and gentleness of manners; to think seldom of your enemies, often of your friends, and every day of Christ; and to spend as much time as you can, with body and with spirit in God's out-of-doors — these are little guideposts on the footpath to peace — Van Dyke.

WORK!

I am the foundation of all business. I am the fount of all prosperity. I am the parent of genius. I have laid the foundation of every fortune in America, from Rockefeller's down. I must be loved before I cen bestow my greatest blessings and achieve my greatest ends. Loved, I make life sweet and purposeful and fruitful. I can do more to advance a youth than his own parents, be they ever so rich. Fools hate me; wise men love me. I am represented in every loaf of bread that comes from the oven, in every train that crosses the continent, in every newspaper that comes from the press. I am the mother of democracy. All progress springs from me. What am I? What am I? I am work!

What Does Masonry Teach?

The above question is one that has been raised quite frequently by those outside the masonic fold. Then along comes another, "What are Mesonry's imposed obligations that are said to constitute the whole duty of man?" The well informed Mason's reply would be something like this: These duties as taught in the lodge are those clearly set forth in that Great Light of Masonry - The Holy Bible.

This has been the answer of every Hebrew and Christien for meny centuries yet they ere divided into sects as diverse as the surfaces of a Kaleidoscope. The churchman might answer that he failed to recognize in the teachings of Masonry either the dogma or forms of church discipline or its religious fervor and faith. From these supposed replies it is apperent the mere references to the Bible, as to what Masonry teaches, is not elways satisfactory to the inquiring mind, however, eager he may be to learn the truth.

To be more concise, we might state that Masonry is a school of ethics, a science of human duties, a system of morals eccepted by practically all religions as essential to human excellence. These duties are living and actuel, and are to be interwoven into the work of our daily lives. Teaching love, faith and duty, it unites men in the strong embrace of fellowship, thus becoming a school wherein are taught the virtues and useful lessons of everyday life. Masonry keeps alive the desire for knowledge, end awakens the inspirations for all that is loyal and enobling. Its underlying principles are beliefs in God and faith in man's capecity for good.

Compenions: Your Chapter hed the honor of formally opening up the fall season of all York Rite events when we opened in full form in our Chapter Room on our stated meeting which was held September 1B, 1980. I wish to thenk personally each and every officer and member Companion for the fine work and cooperation shown.

We have just been informed that Companion Robert (Scotty) Whyte is presently confined in room L6420 in St. Luke's Hospital located at 2900 W. Oklahoma Avenue in Milwaukee, Wis. 53215. He hes a bed side phone and the number is 414-647-76B3. Ouring a heart catherization examination to determine how well en earlier operation wes working, Scotty experienced a very serious reaction. In speaking with Julia Whyte, we were informed that Scotty will be there in this hospitel for at least six weeks. We would esk that each Companion and Brother earnestly offer his prayers for Scotty's early recovery.

Better news concerns both Companions Simon Hartsing and John Inches. Both Compenions are home from the hospital, doing very well and both would appreciate receiving calls as well as visits from their brothers.

Following our usual custom of honoring some of the outstanding members of our Chapter, this month I would like to nominate Compenions Roger W. Shafer and William L. Doctor to be members of our current Hall of Fame. Oespite the many honors end all the grand titles that have been conferred upon our friend Roger, he has always maintained a friendly attitude towards all the people he has come in contact with. If he can be of help in any way to any member, Roger has always done so, be it in answering difficult ritualistic questions, taking an extra role in a degree conferal or aiding in any worthwhile cause, our Chapter and our Companions can elways count on his help. Companion Bill is cut straight out of that same bolt of cloth. Despite the pressures of e very active business, we can always count on his cooperetion in eny matter which might in the smallest way promote Masonry or eny other good works which might benefit his fellow men. Fort Wayne Chepter No. 19 is indeed fortunate to heve men such as these within our ranks and I wish to here and now thank each of them for all their help and the wise counsel thet they have shown each of us.

Please don't forget to turn in those petitions as soon es possible for our next York Rite Convocation. Remember that our fall class is slated to receive their degrees on Saturday, October 18 and 25, 1980 and it so far has given all the promises of being a great one. With the help of each Companion, we are sure it will be. After all my fellow Companions, in these days of inflation, membership in York Rite can easily be one of the greatest investments anyone can make. Surely each of you have severel Masonic friends that would qualify for membership in the greatest fraternity in the entire world. Why not do them a favor and invite them to join our ranks? It still isn't too lete to get them into our next class.

Remember your presence is earnestly requested end needed at each of our stated meetings es well as each degree. This is your Chepter. Let's make it the best. With your help, it can be. See you at Chapter.

A Master's Wages

It is the consensus, thet the Masonry we have end practice today is based upon craftsmanship, skills, rules and regulations leid down by King Solomon for the guidence of the workmen in building his Temple many centuries ago. This phase we now term Operative Masonry. Our development of the craft is called Speculative Masonry. Some feel there is a wide difference between the two forms. However, on close examinetion we find, actually, there is little difference.

While it is true that the creft in King Solomon's time was created for the erection of a physical building made of timbers, stone and cement, each man who labored upon that Temple was expected to observe the same rules of conduct as we are today.

In those days each workman was eager to become e Master Mason. There were many reasons for this. As each passed from degree to degree more and more of the secrets of the Order were given to him, his importance in the Craft increased and so did his wages.

Thus, today, one of the major reasons for continuing on to the sublime degree of e Master Mason is that one may receive a Master's wages. In the early days that meant money or its equivalent. Today it means something else, but something even more valuable. The Templa we raise is a spiritual one and therefore the "wages" are spiritual also.

What are a Master's wages in Mesonry today? And why should each of us seek eagerly to merit them? In the answer to this lies the heart and soul of the Order, its effect upon ourselves and our influence upon the life around us. Today it is not monetary rewards we seek, but the opportunity of doing good end our influence upon the world eround us. These ere wages that cennot be measured in money or eny other material thing. They ere peyment for being right in heart, in spirit end in the desire to help our fellowmen.

Therefore, when solemnly we state that we come honestly seeking Light end informetion and instruction that will enable us to merit e Master's weges we are asking only the guide lines that will help us to aid our brothers and fellows and that will meke our lives count for something in the world while we live here.

While the ultimate purpose of Masonic life is to fit us for a worthy place in the eges to come, we must insist thet this world is our treining and proving ground. Here is where we must prove ourselves worthy of whetever plans or purposes the Master Architect may have for us in the future. If we do well the work set out for us here we shell merit consideration in the endless eges to come.

Ooing these tesks well insures not only commendation while we live here these few years, but guarantees acceptance in the mighty works of a creation, beyond, that is not finished end will not be finished in the countless centuries that lie ehead of us.

Our earth is a speck in the universe. All of the divine plans we may not know. What we do know is that we are here. That we are endowed with en intelligence linked with divinity. This vest whirling world, of universe of worlds, was not created merely es a whim. Behind all of it is e magnificent purpose. Nor ere we here by whim. We ere intended to have an important part in the development of e never-ending universe. When we get that our own place becomes more cleer. Then, and then only, cen we comprehend whet really constitutes a "Master's Wages". We shall be trying to fit ourselves for a part in the now incomprehensive plans for building a whole universe dedicated to the Supreme Architect.

A Master's Wages can now be collectcd only in part. We mey have the joy of helping our fellowmen, of living strictly according to the age-long tenets of our Order. These are rich end sweet indeed. But beyond them ere wages which we cannot compute by mundane standerds. A glimpse of these we get by the illuminetion of the Three Great Lights.

It behooves all of us to think on these things. A lodge meeting is not just passing through a set ritual. It is one more step in the way toward the day when you shall receive e Master's Wages — riches of which now you have no conception. Try to understand this for when you do — you will be in touch with the infinite and an inexpressible glory will come to you.

The Typographic Error

The typographic error is e slippery thing and sly.

You can hunt till you ere dizzy, but it somehow will get by.

Till the forms ere off the presses, it is strange how still it keeps;

It shrinks down in a corner and it never stirs or peeps,

The typogrephic error, too small for human eyes,

Till the ink is on the peper, when it grows to mountain size.

The boss he steres with horror, then grabs his hair end groans;

The copy reader drops his head upon his hands and moans —

The remainder of the issue mey be clean as clean can be,

But thet typographic error is the OLNY thing you see.

Upon The Center

In looking over the minutes of some of our older lodges we frequently see this statement: "The lodge was convened upon the center." For the benefit of those who might be puzzled by such an expression, we would explein that this means the lodge has been opened in the third degree.

According to old English rituals a lodge was said to be "convened upon the center" when ell present were Master Masons, and were, therefore, equally near the imeginary point within a circle which denotes equality. In a lodge of Entered Apprentices or e lodge of Fellowcrafts, not all present were of equal rank and were therefore et various distances from the central point. Hence e lodge of Master Masons was said by our brethren of yesteryear to have been "convened upon the center."

Impressive Moment

What is the most impressive moment in Masonry? A good question and one extremely difficult to answer. Not only ere there many such moments, but eech Mason undoubtedly would have a different opinion.

It could well be the moment of his first reception into the lodge, when met end guided by a faithful friend; or, when first eddressed as "Brother." The moment the Apron is presented is e beautiful experience, as is the first glimpse of the Great Lights of Masonry.

We could go on end on, for truly Masonry is filled to overflowing with beeutiful and meeningful moments.

However, if the same question is asked of life, end viewed from the standpoint of importance, it is elmost certain to be the moment at which he has mestered e skill or profession, end thus be enebled to meke a living. For now he can support a wife end femily and participate in the art of living. None too romantic, we admit, nevertheless extremely practicel.

And is it not so with Masonry? In each degree, when the candidate or brother is presented with the Working Tools and is taught their use, he is then enabled to work es e Mason and to support his lodge. But more important, he cen now suppon himself morally and spiritueflly.

Masonic Charity

One of the most veluable contributions to the world around us made by Scottish Rite of the Northern Masonic Jurisdiction and its 500,000 members during the last third of this century has been the stimulating of interest in, and the development of backing for, the financiel and scientific effort to pinpoint the basic causes of schizophrenia — the most prevalent and serious form of mental illness.

From the modest beginning in 1934, the Scottish Rite schizophrenia research effort has grown to e point where 37 seperate research investigations were underway in 1972, four Scottish Rite mental health fellowships were granted to highly promising young scientists and 14 student stipends were awarded to research inclined doctors-in-training to work with senior reseerch leeders during vacation months.

This expanding end diversified endeavor to solve the tregic puzzle of schizophrenie has been made possible by e steady pipeline of support — gifts from thousands of Scottish Rite members and friends.

Not Free

It would eppear thet too meny of our brethren have misinterpreted "Freemeson" to mean free from attending lodge, free from helping the Mester, free from fulfilling obligations voluntarily assumed, free from taking pert in the work and free from giving any effort or time toward the welfare of the lodge.

Masonry, my brethren, is not free. Its rights, lights end benefits can only be purchased with your time and effort. Let us meke it a point, from now on, not to weit until we heve e free evening before we ettend lodge, but sacrifice just e few of our other pleesures to support our greet Freternity in which we cleim to heve so much pride.

The Great Architect

We who ere Masons often refer to the Supreme Being as the Great Architect of the Universe. But whether in calling Him the Great Architect of the Universe we catch ell the implications, I em not so sure. If He is the erchitect, then He hes a plen end He has a purpose you must of necessity see it in terms of the development of the human personelity of the peak of its possibilities.

The Fraternal Emblem

As the emblem of the oldest end lergest fraternity in the world, the Mesonic Squere end Compass is doubtless the best known of ell fraternel emblems. Whether it be the Squere end Compass of the Symbolic Lodge, the Double Eagle of the Scottish Rite, the Cross end Crown of the Knights Templer, or the Cresent end Scimiter of the Shrine, most members of these verious Mesonic orders wear lepel pin, ring, or other insignie very proudly, for it merks them es members of one of the greet cherecter building organizetions of ell time, second only to the Church for its impact end effect upon the men of this, end many foreign countries.

When we travel ebout end see e total stranger weering e Mesonic emblem, we ere predisposed to eccept him es e men of honor, integrity and trustworthiness, for thet emblem says, in effect, that here is e men who believes es we do. One Supreme Being; e men who has been judged by those who know him best, end found to be worthy end well-quelified; e men, who like ourselves hes dedicated himself to the service of his fellowmen.

When we meet such a men, we may count on him es e friend end brother, end he should be eble to judge us in the seme fashion, end place the same confidence in our integrity end steedfastness thet we plece in his.

No Secrecy

It hes always seemed inconsistent end poor economy to shroud the Masonic Order with a veil of secrecy. If the people of the world could only be mede to understand the high idees by which Mesons ere bound together it would be e greet blessing to humenity. The influence of millions of men, banded together, swom to right living, to liberty, to square dealings with each other end with the rest of the world, would end should be a great motivating forca for right egeinst wrong - for the elimination of oppressors of all sorts end kinds . . We should employ all the betterment of mankind, for the strength of our Order, for the country end our homes.

If you feel there's something missing, how meny times heve you been to Lodge?

Brethren:

October and November have shown e definite slow down in ritualistic work. There ere probably meny velid reasons for this to be - kids back to school, the economy, and the unprecidented number of lay offs. These heve certainly taken their toll.

But we have been busy, too. On the 18th of October we had our annual Pest Master's and their ladies' night. We had es guests the widows of departed brothers, and our two fifty-year members. We had a fine dinner end some excellent enterteinment. If you missed it you missed e treat.

Possibly by the time that you read this we will be having or heve hed our barbequed chicken dinner, sponsored by the Stars and the Fellowcraft Club. If this reeches you in time, don't miss a real chance to help both groups.

October should be a beautiful month end our sentiments are clearly said in this poem:

O sun and skies and flowers of
June, Count all your boasts
together,
Love loveth best of all the year
October's bright, blue weather.

Helen Hunt Jackson

Star of the East started our fall season with a HUGE Rummage Sale at the home of Joan Flohr on the Winchester Road. We are happy to report that it was a great success. Our Worthy Matron, Margie, wishes to extend a grateful "Thank You" to all the Ways and Means girls who helped and to all the members who contributed their rummage. A special "Thank You" to fratsmal mom, Joan, for her hard work in organizing this event. We are looking forward to hosting the District 14 Carry-in Dinner on October 25. the Christmas Auction sounds like a fun way to raise money for our Grand Conductress on her way to the Grand East.

October 14 - "Master Mason Night". The theme: "Hats Off To Our Master Masons". Different types of men's "hats" were used throughout the evening, such as top hats, cowboy hats, etc. The Worthy Matron gave a humorous poem titled, "What Is A Mason?" The Choir sang words to "76 Trombones." This was great! A humorous skit was presented by the Program Committee. This program was under the direction of Sister Ruby Mowery. The skit was titled, "When Candles Talk." Actresses in the play were: Narrator - Florence Caldwell; Grandmother - Thelma Kayser; Child - Sharron Jones; Magic Talking Candles were: Pauline Blue, Hazel Dill, Mildred Johnson, Crystal Moorman, Mildred Reid, Carrie Steward and Lucille Zurbrugg. We were pleasantly surprised at our "talented" sisters who did an outstanding performance. They are probably on their way to Hollywood right now!

All Master Masons present were escorted to the West, facing East and presented with a gift from the Sewing Committee. Sister Jeanette Meyer end her sewing ladies have made most of the gifts this year end we thank them for their efforts. Those "sweet" Master Masons were also given a kiss (Candy, of course) by the Conductress end Associate Conductress, from a Red Cowboy Hat, in keeping with our theme. You should have seen those Master Masons blush!

We were greeted on the Mezzanine by those Master Masons who were serving us with sloppy jo sandwiches. They were enjoying serving them as well as eating them. The "table decorations" consisted of "top hats" made by the Decorating Committee. They also made the "vouchers" for the evening which were "top hats" that said, "Hats Off to Our Master Masons."

Draping of the Charter was held for Past Matron Adella Davison with the resolution being read by Nama Bair. The Charter was also draped for Sister Anne Robison with resolution read by Helen Walker.

The Allah Signet members provided refreshments at the October 28 meeting. The Decorating Committee made "vouchers" in the shape of "Scarey Ghosts" that said "Boo-oo-oo"! You can bet we were all properly scared! Who's wished lots of Helloween fun? Yooooo, that's whoooooo!

"Happy Birthday" was sung to our Conductress, Susan Jones, who had a birthday on October 28 (Oh, to be young again!) and also to our Senior Citizen and Warder, Herbis Helmuth, whose birthday was November 1.

Opening Thought

November weara a ragged coat
with patches on its sleeves,
A faded muffler at his throat As
frayed as fallen leaves.
Have you seen his tattered hat?
Hie battered, spattered shoes?
And heard him whistle this or
that Along the Avenues.
Novamber isn't fine or rich, He
isn't much for show,
but, Oh he brings Thanksgiving
too which is . . .
Why wa like him so.

Aileen Fisher

November is the month when late gardeners race with the frost. It's autumn with all her gifts of rich fulfillment that was promised in the springtime. It's the evidence of God's plan through time's endless cycle.

On November 11 we honor and remember those who gave their lives that we might have the continued freedom that our forefathers fought for, and the valuable lessons that have come down to us throughout history.

On November 27 as we celebrate Thanksgiving Day, let us remember that it has deep spiritual and historical meaning regarding individual freedom for each of us. Let us renew the faith of our forefathers in the worth of personal liberties and resolve to maintain them against all who would, for good or bad, take them away from us.

Hello Everyone!

I'm Tammy Thomas the Honored Queen. My term has been fantastic so far. We've had such activities since my Installation, like washing chairs for the Temple, a swimming party with the Demolay, Grand Council and Job-a-rama. Quite a lot of people have shown up and I want to say Thanks!

As I said before, our Bethel went to Grand Council where we won the banner contest and we also received a trophy for being the top Bethel News subscribers. We also found out at Grand Council that our new Guardian would be Theo Antoine. Well, she's now Guardian and doing a great job. Other members of the new council are Joseph Perez, Associate Guardian; Ruth Ann Carpenter, Guardian Secretary; Ann Kilgore, Guardian Treasurer; and Dru Lentz, Director of Music.

We are still collecting newspapers and if anyone has papers that they want picked up, please contact me at 747-2775.

Well, I will close until next month. By that time we will have had a cook-out and Halloween dance. Goodbye and see you next month.

Action Follows Understanding

Every organization of men to make progress, to hold fast to its ideals, to march in safety toward its destiny must understand certain facts about itself. It must know where its strength is and where its weaknesses are. But merely knowing is not enough. Action must follow understanding. Strength must be used if it is to be retained. Weakness must be overcome lest it overcome us. Resisting weakness requires the exercise of strength and therefore enlarges it. But strength must be used with wisdom; otherwise it may become a destructive force.

Masonry possesses great potential strength. Ages of experience have proved its wisdom. But even with these virtues the Craft of every age is constantly exposed to dangers that may imperil its destiny. And at the present time we are confronted with a threat that must be recognized immediately and defeated decisively.

This danger is one that seems common to our age. We see it lying in the path of nearly all organizations, social, fraternal, religious and political. It is an insidious thing, thriving upon the complexities of modern days. The manifestation of it is found in the tendency to concentrate almost exclusively upon our own affairs and permit authority for the general overall welfare to settle into the hands of the relatively few willing to accept the responsibility. When that happens the strength of the mass is lost and the bulk of power is exercised by a small minority. Thus, though in theory we preach and defend democratic processes in practice we revert to varying forms of autocracy.

If this seems difficult to believe, consider these examples: who really controls the more than a billion adherents to religious faith? The clergy. Who dominates the organized labor world? A handful of leaders. Who determines the course of business and industry? A few key banks and financial dictators. Who controls the legislative machinery in our country as well as others? A minority group of politicians. It appears that we insist upon the right to democratic self rule, but find it so much easier to let somebody else do the job. The job has to be done of course in some fashion, and it is done by minority machines. These become the autocrats. Their henchmen are the bureaucrats - and we are to blame for the whole condition.

Can it be that any of this weakness exists in Masonry? It certainly does exist, and unless something is done about it, the full destiny of Masonry will be seriously threatened. In this connection do not look for glaring breaches in moral conduct or shocking scandals in Masonic Official circles. In the scale of administrative work the various Masonic governing bodies rank at top level. True, we may find some isolated cases of overwhelming ambition there, but in the main, fault for this insidious trend toward autocracy will be found in the rank and file of lodge members. Proof of the fact is not hard to find. It will be discovered in the attendance record of each lodge.

Participation in the work of a lodge through regular attendance is the real indication of its condition rather than its membership and paid dues. If membership is increased and dues are paid, a Lodge's record is presumed good. But is it, when at meeting after meeting only a handful of members are present and the Master - or perhaps a substitute - has to scurry around to find enough qualified brothers to fill the chairs?

Men don't go where they do not wish to go. They will not long endure dullness and haphazard presentation of Masonic work. A brother who for any reason does no more than pay his dues is worth just that much to the Fraternity. Let us for a moment consider an average Lodge membership of 288. Yet even for an Official visit or special inspection an average attendance of but 98 could be obtained. Where were the other 190? Why weren't they there? By whose fault were they absent? They had all paid their dues. They were in good standing, but their attendance is rare. In regular meetings probably not more than half of the 98 attendance average is present.

This is serious - because the destiny of Masonry will not be bought with dues nor sustained by absent members. It all sums up to one thought - we must have strength in order to progress and grow; we must recognize that which makes us weak and do something about it; we must remember always that action follows understanding and when we have a complete understanding of our purpose - then we can look forward to growth and success as well as interest.

Friendliness

It's easy to be friendly . . . and it pays off in a big way.

In this busy world of ours we're apt to overlook those little things that make for friendship . . . in the plant, in the office, or in moments of leisure when we are just relaxing.

There are no hard and fast rules for being friendly. It can be shown in the nod of the head while at lunch . . . in a smile to a co-worker while coming to work . . . in a bit of advice by a veteran employee to a newcomer.

Generally speaking, being friendly is an attitude, a frame of mind. Sometimes it may take a special effort to attain that frame of mind, but it is worth it. There are few things in this world that are more satisfying than good human relations, and that's what we build with good fellowship.

A quick look around will prove the point . . . the men and women who get the fullest returns from life are those to whom friendliness is more than a word.

Mark Twain, in his reporting days, was instructed by an editor never to state anything as a fact that he could not verify from personal knowledge. Sent out to cover an important social event soon afterward, he turned in the following story: "A women giving the name of Mrs. James Jones, who is reported to be one of the society leaders of the city, is said to have given what purported to be a party yesterday to a number of alleged ladies. The hostess claims to be the wife of a reputed attorney."

Greetings Companions:

With Fall now really upon us and our last 1980 degree schedule completed, we realize the end of our year is fast approaching.

A very warm welcome to all the new Companions who were greeted at our Fall Degree Day, October 18. We invite you to all our Assemblies and activities. Stated meetings are preceded by a dinner at 6:30 p.m. Come, get acquainted, and enjoy a meal prepared by our York Rite members.

Special thanks to all those who participated in our degree work on October 18 and also the the cooks who prepared lunch.

It is with regret that we must announce the resignation of our Steward, Companion Jarvis Doan, who has moved to Springfield, Ohio. Best wishes for success and happiness in your new location Companion Jarvis. Your work in the council is appreciated.

It is good to be able to report that Companions Sy Hartsing and Scotty Whyte are now home after their hospital stays. We pray for their continued recuperation.

The York Rite Bodies are updating their By-Laws and membership rosters and as soon as printing is completed, they will be mailed directly to the membership.

Now, may all our sick and shut-ins feel God's presence and healing hand. A special prayer of strength to the families of our departed. God's Blessing to all.

Companions:

Saturday, October 18 proved to be another great Red Letter day for your Chapter. Not only did we have the opportunity to greet many new Companions, we also stood our Annual Inspection with our friend, Royal Arch Deputy J. William Myers presiding.

Our most sincere congratulations are extended to our new Companions Robert O. Lahrman, Ted K. Reischl, Lawrence Dumpert, Jr., William C. Kerley and R. Dale McKee. In addition to conferring our degrees on these Companions, we did likewise confer them on three candidates from Angola and three men from Bluffton.

With Companion McKee joining our ranks, a great, well known name to Fort Wayne Chapter has been restored to our ranks. Companion Dale McKee is the son of our beloved Companion Roy McKee who was recently called by our Heavenly Father to that great Celestial Lodge. We are sure that our new Companion McKee will prove to be a loyal member and continue to bring the honor to our fraternity that his father did.

In keeping with the established tradition, this month I wish, as your High Priest, to give special recognition to two more of our deserving Companions. At this time, I wish to name Companions Karl E. Reed and Richard A. Swinehart for our special recognition. Although both of these Companions are most quiet and unassuming as far as general appearances are concerned, certainly their conduct and their devotion to their Chapter has been anything but. Companion Reed has been in charge of the work of the Mark Master Degree for the past several years and during that time, has brought this team to what we consider as being truly great. Companion Swinehart, in addition to capably filling many roles in our Chapter degrees, has cheerfully accepted any task that he has been asked to do regardless of what it may have been. He truly has brought honor to our Chapter by his devotion to it and has been a true inspiration to us all. Again, my personal thanks for your years of fine service, my Brothers.

Companion Robert (Scotty) Whyte is now at home and would appreciate visits from all of his friends. Although he still has a long way to go, with his determination, I personally have no doubt in my mind that Scotty will make it and be back to his old "SWEET" self.

Companion Simon Hartsing likewise is doing very well and would appreciate your calls and visits. He has been given the preliminary fit on his new leg and with your prayers and his true grit, we are positive that "Si" will be out and moving with the best of them.

Don't forget our November stated meeting on the 20th. Although it is Ft. Wayne Commandry's turn to open, we need each and every Companion to be there. Your presence is an absolute necessity if we would hope to make your Chapter grow. So be there and give your officers your moral support. See you there!

Sir Knights:

Your Commandery is entering a name of a minister of a Fort Wayne Church to go, if selected, on a Holy Land Pilgrimage to Israel, February 10 to 20, 1981. This Pilgrimage is sponsored by Grand Commandery Knights Templar of Indiana. The number of ministers to be selected and sent from Indiana will depend on the amount of funds contributed. The cost to send one minister is $1,400.00. If any Sir Knight wishes to contribute to this Christian program, make checks payable to Holy Land Pilgrimage Fund, Grand Commandery K.T. of Indiana. This will be the 4th Holy Land Pilgrimage.

On October 4, 1980 Home Lodge #342 F&AM, Fort Wayne, Indiana held their Tri State Reunion and Sir Knights William Schauer, Gerald Walker and James Williams of Fort Wayne Commandery No. 4 presented the colors. Thank you Sir Knights: it was very impressive.

November 20, 1980 will be our Stated Conclave. November 24, 1980 will be Group 3 meeting. This will be in Fort Wayne at 7:30 p.m. More plans for York Rite Festival March 7, 1981 will be discussed.

PEC Sir Knight Dean Goranson of Angola Commandery No. 45 is the new General Chairman of the Festival. Congratulations to the new Sir Knights from the class on October 25, 1980.

To the families of deceased Sir Knights Lloyd Gilbert and Robert Beck, our deepest sympathy. To all our Sir Knights on the sick list, a continued recovery. A new Sir Knight that has not been mentioned is Ray Swinford - surgery at St. Joe Hospital. A speedy recovery to you. PEC Robert Whyte is now at home in New Haven.

Happy Thanksgiving from our families to each of yours.

Hello,

Fall has been approaching quickly this fall and with the change of seasons comes many activities. On October 11 we had a rush party at Franke Park. I would like to thank Brother Dave Meier for planning this successful event.

Remaining events for the month of October are: We have our first initiation on October 22, and we have our annual Halloween dance on Wednesday, October 29.

See you next month.

Faith

A true Mason believes that he was put into this world for one reason — that of helping his fellowmen. Although there are times when it is sorely needed, this service and help for those around us need not end, indeed, must not be all material aid.

We must, by looking toward the East and gaining strength, bring again to the world faith. We must have faith in truth that will make men live, and, if necessary, die for the truth and the truth will make us free.

In this day and time there is so little faith — little faith in God and less in man. As a consequence, there is little of love and less of trust. No trust as between nation and nation; no trust as between class and class; no trust as between men and man.

We Masons are of all nations, of all religions, of all races, and of all climes. We are universal, but to be true Masons, we must all have faith. Faith begets love and love begets trust. Therefore, if we are to have peace on earth we must have faith, so that the work of the Temple will not be interrupted, and so that work that has already been done will not be destroyed.

Then by our example, by our precepts, by exemplifying faith, by practicing fortitude, and by living truth we can be the greatest leaders of all the people that the world has ever known. The burden is ours, let us carry it. If we are successful in so doing, it may be said of us that we really are Ancient, Free and Accepted Masons — good men and true.

Role Of The Mason

When one is made a Master Mason he immediately assumes a dual role. He is an individual as before, but he is also obligated to represent in his life all that Masonry has placed in his care.

The wearer of the square and compasses is forever expected to so live that the principles and teachings of Freemasonry will be unmistakably interpreted to the world.

We cannot avoid the idle criticism hurled by the ignorant, nor can we achieve perfection. But it is our profound duty to so live and act that nothing we do will reflect harm to our ancient and honorable fraternity.

We should not want to present to the world an "image". It should be our purpose to present to the world through our lives the truth of Masonic principles and teachings. Many times the question is asked, "What can the Mason tell the non-Mason about Masonry?

Nothing that we can say to the non-Mason will be more effective than the actual living of Masonry by Masons.

We are bound by duty, honor and gratitude to be faithful to our trust.

How Do You Know

No one completes the degrees of Freemasonry without being required to ponder on how he or eny brother knows himself to be e Mason. Possibly it would be better if no enswer were put into his mouth. Possibly in many instances we might get a better enswer if the candidate were left to his own resources - if he were required to form his own answer. Certainly we should not get the answer we do get, es proper as that enswer may be.

The one big question might enswer: "Because I have been obligated es e Freemeson end have been accepted as such of those whom I know to be Freemasons." However, that might not be e satisfactory response. There ere those who seem to have e point when they contend that receiving Masonic obligetions and being accepted as e Freemason does not make on e Freemason.

Another might enswer: "Because my ettitude toward others has been changed by the lessons I have received; because I know now of the real meaning of cherity because I now know thet cherity es taught by Freemasonry, goes fer beyond material eid end comfort; because I know the real meaning of brotherly love; beceuse I heve been strengthened in my belief in e Grand Architect of the Universe and in some form of immortailty; beceuse I heve been given strength to support me in meny endeevors which I formerly ettacked only feebly; beceuse of the glorious feeling that comes from being essociated with men dedicated to the same things, to which, thank God, I am elso dediceted; becausa I heve been brought to light in meny ways."

The Freemason, Toronto

Spreading The Cement

In the beautiful and expressive phraseology of the Masonic rituel nothing is of greeter significance then the description of the Trowel, one of the working tools of the Mester Mason. This useful instrument refers both to Operetive end to Speculative Mesonry. As e Creftsmen, the Mason epreeds the cement which unites the building into one common mass and furnishes the element by which the individual members are welded into the whole.

In Speculative Mesonry, we are taught to meke use of the trowel "for the more noble and glorious purpose of spreading the cement of brotherly love end affection — that cement which unites us into one sacred band or society of friends end brothers, emong whom no contention should ever exist, but that noble contention, or rather emuletion of who best cen work and best agree."

This is the essence of Freemesonry in a few well-chosen words. This thought teaches us that there is no plece in Masonry for petty spite, hetred, envy or jealousy. These bese qualities must be overcome if the individual is to ettain that high level to which the lessons of the Craft endeavor to leed him.

If he is to ettein the pinnac symbolized by the lembskin must discipline himself end learn love his neighbor as himself. must judge mercifully, over-lookin the feults of others, ever carel thet he is not better then himsel

The Greet Light of Meson teaches us thet love is the greete of all virtues. This is the message Mesonry.

Greetings Brethren:

As the year 1980 draws to a close, so does my term as Worshipful Master. It has been a very fast, enjoyable, and rewarding year for me and through the efforts of many loyal hardworking Maumee members and a fine line of officers, a successful year for the lodge. As of the end of October, Maumee had raised 28 to the Sublime Degree of Master Mason and have six more taking their degrees in November. With the two petitions to be voted on in December, this has indeed been a banner year for Maumee.

I would like to give a special thanks to those devoted Masons who were always in lodge, regardless of how early we opened, to insure that the business of the fraternity could be conducted. Also, I appreciate the support and confidence of the membership and especially the wise council of the Past Masters of Maumee which was always welcomed. Also, I would be remiss if I did not thank Howard High for his efforts in organizing the Craft and Willie and her ladies for preparing those fine meals.

On November 12, 1980 the Grand Lodge Award of Gold for 50 years of service to the Fraternity was presented to Brother Hertis G. Helmuth in Maumee Lodge as a courtesy for Warren Lodge #15 of Connersville, Indiana. The award was presented by Most Worshipful Brother Robert H. Miller, Grand Master of Masons for the State of Indiana. On behalf of officers and members of Maumee, I congratulate Brother Helmuth on this memorable occasion and wish him many more years of health and service.

Congratulations are also in order for Brother John McNaughton, P.M. having been recently named Active for Indiana to the Supreme Council of the Ancient Accepted Scottish Rite. Good work John.

Memorial Service was held November 13, 1980 for Brother Kenton L. Dickey who was called to the Celestial Lodge above. Our sympathy and condolences go out to the family of Brother Dickey.

October 29, 1980 two new members were raised to the Sublime Degree of a Master Mason. They are Ronald O. Troomey and Kenneth M. Lauer. Congratulations Brethren and welcome to Maumee.

Brethren, there will be degree work in December so plan to attend. With both Christmas and New Years eve falling on Wednesday, the Master Mason degree will be conferred on Monday, December 29, 1980. Also, the installation of new officers will be held January 2, 1981 in the Lodge Room.

This is a very busy time of year for our hard working secretary, Charles Taylor. Let's make his task a little easier by getting our dues payments in on time. He will appreciate it.

Again, I have enjoyed serving as Worshipful Master of Maumee Lodge this year. It will be a year long remembered and cherished. I urge you to support your new Master and officers as loyally as you did me and let's all work harder and smarter to make our lodge grow and prosper. Merry Christmas and a prosperous New Year to you and yours. God Bless you and see you in lodge.

Brethren,

There has been no Lodge activity to report up to this writing except the regular November meeting. There have been several brothers who have been or who are still in the hospital. Bro. Gail Davidson was in for an operation and is home recuperating. Bro. Vernell Gearhart was in for a back problem. Bro. Lindley Uhrick is in the hospital and is very ill. Bro. Dwight Black is now out of the hospital and is in Byron Health Center for what we hope is a short stay. I know these brothers would appreciate cards.

By the time the paper comes out we will have had degree work and perhaps a new member to add to our roster.

Greetings Brethren:

It has been a good year and I have enjoyed being your Master, but it is time for a new Master to sit in the East.

The annual election of officers will be held December 1 at the stated meeting. Come to lodge and support your fellow officers. Installation of officers will be held at 3:00 p.m., December 20, in the Temple. It is hoped that all will turn out for this event.

December 6 is the day scheduled for the Master Mason degree. Breakfast will be served at 7:00 a.m. with lodge opening at 8:00 a.m. Come out and let's have a good Master Mason Degree.

Congratulations go out to Richard Blank on being raised to the sublime degree of Master Mason. Dick, welcome to the lodge.

We would like to express our sympathy to the families of Kenneth Rowe and Dr. Richard W. Terrill. Kenneth passed away on Nov. 15 and Richard on Nov. 16.

Brethren, Past Master's Night was an enjoyable evening. Special thanks to Rev. Phillip Philbrook who did a wonderful job as speaker. Also the meal was delicious and was enjoyed by all - thanks to Willie and her girls.

In closing, I would like to thank everyone who helped me this past year - to all of the officers, past masters and to the brothers on the sidelines - thank you for your support.

See you in lodge.

Lodge #731 and now in 1979 end 1980 with New Light Lodge, first es U.D. and then as #754. Agein, I thenk you each end every one for the greet honor end for the co-operetion, help, eid and assistence that each of you gave in getting the lodge off the ground.

I wonder if each of you realize what e rere opportunity each of you have in being e member of a brand new lodge with currently less than 30 members? Eech one of you could be Master of your lodge if you wished to be sometime. You have the chance to become active end involved in the workings of the freternity which simply does not heppen in lodges which heve severel hundred members. In e span of one hundred yeers there can only be one hundred masons who cen serve es Master of their lodge. You could be one of these - one in e hundred!

Think about it.

DECEMBER

"And she brought forth her newborn son, and wrapped him in swaddling clothes, and laid him in a manger; cause there was no room for them in the inn. And there was in the same country shepherds abiding in the fields, keeping watch over their flocks by night. And lo the angel of the Lord came upon them, and the glory of the Lord shone around them; and they were sore afraid. And the angel said unto them, Fear not...for, behold, I bring you good tidings of great joy, which shall be to all people. For unto you is born this day, in the city of David, a Saviour, which is Christ the Lord."

St. Luke 2:7-11

O come, let us sing to the Lord.
Let us make a joyful noise
to the rock of our salvation.
Let us come before His presence
with Thanksgiving,
And make a joyful noise unto Him
with Psalms.

Psalms 95:1-2

Tuesday evening, November 11 was a very special and beautiful evening. Our Chapter and Columbia City Chapter honored Grand Ruth, Louise Carpenter. What a lovely lady she was and her story was so beautifully given. Being just before the Thanksgiving Season made it very appropriate for the harvest time. The vouchers were miniature sheafs of wheat. We had a full Chapter for which we were most greteful. Many of the Grand Officers were there among them being Brother Lisle Cotton, Past Grand Patron of the Indiana Grand Chapter, Order of the Eastern Star; Marianna Fredericks, Grand Conductress; Louise Carpenter, Grand Ruth; Anna Arnold, Worthy Matron of Columbia City; Don Miller, Worthy Patron of Columbia City; Wanda Leonard, District Deputy of No. 14; Margaret Swank, District Deputy of No. 21. All were given a warm, hearty welcome.

What a wonderful time we did have together. Truly we were thankful for each person present and the help of all who made the evening a great success. Pumpkin pie, coffee and tea were served on the mezzanine.

We were most gratified at our October 28 meeting to initiate five candidates: Jeanne Adams, LeDonna Yoder, Glen Yoder, Marvin Yoder and Janet Yoder. The initiation ceremony is always very beautiful and uplifting. We are proud to announce that we have initiated 12 new members this year.

At our November 25 meeting, we were honoring Sister Joan Flohr, Chairman of District 14 Heart Fund. This night was designated as Honor Night. We were proud to have this Grand Chapter Committee appointment. Sister Joan was escorted East and a tribute was paid to her Worthy Matron, Margie. She was given a warm welcome by her sisters and brothers, then eated in the East. She was conducted to the five star points. At the Adah station she was commended for being faithful in her service to her chapter and her district. Here she was presented a Blue Heart that said, "Fidelity". Ruth told of Sister Joan's loyalty in her duties she had been chosen to do. She was presented a Yellow Heart with the word, "Loyalty." At the third point of the star, Sister Joan was told that a pure heart is where God dwells. She was given a White Heart with the words, "Light, Purity and Joy." A Green Heart with the word "Hope" was presented by the Martha point where Sister Joan was told of her faith and hope for Eastern Star. "Fervency and Zeal" were the words placed on a Red Heart that was presented by Sister Electa.

The Choir sang "Climb Every Mountain" to Sister Joan.

The Estrellita Club provided a lovely program in keeping with the Thanksgiving Season. Brother Guy Napier gave an informative and very interesting talk on "Turkeys." The choir sang the Thanksgiving song, "Thanks Be To God." The president of the Estrellita Club, Sister Mae Brown, introduced her officers and the Estrellita girls were welcomed. She invited everyone to the mezzanine for delicious refreshments served by the Estrellite ladies. The tables were decorated in keeping with the Thanksgiving theme. We were happy to welcome a guest and sister from New Haven Chapter. Sister Sandra Gordon, District 14 Membership Chairman gave a talk on membership.

We are also proud to mention these special ways of service, friendship and fellowship. The Worthy Matron and Worthy Patron assisted at the Veterans Hospital for church services on Sunday, November 30.

The All-Committee Christmas Party on December 3 is at the Temple in the Ballroom at 6:30 p.m. Reservations must be made through committee chairman by November 28. There will be a $1.00 gift exchange. The officers will have their Christmas Party on Sunday, December 7. Hostesses will be Sister Hazel Dill and Sister Mary Elizabeth Bird.

We would be very pleased, if you have not as yet paid your dues, to receive them in the next few weeks. It would not be necessary then to send second notices and pay out all that money for stamps. Please remember to do this very soon.

Greetings Companions,

Though the end of the year is in sight, we need to be reminded of one very important item that remains. Election of officers for 1981 will be one of the items of business at the December stated meeting. Due to the moving of two of the 1980 officers, there will be three new faces in the line instead of the normal appointment of one new officer. As with our national, state and local governments it is our privilege and duty to participate in elections. We need not again be reminded how important each vote is.

A York Rite highlight for 1981 will be class for candidates on March 7 in honor of Grand Master Robert H. Miller. This will be a statewide class with degree work by officers of the Grand York Rite Bodies and will be held at the Scottish Rite Auditorium. At the conclusion of degree work there will be a dinner and a well-known speaker. More details will follow. Bring in a brother's petition and he will thank you afterward. Many candidates after completing their York Rite work have remarked how beautiful the work is and how they regret waiting so long.

A heartfelt thanks to all the officers and companions who helped this year with their participation, cooperation and attendance. Please support your new officers as well. May Fort Wayne Council No. 4 have a very successful coming year.

To our shut-ins and those who are ill, may our Father's watchful care be always over you. To those who have known sorrow, may His love surround you and give you peace and comfort. God's Blessings to all.

Sir Knights:

This year has gone by entirely too fast, but it has been an enjoyable one. I wish to thank everyone for their assistance in the various undertakings this year. To our new members, come back as often as you can. I know it is hard to attend every function, but it is a rewarding feeling to know that most any night, Monday through Saturday, you can attend some meeting, or social event, in our Temple. People that visit our city and see the new construction in downtown Fort Wayne and note the location of the Masonic Temple say we are fortunate to be located right in the center of everything. In another two years our downtown will be something to see. If you come up to the 5th floor and look out the north and west windows, you will know what I mean. Commendery Inspection is to be Dec. 13, open 2 p.m., dinner 6 p.m., and Inspection 7 p.m., Reception of distinguished guests 7:45 p.m. Donation $5.50. Reservations by Dec. 8.

Dec. 18 is our Annual Conclave Dinner, 6:30 p.m. Officers for 1981 will be elected this night. Please attend. This will be our last meeting for this year.

To all of our Sir Knights who have been ill and are recuperating, we think our Heavenly Father for his watchful eye over them. To I.M. George Diamond, Ft. Wayne Council No. 4 and H.P. Gerald V.R. Walker, Fort Wayne Chapter No. 19, thanks to you both for your cooperation. From all of our families, to everyone Merry Christmas and a Happy New Year.

Companions:

How fast this year has rushed by. It seems almost unbelievable that we are now heading into the Holiday Season and thus nearing the end of my term as your High Priest.

In reflection, I personally have felt that this has been a fine year. Of course it would be only natural to wish that some things could be done over for it is true that Monday Quarterbacking is always much better than the actual game. Still, with the loyal officers I was blessed with plus the cooperation from the Companions, I feel that we have met with success this year.

Thursday, December 18 will be our last opportunity to open in full form with our present officers. In view of this, we would request that each officer appear in formal attire. Let's make our swan song the best meeting of the entire year!

It has been extremely difficult to pick or single out the various Companions of our Chapter for special recognition because all of you rank tops in my book. Still, to continue our established practice of giving special recognition to some of our truly outstanding Companions this month, I wish to nominate Companions James L. Williams and Guy I. Sills. Both of these Loyal Companions can always be counted upon to help in any way or manner needed. Unfortunately there are times when various Companions scheduled to take certain roles in our various degrees or to perform other tasks suddenly for one reason or another become unavailable. It is during those times that both Jim and Guy can be counted upon to help and pull our Chapter through. In addition, Companion Sills has been placed in charge of the work connected with the Past Master Degree. Under his capable leadership, this important degree has attained the fine measure of excellence it truly deserves.

Our disabled Companions thankfully have continued to show improvement. Companion Simon Hartsing has just received his prosthetic device and has already started to use it. Of course it will be a bit of time before he and his Lady Margaret will be dancing, but we are equally sure that it won't be too long. Companion Robert Whyte likewise is showing great improvement. We trust that soon "Scotty" will be recovered enough to fully participate in the activities of our Chapter.

Don't forget to turn in those petitions for our next class of candidates. Remember, we expect that the Grand Master Robert H. Miller Class is to be the greatest ever, although the Convocation is not until March 7, 1981, it is not too early to start contacting our potential Masonic Brothers. In these days of inflation, it is still the best investment and Brother can make.

Again, don't forget your next stated meeting of December 18, 1980. This is your Chapter and this is where all the business effecting the life and well being of your Chapter is conducted. It is for your best interests as well as mine that we meet there.

Something

Listen to the words of the greet Albert Pike and get new inspiration to "leave something behind." He wrote:

How ungrateful he slinks eway, who dies, end does nothing to reflect a glory to Heaven! How berren e tree is, who lives, end spreeds, end cumbers the ground, yet leeves not one seed, not one good work to generete enother after him! All cannot leeve elike; yet all mey leave something!

We mey do much in e few years, and we mey do nothing in e lifetime. If we but eat and drink end sleep, and let everything go on around us as it pleeses; or if we live but to amess weelth or gein office or wear titles, we might es well not heve lived et ell; nor heve we eny right to expect immortelity.
